NOTES:

Commanders Situation Report (SITREP)

1. DTG: 1712002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC: Ssg Gazzeny, Darryl L. Cell: Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs). Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke will be meeting NLT 19FEB2016 with Calix Martinez in the city of Flint Plans and Marketing office to have signs designed and printed.

b. Soldiers are conducting RIP/TOA with key leadership roles and designated POD NCOIC's.

c. 44 Soldiers from 1-125 IN are conducting reverse RSOI in Saginaw.

8. PERSONNEL: 88 Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION:

10. LOGISTICS: In support of TF Flint

a. The VRC is now assembling the recycling kits and a plan is being coordinated to

b. Recycling trailers are being assessed by schupon on frequency of pickup.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:

- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes has been handed of per RIP/TOA
- OUT (last 24 hours)

NOTES:

SEOC Report for Monday, February 22, 2016

Full Days Since Emergency Declaration: 48

Items to Note

- Dr. Lurie (DHHS ASPR Director) will be briefing five congressional delegates this afternoon in Flint.
- MDEQ is participating in a conference call with Bob Kaplan of U.S.EPA, Region 5.
- MSP/EMHSD Long-term Recovery Unit and DMVA representatives are meeting with MI Works in Flint regarding the workforce development/displaced workers grant.
- American Red Cross has 5 FWR Teams addressing the access and functional needs list of Flint residents. At the current daily rate, all identified residents on this list should be contacted by Sunday, February 28, 2016.

Outreach Through Yesterday

Active Water Customers - Houses		
Visited	27,121	99.8%
Not Visited	47	0.2%
Total	*27,168*	*100.0%*

Breakdown of Visited Customers			
Visted; Confirmed Filters	24,163	89.1%	of visited customers
Visited but Unconfirmed Filters	2,958	10.9%	of visited customers
Total	*27,121*	*100.0%*	*of visited customers*

Active Water Customers - Apartments

Commanders Situation Report (SITREP)

1. DTG: 1612002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC: Ssg Gazzeny, Darryl L. Cell: Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: *Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502*

5. SITUATION OVERVIEW: 1-125 IN has Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs). Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. *Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.*

1.) TF Flint OIC, 2LT Benke has a meeting on 16FEB2016 with Calix Martinez in the city of Flint Plans and Marketing office to have signs designed and printed.

b. Soldiers are preparing for the unit change at the PODs.

1.) 1-125 IN conducting relief in place within next 24 hours.

8. PERSONNEL: 62 Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION:

10. LOGISTICS: In support of TF Flint

a. *60 cases of recycle bags have been placed at POD locations.*

b. Recycling trailers are being assessed by schupon on frequency of pickup.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:

Appendix 2 (Commanders Situation Report) (SITREP) Annex R to OPLAN 14-001 (ALL HAZARDS)

- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
- POC needed for incoming unit
- OUT (last 24 hours)

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	02/09/2016 08:00:00
Operational Period End:	02/16/2016 08:00:00
Situation Report No.	41
SEOC Status:	Full
SEOC Hours of Operation Begin:	02/15/2016 08:00:00
SEOC Hours of Operation End:	02/15/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (February 15, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Worked on potential donated warehouse opportunities.

JIC:
- Drafted talking points for Captain Kelenske for tomorrow's Congressional/Legislative briefing.
- Drafted responses to multiple questions received from the staff of a Congressional member; answers pending review.
- Identified a PIO to attend weekly community partners meeting (held each Thursday at 3 p.m.).
- Reviewed and updated ICS204 form.

Recovery Branch:
o Attended UCG Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings and Tactics Meeting.
o Updated ICS 204 form for the tactics meeting.
o Provided information on apartment complex data to Governors representatives.
o Team priority for today: 6 teams in the field - One team finished 83 addresses assigned for today and continued water distribution and Rapid Response.
o Team priority scheduled tomorrow: water distribution and supplies requested.
o 5 American Red Cross Teams scheduled for Tuesday, February 16, 2016.

o Total homes visited:
❑ 25,007 (round 3 total).
❑ 792 (today).
o Water cases (liters calculated by multiplying # of cases x 12):
❑ 171,744 liters or 13,738 cases (round 3 total).
❑ 6,888 liters or 574 cases (today).
o Replacement cartridges:
❑ 5,722 (round 3 total).
❑ 238 (today).
o Faucet filters:
❑ 7,883 (round 3 total).
❑ 62 (today).

Planning Section:
- Developed and approved IAP #10.
- Developed and approved Sit Rep # 41.
- Attended tactics meeting to update branch chief 204s.
- Participated in State Agency and planning briefing for SEOC.
- Fielded questions from section chiefs and Local EOC.

Operations Section:
- Met with State agency EMCs to determine progress with their current IAP objectives.
- Participated in the Unified Coordination Group briefing.
- Facilitated the State Agency briefing conference calls.
- Participated in both Distribution Process meetings, and Tactics meeting.
- 61 volunteers were active across the operation today.

- Warehouse Numbers as of 1800:

❑ Water (liters):
• 776,215 liters or 64,684 cases.
❑ Filters (faucet):
• 47,132.
❑ Replacement cartridges:
• 403,486.
❑ Test Kits (prepped):
• 37,194.

• PODs (Number as of 1700 2/15):
❑ Water (cases):
• 36,312 liters or 3,026 cases.
❑ Filters (faucet):
• 71.
❑ Replacement Cartridges:
• 272.
❑ Test kits:
• 105.

Finance Section:
• Created a list of tactics for the ICS 204 for the upcoming operational period.
• Received Flint Child Health & Development Fund as a possible donation lead to research.
• Reviewed EMHSD time accounting for correct SEOC expense and activity coding. Made adjustments and corrections as necessary.

GIS Branch Updates:
• Produced updated maps for water sampling test results.
• Produced map of water sampling test results above action level.
• Parcel pairing of distribution data.
• Daily JIC map produced and sent to JIC.
• Validated/Geocoded water sampling test results data.
• Provided list of addresses contacted/filter status/water test kit status to Logistics to fulfill request from county EM.

DTMB:
• Procured supplies for Clio Rd. and Pierson Rd. warehouses.
• DTMB Smart Device Support Team provided assistance on an iPad issue.

DHHS-CH (weekly):
• The CHECC remains activated at a Level 2, and continue to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD, The CHECC continues to provide representation to the UCG to facilitate communication with federal partners.
• The CHECC met with senior MDHHS leadership, UCG representatives and team members that have been supporting GCHD Case Management efforts today to continue planning efforts for lead testing and case management activities going forward.

DEQ:
• Deployed four sentinel water sampling teams to collect first round of samples. Test bottles with directions provided to residents for second sample to commence in two weeks.
• Continued documenting compliance with EPA Emergency Administrative Order and second EPA request.
• Reviewed incident objectives to reflect Director's priorities for upcoming week.
• Began developing a plan to re-deploy the Sentinel water sampling collection crews to achieve 402 sampled sites and 60 lead service lines.

Unified Coordination Group (UCG):
• Developed Situation Report
• CDC/ASTDR field team representative attended community meeting at local church where an estimated 50 community members were in attendance.

Local EOC:
• In processed Southern Baptist Disaster Relief Group. Southern Baptist Disaster Relief taking over rapid response deliveries for NCCC teams on 02/16/2016.
• 140 water samples picked up at sentinel monitoring points by 1600 on 02/15/2016. Will be close to completing pick up at all 241 locations before end of day.
• Discussing lead and copper exposure of animals in City of Flint with MSU College for Veterinary Medicine.
• Introducing local staff to EOC positions and processes.
• Evaluating potentially culturally sensitive messages on water donated through one specific source. Holding water at warehouse until confirmation that displayed messages are inoffensive is received.

Injuries:
• None reported today.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.

2. Ensure accurate tracking and accounting of all commodities.

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

Tasks accomplished:
- Created a media monitoring report to identify news stories requiring correction; found none.
- Drafted talking points for Captain Kelenske for tomorrow's Congressional/Legislative briefing.

• Drafted responses to multiple questions received from the staff of a Congressional member; answers pending review.
• Identified a PIO to attend weekly Community Partners Meeting (held each Thursday at 3 p.m.).
• Reviewed and updated ICS204 form.

Agriculture and Rural Development (MDARD)

MDARD has no activities to report for 2/15/16.

American Red Cross (ARC)

The American Red Cross deployed 6 teams on Monday, 2/15/16: 2 rapid response teams in partnership with AmeriCorps NCCC, 2 mobile teams assigned to clear the remaining addresses without a documented contact, and 2 teams delivering water in impacted neighborhoods.

The Volunteer Reception Center was operating today from 9am to 5pm, and the plan is for those hours to continue daily, through Sunday.

33 new event-based volunteers were processed through the VRC. 33 event-based volunteers were active on projects today. The VRC worked on assembly of water bottle recycling kits. More than 20 boxes were filled with recycling kits today.

Civil Rights (MDCR)

No additional update reported. Continue to monitor media and state agency activities for issues impacting underrepresented, at-risk, and populations with barriers to services and information. Provided recommendations on outreach/engagement for public health. Updated Activity log to encompass 21 January media coverage of metro-Detroit community engagement (water and donations drive) for Flint community.

Community Health (MDCH)

The CHECC remains activated at a Level 2, and continues to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to provide representation to the UCG to facilitate communication with federal partners.

The CHECC met with senior MDHHS leadership, UCG representatives and team members that have been supporting GCHD Case Management efforts today to continue planning efforts for lead testing and case management activities going forward. Tomorrow discussions will continue with GCHD regarding the request for additional federal support for GCHD case management.

Corrections (MDOC)

MDOC began the process of turning over warehouse 2 operations to the 7th Day Adventist volunteer organization.

MDOC continues to keep trucks dedicated to delivering to individual POD's and covering Rapid Responses for PODs that get to a critical level. PODs remained well supplied throughout day and will continue to be well supplied moving forward.

We are continuing to work with Finance and MDOC assets to capture total employee payroll information and expenditures.

MDOC continue to staff the SEOC from 0800-2000, 7 days/week. Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC

244 DEQ and 15 MDARD test kits were delivered from Flint to Lansing today.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

• Deployed four Sentinel water sampling teams to collect first round of samples. Test bottles with directions provided to residents for second sample to commence in two weeks.

• Continued documenting compliance with EPA Emergency Administrative Order and second EPA request.

• Reviewed incident objectives to reflect Director's priorities for upcoming week.

• Began developing a plan to re-deploy the Sentinel water sampling collection crews to achieve 402 sampled sites and 60 lead service lines.

Human Services (MDHS)

As of 2/11/16, CSA reports 99% of current caregivers, who are caring for children under care and supervision of MDHHS, have submitted a water sample to approved water testing facilities.

211 reporting only 21 calls on 2/14/16 related to Flint water crisis.

MCSC reporting that DM was slow over the weekend. Will be catching up on data entry this week.

Licensing and Regulatory Affairs (LARA)

Participated in briefings and updated the LARA Executive Team

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

LARA continuing efforts to plan and schedule faucet replacements for Flint schools. LARA is working with MDOC to track and store incoming material at the warehouse.

Translation services for various documents continue to be provided as needed.

Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

Military and Veterans Affairs (DMVA)

Commanders Situation Report (SITREP)

1. DTG: 1513002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC: Ssg Gazzeny, Darryl L. Cell: Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs). Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke has a meeting on 16FEB2016 with Calix Martinez in the city of Flint Plans and Marketing office to have signs designed and printed.

b. Soldiers are preparing for the unit change at the PODs.

1.) 1-125 IN will be replaced within the next 72 hours.

2.) POD's have created gmail accounts to represent their respected Station.

8. PERSONNEL: Soldiers are currently assigned to the POD operations. ; Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION:

10. LOGISTICS: In support of TF Flint

a. Schupon has placed an order for more instruction cards attached to recycle bags.

b. Recycling trailers will need to be emptied this week. Working with POD NCOICs IOT determine an estimated time for a trailer exchange.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
• An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
• POC needed for incoming unit
• OUT (last 24 hours)
Bottled water-2711 Water (Gallons)-4461 Lead Testing Kits-70
Pitcher (23 cup)-0 Brita Faucet Filter-26 Brita Replacement Cartridge-62
Pur Filter-62 Pur Replacement Filter-167

National Weather Service (NWS)

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

Natural Resources (MDNR)

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

State Police (MSP)

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

Technology, Management and Budget (MDTMB)

Continue to provide DTMB management with daily updates and resource requests received.

Procured supplies for Clio Rd. and Pierson Rd. Warehouses.
DTMB Smart Device Support Team provided assistance on an iPad issue.

Transportation (MDOT)

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

ALCON,

Attached are my notes from Tuesday, 16FEB16 for the Wednesday, 17FEB16 SITREP. RIP/TOA activities with the new team are underway. An email was sent to CPT Kimball in regards to the RRF comms equipment to ensure the incoming team has all the equipment they need. Let me know if you have any questions or concerns.

Subject: 2Lt Benke Notes 15FEB16

ALCON,

Attached are my notes from Sunday, 14FEB16 for the Monday, 15FEB16 SITREP. I will continue to keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. 2 points of interest are 1. do we have a POC for the incoming unit? and 2. each POD will now have a dedicated email (station#POD@gmail.com). Let me know if you have any questions or concerns.

ALCON,

Attached are my notes from Thursday, 28JAN16 for the Friday 29JAN16 SITREP. I will continue to keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. Let me know if you have any questions or concerns.

LTC Randall,

The LEOC has exhausted all of the local options for fulfilling my request for traffic control assets. Thus, if you could request assistance from MDOT for traffic cones & signs, that would help us greatly as stations 1, 5, & 8. Let me know if you need anything in specific from me to complete the request.

LTC Stemitz,

I visited and observed the stations yesterday and touched base with both the POD NCOIC's and soldiers working there to gather information on the public opinion towards the National Guard. Overall, it seems that the the community still has trust in us and is thankful for what we are doing for them. A few soldiers explained that they did have some people (less than 10%) complaining that they were not getting what they wanted and the blame had shifted to the POD workers, but, overall the public opinion is still good. Each station still has multiple citizens and businesses catering multiple meals a day for them to thank them for their hard work. I will continue to gather information in regards to public opinion and keep you informed of any downward changes.

ALCON,

Attached are my notes from Wednesday, 27JAN16 for the Thursday 28JAN16 SITREP. I will keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. Station 5 has still not received a "new" pallet-jack from the warehouse. Once they receive their pallet-jack, the pallet-jack issue will be resolved. Let me know if you have any questions or concerns.

Subject: [Non-DoD Source] RE: Hourly reports

You are correct.

The issues are that the numbers that are getting sent to the OPS section (since they are cc'd on the emails) are wrong. For example if you look at the report attached look at line 31 and J. the amount handed out was 6 the total was increased by 6 not decreased by 6. Simple problems like this will be taken care of with a spread sheet that does the math for them.

Subject: RE: Hourly reports

ALCON,

I just want to confirm, the ops section wants all PODs to begin using the auto-calculated tracker from station 5, correct?

Also, what issues have been arising in the trackers that have caused them to become less accurate?

v/r
2Lt Benke

Cc: Lewis, Courtney J SPC USARMY NG MIARNG (US)
Subject: [Non-DoD Source] Hourly reports

The hourly reports that are coming seem to be getting less accurate. It was brought up that the spread sheet that POD five is using should be the standard for all the POD's it will get rid of the math problems. As we do our change over please ensure that all the POD's are using the new email and the hourly report from POD 5.

I have attached the spread sheet that the OPS people here like the best.

those would be the running totals, the sheet is self calculating. If you notice they're all the same numbers, until I enter the current hours numbers, then they will change.

So you're tracking, here are the answers to "The Questions".

This information needs to completed as soon as possible, the secretary needs the information by 7:15 tomorrow.

--Name and title of the lead person at the distribution site. We're looking to identify a point person to explain the distribution operation to the Secretary and answer any questions she has.

--How many National Guard troops are working at water distribution sites across town.

--Number of water distribution sites

--Why fire stations are the preferred distribution site

--Data, including the number of palates of water (or water bottles) available at that site for distribution, number of filters available for distribution

--Any limitation on distribution? We're aware of the 1 case of water/person/day rule, but want to know of any others

--Data, including the number of palates of water (or water bottles) available at that site for distribution, number of filters available for distribution
--Any limitation on distribution? We're aware of the 1 case of water/person/day rule, but want to know of any others

The lead person should also be able to answer questions about resident feedback and reactions to the water distribution program.

Thanks,
Lauren Underwood

VIDEO: How volunteers are helping Flint

Volunteers at the Food Bank of Eastern Michigan are working hard to collect donations in order to help the families of Flint. Last Thursday, Governor Snyder visited with the many dedicated volunteers and helped sort cans of food.

Good nutrition is critically important for Flint's children. Foods that are high in calcium, vitamin C, and iron can help limit the effects of lead exposure. To donate or volunteer at the Food Bank of Eastern Michigan, visit www.fbem.org.

Click here to watch the video and learn more about how the Food Bank of Eastern Michigan is helping Flint's families.

LISTEN IN: Governor Snyder's tele-town hall with Flint residents

Governor Snyder hosted his third town hall with Flint residents on Thursday, Feb. 11, answering their questions directly. ***Click here to listen to the call.***

I just talked to LTC Seeley and this paper has nothing to do with the guard assisting anyone with classes. This is something he is working for the future.

Sir,

This RFA is in MI-CIMS and sounds close to what you were talking about on the phone. I have not heard anything stating this as a mission coming from the GOV office. I will keep monitoring and let you know if I see or hear anything.

LTC Seeley is running this. He will be in here tomorrow.

Request/Task Details

Mission Name

White Paper - Civilian Conservation Corps

Detailed description

We want to look at a establishing a works program for local Flint residents. The model we want to explore is something that will look initially like the Civilian Conservation Corps that was utilized back in the 30's during the Depression.

The National Guard would have the lead initially. All that is needed initially is a white paper on what something like that would look like, what is feasible, how much would it cost, how soon it can be started and how soon it could be turned over to local management.

Some parameters:

Size: Envision one NCO doing a left seat/right seat with a local person on leadership, planning, time and attendance. The leader will be in charge of 10-15 team members. Multiply this paradigm as many times as needed relative to personnel and budget available. One team per district/ward?

Timetable: Phase in by district/ward, or start the program all at once?

Inception: job fair? community leader involvement? local churches as centers of influence?

Sunset: Training plan to enable the Guard to phase out as soon as possible and turn over to local lead.

Overall command/project management team. What's that look like? Develop "campaign plan" for project identification and project management.

Mission: Area beautification, blight reduction, environmental enhancement, community submitted projects. Tie in to local educational resources? mandatory additional training to help redefine what success looks like in Flint?

These are just some initial thoughts. If a meeting or call is needed please advise.

Subject: Items to Note

Good morning-

Please submit any high level items which should be included in Governor's report today by 11:00am. Daily tasks do not need to be submitted since they will be reported in today's Sit Rep.

Thanks,

Kari Day
Planning Group Chief, State Emergency Operations Center
Michigan State Police/Emergency Management and Homeland Security

Notes from Tuesday, February 16, 2016

Flint Water Crisis RRF Notes

Problem #1: Signs – Each station is using handmade signs that are neither durable nor professional in appearance.

Solution – Once MDOT sets up the remaining sites, we need to have signage made to further increase station organization, flow of traffic, professional appearance, and efficiency.

Response – TF Flint OIC confirmed that City of Flint Plans & Operations office can print large signage for the PODs. TF Flint has been given approval to have the signs laminated once printed. TF Flint was unable to meet with Calix Martinez in the City of Flint plans and marketing office due to PIR/TOA activities – meeting with him will be rescheduled within NLT 19FEB16.

ADDITIONAL NOTES:

- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit. When the incoming OIC has been selected, I would like to establish communications with them in regards to the aforementioned items before they report to Flint.
- Each POD will be utilizing a new Gmail account so that as unit's cycle in/out, rather than the email chain changing, it will remain constant. The new email accounts are as follows:
  - Station 1: flintstation1@gmail.com
  - Station 3: flintstation3@gmail.com
  - Station 5: station5POD@gamil.com
  - Station 6: station6POD@gmail.com
  - Station 8: station8POD@gmail.com
- RIP/TOA activities are being conducted. The new TF FLINT team arrived 16FEB16 and a leaders recon was conducted at 161600FEBR16. Left seat-Right seat activities will be occurring today and tomorrow to ensure that the new team is prepared to take control of TF FLINT.

NOTES:

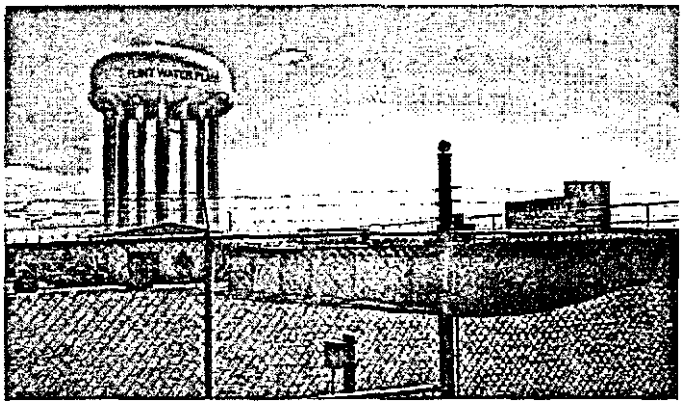
1. Incident Name: 2015-10-01 City of Flint-Water Contamination/Shortage	2. Operational Period to be covered by IAP (Date / Time): From: 02/16/2016 08:00:00 To: 02/23/2016 08:00:00	IAP Cover Sheet

3. Approved by:

FOSC:	David Samaniego or Deputy FCO Alicia Tate-Nadeau
SOSC:	Lt. Ken High or Jackie Hampton
RPIC:	
State Director	Capt. Chris Kelenske, or Deputy State Director Anthony Katarsky

Incident Action Plan



4. Prepared by: Zachary Baker Date / Time: 02/15/2016 18:08:46

Incident

1. Incident name: 2015-10-01 City of Flint-Water Contamination/Shortage
2. Operational Period from: 02/16/2016 08:00:00to: 02/23/2016 08:00:00

3. Objective(s)

12. Approve and begin implementation of a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations and expenditures.
9. Continue to enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Continue to improve and maintain the public information processes and strategies with all partner agencies.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

4. Operational Period Command Emphasis:

1. Provide regular local and technical briefings.
2. Identify life safety issues.
3. Identify priorities.
4. Provide policy direction by observance of SEOC SOPs.
5. Seek technical guidance from relevant federal agencies.
6. Provide regular legislative/congressional briefings.

General Situational Awareness:

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to water from its own water treatment plant drawn from the Flint River as its primary water source. The different characteristics of the water resulted in leaching of lead from lead pipes in the city's water infrastructure into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Increased water lead levels and elevated blood lead levels in young children were observed in the City of Flint and confirmed by the State Chief Medical Officer.

On October 1, 2015 the Genesee County Health Department declared a Public Health Emergency due to the elevated blood lead levels in citizens. In response to this the City of Flint declared a local State of Emergency on December 15, 2015 and activated their Emergency Operations Center.

To mitigate the effects of the new source of water on the infrastructure in the City of Flint, the city switched back to DWSD water on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is now treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone.

MDHHS has increased surveillance of blood lead levels in children and is addressing water issues in environmental investigations to identify lead sources in the environment of affected children and provide health education and information to residents, health care providers, and daycare/educational institutions.

Local nonprofit organizations have provided potable water to Flint residents. MSP/EMHSD GIS staff is supporting county and local GIS staff by consolidating data from local sources into comprehensive databases and providing mapping services to support incident analysis and forecasting. Data and maps regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, and predictive blood lead levels for affected areas will be made available with demographics.

Before December 16, 2015, $9.35 million was provided by the State of Michigan and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While the source water has been switched back to DWSD, water in the City of Flint is still not safe to drink, unless specifically filtered.

5. Site Safety Plan Required?

Yes ☐ No ☑

Approved Site Safety Plan(s) Located at:

6. Incident Action Plan (the items checked below are included in this Incident Action Plan):

☑ ICS 202	☑ ICS 206

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	02/09/2016 08:00:00
Operational Period End:	02/16/2016 08:00:00
Situation Report No.	42
SEOC Status:	Full
SEOC Hours of Operation Begin:	02/16/2016 08:00:00
SEOC Hours of Operation End:	02/16/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (February 16, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Worked on potential donated warehouse opportunities.

JIC:
- Created a media monitoring report and looked for misinformation.
- Updated a Daily JIC Activities log to catalog actions completed for the day and planned news release strategies for the week.
- Drafted and intended to issue a news release about the National Guard rotating soldiers in the city of Flint.
- Continued routing public information materials for approval, including fact sheets on recycling, testing water, and keeping Flint kids safe.
- Additional translated news releases were received and routed.
- Created a community outreach spreadsheet to keep track of meetings occurring in the city of Flint.

Recovery Branch:
- Attended *UCG Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings.*
- Continued identifying addresses that are unable to be matched with parcels in city's parcel data set.
- Team Priority Visited Today: 5 teams in the field - Water Distribution – turned 211 information over to local EOC and Southern Baptist Teams.
- Team Priority Scheduled Tomorrow: Water distribution and supplies requested.
- *5 American Red Cross Teams scheduled for Wednesday, February 17, 2016.*
- Total homes visited:
  - 24,879 (round 3 total)*
  - 1,023 (today).
- Water cases (liters calculated by multiplying # of cases x 12):
  - 178,116 liters or 14,843 cases (round 3 total)*
  - 8,076 liters or 673 cases (today).
- Replacement cartridges:
  - 6,331 (round 3 total)*
  - 609 (today).
- Faucet filters:
  - 7,792 (round 3 total)*
  - 90 (today).

*Totals updated due to changes in previous data.

Planning Section:
- Developed and approved *Sit Rep #42.*
- Updated burn rates and projection costs, per request.
- Participated in daily UCG, state agency, and distribution process meetings.
- Developed daily Governor's Report.

Operations Section:
- Participated in Long Term Recovery planning meeting.
- Participated in Unified Coordination Group briefing.
- Facilitated Command/General Staff/SEOC briefing.
- Participated in Distribution Process meeting.
- Assisted in developing print plan for FOIA request.
- Assisted state agencies in handling requests from Governor's office, media, etc.
- Warehouse Numbers as of 1800:

❑ Water (liters):
• 828,374 liters or 69,031 cases.
❑ Filters (faucet):
• 47,132.
❑ Replacement cartridges:
• 402,782.
❑ Test Kits (prepped):
• 35,854.
• PODs (Number as of 1700 2/15):
❑ Water (cases):
• 59,184 liters or 4,932 cases.
❑ Filters (faucet):
• 162.
❑ Replacement Cartridges:
• 453.
❑ Test kits:
• 131.

Finance Section:
• Gathering information for meeting with State Budget Office.
• Update Category B Financial Spreadsheet.
• Reviewing donation information for potential as future match.

GIS Branch Updates:
• Update MDEQ water testing layer.
• Generate a list of apartment buildings receiving water from the City of Flint and how many times each building has been visited.
• Generate a list of total residences that potentially will be using a water filter that use water from the City of Flint.
• Compare and contrast 2016 Flint parcel layer with 2015 Flint parcel layer.
• Edit Flint Water Resource Team field data to parcel.

DTMB:
• Provided a dumpster for the Pierson Rd. Warehouse.
• Provided seven (7) iPads for DEQ sampling teams.
• DTMB to provide a truck and driver for the Food Bank for Thursday through Saturday.
• Procured a replacement fork lift battery for the Pierson Rd. Warehouse.
• *Addressing issues with Pierson Rd. Warehouse with landlord, MDOC and 7th Day Adventist.*
• DTMB Real Estate researching options for a 200,000 sq. ft. warehouse for long term distribution plan, preferably on the bus line.

DHHS-CH (weekly):
• The CHECC remains activated at a Level 2, and continue to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to provide representation to the UCG to facilitate communication with federal partners.
• The CHECC met with senior MDHHS leadership, UCG representatives and team members that have been supporting GCHD Case Management efforts today to continue planning efforts for lead testing and case management activities going forward.

DEQ:
• Continued documenting compliance with EPA Emergency Administrative Order and second EPA request.
• Reviewed incident objectives to reflect Director's priorities for upcoming week.
• Began developing a plan to re-deploy the Sentinel water sampling collection crews to achieve 402 sampled sites and 60 lead service lines.
• Continued monitoring and mapping of school fixture upgrade/replacements.
• Began planning for next phase of testing and data collections.

Unified Coordination Group (UCG):
• CDC will meet with state on rash complaints/test results.
• Attended Command/Control subgroup this afternoon. Group would like to change the name to coordination.
• Important to include state reps on each subgroup.

Local EOC:
• *Sentinel monitoring teams collected 273 water samples at yesterday.*
• Elevated lead and copper task force were out in the field today.
• Local EOC IC attended Community Stakeholders meeting.
• Local EOC Liaison attended Community Stakeholders and long term distribution process meeting.

Injuries:
• None reported today.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
12. Approve and begin implementation of a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations and expenditures.
2. Ensure accurate tracking and accounting of all commodities.
3. Continue to improve and maintain public information processes and strategies with all partner agencies.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
9. Continue to enhance situational awareness and common operating picture of all activities.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 16.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Environmental Quality, Health and Human Services and Natural Resources. The Genesee County Sheriff's Office and American Red Cross were also present.

Tasks accomplished:
• Media hotline staff answered less than 10 emails and phone calls, ranging from commodity distribution trends at the Water Response Sites to inquiries about volunteering in the city of Flint.

• Created a media monitoring report and looked for misinformation.
• Updated a Daily JIC Activities log to catalog actions completed for the day and planned news release strategies for the week.
• Drafted and intended to issue a news release about the National Guard rotating soldiers in the city of Flint.
• Continued routing public information materials for approval, including fact sheets on recycling, testing water, and keeping Flint kids safe. Additional translated news releases were received and routed.
• Created a community outreach spreadsheet to keep track of meetings occurring in the city of Flint.

Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/12/16 included:
• 15 assessments conducted (6 initial, 9 follow-up and 2 second follow-up).
• 5 water samples collected.
• 6 water sample requests/appointments were scheduled.

As of 2/5/16, MDARD has completed initial water assessments at all food businesses in the high risk area and has conducted a total of 371 assessments (280 initial/ 91Follow-up). The compliance rate is 77.63%. 242 water samples have been collected and 41 are currently scheduled.

Also followed up with general information regarding testing of Pb in companion animals in response to question from DEQ desk.

Completed request from MSP planning regarding closures of food establishments as result of non compliance, see below:

I will be at the SEOC on Wednesday and follow up with Drs. Averill and Frank regarding Genesee county companion animal information.

American Red Cross (ARC)

The American Red Cross deployed 5 Water Response Teams on Tuesday, 2/16/16.

The Volunteer Reception Center was operating today from 9am to 5pm, and the plan is for those hours to continue daily, through Sunday.

A limited number of water bottle recycling kits were assembled today.

Civil Rights (MDCR)

Continue to monitor media and state agency activities for issues impacting underrepresented, at-risk, and populations with barriers to services and information. Informed senior leadership of current activities and concerns.

Community Health (MDCH)

The CHECC remains activated at a Level 2, and continues to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to provide representation to the UCG to facilitate communication with federal partners.

Dr. McFadden reported that to date there is no conclusion regarding the cause of rashes that have been reported, no common presentations on interview. Epidemiological investigations are on-going. A dermatologist has offered to do evaluations of individuals with rashes at no charge. Dr. McFadden's team will schedule the appointments and MDHHS -Human Services Representative is working with the local EOC to determine a transportation plan for these individuals if required. EPA test results of the water from the individuals' homes are expected today.

Shower filters are only NSF/ANSI certified for chlorine. Contacted makers of the KDF filters which are used on showers and was informed that due to the high flow rate of showers, the water is not in contact with filters long enough so they are not really designed for more than cosmetic purposes.

MDHHS continues to provide volunteers to accompany the MDEQ High Lead Home Teams.

Corrections (MDOC)

MDOC began staffing the second warehouse 7 days/week 10-6 effective today. MDOT is dedicating 2 employees to the effort. DTMB continues to dedicate 2 trucks with drivers.

The building owner of Warehouse 2 restricted access to an unsafe area (compressor room). A padlock w/chain and signage was used.

MSP dispatched a unit to Warehouse 2 for an abandoned vehicle with busted windows in the parking lot. The vehicle was not stolen and the issue was turned over to the city PD for disposition.

A temporary replacement battery will be delivered tomorrow for the forklift at Warehouse 2 until the permanent replacement arrives Thursday or Friday.

Met with FEMA VAL regarding safety concerns at Warehouse 1.
-Security staff to restrict access
-Propane storage areas
-Exhaust fumes in warehouse
-Safety Vests
-Floor tape designating machine and pedestrian areas
-First Aid and AED
-Dust Masks

We are addressing the issues and will correct them. A follow up will be in the next Sit-Rep.

MDOC will provide a Truck and Driver for the Flint Food Bank for Wednesday, February 17, 2016.

MDOC continues to keep trucks dedicated to delivering to individual POD's and covering Rapid Responses for PODs that get to a critical level. PODs remained well supplied throughout day and will continue to be well supplied moving forward.

We are continuing to work with Finance and MDOC assets to capture total employee payroll information and expenditures.

MDOC continue to staff the SEOC from 0800-2000, 7 days/week. Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC.

403 DEQ and 0 MDARD test kits were delivered from Flint to Lansing today.

Education (MDE)

MDE has a request from Planning to determine if any school days or instructional time has been lost due to the Flint water situation. We have reached out to GISD with a request for this information. MDE has received a request from the MEA Region Director for training of teachers of students impacted by Flint water situation.

MDE continues to work with MSD on faucet replacement and re-replacement with a new target date of 24 February for completion.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

Continued documenting compliance with EPA Emergency Administrative Order and second EPA request.

Reviewed incident objectives to reflect Director's priorities for upcoming week.

Began developing a plan to re-deploy the Sentinel water sampling collection crews to achieve 402 sampled sites and 60 lead service lines.

Continued monitoring and mapping of school fixture upgrade/replacements.

Began planning for next phase of testing and data collections.

Licensing and Regulatory Affairs (LARA)

Participated in briefings and updated the LARA Executive Team.

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

Faucet Project information is being prepared for the affected facilities. LARA continuing efforts to plan and schedule faucet replacements for Flint facilities.

LARA is working with MDOC to track and store incoming material at the warehouse.

Translation services for various documents continue to be provided as needed - these include Spanish, Arabic, Mandarin, Hmong and American Sign Language.

Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort with state agencies.

Arrangements in progress for assistance to various ethnic communities to provide services.

Military and Veterans Affairs (DMVA)

Commanders Situation Report (SITREP)

1. DTG: 1612002016.

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN).

3. POC: Ssg Gazzeny, Darryl L. Cell: Email: armyinfantry31@yahoo.com.

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502.

5. SITUATION OVERVIEW: 1-125 IN has 62 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs). Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke has a meeting on 16FEB2016 with Calix Martinez in the city of Flint Plans and Marketing office to have signs designed and printed.

b. Soldiers are preparing for the unit change at the PODs.

1.) 1-125 IN conducting relief in place within next 24 hours.

8. PERSONNEL: Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION:

10. LOGISTICS: In support of TF Flint

a. 60 cases of recycle bags have been placed at POD locations.

b. Recycling trailers are being assessed by schupon on frequency of pickup.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: *Personal cell phone.*
C: 800 MHz radios issued to PODs and WRTs.
E: Runner.

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
• An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
• POC needed for incoming unit
• OUT (last 24 hours)
Bottled water-3733 Water (Gallons)-2020 Lead Testing Kits-131
Pitcher (23 cup)-0 Brita Faucet Filter-34 Brita Replacement Cartridge-128
Pur Filter-76 Pur Replacement Filter-243

National Weather Service (NWS)

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

Natural Resources (MDNR)

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

State Police (MSP)

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000.

Technology, Management and Budget (MDTMB)

Continue to provide DTMB management SEOC updates and expenditures to-date.

Provided a dumpster for the Pierson Rd. Warehouse.
Provided seven (7) iPads for DEQ sampling teams.
DTMB to provide a truck and driver for the Food Bank for Thursday through Saturday.
Procured a replacement fork lift battery for the Pierson Rd. Warehouse.
DTMB Print & Graphics printing multiple print jobs.
Added calendar access to two additional DEQ employees.
Addressing issues with Pierson Rd. Warehouse with landlord, MDOC and 7th Day Adventist.
DTMB Real Estate researching options for a 200,000 sq. ft. warehouse for long term distribution plan, preferably on the bus line.

Transportation (MDOT)

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

Subject: Warehouse POC

Hello,

Can you share a POC for the Warehouse? WE have a group of volunteers who are coming to use the box truck this afternoon. Could you share this with your POC?

Thanks, d

Daniel Wirth | Regional Disaster Officer
American Red Cross – Kentucky Region
510 E Chestnut Street
Louisville, KY 40202

Recovery Branch – 1/11/16 3:30 pm

- Request was submitted to contact City of Flint Water Department for neighborhood routes for teams. County EOC working on routes and hot spots for Day 1.
- Deployed 2 Suburbans and 2 Crew Cab Trucks from HazMat Training Center to GCCARD in Flint.
- Requested NWS to provide hourly updates or as needed to Lt. Dehner at the county EOC.
- Held training at 1:00 in Flint for DHHS teams being sent to neighborhoods. About 50 people trained along with the Officer in Charge. They are ready for tomorrow.
- Coordinated iPad distribution for distribution tracking for neighborhood canvassing teams. Local GIS will train the MSP trooper of each team on iPad.

Recovery Branch – 1/13/16 6:00 pm

- Coordinating with Red Cross on volunteers for weekend
- Ordered 15 passenger vans to transport teams 1/14-1/15
- Contacted Comcast to coordinate volunteer opportunities- awaiting response of number of potential volunteers.
- Coordinated trucks and drivers with Corrections to deploy on 1/14-1/15
- Coordinated tracking numbers with GIS:

To: MSP-SEOC5
Subject: RE: Monday - WRT Draft Plan

Okay, thanks.

Does anyone in the SEOC have the distribution list that Lauren used to send out her first plan? I know she sent it to Logistics with everyone attached but I don't have that in my personal email.

Subject: RE: Monday - WRT Draft Plan

GIS was told to have the maps done before the 7pm meeting. These maps will be of city sections where they can tell which parcels don't have a filter/pitcher, and the teams can specifically target those locations. I believe GIS will be providing the areas with the biggest deficit of residences to filters to start, so we can start filling in those bigger gaps, if that makes sense...

Subject: RE: Monday - WRT Draft Plan

Brianna,

Robert and the local EOC determined the location to were the teams were going. I know that they were going to talk today about where the ARC teams were going tomorrow. If we have updated maps we can go direct with Robert and let Capt. Tafoya know. I will send this plan out right before my 6pm call. Will we have maps by the 7pm call?

Sent: Sunday, January 24, 2016 3:42 PM
To: Nobach, Tonya (MSP)
Cc: Davis, Kristi (MSP)
Subject: Monday - WRT Draft Plan

Draft plan attached for the 6pm and 7pm calls re: Water Response Teams tomorrow. Removed all purple teams and show ARC teams only. We're working with GIS to get the maps now for localized targeting (stated under Execution in the plan). Amanda has asked that enough maps be provided for the ARC teams to start tomorrow and we can provide additional as soon as they have them.

We will need to work to confirm the ARC teams, but that was something Lauren had done in the past. I just need to get my hands wrapped around how that worked. Do you happen to know, or should I reach out to Robert?

Let me know if you have any questions before the calls tonight.

Thanks,
Bri

Hi Wendy,

Thanks for the email. We are happy to help support your efforts.

We have scheduled 21 drivers (20 + 1 spare - should an illness or conflict come up). We'll wait for more details and distribute them to our team tomorrow.

Have a great afternoon,

Patrick

Hi Patrick,

Thank you so much for the generous offer. These resources will be critical to ramping up our teams to reach as many citizens as possible. I'm currently working with the coordinator of the teams to determine the details, i.e., reporting location, times, etc. As soon as I can get with them, I will reach out to you.

Thanks again and I'll be in touch soon,
Wendy

Tori,

Thank you. We have scheduled 16 drivers for Saturday and 15 for Sunday as of 3:00 p.m. We are working to fill in the remaining spots by the end of the day.

When available, please provide location and time information so we can review it with our staff. Also, can you please provide me Penske's contact information? I will need to work with them on paperwork and insurance for operating their vehicles.

Thanks,

Patrick

Logistics - I would like to connect you via email with Patrick from Dean Transportation. Dean Transportation will donate 20 drivers for this weekend's door to door. They have agreed to drive the trucks that have been donated by Penske. Please connect with Patrick at Patrickd@deantrans.com to coordinate the location and times for the drivers.

Patrick - Thank you very much. We greatly appreciate your help in ensuring every Flint resident has access to clean, safe drinking water.

Thank you,

Tori Sachs

Importance: High

Hello,

We are requesting the following map to assist in prioritizing the current AFN list/map:

A map overlaying the AFN addresses with the high level PPB of water (red and yellow).

This would accomplish identifying the AFN residents that are in the highest PPB zones to ensure their water supply never depletes. This was requested by local EOC/ARC.

Thank you,

Recovery

Sent: Sunday, February 21, 2016 8:16 AM
To: MSP-SEOC5
Subject: RE: Radio Room Lists

I was asked by Alex to send these in to y'all so he could analyze them... I've attempted to explain that there is no need to analyze them that when the teams report back, the teams report if a resident needs to be put on the AFN list but Alex would rather study the list.. All names on the lists sent to you (from 211 and Radio Room) are being serviced by the Rapid Response Teams in 2-3 days, which is the norm.

Sorry, that is all I can fill you in on.

Good morning Chris,

My name is Bridget. I have been assisting with the Recovery Branch here at the SEOC. I just want to clarify the purpose you are sending us these addresses so that I do not misunderstand.

Are you sending them so that we

- add them to the AFN list we are maintaining for the ARC to eventually visit as they have begun routes to visit the AFN addresses, or

- not only add them to the AFN list we are maintaining, but to ensure they are taken care of ASAP because they called in through 211 or the Radio Room and have not yet been visited since their call in?

Sorry for the confusion, just want to make sure I am clear on the mission.

Thank you

Bridget

Serial numbers have not been tracked here, and the Southern Baptist don't report here with all their staff at night, so they do not bring in the ipads so we could check.
If we needed to check each ipad, it would probably take a few days until we have all serial numbers. I think we would have to have them bring the ipads in here, since the SBDR staff probably is not super tech savy.

Here the logins:

Hi Henrik,

Can you please provide us with the serial numbers for the iPads that the Southern Baptist teams are using? This is needed to sort the daily data as needed here in the SEOC.

Thanks!

Stacy

This is the map that was created for ARC to begin visiting the AFN list. My understanding is that the points in BLUE are the only AFN addresses that need to be visited because they are on Flint Water. The points in RED do not have to be visited, because they are not listed on Flint Water.

I believe our AFN list is comprised of every Access and Functional Needs Individual in Genesee County. Can you by chance use that same address list to let us know which of the AFN addresses we do not need to visit because they are outside the city limits and not on the Franchise list?

Hi Dan,

From our understanding the ARC teams visiting the AFN Residents will be filling out daily street sheets for data collection which is fine – I am wondering if the spreadsheet we sent can have a column added and note the outcome of the visit (does the resident need continued service, one time help, not interested) I think keeping the same spreadsheet would be helpful rather than updating it from the handwritten sheets as we don't usually get those here at the SEOC.

Is this something you find feasible? Please let us know if you have another idea or would like to discuss.

Thank you,

Subject: RE: water, filters, and test kits

Wendy,

I have responded from my city email and this is the best email for work related issues. Thank you for the information regarding the emergency efforts for the Flint water customers.

The City of Burton wants to be consistent with the Flint efforts. I am being asked why Flint residents are receiving more water than the various franchise customers.
I do not believe this to be true, but the perception is that all the media focus is on Flint residents and the franchise customers are forgotten.

The news reports that are indicating that the City of Flint residents are receiving all these donations from celebrities. Are any of these resources being directed to Burton, Flint Township, Genesee Township, Mt. Mortis township? The perception is that with all the hype on social media as well as television coverage, that every City of Flint resident is receiving daily delivery of water directly to their doors every day. I just can't believe that is possible, but I have several inquiries as to why Burton can't deliver 2 cases per day to every one of the affected Burton residents. I could deliver 2 cases per day, but I don't have the supply of water. So far

we have received a total of four pallets of water since January 18, 2016. So, I am looking for a little guidance and hoping you can help me answer these questions so I can address these issues with my residents.

How many cases of water are being **delivered** to Flint residents' homes? How often does one residence receive water delivered directly to their home?
1 case per day? 2 cases per week? Is there a limit on how many cases they receive?

How many cases of water are Flint residents **allowed to pick up** at the various distribution points?
1 case per day? 2 cases per week? Is there a limit on how many cases they receive?

How often am I supposed to pick up pallets of water at the Clio Road warehouse for Burton residents?

Where do I obtain the 211 pamphlets that Flint residents are receiving? We would like to give those to our residents as a resource, too.

Is the City of Flint sending any letters to residents to remind them of distribution points, turning in water samples, changing filters, where to receive free lead blood testing, etc?

Is there a point when the direct delivery of water to resident's homes stops and it is up to residents to pick up at a distribution point?

I have, also, been asked about the amount of aluminum being put back in the water by the PUR filters. Evidently, there is a website comparing various filters and PUR is not looking to be a favored choice. http://www.naturalnews.com/046536_water_filters_heavy_metals_lab_results.html

The City of Burton is currently working to change our distribution point from our DPW to our Fire Station #1 this Saturday. Fire Station #1 is located on Bristol Road just east of S. Saginaw. Hopefully, this will help residents who need to pick up water after 5 pm because our DPW closes at 4 pm. The Fire station will be open for water pick up from noon to 7 pm starting Saturday, January 30, 2016. We will send out a media advisory as soon as the logistics are set.

In addition, this Saturday, the City of Burton Firefighters along with any volunteers we can muster will be delivering water to the affected Burton residents.

Thanks for your help.

Good Morning,

Your water is scheduled for pickup at the warehouse at 10:00 tomorrow. Jamie said that he will have the water picked up. Your filters and cartridges are available whenever you want them. The cartridges last for 100 gallons, so frequency of usage determine how long it will last. The test bottles are always available, so when the results start coming back, that will determine the next step that needs to be taken. If you have any other questions, call me anytime. By the way, did you check your dinner schedule yet???

From: Paula K. Zelenko
Sent: Tuesday, February 02, 2016 11:26 AM
To: Jamie W. Curtis (jcurtis@co.genesee.mi.us)
Subject: Flint Water Issues

Commissioner Curtis;

I wanted to thank you, again for attending the city council meeting last night. Your presence has been a vital part of confirming to the Burton City Council and residents that my administration has, indeed, been taking action to assist our residents and businesses that are receiving their water via the City of Flint.

I have received the flyer you had sent over this morning regarding the Flint Water Community Training. We will get this out to our affected residents and businesses.

In efforts to stay consistent with the EOC operations, I am looking for guidance when responding to affected Burton residents and businesses. The following are the questions we are getting on a regular basis. I would appreciate knowing how the City of Flint is answering these questions :

1. I see in the media that Flint residents are getting help with paying their water bills. What help is available for the Burton residents and how do we apply?
2. I see that Flint residents don't have to pay, why do I?
3. Where do I go for free blood testing? What number do I call? Do I need an appointment?
4. Can I stop at any of the Flint water distribution centers for water, filters, and test kits? (We have been telling them yes.)
5. Is Bendle Schools going to get assistance in the form of a school nurse?
6. Are fixtures going to be replaced in Burton daycares affected by this water crisis?
7. How do I go about getting my children tested for lead levels and if they have high lead levels in the blood, how do I sign up for the diagnostic testing, nurse visits, and environmental assessments in my home?
8. I am having difficulty talking to someone at 211. Is there a better number to call to get my questions answered?

Any guidance you can supply is greatly appreciated. The perception among most of these affected Burton residents is that they are being left out and not receiving the services that Flint residents are receiving. I believe this is due to the media focus.

We are trying to put together a FAQ flyer to deliver to our residents on how to take advantage of the services they are entitled. If you already have such a flyer, could you forward some to us?

Thank you for all your help,

Mayor Zelenko

My apologies, I meant to include you in this forward. Please understand that I originally made first contact with the City of Burton's office to obtain data showing the exact addresses they have been delivering water to so that we could clear our outside data. I have two others I will be forwarding you as well.

Cc: Richard A. Hayman; Marvin A. Epperson
Subject: Water crisis data

Dear Ms. Spencer;

I am in receipt of your email that was sent to City of Burton employee, Jackie Beutler. I am the Mayor of the City of Burton and I have been working through Lt. BJ Roach and County Commissioner Chairman Jamie Curtis in efforts to ensure the residents of Burton that are affected by this crisis are receiving water, test kits, and filters. The City of Burton stepped up to assist in these efforts in order to lessen the burden on the EOC and City of Flint operations by "taking care of our own" so more resources could concentrate on the City of Flint.

Having said that, to this day, the "official list" of Flint water customers posted on the City of Flint website has further complicated the issue because of the inaccurate addresses of our residents. When some of our residents show their identification at various distribution sites*, they are turned away because their correct address on their ID does not match the incorrect address on the Flint website list. (* some of these sites may not necessarily be operating in conjunction with the EOC, but are using the Flint website list as their "official list")

In the next few minutes, I will be forwarding you the data that has already been submitted in regards to your list referenced below. In addition, I will forward you the correspondence I have sent requesting more information from these remediation efforts. The Burton Fire Department delivers water, filter and test kits every Saturday. The Fire Department has the water, kits, and filters at Burton Fire Station #1 available for pick up on Saturdays, as well. The Burton DPW picks up water, test kits, and filters from the warehouse on Clio Rd every Monday and Thursday and delivers it to Burton Fire Station #1

We have never been given any door cards, 211 cards, or any other informational literature to hand out, although we have requested them. We have taken it upon ourselves to mail and or hand deliver our own letters to our residents explaining how to obtain water, filters, and test kits from us. I have yet to be informed, although we have requested the information, as to where to direct our residents for the many services that Flint residents seem to be receiving, such as but not limited to blood test monitoring, assistance with filter installations, nutrition/food/education services, and help on replacing lead service lines. In addition, it appears that any letters sent from the City of Flint keeping residents abreast of water crisis information are not being sent to the residents in Burton.

I am requesting information from you as to what assurances are being put in place so Burton residents affected by this crisis are getting notified of the health, food, education services, water bill payments, etc. that the media is reporting is available to Flint residents affected by the crisis. We are feeling left out of the loop and it is very frustrating.

Please feel free to contact my office directly should you have any questions or if I can assist you in any way to make certain the affected Burton residents and businesses are being included in all the available services. Richard Hayman, Chief of Staff, will be happy to assist you in the event I am not available. So far we have identified approximately 100 residents and businesses on the Flint water system that are located in the City of Burton.

Sincerely,

Mayor Paula Zelenko

(810) 743-1500 ext 1102

The specific data we are looking for includes:

- Full Address
- Date Visited
- Door Card Left? Yes or No
- Water (by the case) left? If so, how many?
- Test Kits left? Yes or No
- Water Filters left? Yes or No, if yes, what type? Brita or Pur.
- Replacement Cartridges left? Yes or No

Hi Dan,

These are the only 3 houses we needed to clarify from the 34 addresses list. Maybe your teams can verify without revisiting. Our mapping system does not match the result. I have contacted Stat EMS and they have verified that the house is there, occupied, and residential.

			FLINT	48504	MISSED - WILL VISIT IN AM
			FLINT	48507	parking lot- Need to return. There should be a house on the corner of and roads with the address of
			FLINT	48503	ARC states they could not find the house. Please have them look for a large 2-3 story red brick home from the 1800's that is on the corner of It shares a parking lot with StatEMS at . I sent a picture of it. I have spoken to StatEMS and they have confirmed that there is a house there and it is a residence.

Absolutely, our plan is to keep two sets of street sheets. 1 set will go upstairs for data entry into your system. A second set will be maintained here by our team.

I can share that with you daily if you believe it will be useful.

Hi Dan,

From our understanding the ARC teams visiting the AFN Residents will be filling out daily street sheets for data collection which is fine – I am wondering if the spreadsheet we sent can have a column added and note the outcome of the visit (does the resident need continued service, one time help, not interested) I think keeping the same spreadsheet would be helpful rather than updating it from the handwritten sheets as we don't usually get those here at the SEOC.

Is this something you find feasible? Please let us know if you have another idea or would like to discuss.

Thank you,

Subject: Access and Functional Needs

David and Daniel,

As we discussed this morning, attached is the most current Access and Functional Needs list. It is 1897 addresses, sorted by Zip Code. They are not separated into city sections yet. I am going to work with GIS to have that done tomorrow, but I wanted to get this list to you as soon as I could so that you could take a look at it.

The list is encrypted to protect the confidentiality of this information. I will be sending the password in a separate email. Please let me know if you have any questions about the list.

Thanks so much,

Alex Abdun-Nabi
Recovery Branch, State Emergency Operations Center

Subject: Requesting data information regarding Burton Residents receiving Flint Water

Good afternoon Mrs. Beutler,

I am requesting this information for the Recovery Branch that works for the State Emergency Operations Center in Lansing. We are activated for the Flint Water Crisis.

We compile data and track addresses who have been contacted, visited, and provided door cards, test kits, filters, cartridges, and water. I am requesting any data your department has in issuing the above items to the City of Burton Residents who receive Flint Water, even if you only left a door card.

Also, does your City plan to continually visit these houses on a routine basis or just maintain a supply of the above items at your local building for them to pick up as needed?

The specific data we are looking for includes:

- Full Address
- Date Visited
- Door Card Left? Yes or No
- Water (by the case) left? If so, how many?
- Test Kits left? Yes or No
- Water Filters left? Yes or No, if yes, what type? Brita or Pur.
- Replacement Cartridges left? Yes or No

Thank you for your assistance. It is greatly appreciated

Bridget Spencer

Alex,

See the attached. We have rerouted three of our teams to the following mobile home parks this afternoon, February 17th:

- Shady Acres
- Holt's Mobile Home Court
- Carriage Manor Place
- Genesee Forest Mobile Home Park
- Ambassadar Estates LLC

The following will be visited tomorrow morning, February 18th:

- Carriage Hills Mobile Home Park
- Royal Mobile Home Sites
- Sunset Village

The following is NOT on Flint City Water:

- Westwood Village

I spoke with our GIS folks and they were able to identify 5 houses that have not been confirmed to have had contact with the water response teams/volunteers (with in the area given to us by Mr. Clyde Edwards of Rep. Neely's office). Those five addresses are listed below and these houses will have a Rapid Response Team (RRT) stop by the houses tonight or tomorrow.

It should be noted that there were approximately 30 other houses in this area that have been deemed "vacant" houses by the city of Flint. The city records show no one living at these residences and no RRT's or other volunteers have gone to those addresses. We do not plan on sending volunteers to the houses that the city of Flint says no one is living in.

Have a good night

Kevin,

Below is the status of the 5 addresses you provided.

The Property was marked as abandoned on 1/16/16. . If the resident is claiming no contact, we will put them on the RRT list.

- Parcel is marked as unvisited. We will put it on the RRT list

-This is not listed within the City's Parcel Database. If the resident is claiming no contact, we will put them on the RRT list.

- Parcel is marked as unvisited. We will put it on the RRT list

- This parcel was marked as abandoned on 1/17/16. . If the resident is claiming no contact, we will put them on the RRT list.

Thank you so much for bringing this to our attention. We will move forward with these and hope to have them visited as soon as possible.

Thanks,

Alex

Kevin,

Below is the status of the 5 addresses you provided.

-The Property was marked as abandoned on 1/16/16. . If the resident is claiming no contact, we will put them on the RRT list.

St- Parcel is marked as unvisited. We will put it on the RRT list

St-This is not listed within the City's Parcel Database. If the resident is claiming no contact, we will put them on the RRT list.

t- Parcel is marked as unvisited. We will put it on the RRT list

his parcel was marked as abandoned on 1/17/16. . If the resident is claiming no contact, we will put them on the RRT list.

Thank you so much for bringing this to our attention. We will move forward with these and hope to have them visited as soon as possible.

Thanks,

Alex

Alex-

As we discussed, based on the streets given to us in the below email chain, our GIS folks checked their records and found 5 residences that have not been confirmed to have been "touched" by any of our voluteers. The addresses they show needing contact are as follows:

Can you check to see what you have in your records? If in fact no one has been to these residences can you send a Rapid Response Team (RRT) to them?

Thanks

Dan-

We were just looking for those four streets that were given to us on the Legislative Briefing Conference Call. The streets we wrote down were Mackin, Chevrolet, Balling and McClelland. We can only find two streets that match in the city, Chevrolet and Mackin. These streets are near the elementary school but not the high school (as mentioned on the call)

Can you put me in touch with the person that made the statements on the call reference these streets so I can track down more information to better help us identify the houses we need to get to?

Ali,

I will address this with the American Red Cross on the 1830 distribution process call. They should be able to send teams to those addresses tomorrow.
If they should not be available for some reason, we can put them on the High Priority List that Southern Baptist Disaster Relief is working.

All-

I spoke with our GIS folks and they were able to identify 5 houses that have not been confirmed to have had contact with the water response teams/volunteers (with in the area given to us by Mr. Clyde Edwards of Rep. Neely's office). Those five addresses are listed below and these houses will have a Rapid Response Team (RRT) stop by the houses tonight or tomorrow.

It should be noted that there were approximately 30 other houses in this area that have been deemed "vacant" houses by the city of Flint. The city records show no one living at these residences and no RRT's or other volunteers have gone to those addresses. We do not plan on sending volunteers to the houses that the city of Flint says no one is living in.

Have a good night

FYI,

64 of the 157 active water subscribers who have yet to be contacted are all in the same two neighborhoods on the south edge of Flint.

They are franchise customers that are primarily in two neighborhoods. Could be a quick canvasing effort.

The remaining 93 non-contacted active water subscribers are fairly evenly distributed throughout the city.

Subject: Updated Residential Parcel Statistics

AS OF **2/14/2016** AT 16:30 USING DATA FROM FLINT WATER RESPONSE TEAMS, POD DISTRIBUTIONS, AND GENESEE COUNTY HEALTH DISTRIBUTION DATA.

NOTE: PLEASE REMEMBER THAT PAPER DATA AND DATA ENTRY FROM PREVIOUS DAYS CONTINUES TO COME IN AND WILL BE INCLUDED IN THE TOTALS AS IT IS RECEIVED.

NOTE: There is a decrease in number of total residential parcels and total residential active water subscribers. There are 107 parcels that were originally classified as residential that were removed as they were identified as being right-of-way/easement that have been removed.

We are tracking **38,762** residential parcels that the City of Flint has identified as non-vacant (including Franchise). Of those:

- **38,349 (98.9%)** of the parcels have been engaged as part of response efforts
- **29,964 (77.3%)** (of the parcels have been confirmed have some form of filter
- **12,257 (31.6%)** of the parcels have volunteered for water testing

We are also tracking that there are 30188 active water subscribers (metered service lines) in the city. When consolidated down and filtering out only residential there are **27,170** residential parcels that have the ability to use the Flint Water System. Of these

- **27,013 (99.4%)** of the parcels have been engaged as part of response efforts
- **24,016 (88.4%)** of the parcels have been confirmed have some form of filter
- **10,887 (40.1%)** of the parcels have volunteered for water testing

Please let me know if you need anything else.

BLUE- Update daily data tracking (resources), Update plan for next operational period, Update bullets for recovery, work the desk, phone and e-mails and assist with SEOC questions. Assist with FWRT to determine target areas, request maps and address spreadsheets. Other duties as assigned.
YELLOW- Attend Distribution Process Meetings.
ORANGE- Recovery Planning with focus on transition of PODS and warehouse duties. (If needed)

Flint Water Response Team Plan
Sunday, 02.21.16

Key

WRT	Water Response Team
OIC	Officer In Charge
ARC	American Red Cross
HH	Household
LEOC	Local Emergency Operations Center

Key Leaders

ARC OIC	Daniel Wirth		daniel.wirth@redcross.org

Plan

Agency	Team Types	Mission
ARC	5 Type V	600 HH

Resource Status

ARC

Team Type & Quantity	Type: Type V Quantity: 5 (5 ERV + 5 Trucks)				
Resource	**Required**	**Confirmed**	**Notes**	**Date**	**Time**
Team Leader	5	5		2/21/16	8:00 am
ARC ERV	5	5		2/21/16	8:00 am
ARC ERV Driver	5	5		2/21/16	8:00 am
Team Member	12-24	12-24		2/21/16	8:00 am
Team Transport Vehicle for 2-4 Team Members	5	5		2/21/16	8:00 am
Team Transport Vehicle Driver	5	5		2/21/16	8:00 am
iPads	5	5		2/21/16	8:00 am
Hand Warmers	50	50		2/21/16	8:00 am
Distribution Kit	500	500		2/21/16	8:00 am

Execution:

Key Locations

ARC	ARC 1401 S Grand Traverse St, Flint	0730-1600
Warehouse	4315 North Clio Road, Flint	0700-1900

Team Assignment – Target Areas

Team Priority – ARC Teams will continue visiting the identified 1,300+ Access & Functional Needs addresses as a follow-up visit to determine the individual need for further visits. Each address will be provided 3-5 cases of water, depending on individual's request of need, and replacement cartridges if needed.

Sample Script for Team Members:

We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix.

Lunch

Lunch will be provided by the ARC.

Reporting:

Tactics:

1. All WRTs will utilize iPads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if iPads fail, unless specifically directed otherwise by the SEOC.
2. If iPads are not being utilized or are not available for team use, Street Data Entry Sheets will be completed in the field and entered by ARC volunteers for data accountability.

Recovery Branch – 2/20/16 as of 1:00 pm

- Attended UCG Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings.
- Completed copying of S:drive for FOIA project – flashdrive given to FOI Unit.
- Requested more detailed list of iPads available to Southern Baptists.
- **Team Priority Visited Today:** Continued visiting the 1,300+ Access & Functional Needs addresses to distribute 3-5 cases of water and replacement cartridges. Over 300 plus were visited today and the total is 1,000 or less as of 1900 hours today.
- **Team Priority Scheduled Tomorrow:** Continue visiting the 1,300+ Access & Functional Needs addresses to distribute 3-5 cases of water and replacement cartridges.
- **5 American Red Cross Teams scheduled for Saturday, February 21, 2016.**

Flint Water Response Team Plan
Friday, 02.19.16 FINAL

Key

WRT	Water Response Team
OIC	Officer In Charge
ARC	American Red Cross
HH	Household
LEOC	Local Emergency Operations Center

Key Leaders

ARC OIC	Daniel Wirth		daniel.wirth@redcross.org

Plan

Agency	Team Types	Mission
ARC	5 Type V	500 HH

Resource Status

ARC

Team Type & Quantity	**Type:** Type V **Quantity:** 5 (5 ERV + 5 Trucks)				
Resource	**Required**	**Confirmed**	**Notes**	**Date**	**Time**
Team Leader	5	5		2/19/16	8:00 pm
ARC ERV	5	5		2/19/16	8:00 pm
ARC ERV Driver	5	5		2/19/16	8:00 pm
Team Member	15-20	15-20		2/19/16	8:00 pm
Team Transport Vehicle for 2-4 Team Members	5	5		2/19/16	8:00 pm
Team Transport Vehicle Driver	5	5		2/19/16	8:00 pm
iPads	5	5		2/19/16	8:00 pm
Hand Warmers	50	50		2/19/16	8:00 pm
Distribution Kit	500	500		2/19/16	8:00 pm

Execution:

Key Locations

ARC	ARC 1401 S Grand Traverse St, Flint	0730-1600
Warehouse	4315 North Clio Road, Flint	0700-1900

Team Assignment – Target Areas

Team Priority – ARC Teams will begin visiting the identified 1,300 (approximate number) Access & Functional Needs addresses as a follow-up visit to determine the individual need for further visits. Each address will be provided 3-5 cases of water, depending on individual's request of need, and replacement cartridges if needed.

Sample Script for Team Members:

We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix.

Lunch

Lunch will be provided by the ARC.

Reporting:

Tactics:

1. All WRTs will utilize iPads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if iPads fail, unless specifically directed otherwise by the SEOC.
2. If iPads are not being utilized or are not available for team use, Street Data Entry Sheets will be completed in the field and entered by ARC volunteers for data accountability.

Recovery Branch – 2/18/16 as of 7:00 pm

- *Attended UCG Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings.*
- **Team Priority Visited Today:** 5 teams in the field – Mobile Home Parks and list of addresses showing as having no contact.
- **Team Priority Scheduled Tomorrow:** Begin visiting the 1,300 Access & Functional Needs addresses to distribute 3-5 cases of water and replacement cartridges.
- **5 American Red Cross Teams scheduled for Friday, February 19, 2016.**

Water Response Teams	TOTALS	2/18/16
Occupied Homes	23,234	[illegible]

This should help- I spoke with Mt. Morris Twp Supervisor Larry green and he indicated they only had 1 franchise customer right now due to their franchise customers are rental properties. Not sure if that has changed in the last week

Hello, just received this. Sean Kammer attended the meeting yesterday and advised he would provide the list of residents outside the city limits that are receiving Flint. As you can see, he did provide the list but only after complaints instead of automatically sending it to avoid this. I have messages into Tamara Brickey, Public Health Division Director - Genesee County Health Department, asking for updates, issues, etc. Will let you know what I find out. BJ

Subject: Franchise Customers

All,

I'm getting reports that franchise customers receiving Flint water who reside outside the City of Flint are being turned away when trying to get filters. I have attached the lists of franchise customers who live in neighboring communities. These customers should be able to get filters. Please circulate these lists to all of the distribution sites far-and-wide. Please let me know if there is any other information I can share that will be helpful.

Thank you,

Subject: Water Team Plan for 2/14/16
Attachments: 20160213_Individual_areas_reduced.pdf; Active Water City of Flint with NO Contact Only.xlsx

Good Evening Diane,

I am attaching a listing of map and addresses that are City of Flint Residents, receiving City of Flint Water, and are listed as having NO Contact. There are currently 83 addresses in this list.

I have listed the addresses in order by Mapping Section and have attached updated maps just created a few hours ago.

You will only need to reference Maps: 4-9, 20, 22, 23, 25-29, 31, & 36.

I will include this information in the Flint Water Response Plan for tomorrow.

The best case scenario and absolute Preference is to use the iPads. It clears up the confusion of Directional Issues and ensure the EXACT address is entered into the GIS System, which will quickly clear up these continuous addresses of no contact. The pinpoint of location should be chosen on the iPad while the volunteer is on the actual parcel, not on the sidewalk, but on the actual parcel, best to be at the resident's door. It is also helpful to enter the address into the iPad in case there is any discrepancy to assist us in making determinations later. If the iPads are not used, it is very important that the EXACT Address is written on the Street Sheet and entered into the computer.

Very helpful. This list could remove over half of the addresses we have listed as being on Flint Water with NO Contact. Could you reach out to the other franchises (Flint Township, Mt. Morris, etc) that also pick up their cities filters/water?

By stating "Clear Data", I mean that data may be entered for a particular address; however, it is not complete. It would be best if we talked on the phone. I have a few questions.

Can you be more specific on what "clear" data is. Are you looking at apartment street sheets or data out of the data base?

What exactly do you want our teams to do tomorrow?

Good Afternoon Diane,

We have received a list of addresses that do not have data or "clear" data from the canvasing of neighborhoods. After I finish reviewing the addresses, I would like to send it to you for your teams to work on.

Some of them are franchise addresses, but they are all homes. Is this something your teams could begin working on tomorrow?

Sent: Tuesday, February 09, 2016 6:49 PM
To: Russo, Mark (MSP)
Subject: RE: USPS Request

LT Russo,

Late morning today Cheryl, the Flint Postmaster, returned my call to her regarding the request below.

In my discussion with her I broke down the request to forwarded addresses, both temporary and permanent, and a list of locations where they did not deliver mail. I suspect Cheryl may not have been entirely clear on the request originally.

Cheryl advised she sent the request to her district office for approval as sharing this information was not something they normally did.

Cheryl shared the information was kept by the Postal Service National Customer Support Center (800-238-3150) and that I was welcome to call them as well.

I advised I would wait a bit to see if she heard back from her district office and then go from there.

Tom

Sent: Monday, February 08, 2016 12:23 PM
To: MSP-SEOCOPSC
Subject: USPS Request

Jackie,

As you requested below is a summary of my contact with the Postmaster's Office in Flint.

On Wednesday, February 3rd, I contacted the Postmaster's Office in Flint at 810-257-1506 and spoke to Cheryl. I explained to her that we needed data on all addresses within the City of Flint where mail had been forwarded or service had been stopped for some reason (vacancy, destruction of property, etc.). I explained that I was with the State EOC and MSP and that I was requesting that information under the Michigan Emergency Management Act (PA 390). She said that she would pass along the request to the Postmaster.

I called back later that day and Cheryl informed me that I was making a rather large request and that the Postmaster had forwarded the request to the District Office and that the Postmaster's office would contact me when they had an answer. I was then out of the SEOC until this morning. There were no messages or emails from USPS during that time.

After Capt. Kelenske asked about USPS at this morning's briefing, I followed up with the Postmaster's Office where I was told that the District Office denied our request for information and that they were therefore unable to provide it. They did not provide any explanation.

I hope this is useful. Please let me know if I can be of any further assistance.

Thank you,

Alex

To: MSP-SEOC5; Farmer, Michael V. (MDOC - Training); FEDERALSEOC
Subject: Wednesday 2/10/2016

- Compiled data of addresses and facilities that service citizens with Access and Functional Needs from 4 sources. Waiting on additional data to complete the list. Alex has a call into the Michigan Office of Disability Network, Vicki Saharski 810-742-1800, for any additional data she may have regarding this population. We are gathering this information for the possibility of issuing cartridge replacements and long-term recovery plan.

- The Recovery Branch received access to a new mapping tool called, ArcGIS Online. It show ALL VISITs by the Field Teams and Distributions by PODS.
    - Directions
        - Go to flint.maps.arcgis.com
        - Log in using the username: MSP_data1 and the password: Recovery1
        - Go to Groups→ Recovery Unit → All_Field_Team_Activity_Update and click open in map viewer.
        - The map will open in a web viewer. Navigate ONLY by searching addresses. Do not move around by clicking and dragging. There is too much data for that to work effectively. Do not zoom out too far either because it will cause the website to freeze.

- No changes in Thursday's ARC Plan. They have a one page list of addresses to complete and few apartments to confirm.

- Entered all remaining available data sheets from ARC regarding apartment visits.

- Bridget met with 7th Day Adventist Volunteers in place of Mike Farmer for the Corrections Branch. The Plan was received and passed onto Logistics and Brent Travelbee.
    - They are looking at starting at the Kroger warehouse this Tuesday and expect the MDOC staffing to assist them with their transition for up to a week.
    - 7th Day Adventist turned in an "Equipment Needs" List is being reviewed.
    - Logistics would be best to get more information from

Subject: RE: Request for Access and Functional Needs Information

Alex,

File #1 – "VAAA Enrollments 2015" → Flint seniors & caregivers receiving in-home services through VAAA.

List of approximately 1,400 Flint seniors or their caregivers who receive in-home services through Valley Area Agency on Aging. It is sorted by service category to make it easier to prioritize residents by level of needed service. Seniors receiving Care Management, Home Delivered Meals, Personal Care, and going to Adult Day Centers are most likely to have the higher physical or cognitive functional deficits. An encryption key for File #1 will be sent separately.

File #2 – "VAAA MiChoice Waiver addresses" → Flint seniors or adults with disabilities receiving in-home services funded through the MDHHS MiChoice Medicaid Waiver Program

List of another 79 Flint seniors or adults of any age with disabilities who are receiving services through the MiChoice Medicaid Waiver Program. These are very frail Medicaid eligible seniors who would be in nursing homes but the in-home services they receive provided through VAAA. An encryption key for File #2 will be sent separately.

File #3 – "APS Genesee ILS and ACP addresses – just Flint file dtd 1-13-16" → Flint seniors, age 60 and older, receiving APS Home Help and/or APS Adult Community Placement services.

List of another 588 Flint seniors receiving MDHHS Adult Protective Services (APS) in the APS Home Help program or the APS Adult Community Placement (placed in Adult Foster Care Homes) program. An encryption key for File #3 will be sent separately.

Finally also attached are 4 Word documents listing various unlicensed senior housing facilities that serve Flint seniors who range in function from fairly independent to needing assistance with multiple activities of daily living.

Regards,

Steven M. Betterly

Subject: Apartment address confirmation

Good afternoon Diane,

We have been working diligently at the apartment data entered based on the data sheets you have sent over to SEOC. I have attached apartment addresses that are still showing "No Contact". Can you review your data for confirmation? If you do not have data on these apartments, we will begin a list for your WRT's to visit tomorrow. Please respond with either yes, these have been visited or no they have not.
Thank you

Subject: RE: Trucks

Tonya has asked us to figure out what to do with the Penske Truck at the warehouse. Apparently it was serviced with new tires, not yet sure where the request for new tires came from; however, the new tires were never balanced so it is riding rough and has been stationed at the warehouse until the wheels are balanced.

The truck # is 9163074

Shasta,

The contact for Penske is Taylor Brown, 586-795-5677. Please explain to her about the circumstances and that this is one of the original trucks they sent over as a donation.

Also, I am copying the information I got from you below for verification before I send it to Logistics.

We should have 11 trucks in use plus the 1 at Louie's Towing, so I'm unsure where the 12th truck is.

1 truck at Louie's Towing
1 truck for the Warehouse
1 trucks for the DEQ/EPA
8 trucks at the Warehouse waiting for assignment.

Thanks,

Alex

Subject: 2-1-1 Update Flint Water Response for Friday, February 5, 2016

This is the daily 2-1-1 summary on the Flint Water Response for Friday, February 5, 2016

GENERAL INFORMATION:

☐ **City of Flint Furlough February 12-15, 2016:** Flint City employees will be out on furlough from Friday February 12 through Monday February 15, returning to work on Tuesday. This is a reminder to all partners working with the City of Flint to coordinate activities and ensure coverage for essential activities.

CALL VOLUME:

Aside from a minor challenge from staff members who were out sick, Central Michigan 2-1-1 was able to manage Friday's call volume with minimal wait times for Flint callers. Outside of Flint the call volume to Michigan 2-1-1 is following the traditional seasonal pattern of initial high demand at the start of tax season subsiding to normal volume with another major increase anticipated from April 1st until tax filing closes (this year on April 18th).

SPECIAL NEEDS/REQUESTS

Pets testing positive for lead. 2-1-1 has received several requests from people concerned about bottled water for their animals . Yesterday (2/4/16) the Detroit Free Press reported two animals testing positive to lead. 2-1-1 is providing referrals to The Humane Society for assistance providing water for animals.
Here's the article:

www.freep.com/story/news/local/michigan/flint-water-crisis/2016/02/04/flint-lead-pets-dogs/79704210/

- ☐ **Reminder: Please contact tpage@uwmich.org with resources or options for providing alternate access to Flint water information for visually impaired, deaf, and hard of hearing residents.**

RUMOR/SCAM CONTROL

- ☐ **Inmates with limited water access/residents arrested during water deliveries**
  Think Progress reports inmates in the Genesee County jail are receiving on 48 oz of bottled water per day for all needs, and pregnant inmates have had to drink city water.
  http://www.democracynow.org/2016/2/4/exclusive_report_how_long_did_flints
- ☐ Related reports in Think Progress and Counter Current include the jail report and adds that some local residents with outstanding warrants were arrested when the identified themselves during home water deliveries.

Subject: Water Response Teams

Importance: High

Jackie,

Based on discussions on the 6:30 distribution process meeting and our current situation, our data continually leads ARC teams to areas that have already been handled. At this point, I cannot provide them any new data to provide new routes for. I currently have a list from GIS directing them to active water subscribers without filters that were marked vacant at some point during our canvassing.

Recovery/GIS can only run so many queries on data. We are running into the fact that we've done and seen homes multiple times.

While I cannot say we have a filter in every home, I believe the canvassing effort has done a great job of meeting the needs of the entire city. It would be my recommendation to evaluate very soon the need for the canvassing teams. If we continue canvassing efforts, I recommend they assist with 211 calls and service the access and functional needs population. I'm working to compile a full list of these (combining a few different lists). It would also be possible to reduce the number of ARC teams to 5 (or fewer).

Any thoughts you can provide would be greatly appreciated.

Thanks,
Brianna

Good afternoon Walter,

Attached is an encrypted file from VAAA in Flint of another 79 addresses for City of Flint seniors, age 60 and older, who are receiving services through the MiChoice Medicaid Waiver Program. These are very frail Medicaid eligible seniors who would be in nursing homes but the in-home services they receive.

An encryption key will be sent separately.

Also attached are 4 unencrypted files listing unlicensed senior housing facilities that serve Flint seniors ranging in function from fairly independent to needing assistance with activities of daily living. Thought it would be good to know where these facilities are located in relationship to the hot spots.

Thanks again for mapping out these seniors living in Flint.

Subject: RE: 2015-10-01-City of Flint-Water Contamination / Shortage: mapping aged population (Older Adults)

Walter,

We are almost finished generated an excel list with approximately 1400 addresses for seniors living in Flint who receive in-home services.

Are you our GIS point of contact to receive this list or is there someone else?

1. Our list is sorted by service category to make it easier to for MSP to prioritize residents by level of needed service. Seniors receiving Care Management, Home Delivered Meals, Personal Care, and going to Adult Day Centers are most likely to have the higher physical or cognitive functional deficits.

2. Valley Area Agency on Aging (Valley)'s Executive Director, Kathy Boles is generating an additional list of Flint seniors and adults under age 60 who receive MiChoice Waiver services. Valley will forward that list to AASA and We will forward it to MSP.

3. Ms. Boles is contacting the Genesee Senior Millage Care Management provider to request a list of their In-Home Services clients. She estimates Senior Millage about serves another 1,400 older adults as well.

4. We also working with our APS friends to generate addresses for APS's Home Help and Adult Community Placement clients over age 60 living in Flint. We hope to have something by Wednesday at the earliest.

Subject: RE: 2015-10-01-City of Flint-Water Contamination / Shortage: mapping aged population (Older Adults)

Good Morning Walter,

We think we can generate an excel report from our National Aging Program Information System (NAPIS) database listing the addresses of l older adults receiving all In-Home services or one or more specific programs from grant funding this office provides to the Valley Area Agency on Aging. These programs serve a population age 60 and older that meet varying levels of functional loss up to and including being eligible for admission to a nursing home.

Please keep in mind, the list we can generate cannot be exhaustive of all older adults with functional loss because there are families that pay privately for home supportive services or may be receiving in home rehab covered by their insurance.

Specific In-Home Service Programs would include seniors who've enrolled for the following services:

Home Delivered Meals (HDM)
Care Management (CM)
Case Coordination and Support (CCS)
Chore
Homemaking
Medication Management
Personal Care
In Home Respite
Adult Day Services

Valley Area Agency on Aging is also the Medicaid MiChoice Waiver (Waiver) agent for Genesee County and can generate a list of addresses for seniors in that program. The Waiver program provides in home services to seniors and persons with disabilities who are nursing home eligible.

We would pull addresses based on the address provided by the senior or their caregiver at time of assessment/enrollment. Postal zip codes often but not always recorded.

We can start with the City of Flint and then on a 2nd run we could pull from the other communities that are also fully or partially served by the Flint Water System.

Thoughts?

Hi Jackie,

Below is one of the emails regarding the AFN (access and functional needs) list that Chris DeVreindt has indicated should be used to give assignments to Red Cross – as we discussed, I am wanting to confirm who should be maintaining this list as we move forward. As far as I am aware, Recovery does not have this list nor have we been maintaining a list to give to ARC. GIS was asked by Recovery this weekend to map the elderly population (emails to follow) and received a list of 1400 citizens from Steve Betterly/Dept of Aging as well as some from the Valley Area Agency on Aging.

Thank you,

Carly

Importance: High

Jackie,

I spoke to LARA after we received this email on Thursday and it was their understanding the request below was a one-time thing to get supplies to the childcare facilities, but Chris DeVriendt again mentions an AFN list that is given to the ARC and to me indicates an ongoing distribution. We just want to make sure nothing falls thru the cracks as it appears these emails are only being send to Recovery/Brianna. Hopefully we can get on the same page and not duplicating efforts or performing roles at the SEOC that should be at a local level.

Thanks,

Carly

Subject: Child Care Facilities Needing Water Resources

Dear Brianna/OPS,

Team Rubicon attempted to make contact on all agencies listed in Task Assignment SEOC – 2152092. I removed the Hurley Hospital reference due to the impracticality of providing assistance to an agency that already far exceeds any standard of relief that we can offer. The attached list should be added to the AFN list that ARC services and supplies should be distributed as indicated on the list and at the direction of the State.

Please keep me in the loop as to supplies being authorized for 'for profit' agencies as this will have a huge impact on my operations at the local level.

I'm not sure of the best way to 'close out' this Req so I will pass it on to one of the State gurus down here for action on the actual ticket.

To: chris devriendt
Subject: FW: Meals on Wheels List

Chris,

We're working on ensuring these are on the AFN list.

Thanks,

Recovery Branch

State Emergency Operations Center

-------- Original message --------
From: "DeVriendt, Chris" <CDeVriendt@co.genesee.mi.us>
Date: 02/06/2016 7:45 AM (GMT-05:00)
To: "Briggs, Brianna (MSP)" <BriggsB3@michigan.gov>
Subject: Meals on Wheels List

Attached is the list from GCCARD of Meals-for-Wheels recipients. If you could please ensure that all the addresses are on the AFN list, it will help us spread our distribution routes to those that have been vetted as being in need.

Chris DeVriendt, LVT, MPH

Mr. Forster,

The list under this cover includes all apartment complexes in the City of Flint that the Recovery Unit has been able to identify based upon available information. This list is as complete as can be based upon our knowledge, skills, and the existing data.

- We conclude that there are 5,799 apartment units in Flint.
    - This does not include apartment buildings and complexes that are currently unoccupied, nor does it include houses that may have multiple units, or apartment complexes outside the boundaries of the City of Flint that do not receive Flint water.
- There are an additional 545 units on Flint water that are part of a complex that is a franchise customer.
- We used a variety of sources in compiling this list, including data from the City of Flint, the Flint Housing Commission, the Michigan State Housing Development Authority, the United States Department of Housing and Urban Development, and private sources such as Apartments.com.
    - In addition to data sources, we deployed a team from the Department of Corrections to verify the status of several complexes. The team found several apartment complexes abandoned and made contact with residents of the occupied complexes.

Please let us know if you have any questions or concerns with this list.

Thank you,

SEOC Recovery Unit
517-284-3921
MSP-SEOC5@michigan.gov

Recovery Branch – 2/13/16 as of 6:30 pm

- Attended Local Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings
- **Team Priority Visited Today:** Water Distribution and Rapid Response
- ***Team Priority Scheduled Tomorrow:*** Visit the 83 addresses of City of Flint Residents where there is no valid record of having been contacted. Continue with Rapid Response when needed.
- **8 American Red Cross Teams scheduled for Sunday, February 14, 2016.**

Hand Warmers	50	50		2/14/16	8:00 am
Distribution Kit	800	800		2/14/16	8:00 am

Execution:

Key Locations

ARC	ARC 1401 S Grand Traverse St, Flint	0730-1600
Warehouse	4315 North Clio Road, Flint	0700-1900

Team Assignment – Target Areas

Team Priority – Visit (83) City of Flint Addresses that receive City Water and continue to classify as a No Contact. List of addresses sorted by Map Section and corresponding Maps are attached.

Sample Script for Team Members:

We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix.

Lunch

Lunch will be provided by the ARC.

Reporting:

Tactics:

1. All WRTs will utilize iPads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if iPads fail, unless specifically directed otherwise by the SEOC. It is likely the iPads will not be used due to the extreme cold temperatures.

Distribution Kit	1000	1000		2/11/16	8:00 am

Execution:

Key Locations

ARC	ARC 1401 S Grand Traverse St, Flint	0730-1600
Warehouse	4315 North Clio Road, Flint	0700-1900

Team Assignment – Target Areas
Team Priority – Complete visits to targeted address list issued on 2/7/16. Complete final apartment list issued on 2/9/16 consisting of possible vacancies/no contacts.

Map Support
Maps will be provided to complete the list of apartments with no contacts listed.

Sample Script for Team Members:
We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. *Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix.*

Lunch

Lunch will be provided by the ARC.

Reporting:

Tactics:

1. All WRTs will utilize iPads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if iPads fail, unless specifically directed otherwise by the SEOC.
2. For apartment complexes, use the paper forms to record the contacts you make with residents. For reporting purposes, please report the names of the complex and the number of units per complex that the teams made contact with to the SEOC.

DHHS - Steven Betterly - 1/15/16	Disaster Loans	Small Business Administration	SBA Michigan Dist. Office 477 Michigan Ave., Suite 515 McNamara Building, Detroit, MI Ph. 313-226-6075	Low-interest loans for individuals and Business who need to replace lead service lines to homes and businesses or replace / repair	You must be in an SBA declared disaster area to be eligible for SBA disaster assistance.	SBA provides low-interest disaster loans to businesses of all sizes, private non-profit organizations, homeowners, and renters. SBA disaster loans can be used to repair or replace the following items damaged or destroyed in a declared disaster: real estate, personal property, machinery and equipment, and inventory and business assets.	Go to: www.sba.gov/loans-grants	Flint not yet eligible as a Federally Declared Disaster.
DHHS - Steven Betterly - 1/15/16	Congregate Meal for Seniors	Valley Area Agency on Aging	Contact VAAA at 810-239-7671 or www.valleyareaaging.org	Individuals age 60 and older	Any individual age 60 or older.	Provides nutritious meals at no cost for individuals age 60 and older.	None	
DHHS - Steven Betterly - 1/15/16	Home Delivered Meals	Valley Area Agency on Aging	Contact VAAA at 810-239-7671 or www.valleyareaaging.org	Individuals age 60 and older	Any individual age 60 or older who are unable to leave their home to obtain food or cannot prepare meals for themselves in their home.	Delivers to the home nutritious meals at no cost for individuals age 60 and older who are unable to leave their home to obtain food or cannot prepare meals for themselves in their home.	Individual assessment by Valley Area Agency on Aging staff.	HDM program may use a waitlist when demand exceeds funding.
DHHS - Steven Betterly - 1/15/16	Water Pipe Polymer Lining	Hobas Pipe USA	U.S Corporate Headquarters 1413 Richey Road, Houston, TX 77073-3508 Ph. 800-856-7473 Email: info@hobaspipe.com	Government - Example companies that retrofit corroded pipe typically for less cost than replacement.	None	HOBAS (CCFRPM) Pipes are centrifugally cast, glass-fiber-reinforced, polymer mortar. These large diameter pipes are ideally suited for nearly all corrosive piping applications. HOBAS pipes may be installed by a variety of installation methods. HOBAS pipes can be economically designed for non-pressure and pressure service by varying the quantity, placement, and orientation of the glass-fiber reinforcements.	Sales Office	An example of one possible solution using pipe lining sleeves in the worst lead leaching areas instead of digging up and replaceing transmission mains and services lines.
DEQ - Sonya Butler - 1/11/16	Drinking Water Revolving Fund Loans	DEQ	Office of Drinking Water and Municipal Assistance, Revolving Loan Section, Sonya Butler, Chief, 517-284-5433 http://www.michigan.gov/deq/0,4561,7-135-	To assist water suppliers in providing safe/high quality drinking water. Community or non-community (if operated as a non-profit entity) water supply.	Any water supplier who owns and operates a community or non-community (if operated as a non-profit entity) water supply.	Dollar Amount(s) Available (Min or Max): Dependent on federal grant amount. Required Match: No local match is required.	Request for Proposals: Municipalities can apply at any time by submitting a project plan	
MDARD - Brad Deacon - 1/19/16	USDA Rural Development Business & Industry Loan Guarantee	USDA Rural Development	James Turner, Michigan Director, USDA Rural Development	Businesses, Nonprofits, Government loan guarantees	Lenders apply for loan guarantees for borrowers. Though most USDA Rural Development programs are limited to rural areas, this program has the authority to fund local food infrastructure in urban areas as long as the project supports farm and ranch income and expands healthy food access in underserved communities.	Loan guarantees for business development, enlargement, purchase of facilities & upgrades, purchase of equipment.	Rolling applications; contact lender or USDA Rural Development Michigan office for more information.	http://www.rd.usda.gov/files/Local_Food_Fact_Sheet_20150401.pdf
MDARD - Brad Deacon - 1/19/16	USDA Agricultural Marketing Service Farmers Market Promotion Program	USDA Agricultural Marketing Service	FMPP Staff by email at USDAFMPPQuestions@ams.usda.gov or by phone 202-720-0933	Grants to Businesses, Nonprofits, Governments	Entities that are eligible to apply include: Agricultural businesses, Agricultural cooperatives, Community Supported Agriculture (CSA) networks, CSA associations, Economic development corporations, Local governments, Nonprofit corporations, Producer networks, Producer associations, Public benefit corporations, Regional farmers' market authorities, Tribal governments	The minimum FY 2015 award per grant was $15,000 and the maximum $100,000.	2015 grant cycle applications were due May 14, 2015; 2016 cycle not yet announced.	http://www.ams.usda.gov/services/grants/fmpp

MDARD - Brad Deacon - 1/19/16	USDA Agricultural Marketing Service Local Food Promotion Program	USDA Agricultural Marketing Service	LFPP staff by e-mail at USDALFPPQuestions @ams.usda.gov or by phone at 202-720-2731.	Grants to Businesses, Nonprofits, Governments	The Local Food Promotion Program (LFPP) offers grant funds with a 25% match to support the development and expansion of local and regional food business enterprises to increase domestic consumption of, and access to, locally and regionally produced agricultural products, and to develop new market opportunities for farm and ranch operations serving local markets. There are two types of project applications are accepted under LFPP—planning grants and implementation grants. Applicants can apply for either but will receive only one type of grant in the same grant cycle. Eligible entities may apply if they support local and regional food business enterprises that process, distribute, aggregate, or store locally or regionally produced food products. Such entities may include: Agricultural businesses and cooperatives, Producer networks and associations, Community supported agriculture networks and associations, Other agricultural business entities (for-profit groups), Nonprofit and public benefit corporations, Economic development corporations, Regional farmers' market authorities, Local and tribal governments	The minimum FY 2015 award per grant was $15,000 and the maximum $100,000.	2015 grant cycle applications were due May 14, 2015; 2016 cycle not yet announced.	http://www.ams.usda.gov/services/grants/lfpp
MDARD - Brad Deacon - 1/19/16	USDA Agricultural Marketing Service Federal State Marketing Improvement Program	USDA Agricultural Marketing Service	Federal-State Marketing Improvement Program, Transportation and Marketing Programs, Agricultural Marketing Service, USDA, 1400 Independence Ave SW, Room 4549-S, Washington, DC 20250, Tel: 202-720-5024, Fax: 202-690-1144, E-mail: janise.zygmont@ams.usda.gov	Grants to state agencies & universities	FSMIP provides matching grant funds to conduct applied research projects that explore new market opportunities for U.S. food and agricultural products and improve the efficiency and performance of the U.S. agricultural marketing system. These grants are awarded on a competitive basis to State departments of agriculture, forestry, natural resources, or energy, as well as other State agencies such as experiment stations, universities, and colleges. Projects can focus on a wide variety of agricultural research goals, including increased sales of value added meat products, aquaculture, fresh and processed products, local and regional food systems, forestry, bioenergy, and horticulture. Proposals that benefit one business or individual will not be considered. Proposals that address issues of importance at the State, multi-State, or national level are encouraged.	2015 FSMIP Projects: Total Funding: $1,005,906; Average Grant: $67,060; 15 projects in 14 States.	2015 grant cycle applications were due May 14, 2015; 2016 cycle not yet announced.	http://www.ams.usda.gov/services/grants/fsmip/apply
MDARD - Brad Deacon - 1/19/16	Specialty Crop Block Grant Program	Nancy Nyquist, Michigan Department of Agriculture and Rural Development	Nancy Nyquist, Michigan Department of Agriculture and Rural Development Agriculture Development Division, P.O. Box 30017, Lansing, Michigan 48909, Phone: (517) 284-5735, EMail: nyquistn@michigan.gov	Government	Examples of "enhancing the competitiveness" of specialty crops includes, but is not limited to: research, promotion, marketing, nutrition, trade enhancement, food safety, food security, plant health programs, education, increased knowledge and consumption, increased innovation, improved efficiency and reduced costs of distribution systems, environmental concerns and conservation, product development, good agricultural practices, good handling practices, and good manufacturing practices. Increasing competitiveness may include developing local and rural agricultural economies, and improving food access in underserved communities.	The Michigan Department of Agriculture and Rural Development (MDARD) offers the Specialty Crop Block Grant Program-Farm Bill (SCBGP-FB) through the United States Department of Agriculture/Ag Marketing Service (USDA/AMS); the funding is from the federal allocations. Specialty crops are defined as "fruits and vegetables, tree nuts, dried fruits, and horticulture and nursery crops, including floriculture." Included are listings of plants commonly considered as fruits and tree nuts; vegetables; culinary herbs and spices; medicinal herbs; and nursery, floriculture, and horticulture crops.	MDARD will release a request for proposals in early February 2016 for funding consideration. Applicants may request up to $100,000 in funding and approved projects cannot begin work until after October 1, 2016.	

MDARD - Brad Deacon - 1/19/16	Value Added Grant Program (State funding)	Nancy Nyquist, Michigan Department of Agriculture and Rural Development	Nancy Nyquist, Michigan Department of Agriculture and Rural Development Agriculture Development Division, P.O. Box 30017, Lansing, Michigan 48909, Phone: (517) 284-5735, EMail: nyquistn@michigan.gov	Government				This grant program is currently under review by the Michigan Department of Agriculture and Rural Development. It is anticipated that a late winter/early spring 2016 request for proposals will be available with funding of projects up to $150,000 with a 25% (minimum) match requirement of total project costs. Proposals should be focused on the following areas: Technical assistance, Feasibility studies, Increasing the economic value of a commodity through production processes, export market opportunities, and projects that intend to establish, retain, expand, attract and/or develop value added agricultural processing in the
TED - Lynne A. Feldpausch - 1-15-16	Redevelopment Ready Communities	Agency Responsible for program: MEDC	Jennifer Rigterink	Government Support	Eligibility Guidelines: Flint is in the program and is an eligible applicant	Benefits Available: Technical Assistance dollars that could be used for training on planning/marketing/crisis management, etc.	Application Process: Request from community	
TED - Lynne A. Feldpausch - 1-15-16	Core Communities Fund	Agency Responsible for program: MEDC	Katharine Czarnecki	Government Support	Eligibility Guidelines: Flint is an eligible applicant as a Core Community	Benefits Available: Up to $250,000 is available to be used for economic development activities, infrastructure is eligible.	Application Process: Form for community to complete, but should work directly with MEDC staff	
TED - Lynne A. Feldpausch - 1-15-16	Collateral Support Program	Agency Responsible for program: MEDC	Chris Cook	Individual	Eligibility Guidelines: A federally regulated bank or credit union willing to provide new debt to a qualified for profit operating company. Borrower must be primarily operating in one of the following industries: manufacturing, wholesale & trade, research & development, mining, film & digital media productions, HQ office operations, or businesses that are qualified high technology businesses. Support limited to the lesser of 49.9% of the loan amount or $5,000,000. Fees of 1-3% of MSF support amount at closing and annually thereafter.	Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to a lack of collateral.	Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.	
TED - Lynne A. Feldpausch - 1-15-16	Loan Participation Program	Agency Responsible for program: MEDC	Chris Cook	Individual	Eligibility Guidelines: A federally regulated bank or credit union or certified development financial institution willing to provide new debt to a qualified for profit operating company. Borrower must be primarily operating in one of the following industries: manufacturing, wholesale & trade, research & development, mining, film & digital media productions, HQ office operations, or businesses that are qualified high technology businesses. Support limited to the lesser of 49.9% of the loan amount or $5,000,000. Fees of 1-3% of MSF support amount at closing and annually thereafter.	Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to a lack of cash flow in the near term.	Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.	
TED - Lynne A. Feldpausch - 1-15-16	Loan Guaranty Program	Agency Responsible for program: MEDC	Chris Cook	Individual	Eligibility Guidelines: A federally regulated bank or credit union or certified development financial institution willing to provide new debt to a qualified for profit operating company. Support limited to not more than of 80% of the loan amount. Fees of 1-3% of MSF support amount at closing and annually thereafter.	Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to increased risk as determined by the senior lender.	Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.	
TED - Lynne A. Feldpausch - 1-15-16	Private Activity Bond	Agency Responsible for program: MEDC	Chris Cook	Individual	Eligibility Guidelines: Borrower must be primarily involved in manufacturing, be a not-for-profit corporation, or be a solid or hazardous waste disposal facility. Maximum bond amount is $1 million free of any restrictions on capital expenditures or $10 million subject to the condition that the company's total capital expenditure in the locality over the three years before and three years after the date of the issuance does not exceed $20 million. There is no size limit for bonds issued to finance solid or hazardous waste disposal facilities. Fees apply based on the amount of the bond	Benefits Available: Provide firms with capital cost savings stemming from the difference between taxable and tax-exempt interest rates.	Application Process: Applicant prepares an application for the bond and submits it to MSF staff. MSF considers an inducement resolution at its public meeting recognizing the public purpose of the project. Applicant structures the financing and bond counsel begins to prepare documents. MSF considers adoption of authorizing resolution.	

TED - Lynne A. Feldpausch - 1-15-16	Michigan Business Development Program	Agency Responsible for program: MEDC	Josh Hundt	Government	Eligibility Guidelines – job creation and private investment by expanding or relocating business	Benefits Available – cash grant	Application Process – submission of application to MEDC staff, Michigan Strategic Fund review and approval, execution of incentive agreement, milestones and disbursements, reporting and compliance.	
TED - Lynne A. Feldpausch - 1-15-16	United States Department of Agriculture –	Agency Responsible for program – USDA	Jennifer Tebedo	Government	Eligibility Guidelines – Rural areas outside the boundaries of a city of $50,000 or more and its immediately adjacent urbanized area to improve housing, community facilities, and community and economic development projects	Benefits Available – cash grant	Application Process – Applications are accepted on an annual basis through a Notice of Funding Availability (NOFA) in the Federal Register.	
TED - Lynne A. Feldpausch - 1-15-16	United States Department of Agriculture – Rural Business Development Initiative Grants	Agency Responsible for program – USDA	Jennifer Tebedo	Government	Eligibility Guidelines – Rural areas outside the boundaries of a city of $50,000 or more and its immediately adjacent urbanized area to support community economic development.	Benefits Available – cash grant	Application Process – Applications are accepted through the USDA Rural Development's local or State Office once per year.	
TED - Lynne A. Feldpausch - 1-15-16	United States Department of Commerce – Planning Program and Local Technical Assistance Program	Agency Responsible for program – US EDA	Jennifer Tebedo	Government	Eligibility Guidelines – assists eligible recipients in developing economic development plans and studies designed to build capacity and guide the economic prosperity and resiliency of an area or region. The Planning program helps support organizations, including District Organizations, Indian Tribes, and other eligible recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of high-quality jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions.	Benefits Available – cash grant	Application Process – Applications are accepted on a continuous basis through the regional or State Office.	
TED - Lynne A. Feldpausch - 1-15-16	United States Department of Commerce – Public	Agency Responsible for program – US EDA	Jennifer Tebedo	Government	Eligibility Guidelines – EDAP makes construction, non-construction, and revolving loan fund investments to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, and encourage economic resilience.	Benefits Available – cash grant	Application Process – Applications are accepted on a continuous basis through the regional or State Office.	
TED - Lynne A. Feldpausch - 1-15-16	Program Names: Community Development Block Grant Program (CDBG) and HOME	Michigan Strategic Fund/Collaborative Community Development and Michigan State Housing Development Authority	CDBG: Michigan Strategic Fund/Collaborative Community Development Contact Person: Katherine Czamecki Phone Number: 517.241.4950 and HOME: Michigan State Housing Development Authority Contact Person: Michelle Wildman Phone Number: 517.373.4363	Type of Support: CDBG and HOME Federal Assistance	Eligibility Guidelines – There is a lot of flexibility overall within CDBG. Note: activities identified in the City of Flint's Consolidated Plan include: "Community Development and Infrastructure - The City has 540 miles of water distribution lines, 570 miles of sanitary lines, and 350 miles of storm rain water lines. Much of this infrastructure is over 100 years old and in need of reconstruction or replacement. Insufficient funds are the major obstacle to addressing this need. CDBG and municipal financing represent a fraction of what is needed to address the problem. Additional funds from state and federal sources are needed and are being sought. CDBG will help fill the gap of inadequate resources to maintain community facilities and increase services." For additional details go to the attached hyperlink City of Flint Consolidated Plan Link.	Overall CDBG can be used for: Acquisition of Real Property; Disposition; Public Facilities and Improvements; Clearance; Public Services; Interim Assistance; Relocation; Loss of Rental Income; Privately-Owned Utilities; Rehabilitation; Construction of Housing; Code Enforcement; Special Economic Development Activities; Microenterprise Assistance; Special Activities by CBDOs; Homeownership Assistance; Planning and Capacity Building; Program Administration Costs and Miscellaneous Other Activities. CDBG can be qualified based on Urgent Need: An activity designated to alleviate existing conditions and the grantee certifies that those conditions are a serious and immediate threat to the health or welfare of the community, they are of recent origin or recently became urgent, the grantee is unable to finance the activity on its own, and other sources of funds are not available. CDBG can be qualified based L/M Income Area Benefit: Can be used for an activity the benefits of which are available to all the residents in a particular area that is primarily residential, and at least 51% of those residents (or fewer if the exception criteria apply) are L/M income persons. **See hyperlink page 37 for a list of eligible census tracts.	Benefits Available/Application Process: Undetermined – contact with the City of Flint regarding current allocation balances for FY15 and prior years is recommended.	

TED - Lynne A. Feldpausch - 1-15-16	Housing Choice Vouchers (HCV)	HUD, MSDHA	Kelly Rose	Individual, Rental Assistance	80% of applicants must be below 30% AMI, 20% below 50% AMI. Applicants must pass criminal screening that they do not have any violent crime in the past 24 months or drug offenses in last 12 months.	HCV program pays a portion of the participants rent and utilities. It does not have any home repair funding component.	MSHDA has a Homeless preference—homeless service agencies across the state can enter homeless person's application on waiting list. Non-homeless individuals/families must apply when the County resident waiting list is open for applications. This happens periodically when waiting lists get low on applicants. When vouchers are available names are pulled off the waiting list and applicants are contacted to fill out an application so their eligibility can be determined. Once eligibility is determined, they are issued a voucher and search for a rental unit. The unit is then inspected for HUD's HQS standards (does not have a water quality component) and if the unit passes a contract with the landlord is done and the family moves into the unit.	This program is not able to directly help with the Flint water issue. We are formulating a plan in consultation with HUD as to notifying individuals of their ability to get free water filters, etc. as well as their options for moving if they would like to relocate. We are also considering inspecting all homes with children 6 and under for proper installation of water filters.
TED - Lynne A. Feldpausch - 1-15-16	Section 8 Project Based Rental Assistance (Subsidized and Public Housing)	HUD, MSHDA	Daphne Wells	Individual. It provides rental assistance to tenants who reside at a property that has a project based rental assistance Section 8 contract with HUD. MSHDA administers this subsidy as a HUD subcontractor and in some instances has provided financing to build/rehab some	Housing is available to income eligible individuals at these specific properties. Eligible applicants must apply individually at each property in which they are interested in living at and each property has a tenant selection criteria that is adhered to for prospective applicants. Each individual property maintains its own waiting list for applicants wishing to reside there.	This program wouldn't have any benefits available to the Flint Water issue in that the Section 8 housing is tied to a specific property and only offers rent assistance.	Applicants can apply at each individual rental property	The only thing that really fits this category (Subsidized and Public Housing) is the Section 8 program as it provides rental assistance to tenants. Nothing in the program can help as it relates to the water issue as the assistance is tied to the building itself. There isn't anything in the program that would help in this situation except using our contacts with agents and owners in Flint to provide them information as we have talked about.
TED - Lynne A. Feldpausch - 1-15-16	MSHDA Housing Development Fund	MSHDA	Brian Mills	Individual. It provides rental assistance to tenants who reside at a property that has a project based rental assistance Section 8 contract with HUD. MSHDA administers this subsidy as a HUD subcontractor and in some instances has provided financing to build/rehab some of these properties.	In order for a proposal to be eligible for MSHDA's Statewide Partnership Grant program, the proposed activities must fit within one of five categories (Demolition, Land Acquisition & Development, Neighborhood Service Centers, Capital Improvements, or Community Development).	Grants are limited discretionary budget dollars generated from interest from MSHDA earning on loan proceeds. Grants under $250,000 do not require formal board approval.	Application is attached	Pursuant to communications with Mel Brown a few months ago, we suggested a number of different potential ideas for grant use in Flint. Those are detailed below: Pay for the costs of water quality analysis of all MSHDA backed mortgages in Flint. Evidently FHA is now conditioning all appraisals in Flint on a water quality analysis – and depending on the results won't put the mortgage through without the addition of a water infiltration system of some kind. Cost estimates are around $3,000 per home which is apparently having a negative impact on an already difficult real estate market. Pay for the replacement of water lines owned by residents with MSHDA mortgages within the city that need to be replaced or lines to homes with MSHDA backed mortgages or incomes less than 50% AMI. Pay for a percentage of the reconnection fee to acquire water from Detroit up to an amount not to exceed the % of MSHDA financed homes or low income households in the city (50% AMI). Pay for the replacing the city's

TED - Lynne A. Feldpausch - 1-15-16	Self-help Homeowner ship Opportunity Program (SHOP)	The SHOP program is not administered by MSHDA. Mary Townley has calls into HUD to find out who in the state offers this product.			National and regional nonprofit organizations or consortia with experience in using homebuyer and volunteer labor to build housing may apply for SHOP grants. Applicants must have completed at least 30 units of self-help homeownership housing within the last 24 months. Eligible homebuyers must apply to participate in the SHOP program through a current SHOP grantee or one of their affiliates.	SHOP grant funds can only be used for land acquisition, infrastructure improvements, and administrative costs. Total land acquisition and infrastructure improvement costs cannot exceed an average of $15,000 in SHOP assistance per unit. Administrative costs cannot exceed 20% of the SHOP grant amount. SHOP grantees must leverage other funds for the new construction or rehabilitation of their SHOP units.	SHOP grant funds are made available through HUD's annual SHOP NOFA competition. The SHOP NOFA is published on HUD's e-grant portal. Once the NOFA is published, eligible applicants may apply through this e-grant portal.	We have one Counseling agency in Flint right now (Metro Community Development) and they are not involved with waterfilter distribution nor are they a site for people to get these items. More information regarding program information can be obtained from Mary Townley at 517.373.6864
TED - Lynne A. Feldpausch - 1-15-16	Workforce Innovation and Opportunity Act (WIOA) Adult Program	Workforce Development Agency (WDA)	Krista Johnson, Manager, WIOA Title I Section	Government	Adults Age 18 and Older. Priority is given to recipients of public assistance, other low income individuals, and individuals who are basic skills deficient.	Basic Career Services: Basic career services are available to all adults and may include: program information and basic assessment, general information, individual job development, advanced job club, advanced screened referrals, group activities, and job search. Individualized Career Services: Individualized career services are designed for adults who have been unable to obtain employment through core services and have been determined to be in need of more individualized services. Individualized career services may include: comprehensive and specialized assessments, individual employment planning, counseling, short-term pre-vocational skills, case management, literacy activities, out-of-area job search, relocation assistance, internships and work experience. Training Services: Training services, if made available, may include occupational skills training, On-the-Job training, workplace training with related instruction, registered apprenticeship, incumbent worker training, pre-apprenticeship training, skill upgrading and retraining, entrepreneurial training, transitional jobs, and adult education and literacy training provided in combination with another training service.	Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.	
TED - Lynne A. Feldpausch - 1-15-16	Workforce Innovation and Opportunity Act (WIOA) Dislocated Worker Program	Workforce Development Agency (WDA)	Krista Johnson, Manager, WIOA Title I Section	Government	A dislocated worker is an individual who: 1. Has been terminated or laid off, or who has received a notice of termination or layoff, and is eligible for or has exhausted entitlement to unemployment compensation; or Has been employed for a duration sufficient to demonstrate attachment to the workforce, but is not eligible for unemployment compensation; and is unlikely to return to a previous industry or occupation. 2. Has been terminated or laid off, or has received a notice of termination or layoff, from employment as a result of any permanent closure of, or any substantial layoff at, a plant, facility, or enterprise; or is employed at a facility at which the employer has made a general announcement that such facility will close within 180 days; or is employed at a facility at which the employer has made a general announcement that such facility will close. 3. Was self-employed but is unemployed as a result of general economic conditions. 4. Is a displaced homemaker. 5. Is the spouse of a member of the Armed Forces on active duty and who has experienced a loss of employment as a direct result of relocation to accommodate a permanent change in duty station of such member; or is the spouse of a member of the Armed Forces on active duty and whose family income is significantly reduced because of a deployment, a call or order to active duty pursuant to a provision of law, a permanent change of station, or the service connected death or disability of the member; and is unemployed or underemployed and is experiencing difficulty in obtaining or upgrading employment.	Basic Career Services: Basic career services are available to all dislocated workers and may include: program information and basic assessment, general information, individual job development, advanced job club, advanced screened referrals, group activities, and job search. Individualized Career Services: Individualized career services are designed for dislocated workers who have been unable to obtain employment through core services and have been determined to be in need of more individualized services. Individualized career services may include: comprehensive and specialized assessments, individual employment planning, counseling, short-term pre-vocational skills, case management, literacy activities, out-of-area job search, relocation assistance, internships and work experience. Training Services: Training services, if made available, may include occupational skills training, On-the-Job training, workplace training with related instruction, registered apprenticeship, incumbent worker training, pre-apprenticeship training, skill upgrading and retraining, entrepreneurial training, transitional jobs, and adult education and literacy training provided in combination with another training service.	Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.	

TED - Lynne A. Feldpausch - 1-15-16	Workforce Innovation and Opportunity Act (WIOA) National Dislocated Worker Grants (NDWGs) – previously called National Emergency Grants (NEGs) under the WIA	Workforce Development Agency (WDA)	Krista Johnson, Manager, WIOA Title I Section	Government	A dislocated worker is an individual who: 1. Has been terminated or laid off, or who has received a notice of termination or layoff; and is eligible for or has exhausted entitlement to unemployment compensation; or Has been employed for a duration sufficient to demonstrate attachment to the workforce, but is not eligible for unemployment compensation; and is unlikely to return to a previous industry or occupation. 2. Has been terminated or laid off, or has received a notice of termination or layoff, from employment as a result of any permanent closure of, or any substantial layoff at, a plant, facility, or enterprise; or is employed at a facility at which the employer has made a general announcement that such facility will close within 180 days; or is employed at a facility at which the employer has made a general announcement that such facility will close. 3. Was self-employed but is unemployed as a result of general economic conditions. 4. Is a displaced homemaker. 5. Is the spouse of a member of the Armed Forces on active duty and who has experienced a loss of employment as a direct result of relocation to accommodate a permanent change in duty station of such member; or is the spouse of a member of the Armed Forces on active duty and whose family income is significantly reduced because of a deployment, a call or order to active duty pursuant to a provision of law, a permanent change of station, or the service connected death or disability of the member; and is unemployed or underemployed and is experiencing difficulty in obtaining or upgrading employment.	Basic Career Services: Basic career services are available to all dislocated workers and may include: program information and basic assessment, general information, individual job development, advanced job club, advanced screened referrals, group activities, and job search. Individualized Career Services: Individualized career services are designed for dislocated workers who have been unable to obtain employment through core services and have been determined to be in need of more individualized services. Individualized career services may include: comprehensive and specialized assessments, individual employment planning, counseling, short-term pre-vocational skills, case management, literacy activities, out-of-area job search, relocation assistance, internships and work experience. Training Services: Training services, if made available, may include occupational skills training, On-the-Job training, workplace training with related instruction, registered apprenticeship, incumbent worker training, pre-apprenticeship training, skill upgrading and retraining, entrepreneurial training, transitional jobs, and adult education and literacy training provided in combination with another training service. TED - Lynne A. Feldpausch - 1-15-16	Workforce Innovation and Opportunity Act (WIOA) Youth Program	Workforce Development Agency (WDA)	Krista Johnson, Manager, WIOA Title I Section	Government	Out-of-School Youth (OSY) are individuals who are: Not attending any school (as defined by State law); Not younger than age 16 or older than age 24; and One or more of the following: A school dropout; A youth who is within the age of compulsory school attendance, but has not attended school for at least the most recent complete school year calendar quarter; A recipient of a secondary school diploma or its recognized equivalent who is a low-income individual and is: Basic skills deficient; or An English language learner.; An individual who is subject to the juvenile or adult justice system; A homeless, runaway, or current/prior foster youth; An individual who is pregnant or parenting; A youth who is an individual with a disability; or A low-income individual who requires additional assistance to enter or complete an educational program or to secure or hold employment. In-School Youth (ISY) are individuals who are: Attending school (as defined by State law); Not younger than age 14 or older than age 21 (unless an individual with a disability who is attending school under State law); A low-income individual; and One or more of the following: Basic skills deficient; An English language learner; An offender; A homeless, runaway, or current/prior foster youth; Pregnant or parenting; A youth who is an individual with a disability; or An individual who requires additional assistance to complete an educational program or to secure or hold employment.	Available services include tutoring; study skills training; alternative secondary school offerings; dropout recovery services; paid and unpaid work experiences, including summer employment opportunities; occupational skills training; education offered concurrently with workforce preparation; leadership development opportunities; supportive services; adult mentoring; follow-up services; comprehensive guidance and counseling; financial literacy education; entrepreneurial skills training; provision of labor market and employment information; and activities that help youth prepare for, and transition to, post-secondary education and training.	Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.	

TED - Lynne A. Feldpausch - 1-15-16	Community Ventures	Workforce Development Agency (WDA)	James Durian, Manager, Community Ventures	Government	Flint residents who are DHHS clients, PATH participants, ex-offenders, and persons with disabilities.	Connection to employment and comprehensive 24 months of wraparound services after job placement. Community Ventures (CV) can assist Flint residents negatively impacted by contaminated drinking water by providing employment and wraparound services to those effected. CV can also help recruit and retain companies in Flint by partnering with companies and bringing companies together in coordinated community development efforts to help Flint residents. We have done this through promoting social enterprise partnerships like New Life Enterprises, through the formation of an Employer Resource Network (ERN), in Flint, and by partnering with United Way and local financial institutions in providing hard ship loans and financial literacy to Flint residents. CV could expand upon these efforts with a special focus on helping those most negatively impacted by the water crisis.	Participants are referred from Mott Community College, Genesee-Shiawassee MWA (MWA), Mid-Michigan Goodwill, New Life Enterprises or DHHS.	
TED - Lynne A. Feldpausch - 1-15-16	Job's for America's Graduates	Workforce Development Agency (WDA)	Krista Johnson, Manager, WIOA Title I Section	Government	Students from middle school to 21 years of age. The JAG Flint program targeted at-risk students at two Flint-area high schools (Flint Northwestern and Flint Southwestern) to help them earn a high school diploma and prepare for college/careers following high school.	JAG-Flint's mission focuses on the following: Deliver a unique set of services to at-risk and disadvantaged youth in high school; Provided follow-up services which will result in the graduate's pursuing a postsecondary education; and Ensured the participants entered the workforce in a quality job leading to a career. The primary objectives of The JAG Model program are: Keep program participants in school through graduation. Extend program services to participants for 12 months after graduation. Assist graduates or completers in pursuit of a postsecondary education and/or an entry-level job that leads to a career. Deliver services to non-graduates and non-completers during the 12-month follow-up period to attain a GED certificate or a high school diploma.	Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.	
TED - Lynne A. Feldpausch - 1-15-16	Partnership Accountability Training Hope (PATH)	Workforce Development Agency (WDA)	Brian Marcotte, Manager, Welfare Reform Section	Government	Individuals receiving Family Independence Program cash assistance (TANF)	PATH is the work participation program required for families receiving cash assistance through the Family Independence Program administered by the Michigan Department of Health and Human Services. The Primary goals of PATH are two-fold. First, PATH will identify barriers and help participants connect to the resources they need to obtain employment. Second, the program helps Michigan reach the federally mandated 50% work participation requirement. Work participation is defined by the total number of participants fully engaged in job preparedness training, job search activities, and employment as a percentage of the states work eligible individuals receiving cash assistance. The program is designed to assist eligible individuals in obtaining employment by offering job search assistance and work skills enhancement. The program offers vocational/occupational training, high school completion or GED attainment and a full range of supportive services that may be required to meet the job search and retention needs of the participants.	Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.	

TED - Lynne A. Feldpausch - 1-15-16	Trade Adjustment Assistance (TAA) Program	Workforce Development Agency (WDA)	Tammy Flynn, Manager, TAA Section	Government	Individuals are eligible for the TAA program who have a qualifying separation from a company with a certified petition by the US Department of Labor (USDOL). A petition identifies a worker group at a specific firm or subdivision and covers all individuals in that group. Generally, if a worker is laid off, a petition must be submitted within one year of the layoff for that worker to be covered by the petition and the certification, if USDOL grants the petition. A group of workers may be eligible for TAA if their jobs are lost or threatened due to trade-related circumstances as determined by the USDOL investigation. After the investigation, USDOL determines group eligibility to apply for TAA benefits and services. Workers in a certified group will be notified by their local Michigan Works! Agency, at which time they may apply for individual eligibility for benefits and services.	Employment and case management services: Assessments, career guidance, pre-vocational services, labor market information, supportive services, information on financial aid, employment planning, and information on training. Training: Up to 130 weeks of training including: Classroom training, On-the-job training, Customized training, Registered Apprenticeships. Trade Readjustment Allowances (TRA): Up to 130 weeks of wage subsidies for workers enrolled in fulltime training within 26 weeks of their trade-related layoff or certification, whichever is later. Re-employment Trade Adjustment Assistance: A wage subsidy for workers age 50 or over who are re-employed at annual wages of $50,000 or less. Job Search Allowance: Reimbursement for job search costs outside the worker's local area. Relocation Allowance: Reimbursement for relocation costs for a job outside the worker's local area.	Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org. To learn more about how to file a petition, check on the status of a petition, or to obtain more information on benefits and services, please visit www.doleta.gov/tradeact or contact Tammy Flynn at flynnt@michigan.gov.	
TED - Lynne A. Feldpausch - 1-15-16	GED To School	Workforce Development Agency (WDA)	Keenan Wade	Government	Must Pass Official Practice Test or Complete Adult Education GED Preparation Course.	$150 per candidate to pay the cost of GED testing fees.	Individuals should visit the GED To School website at http://michigan.gov/wda/0,5303,7-304-64362-298726--,00.html or call 517-373-1692 for additional information	
TED - Lynne A. Feldpausch - 1-15-16	Adult Education Program	Workforce Development Agency (WDA)	Cliff Akujobi, State Administrative Manager	Government	Adults Age 16 and Older	Adult Education provides an opportunity for students to improve or achieve education levels equivalent to those of high school graduates each year. Instruction is tailored to meet the individual needs of adult students. Standardized tests identify existing skill levels, appropriate instruction, and academic gains due to instruction. Adult Education consists of five components: High School Completion: Instruction designed to fulfill the requirements for a high school diploma. GED Test Preparation: Instruction in language arts, math, social studies, science, and writing, to enable successful completion of a GED test. Adult Literacy: Instruction in reading, English, language arts, math, and civics for adults without a high school diploma. The most basic literacy courses teach adults to read. English as a Second Language: Instruction in reading, speaking, writing, and understanding the English language. Labor Employment Related/Employer Workforce Readiness: Instruction in job- or employment-related mathematics, reading, and communication skills. Instruction may be "applied," which means that the academic material is directly related to specific job requirements.	Individuals should contact the Office of Adult Education at 517-373-8600 or visit the Adult Education website at http://www.michigan.gov/wda/0,5303,7-304-64362---,00.html

This could be one that identified lead paint or one that has removed lead paint hazards. These services have been performed by state certified lead professionals or companies. Users search a specific address within the registry.	N/A	
MDHHS - Jennifer Terrill - 1/21/16	Women, Infants, and Children (WIC) program	MDHHS	(517) 335-8979	Individual	The Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) is a federally-funded program that serves low and moderate income pregnant, breastfeeding, and postpartum women, infants, and children up to age 5 who have a nutrition-related health problem. Determine eligibility online at: https://wiccp.state.mi.us/clientportal/WebForms/Eligibility/WICEligCheck.aspx	In addition to food benefits for women, infants, and children, Registered Dietitians at WIC provide individualized high risk nutrition counseling for participants with special medical conditions or nutrition-related health issues, such as lead exposure/poisoning. WIC will also provide lead screening referrals. The program monitors lead levels through MIWIC, which is interfaced with MCIR.	Online at https://wiccp.state.mi.us/clientportal/WebForms/Eligibility/WICEligCheck.aspx or go to local WIC office	
MDHHS - Jennifer Terrill - 1/21/16	Head Start	MDHHS	(517) 482-1504	Individual	N/A	Information and referrals Callers to Head Start will be asked if they are in the Head Start Program. If the family is enrolled in the program, Head Start will : • Determine if the family has been tested for lead. • If they have not been tested, they will be referred to their local health department to obtain the testing. • If they have been tested and the blood lead levels are above 5 parts per billion, Head Start will recommend further testing through the local health department or the family's healthcare provider. If the family is not enrolled in the program, Head Start will: • Refer the family to the local health department for lead testing and other services. • Refer the family to WIC.	Contact Head Start for information	
MDHHS - Jennifer Terrill - 1/21/16	Community Development Grants	Michigan Strategic Fund Michigan Economic Development Authority (MEDC)	CDDmailbox@michigan.gov or via the CDD Office main telephone line at 517.373.1974.	Local governments and non-profit agencies.	Refer to individual programs for eligibility information	Effective January 19, 2016, the majority of the MSHDA and MEDC Community Development staff and Downtown & Community Services staff will merge together under the Michigan Strategic Fund (MSF) in a new group called the Collaborative Community Development (CCD) team. This division oversees the following grants: BLIGHT ELIMINATION PROGRAM • The program is designed to provide financial assistance to communities to make physical improvements to residential neighborhoods through blight removal of vacant residential structures that are publically owned. HOMEBUYER ACQUISITION AND REHAB PROGRAM • Homebuyer assistance is used to expand homeownership opportunities for income-eligible homebuyers through the acquisition, rehabilitation or new construction of single-family units. Funds may be used to help buyers qualify for conventional financing or to rehabilitate existing units offered for sale in the local market. HOMEOWNER REHAB ASSISTANCE PROGRAM • Homeowner assistance is used to improve the principal residence of income-eligible homeowners. Repayment for assistance other than emergency repair is required upon sale or transfer of the property to a new owner or if the property is no longer occupied by the borrower, which is ensured through a lien on the property. PRE-DEVELOPMENT LOAN PROGRAM • The Pre-Development Loan Program (PDL) provides interest-free capital for costs incurred prior to the development of certain housing projects. RENTAL	Contact the Community Assistance Team East Michigan Rep: Emanual Odom 810-941-2358 Odome1@michigan.org	
MDHHS - Jennifer Terrill - 1/21/16	Michigan Neighborhood Stabilization 2	Michigan State Housing Development Authority	MSHDA at (517) 373-8370 Michele Wildman wildmanm@michigan.gov	Local government, economic development agencies, consortiums, etc.	These funds are for 93 census tracts in the cities of Detroit, Highland Park, Hamtramck, Wyandotte, Flint, Saginaw, Pontiac, Lansing, Battle Creek, Kalamazoo, Grand Rapids and Benton Harbor.	Generally, the money must be used to buy, fix up, and resell or demolish foreclosed and abandoned homes. As long as the funds are used for this redevelopment, MSHDA governs how to use the funds and what specific redevelopment activities to undertake in Michigan.	Contact Michelle Wildman at MSHDA (see above)

ARC	ARC 1401 S Grand Traverse St, Flint	0730-1600
Warehouse	4315 North Clio Road, Flint	0700-1900

Team Assignment – Target Areas
Team Priority – Complete visits to targeted address list issued on 2/7/16. Complete final apartment list issued on 2/9/16 consisting of possible vacancies/no contacts.

Map Support
Maps will be provided to complete the list of apartments with no contacts listed.

Sample Script for Team Members:
We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse
Tactics:
1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix.

Lunch
Lunch will be provided by the ARC.

Reporting:
Tactics:
1. All WRTs will utilize iPads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if iPads fail, unless specifically directed otherwise by the SEOC.
2. For apartment complexes, use the paper forms to record the contacts you make with residents. For reporting purposes, please report the names of the complex and the number of units per complex that the teams made contact with to the SEOC.

Recovery Branch – 2/9/16 as of 7:00 pm

- Attended Local Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings, and Tactics Meeting
- Updated ICS 204 Forms (Obj. 1 and Obj. 6)
- Completed the Apartment list, finalizing all apartments receiving Flint City Water.
- **Team Priority Visited Today:** Active Water Subscribers without filters marked vacant
- **Team Priority Scheduled Tomorrow:** Active Water Subscribers without filters marked vacant
- **10 American Red Cross Teams scheduled for Wednesday, February 10**

Execution:

Key Locations

ARC	ARC 1401 S Grand Traverse St, Flint	0730-1600
Warehouse	4315 North Clio Road, Flint	0700-1900

Team Assignment – Target Areas
Team Priority – Remaining Vacant Active No Filter List, as of 2/7/16
Secondary Priority – N/A

Map Support
Maps have been provided to coordinate with the new Follow-up Visits Contact Address List. N/A

Sample Script for Team Members:
We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix.

Lunch

Lunch will be provided by the ARC.

Reporting:

Tactics:

1. All WRTs will utilize iPads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if iPads fail, unless specifically directed otherwise by the SEOC.

Water Response Team – Door to Door Canvas

February 8, 2016

Recovery Staff Proposed Changes:

- Approve ARC to go from 10 to 5 ERVs/Teams.
    - ARC requested going from 10 to 5 ERV teams 2/8/16.
        - They want to use their resources wisely.
- Approve ARC to assist with 211, Rapid Response and AFN Lists.
    - ARC feels they have a solid connection with LEOC and 211 – already have 2 teams doing rapid response
    - Recovery is working on an Access and Functional Needs list for the Local EOC for ongoing service to AFN citizens and the goal is to have ARC assist with that, dispatched from Local EOC.
- Approve ARC to run water only teams
    - ARC is already doing water only delivery with event based volunteers rather than sending them out on the WRTs.
    - **Report amounts of water taken from warehouse/delivered to citizens.**
    - **Report Areas (38 as broken out by GIS) visited daily for situational awareness.**
    - Not required to be tracked on iPad.

Status of parcels and citizen contact:

- WRTs are finishing up list of homes that had zero contact/no filter over the last 3 weeks of canvassing.
- WRTs are finishing up "Vacant/Active/No Filter" list (500 addresses)
- 99.3% of parcels have been engaged in water response efforts.
- WRTs are down to 195 (1%) parcels that have not had personal contact – this can be continued to get to 100% contact with the 5 ERVs in the coming days.

Other Activities for ARC Volunteers

- Community Centers have expressed need for help passing out water
    - Can be coordinated thru LEOC/per meeting held with BJ and Jay.

Water Response Team – Door to Door Canvas

February 8, 2016

Recovery Staff Proposed Changes:

- Approve ARC to go from 10 to 5 ERVs/Teams.
    - ARC requested going from 10 to 5 ERV teams a week or so ago. They continue to train new drivers to give current staff breaks.
- Approve ARC to assist with 211, Rapid Response and AFN Lists.
    - Recovery is working on an Access and Functional Needs list for the Local EOC for ongoing service to AFN citizens and the goal is to have ARC assist with that, dispatched from Local EOC.
- Approve ARC to run water only teams

This is the daily 2-1-1 summary on the Flint Water Response for Friday, February 5, 2016

GENERAL INFORMATION:

- ☐ **City of Flint Furlough February 12-15, 2016:** Flint City employees will be out on furlough from Friday February 12 through Monday February 15, returning to work on Tuesday. This is a reminder to all partners working with the City of Flint to coordinate activities and ensure coverage for essential activities.

CALL VOLUME:

Aside from a minor challenge from staff members who were out sick, Central Michigan 2-1-1 was able to manage Friday's call volume with minimal wait times for Flint callers. Outside of Flint the call volume to Michigan 2-1-1 is following the traditional seasonal pattern of initial high demand at the start of tax season subsiding to normal volume with another major increase anticipated from April 1st until tax filing closes (this year on April 18th).

SPECIAL NEEDS/REQUESTS

Pets testing positive for lead. 2-1-1 has received several requests from people concerned about bottled water for their animals . Yesterday (2/4/16) the Detroit Free Press reported two animals testing positive to lead. 2-1-1 is providing referrals to The Humane Society for assistance providing water for animals. Here's the article:
www.freep.com/story/news/local/michigan/flint-water-crisis/2016/02/04/flint-lead-pets-dogs/79704210/

- ☐ **Reminder: Please contact tpage@uwmich.org with resources or options for providing alternate access to Flint water information for visually impaired, deaf, and hard of hearing residents.**

RUMOR/SCAM CONTROL

- ☐ **Inmates with limited water access/residents arrested during water deliveries**
  Think Progress reports inmates in the Genesee County jail are receiving on 48 oz of bottled water per day for all needs, and pregnant inmates have had to drink city water.
  http://www.democracynow.org/2016/2/4/exclusive_report_how_long_did_flints
- ☐ Related reports in Think Progress and Counter Current include the jail report and adds that some local residents with outstanding warrants were arrested when the identified themselves during home water deliveries.
  http://thinkprogress.org/justice/2016/02/04/3746154/flint-inmates-forced-to-drink-tap-water/
  http://countercurrentnews.com/2016/02/flint-police-water-filters/
  - ☐ **It would be a serious ethical conflict for 2-1-1 if a referral for water resources led to a caller's arrest. Can the Sheriff's Department or City of Flint investigate this report and inform Michigan 2-1-1 as soon as possible if callers with outstanding warrants seeking water delivery are at risk of arrest, so we can provide accurate information to residents?**

UNRESOLVED

- ☐ **From 1/18/16:** Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue.
- ☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?

- ☐ **From 1/20/16:** Michigan 2-1-1 heard an anecdotal report today that real estate agents are reluctant to close sales in Flint because they cannot verify the any properties are free from lead contamination. **Is there are state agency or partner who can give real estate agency and home inspectors information on their potential liability.**
- ☐ **From 1/25/26:** Organizations distributing bottles to collect water samples report running out of bottles. **Is there a contact for individuals and organizations to get additional testing sample bottles?**
- ☐ **From 1/26/26:** Callers are asking about the efficacy of various water filters and whole-home filtration system to screen out lead. **Is there an state- or independently-vetted list of effective filters available for residents to reference.**
- ☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through Good360 or another supplier? UPDATE:** The Michigan 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.
- ☐ **From 1/26/26:** Callers are asking about the availability of whole-home filtration systems. **Is there any guidance on whether this is being considered as an option for residents?**
- ☐ **From 2/1/16:** 2-1-1 received a related rumor that due to the class-action lawsuits filed against the state, MDEQ will no longer be able to process lead tests for Flint residents. **Can SEOC investigate this rumor and determine whether or not it is true?**
- ☐ **From 2/1/16:** A few callers are expressing concerns about the reliability of MDEQ test results and are asking how to get independent lab testing for free or low cost

Distribution Kit	1000	1000		2/5/16	8:00 am

Execution:

Key Locations

ARC	ARC 1401 S Grand Traverse St, Flint	0730-1600
Warehouse	4315 North Clio Road, Flint	0700-1900

Team Assignment – Target Areas
Team Priority – Apartment List from 2/2/16 and the List of Addresses with Zero Contacts

Map Support
The Apartment List from 2/2/16 remains the priority until completed. Additional maps showing the addresses with Zero Contacts will be provided with this Plan.

Sample Script for Team Members:
We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix.

Lunch

Lunch will be provided by the ARC.

Reporting:

Tactics:

1. All WRTs will utilize iPads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if iPads fail, unless specifically directed otherwise by the SEOC.
2. For apartment complexes, use the paper forms to record the contacts you make with residents. For reporting purposes, please report the names of the complex and the number of units per complex that the teams made contact with to the SEOC.

Flint Water Response Team Plan
Sunday, 02.07.16 Final

Key

WRT	Water Response Team
OIC	Officer In Charge
ARC	American Red Cross
HH	Household
LEOC	Local Emergency Operations Center

Key Leaders

ARC OIC	Kristy Gallagher		Kristy.gallagher@redcross.org

Plan

Agency	Team Types	Mission
ARC	10 Type V	1000 HH

Resource Status

ARC

Team Type & Quantity	**Type:** Type V **Quantity:** 10 (10 ERV)				
Resource	**Required**	**Confirmed**	**Notes**	**Date**	**Time**
Team Leader	10	10		2/7/16	8:00 am
ARC ERV	10	10		2/7/16	8:00 am
ARC ERV Driver	10	10		2/7/16	8:00 am
Team Member	20-40	20-40		2/7/16	8:00 am
Team Transport Vehicle for 2-4 Team Members	10	10		2/7/16	8:00 am
Team Transport Vehicle Driver	10	10		2/7/16	8:00 am
iPads	10	10		2/7/16	8:00 am
Hand Warmers	40	40		2/7/16	8:00 am
Distribution Kit	1000	1000		2/7/16	8:00 am

Execution:

Key Locations

ARC	ARC 1401 S Grand Traverse St, Flint	0730-1600
Warehouse	4315 North Clio Road, Flint	0700-1900

Team Assignment – Target Areas
Team Priority – Continue to work on the "Zero Contact Address List" of 959 Addresses.
Secondary Priority – New List of "Follow-up Visits Contact Address List" of 1,310 Addresses.

Map Support
Maps have been provided to coordinate with the new Follow-up Visits Contact Address List.

Sample Script for Team Members:
We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix.

Lunch

Lunch will be provided by the ARC.

Reporting:

Tactics:

1. All WRTs will utilize iPads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if iPads fail, unless specifically directed otherwise by the SEOC.
2. For apartment complexes, use the paper forms to record the contacts you make with residents. For reporting purposes, please report the names of the complex and the number of units per complex that the teams made contact with to the SEOC.

Execution:

Key Locations

ARC	ARC 1401 S Grand Traverse St, Flint	0730-1600
Warehouse	4315 North Clio Road, Flint	0700-1900

Team Assignment – Target Areas
Team Priority – Continue to work on the "Zero Contact Address List" of 959 Addresses.

Map Support

The Apartment List from 2/2/16 was completed today. It appears once all entries are completed, some of the apartment addresses may need to be re-visited. Additional maps showing the 959 addresses with Zero Contacts made have been provided. ARC will continue to work on these sites until completed. The maps and addresses will be included with this plan and take NOTE that the Excel Address List has been updated since being sent out last night to include Site Numbers for each address as well as the franchised addresses.

Sample Script for Team Members:

Recovery Branch – 2/4/16 as of 5:00 pm

- Attended Local Brief, SEOC State Agency Briefing Meeting, and Distribution Process Meeting
- Updated plan for ARC to visit apartment complexes.
- Worked with county and postal partners to collect information about home vacancies and resident's with forwarded mail addresses in order to ensure we are contacting all occupied residences in the City of Flint.
- Supported the efforts of MSDHA to provide resources to tenants in their facilities.
- Collaborated with GCCARD to develop additions to the list of vulnerable persons requiring additional support within the City of Flint.
- **Team Priority Visited Today:** Apartment List from 2/2/16
- **City Sections Scheduled Tomorrow*:** Continuation of Apartment List from 2/2/16
- **10 American Red Cross Teams scheduled for Friday, February 5, 2016**

Team Priority – Apartment List from 2/2/16.

Map Support

No additional maps will be provided today. The Apartment List from 2/2/16 remains the priority.

Sample Script for Team Members:

We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix.

Lunch

Lunch will be provided by the ARC.

Reporting:

Tactics:

1. All WRTs will utilize iPads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if iPads fail, unless specifically directed otherwise by the SEOC.
2. For apartment complexes, use the paper forms to record the contacts you make with residents. For reporting purposes, please report the names of the complex and the number of units per complex that the teams made contact with to the SEOC.

Thank you. I didn't receive the distribution sites you alluded to that were attached in your email. If you wouldn't mind forwarding those along so we have them correctly identified, we'll be sure our tenants, landlords and or property managers are directed to these locations where testing materials are located accordingly.

Brian.

Hello Mr. Mills,

Please direct your landlords, property managers or residents to pick up water testing materials at the distribution sites which are attached.

Subject: RE: Lead / Copper Data

Wendy,

Just to clarify, HUD and its relationship with the Flint County Housing Commission for HUD financed properties is unrelated/separate from the MSHDA's properties that we finance and or manage directly.

As a team this morning, we discussed whether or not MSHDA should be taking similar actions (water quality testing for the tenants and homeowners residing in single homes and apartment complexes financed or managed by MSHDA) and the consensus was that we should.

Therefore, I would like ask if there is a point of contact or information sharing we should use/provide when directing our landlords, home-owners and tenants to test their water.

Is testing of water being centralized by ways of logistics like filters are now? Or, should we direct our landlords, property managers or residents to pick up water testing materials at any of the five stations in the city?

Thank you,

Brian.

According to HUD staff, HUD did send letters to their Flint properties making water testing mandatory and allowing the properties to use their reserves to pay for it. Someone from HUD will forward the letters to me. I'll send to you once I receive it.

I haven't heard anything from HUD on this either though it might be that public housing units are overseen by the Public and Indian Housing part of HUD whereas our PBCA and Section 8 contracts are overseen by the Multifamily part of HUD. I think having testing done would be a good idea to at least see how the filters are working now that they are in place.

Mike

No, I have not heard anything from HUD about requesting or requiring water testing. I have a conference call with HUD a little later this morning about a PBCA property, I'll bring it up.

Subject: Re: Lead / Copper Data

I have not. But if a similar request had come through us it would've most likely been PbCA.

Mike/Daphne - have we heard anything from HUD?

Might not be a bad idea on our portfolio regardless of if they're requiring it.

Thank you, Mel.

I received a call and email today from Pastor Frank Woods who was in the meeting yesterday. He also works for the Flint Housing Commission and they are being asked

by HUD about testing for the public housing units. Pastor Woods said it has not been done. Do you have any information on when/if this will be scheduled?

Pastor Woods has requested a meeting with the Flint Public Housing Executive Director and Harvey and I want to have an answer for him prior to the meeting.

Thank you,
~Stacie

Flint Water Response Team Plan
Sunday, 01.31.16 - FINAL

Key

WRT	Water Response Team
OIC	Officer In Charge
ARC	American Red Cross
HH	Household
LEOC	Local Emergency Operations Center

Key Leaders

ARC OIC	Kristy Gallagher	Kristy.gallagher@redcross.org

Plan

Agency	Team Types	Mission
ARC	10 Type V	1000 HH

Resource Status

ARC

Team Type & Quantity	**Type:** Type V **Quantity:** 10 (10 ERV)				
Resource	**Required**	**Confirmed**	**Notes**	**Date**	**Time**
Team Leader	10	10		1/31/16	8:00 am
ARC ERV	10	10		1/31/16	8:00 am
ARC ERV Driver	10	10		1/31/16	8:00 am
Team Member	20-40	20-40		1/31/16	8:00 am
Team Transport Vehicle for 2-4 Team Members	10	10		1/31/16	8:00 am
Team Transport Vehicle Driver	10	10		1/31/16	8:00 am
iPads	10	10		1/31/16	8:00 am
Hand Warmers	40	40		1/31/16	8:00 am
Distribution Kit	1000	1000		1/31/16	8:00 am

Execution:

Key Locations

ARC	ARC 1401 S Grand Traverse St, Flint	0730-1600
Warehouse	4315 North Clio Road, Flint	0700-1900

Team Assignment – Target Areas

Team Priority Visited Today: Franchise Customers
Priority – City Sections 27, 29, 30, 31, 22, 33, 4
Secondary – City Sections 7, 1, 13

Please provide an update of your team mission assignments. Complete the chart below each day so we can track team needs.

Group	# of volunteers	Commodities Needed	Resources needed (Vehicle? Driver? Pallet Jack?)	Date needed

Map Support

Maps will be provided daily to provide detailed information on city sections. Teams will target specific homes not originally reached during the first two rounds of canvassing.

Sample Script for Team Members:

We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix.

Lunch

Lunch will be provided by the ARC.

Reporting:

Tactics:

1. All WRTs will utilize iPads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if iPads fail.

Subject: AFN OVERLAY MAP
Importance: High

Hello,

We are requesting the following map to assist in prioritizing the current AFN list/map:

A map overlaying the AFN addresses with the high level PPB of water (red and yellow).

This would accomplish identifying the AFN residents that are in the highest PPB zones to ensure their water supply never depletes. This was requested by local EOC/ARC.

Thank you,

Recovery

Subject: RE: Radio Room Lists

I was asked by Alex to send these in to y'all so he could analyze them... I've attempted to explain that there is no need to analyze them that when the teams report back, the teams report if a resident needs to be put on the AFN list but Alex would rather study the list.. All names on the lists sent to you (from 211 and Radio Room) are being serviced by the Rapid Response Teams in 2-3 days, which is the norm.

Sorry, that is all I can fill you in on.

Subject: RE: Radio Room Lists

Good morning Chris,

My name is Bridget. I have been assisting with the Recovery Branch here at the SEOC. I just want to clarify the purpose you are sending us these addresses so that I do not misunderstand.

Are you sending them so that we

- add them to the AFN list we are maintaining for the ARC to eventually visit as they have begun routes to visit the AFN addresses, or
- not only add them to the AFN list we are maintaining, but to ensure they are taken care of ASAP because they called in through 211 or the Radio Room and have not yet been visited since their call in?

Sorry for the confusion, just want to make sure I am clear on the mission.

Thank you

Bridget

Hi Chris,

Do you know how many homes the Southern Baptist Teams visited yesterday? I am trying to make sure our GIS data is capturing all of their entries. For yesterday, I show 33 homes.

Also there is an iPad I cant tie to a user – Henrik is going to check Monday but if you happen to know who has the one labeled msp137_seo please let me know.

Thank you,

Carly

I will get you a report when they SBDR comes in for their chow... I am setting up the bait piles now.

I will have to dig through the pile of iPads to see if 137 is here. It is not assigned to the SBDR groups so if it is not being used by the DEQ teams it should be here...

Nope, that one is not on the list for SBDR.

Is somebody doing data entry on that iPad? I'm not at the EOC until Monday. If you send me another email Monday morning, I can try to investigate who has that iPad.

Captain,

We received a question tonight from Genesee County EM that he learned that the DEQ teams out in the field included a DEQ member, possibly DHHS, a plumber and a "paid volunteer". Chris was asking what that meant as volunteers shouldn't be paid.

I asked DEQ who wasn't aware, but did some research. What he learned is as follows:

"Bryce Feignher with DEQ, informed us that they are in fact being paid. This has been arranged through Harvey Hollins with the Governor's office. I believe the money comes in the form of a grant from MSHDA to a non-profit called Orchard, Michael Williams is the president. We had to provide some training and certificates of training completion were also provided"

Did we know that some local hires had already occurred?

Subject: RE: water, filters, and test kits

Wendy,

I have responded from my city email and this is the best email for work related issues. Thank you for the information regarding the emergency efforts for the Flint water customers.

The City of Burton wants to be consistent with the Flint efforts. I am being asked why Flint residents are receiving more water than the various franchise customers.
I do not believe this to be true, but the perception is that all the media focus is on Flint residents and the franchise customers are forgotten.

The news reports that are indicating that the City of Flint residents are receiving all these donations from celebrities. Are any of these resources being directed to Burton, Flint Township, Genesee Township, Mt. Mortis township? The perception is that with all the hype on social media as well as television coverage, that every City of Flint resident is receiving daily delivery of water directly to their doors every day. I just can't believe that is possible, but I have several inquiries as to why Burton can't deliver 2 cases per day to every one of the affected Burton residents. I could deliver 2 cases per day, but I don't have the supply of water. So far we have received a total of four pallets of water since January 18, 2016. So, I am looking for a little guidance and hoping you can help me answer these questions so I can address these issues with my residents.

How many cases of water are being **delivered** to Flint residents' homes? How often does one residence receive water delivered directly to their home?
1 case per day? 2 cases per week? Is there a limit on how many cases they receive?

How many cases of water are Flint residents **allowed to pick up** at the various distribution points?
1 case per day? 2 cases per week? Is there a limit on how many cases they receive?

How often am I supposed to pick up pallets of water at the Clio Road warehouse for Burton residents?

Where do I obtain the 211 pamphlets that Flint residents are receiving? We would like to give those to our residents as a resource, too.

Is the City of Flint sending any letters to residents to remind them of distribution points, turning in water samples, changing filters, where to receive free lead blood testing, etc?

Is there a point when the direct delivery of water to resident's homes stops and it is up to residents to pick up at a distribution point?

I have, also, been asked about the amount of aluminum being put back in the water by the PUR filters. Evidently, there is a website comparing various filters and PUR is not looking to be a favored choice. http://www.naturalnews.com/046536_water_filters_heavy_metals_lab_results.html

The City of Burton is currently working to change our distribution point from our DPW to our Fire Station #1 this Saturday. Fire Station #1 is located on Bristol Road just east of S. Saginaw. Hopefully, this will help residents who need to pick up water after 5 pm because our DPW closes at 4 pm. The Fire station will be open for water pick up from noon to 7 pm starting Saturday, January 30, 2016. We will send out a media advisory as soon as the logistics are set.

In addition, this Saturday, the City of Burton Firefighters along with any volunteers we can muster will be delivering water to the affected Burton residents.

Thanks for your help.

Paula

Subject: water, filters, and test kits

Good Morning,

Your water is scheduled for pickup at the warehouse at 10:00 tomorrow. Jamie said that he will have the water picked up. Your filters and cartridges are available whenever you want them. The cartridges last for 100 gallons, so frequency of usage determine how long it will last. The test bottles are always available, so when the results start coming back, that will determine the next step that needs to be taken. If you have any other questions, call me anytime. By the way, did you check your dinner schedule yet???

Subject: RE: iPad Serial Numbers

At this time, I can only provide the logins. Hopefully, GIS or whoever has been issuing out the ipads have a list of the logins with corresponding serial numbers?
Serial numbers have not been tracked here, and the Southern Baptist don't report here with all their staff at night, so they do not bring in the ipads so we could check.
If we needed to check each ipad, it would probably take a few days until we have all serial numbers. I think we would have to have them bring the ipads in here, since the SBDR staff probably is not super tech savy.

Here the logins:

Cc: Richard A. Hayman; Marvin A. Epperson
Subject: Water crisis data

Dear Ms. Spencer;

I am in receipt of your email that was sent to City of Burton employee, Jackie Beutler. I am the Mayor of the City of Burton and I have been working through Lt. BJ Roach and County Commissioner Chairman Jamie Curtis in efforts to ensure the residents of Burton that are affected by this crisis are receiving water, test kits, and filters. The City of Burton stepped up to assist in these efforts in order to lessen the burden on the EOC and City of Flint operations by "taking care of our own" so more resources could concentrate on the City of Flint.

Having said that, to this day, the "official list" of Flint water customers posted on the City of Flint website has further complicated the issue because of the inaccurate addresses of our residents. When some of our residents show their identification at various distribution sites*, they are turned away because their correct address on their ID does not match the incorrect address on the Flint website list. (* some of these sites may not necessarily be operating in conjunction with the EOC, but are using the Flint website list as their "official list")

In the next few minutes, I will be forwarding you the data that has already been submitted in regards to your list referenced below. In addition, I will forward you the correspondence I have sent requesting more information from these remediation efforts. The Burton Fire Department delivers water, filter and test kits every Saturday. The Fire Department has the water, kits, and filters at Burton Fire Station #1 available for pick up on Saturdays, as well. The Burton DPW picks up water, test kits, and filters from the warehouse on Clio Rd every Monday and Thursday and delivers it to Burton Fire Station #1

We have never been given any door cards, 211 cards, or any other informational literature to hand out, although we have requested them. We have taken it upon ourselves to mail and or hand deliver our own letters to our residents explaining how to obtain water, filters, and test kits from us. I have yet to be informed, although we have requested the information, as to where to direct our residents for the many services that Flint residents seem to be receiving, such as but not limited to blood test monitoring, assistance with filter installations, nutrition/food/education services, and help on replacing lead service lines. In addition, it appears that any letters sent from the City of Flint keeping residents abreast of water crisis information are not being sent to the residents in Burton.

I am requesting information from you as to what assurances are being put in place so Burton residents affected by this crisis are getting notified of the health, food, education services, water bill payments, etc. that the media is reporting is available to Flint residents affected by the crisis. We are feeling left out of the loop and it is very frustrating.

Please feel free to contact my office directly should you have any questions or if I can assist you in any way to make certain the affected Burton residents and businesses are being included in all the available services. Richard Hayman, Chief of Staff, will be happy to assist you in the event I am not available. So far we have identified approximately 100 residents and businesses on the Flint water system that are located in the City of Burton.

Sincerely,

Mayor Paula Zelenko

Hello,

I am working on the state appeal of the emergency declaration and am hoping you can help me with a piece of information.

I need to know how many state volunteers we had on MLK day. If you can get me this information **by 3pm** I would appreciate it.

I talked with Brianna and she said this information should be in the plan for the day.

Thanks,

Captain,

Henrik and Lt. Roach went to each house tonight. Henrik just called and advised that each house appears to be vacant. One house is currently be fixed up, but is still vacant at this time (1618 W. Genesee St.). The neighbors stated that no has lived in that house for at least four months. The other houses showed no sign of being in habited. No footprints in snow, no signs of furniture, electricity, etc. They are confident that these homes are all vacant.

Please advise if you require additional information.

Thank you.

Kevin,

Below is the status of the 5 addresses you provided.

-The Property was marked as abandoned on 1/16/16. . If the resident is claiming no contact, we will put them on the RRT list.

- Parcel is marked as unvisited. We will put it on the RRT list

-This is not listed within the City's Parcel Database. If the resident is claiming no contact, we will put them on the RRT list.

- Parcel is marked as unvisited. We will put it on the RRT list

This parcel was marked as abandoned on 1/17/16. . If the resident is claiming no contact, we will put them on the RRT list.

Thank you so much for bringing this to our attention. We will move forward with these and hope to have them visited as soon as possible.

Thanks,

Alex

Subject: FW: More Info Needed

Alex-

As we discussed, based on the streets given to us in the below email chain, our GIS folks checked their records and found 5 residences that have not been confirmed to have been "touched" by any of our voluteers. The addresses they show needing contact are as follows:

Can you check to see what you have in your records? If in fact no one has been to these residences can you send a Rapid Response Team (RRT) to them?

Thanks

Dan-

We were just looking for those four streets that were given to us on the Legislative Briefing Conference Call. The streets we wrote down were Mackin, Chevrolet, Balling and McClelland. We can only find two streets that match in the city, Chevrolet and Mackin. These streets are near the elementary school but not the high school (as mentioned on the call)

Can you put me in touch with the person that made the statements on the call reference these streets so I can track down more information to better help us identify the houses we need to get to?

Thank you

Kevin,

Below is the status of the 5 addresses you provided.

The Property was marked as abandoned on 1/16/16. . If the resident is claiming no contact, we will put them on the RRT list.

t- Parcel is marked as unvisited. We will put it on the RRT list

This is not listed within the City's Parcel Database. If the resident is claiming no contact, we will put them on the RRT list.

- Parcel is marked as unvisited. We will put it on the RRT list
- This parcel was marked as abandoned on 1/17/16. . If the resident is claiming no contact, we will put them on the RRT list.

Thank you so much for bringing this to our attention. We will move forward with these and hope to have them visited as soon as possible.

Thanks,

Alex

There is another area in the center of the city where a significant number of homes missed. It's a 3 block cluster with 18 water subscribers who were never contacted (as well as another 24 who were never contacted that are not on the active water subscriber list).

FYI,

64 of the 157 active water subscribers who have yet to be contacted are all in the same two neighborhoods on the south edge of Flint.

They are franchise customers that are primarily in two neighborhoods. Could be a quick canvasing effort.

The remaining 93 non-contacted active water subscribers are fairly evenly distributed throughout the city.

Subject: Updated Residential Parcel Statistics

AS OF **2/14/2016** AT 16:30 USING DATA FROM FLINT WATER RESPONSE TEAMS, POD DISTRIBUTIONS, AND GENESEE COUNTY HEALTH DISTRIBUTION DATA.

NOTE: PLEASE REMEMBER THAT PAPER DATA AND DATA ENTRY FROM PREVIOUS DAYS CONTINUES TO COME IN AND WILL BE INCLUDED IN THE TOTALS AS IT IS RECEIVED.

NOTE: There is a decrease in number of total residential parcels and total residential active water subscribers. There are 107 parcels that were originally classified as residential that were removed as they were identified as being right-of-way/easement that have been removed.

We are tracking **38,762** residential parcels that the City of Flint has identified as non-vacant (including Franchise). Of those:

- **38,349 (98.9%)** of the parcels have been engaged as part of response efforts
- **29,964 (77.3%)** (of the parcels have been confirmed have some form of filter
- **12,257 (31.6%)** of the parcels have volunteered for water testing

We are also tracking that there are 30188 active water subscribers (metered service lines) in the city. When consolidated down and filtering out only residential there are **27,170** residential parcels that have the ability to use the Flint Water System. Of these

- **27,013 (99.4%)** of the parcels have been engaged as part of response efforts
- **24,016 (88.4%)** of the parcels have been confirmed have some form of filter
- **10,887 (40.1%)** of the parcels have volunteered for water testing

Please let me know if you need anything else.

Subject: Red Cross Non-Traditional Service Delivery Data for 2/13/16

Hello Carol and Bridget,
Here are today's non-traditional service delivery stats:

- 104 new event-based volunteers processed through the Volunteer Reception Center; 22 individuals and 82 people from 6 groups. The groups were from Dow; Maximus; the University of Michigan-Flint; the University of Michigan (Ann Arbor); the City of Romulus; and the MTA (Flint's mass transit operator)
- 41 event-based volunteers were assigned and active on projects today
- 515 homes were visited
- 441 cases of water were distributed
- 96 water filters were provided
- 305 replacement cartridges were delivered
- 71 water test kits were given out
- 273 door hangers were left on unanswered doors

Tom,

Here is a list of parcels that have been marked vacant by field teams and do not have confirmation of a filter. This list can be compared to the USPS information identifying homes that do not receive mail delivery.

Let me know if you have any questions.

Thanks,

Michelle Kuzera

> Attached is the spreadsheet of addresses marked vacant by the Field Teams and do not have a filter.

Just as an FYI:

12,275 Parcels Marked Vacant by Field Teams (this number has gone up since the last time this subset of data was pulled)
7,279 Parcels Marked Vacant by Field Teams but have a confirmed filter.
4,996 Parcels Marked Vacant by Field Teams and do not have a confirmed filter. These could be accurate vacant parcels but the above data casts some doubt on that.

Sent: Tuesday, February 09, 2016 6:49 PM
To: Russo, Mark (MSP)
Subject: RE: USPS Request

LT Russo,

Late morning today Cheryl, the Flint Postmaster, returned my call to her regarding the request below.

In my discussion with her I broke down the request to forwarded addresses, both temporary and permanent, and a list of locations where they did not deliver mail. I suspect Cheryl may not have been entirely clear on the request originally.

Cheryl advised she sent the request to her district office for approval as sharing this information was not something they normally did.

Cheryl shared the information was kept by the Postal Service National Customer Support Center (800-238-3150) and that I was welcome to call them as well.

I advised I would wait a bit to see if she heard back from her district office and then go from there.

Tom

Subject: USPS Request

Jackie,

As you requested below is a summary of my contact with the Postmaster's Office in Flint.

On Wednesday, February 3rd, I contacted the Postmaster's Office in Flint at 810-257-1506 and spoke to Cheryl. I explained to her that we needed data on all addresses within the City of Flint where mail had been forwarded or service had been stopped for some reason (vacancy, destruction of property, etc.). I explained that I was with the State EOC and MSP and that I was requesting that information under the Michigan Emergency Management Act (PA 390). She said that she would pass along the request to the Postmaster.

I called back later that day and Cheryl informed me that I was making a rather large request and that the Postmaster had forwarded the request to the District Office and that the Postmaster's office would contact me when they had an answer. I was then out of the SEOC until this morning. There were no messages or emails from USPS during that time.

After Capt. Kelenske asked about USPS at this morning's briefing, I followed up with the Postmaster's Office where I was told that the District Office denied our request for information and that they were therefore unable to provide it. They did not provide any explanation.

I hope this is useful. Please let me know if I can be of any further assistance.

Thank you,

Alex

Good morning,

At the MDHHS phone bank this morning I received the following request from regarding her mom:

: is over to see her mother because her mom is not feeling well today.

s mom ( ) is "basically home-bound" and received a water delivery from the rapid response team 2 weeks ago. She is need of additional water. Also, her water filter fell off and although her mom put the filter (Brita) back on the faucet, it is not properly sealed. Could the team also check on this? Third, D[illegible] r asked if there was a list her mom could be put on to receive periodic deliveries or water. I told her I did not know about the list, but I would pass along all information and requests.

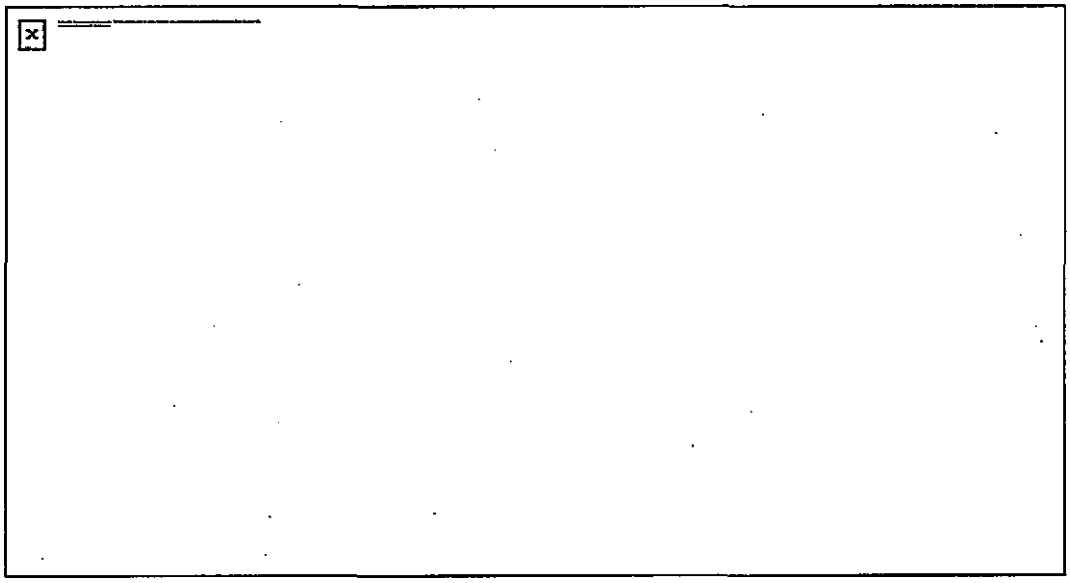
VIDEO: What Governor Snyder's FY17 budget means for Michigan



Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of

Michigan's families. **Click here to learn more about the top 6 takeaways from the Governor's FY 2017 state budget.**

Click a tweet to tweet it out:

The #MIBudget @OneToughNerd proposed yesterday makes key investments to strengthen Michigan for all families --> www.mi.gov/MIBudget

--> @OneToughNerd's #MIBudget includes $72 million a year for Detroit Public Schools. It is time to act now --> www.mi.gov/MIBudget

--> @onetoughnerd's significant investment in #Flint families is the right thing to do. #FlintFWD #MIBudget www.mi.gov/MIBudget

Subject: Wednesday 2/10/2016

- Compiled data of addresses and facilities that service citizens with Access and Functional Needs from 4 sources. Waiting on additional data to complete the list. Alex has a call into the Michigan Office of Disability Network, Vicki Saharski 810-742-1800, for any additional data she may have regarding this population. We are gathering this information for the possibility of issuing cartridge replacements and long-term recovery plan.

- The Recovery Branch received access to a new mapping tool called, ArcGIS Online. It show ALL VISITs by the Field Teams and Distributions by PODS.
    - Directions

- No changes in Thursday's ARC Plan. They have a one page list of addresses to complete and few apartments to confirm.

- Entered all remaining available data sheets from ARC regarding apartment visits.

- Bridget met with 7th Day Adventist Volunteers in place of Mike Farmer for the Corrections Branch. The Plan was received and passed onto Logistics and Brent Travelbee.
    - They are looking at starting at the Kroger warehouse this Tuesday and expect the MDOC staffing to assist them with their transition for up to a week.
    - 7th Day Adventist turned in an "Equipment Needs" List is being reviewed.
    - Logistics would be best to get more information from

Cc:	Wamsley, Scott (DHHS); Thelen, Richard (DHHS)
Subject:	RE: Request for Access and Functional Needs Information
Attachments:	VAAA Enrollments 2015.xlsx; VAAA MiChoice Waiver addresses - 2016.xlsx; APS Genesee ILS and ACP addresses - just Flint file dtd 1-13-16.xlsx; Assisted Living Facilities.docx; DEQ - Test_Results_Flint_Sorted_by_Address_513925_7.pdf; List of Keys.xlsx; Memory Impaired and Skilled Nursing Facilities.docx; Non Subsidized Independent Living.docx; Subsidized Independent Living.docx

Alex,

File #1 – "VAAA Enrollments 2015" → Flint seniors & caregivers receiving in-home services through VAAA.

List of approximately 1,400 Flint seniors or their caregivers who receive in-home services through Valley Area Agency on Aging. It is sorted by service category to make it easier to prioritize residents by level of needed service. Seniors receiving Care Management, Home Delivered Meals, Personal Care, and going to Adult Day Centers are most likely to have the higher physical or cognitive functional deficits. An encryption key for File #1 will be sent separately.

File #2 – "VAAA MiChoice Waiver addresses" → Flint seniors or adults with disabilities receiving in-home services funded through the MDHHS MiChoice Medicaid Waiver Program

List of another 79 Flint seniors or adults of any age with disabilities who are receiving services through the MiChoice Medicaid Waiver Program. These are very frail Medicaid eligible seniors who would be in nursing homes but the in-home services they receive provided through VAAA. An encryption key for File #2 will be sent separately.

File #3 – "APS Genesee ILS and ACP addresses – just Flint file dtd 1-13-16" → Flint seniors, age 60 and older, receiving APS Home Help and/or APS Adult Community Placement services.

List of another 588 Flint seniors receiving MDHHS Adult Protective Services (APS) in the APS Home Help program or the APS Adult Community Placement (placed in Adult Foster Care Homes) program. An encryption key for File #3 will be sent separately.

Finally also attached are 4 Word documents listing various unlicensed senior housing facilities that serve Flint seniors who range in function from fairly independent to needing assistance with multiple activities of daily living.

Regards,

Steven M. Betterly

- This is an informational update and the Genesee County Health Department will provide these updates on a daily basis after 4 pm. We are asking all partners included in this email to provide any pertinent updates **DAILY** to Hilda McShane by 2:00pm. If you have nothing new to share, please inform Hilda that you have no updates at this time.

- As of November 2, 121 replacement water filter cartridges (Pur and Brita®), have been distributed. Twenty nine of the 121 filter systems were installed and 15 filters were distributed at the November 2 town hall meeting at Bethel Church on Ballenger Highway, Flint. Nineteen water pitchers, 25 Brita and 3 PUR cartridges have been distributed for a total of 121 water filter and cartridges distributed.

- A total of 13,390 water filters have been distributed to Flint residents.

- 3,500 parent packets containing lead education information will be distributed at upcoming lead clinics.

- 6,000 parent packets containing lead education information were distributed to the Flint Community Schools.

- 1,000 parent packets containing lead education information were distributed to Genesee County Community Action Resource Department (GCCARD.)

- In partnership with McLaren Health Plan, there will be a lead screening clinic at Genesee County Health Department's Burton Clinic on Thursday, November 5. Lead screening hours are 8 am to 12 noon and 1:00 to 4:00pm.

- Genesee County Health Department Health Officer, Mark Valacak, with Hurley Medical Center Doctor, Mona Hanna-Attisha presented both technical and lead mitigation nutrition information and answered questions regarding the current lead in water situation at Bethel United Methodist Church on Monday, November 2.

- City of Flint will soon be distributing lead education information in their water bills.

- MDHHS will be releasing a video instructing the community on how to install the Brita replacement cartridges.

This is an informational update and the Genesee County Health Department will provide these updates on a daily basis after 4 pm. We are asking all partners included in this email to provide any pertinent updates **DAILY** to Hilda McShane by 2:00pm. If you have nothing new to share, please inform Hilda that you have no updates at this time.

- Today, Genesee County Health Department's Community Health Director, Tamara Brickey met with DaVita staff to discuss plans for ongoing water filter distribution. One hundred water filters were also distributed to the DaVita office located at Hurly Medical Center.

- Through Facebook and Twitter, Genesee County Health Department distributed Michigan State University Extension and Hurley Children's Hospital's nutrition booklet. The "Nutrition & Lead" booklet highlights healthful, cost-effective meals that help lessen the harmful effects of lead. I've attached the low-resolution graphic developed by MSU Extension staff. You are encouraged to post the graphic on your social media platforms and website. As instructed by Extension staff, please link the graphic to the "Nutrition & Lead" booklet found on the Extension's website.

- In partnership with Molina HealthCare of Michigan and Flint Community Schools, Genesee County Health Department's Nursing Supervisor Toni LaRocco has assisted with the development of four upcoming lead screening events at the following locations:

    - Flint Community School, Freeman Elementary School: January 12, 2016
    - Flint Community School, Eisenhower School: January 26, 2016
    - Carriage Town Ministries, February 4, 2016
    - Carriage Town Ministries, February 8, 2016

  To help spread the word of the above events, I have attached the event flyers for Freeman Elementary School and Carriage Town Ministries lead screening events. I have also attached a low-resolution graphic for website and social media posting that promotes the February 4, Carriage Town lead screening event . Please help us promote these very important lead screening events by posting the flyer and/or low-resolution ad on your social media platforms, website, or simply print copies of the flyer and distribute to appropriate clients who will benefit from this service.

- Genesee County Health Department's Nursing Supervisor, Toni LaRocco is currently working with Meridian Health Plan to develop future lead screening clinics.

If you have nothing new to share, please inform Hilda that you have no updates at this time.

- Based on a recent abc12 news segment regarding Flint residents not using, or not knowing where to pick up a water filters prompted the idea of hosting a joint agency press conference. The press conference would cover the following information: where and when water filters can be picked up, dispel misinformation regarding the Detroit water, water filter usage, and nutrition information.

- Attached is a draft list of talking points for water donations developed by the United Way of Genesee County for review.

- If you would like to assist with the development of consistent messaging regarding the water situation, please contact Sean Kammer at 810.391.7771, or email Kristin Moore at kmoore@cityof flint.com.

- There are still plenty of 8 cup water pitchers for distribution. Please contact: **Anthony M. Sitko** – Director of Shared Services, Flint Community Schools, (810) 767-6030 or tsitko@flintschools.org or Matt Purcell at GCARD, MPurcell@co.genesee.mi.us.

- With regards to water filter distribution, it was suggested by Genesee County Health Department Community Health Director, Tamara Brickey that we as agencies need to go where residents congregate: churches, clubs, senior cents, etc. to distribute water filters.

Replacement Cartridges - Zero	5	**370**

*Please note that MDHHS did not buy the current PUR filters being distributed. Once these are exhausted if needed DHHS will purchase PUR replacements.

FOR IMMEDIATE RELEASE

GENESEE COUNTY COMMISSIONERS DECLARE EMERGENCY

Flint, MI -- January 4, 2016 – During their first board meeting of the year, Monday morning, Genesee County Commissioners declared a state of emergency in Genesee County. The move a sign that county leaders support Flint Mayor Dr. Karen Weaver and her efforts to get resources and relief to the residents suffering from the ongoing water situation in the city.

Mayor Weaver declared a state of emergency in Flint last month to raise awareness about the severity of the problems surrounding the water situation that continues to effect residents. The problems a result of the man-made disaster caused by the city switching to the Flint River as a water source in 2014.

Following the board's vote today, Genesee County Commission Chairperson, Jaime Curtis said, "This is a state, man-made disaster and we're going to ask the state to fix their disaster. Curtis also said, "Genesee County is the fifth largest county in Michigan and we will not be ignored."

Mayor Weaver hopes the county's show of support will convince the Governor to provide the City of Flint with financial support to help leaders address immediate infrastructure needs. Those needs include more than $45 million to replace every identified lead pipe in the city, reimbursement of the $2 million spent to switch back to the Detroit Water Sewerage Department, $6 million to help with the transfer to the Karegnondi pipeline and additional resources to support the city's Heath Initiative to assist affected adults and children in Flint who have consumed water contaminated with lead.

In an interview with media after the board's emergency declaration Mayor Weaver said, "It's a victory and a step in the right direction." The mayor plans to meet with Governor Snyder in Lansing Thursday of this week to discuss the state's response and next steps.

- Today, Michigan Department of Health and Human Services (MDHHS) received approval from Department of Environmental Quality (DEQ) to allow the use and public display of the Bath Time Poster that was developed to address individuals' concerns about using the water to bathe their children (see attached). The Genesee County Health Department encourages all agencies to display the bath time poster.

- Hurley Children's Hospital with MSU extension will offer their first lead focused cooking class at the Farmers' Market this Saturday. Lead focused nutrition recipes and resource book will be distributed at the cooking class . Press release promoting the cooking class will go out tomorrow.

- Mott Children's Health Center continues to work with City of Flint to pick up PUR filters.

From Jamie Gaskin
Over the past 48 hours some additional support has started to surface given the National and regional media coverage. These are all developing streams of possible support and generally reflect organizations and business that got connected several months ago during our initial response. These are developing but I wanted to loop in all of you as this develops and also share some basic information:

1. MSP has again surfaced another source of bulk water that is Federal surplus. This water is free as long as we pay for shipping. I have looped in Bill Kerr at the foodbank as his team is really managing the logistics and understands the local demand and the ability of the local distribution system to handle storage etc.. These shipments come at the cost of shipping. This is about ½ the cost of buying the water and shipping ranges from between $1000-$2,000 per semi.

2. PUR – They have reached out to me again (Previously donated 2,000 faucet mount systems). I have directed them to consider donation of additional replacement filters and a financial donation. The financial donation would support shipping costs of more bottled water as well as possible prevention work.

3. ZeroWater – I am again working through some ideas with their CEO. He is very interested in the schools. I am not sure how this will develop.

*As we have shared in the past the distribution system currently has supplies of filter mount systems (PUR & Britta), replacement filters (PUR & Britta), and 8 cup pitchers (ZeroWater). If we get to levels below 500 available units for any system it is my understanding that this will serve as a trigger for us to resource more.

I also want to share that I have about $15,000 left of the more than $275k donated. As I get closer to expending all the funds the UW will continue to evaluate our own internal investment and make some adjustments. Please direct any possible financial investors to support the water fund either by calling me directly or making even small donations on our website. I will also be working with Isaiah Oliver at the Community Foundation around the MI Health Endowment Funds. Both the United Way and the Community Foundation are committed to working together and trying to maintain maximum flexibility as the situation develops.

I will follow-up though the normal Health Department updates moving forward but I just felt it necessary to try to bring everyone up to speed on developing work. If you have any questions for me please let me know. I will be available all through the Holiday period via cell phone and I will only be out of town from Christmas eve through the following Saturday. Please do not hesitate to call me for any reason.

This is an informational update and the Genesee County Health Department will provide these updates on a daily basis after 4 pm. We are asking all partners included in this email to provide any pertinent updates **DAILY** to Hilda McShane by 2:00pm. If you have nothing new to share, please inform Hilda that you have no updates at this time.

- City of Flint picked up Two Hundred (200) ZeroWater 8-Cup Filter Pitchers from Flint Community Schools 12/14/15 for distribution.

- The Genesee County Health Department has a total of 1,650 Pur water filters for distribution.

- Mott Children's Center will give City of Flint 117 water filters from the first batch of filters distributed at U of M Flint.

- Department of Health and Human Services and GCCARD attended the Health Fair on Saturday, December 12 and distributed the following at Bethel United Methodist Church's health fair.
  - 12 Filters
  - 17 Replacement Cartridges
  - 2 PUR replacements
  - 1 Pitcher

- Between December 11 and December 14, 2015, Genesee County Community Action Resource Department and Department Health Human Services distributed the following:
  - 78 filters
  - 6 pitchers
  - 53 replacement filters

- Sheryl Thompson from Michigan Department Health Human Services will order replacement filters when the inventory level reaches 500. After replacement cartridge order is placed, it takes a few days for delivery.
    - The Zero Water Pitcher replacement filters have been delivered. All sites will begin giving out a pitcher replacement filter with every Zero Water pitcher given out.

Summary October through December 14, 2015

	Received	Distributed	Remaining
Water Filters	15,000	11,232	**3,768**
Water Pitchers	720	229	**491**
Replacement Cartridges	9,000	1,258	**7,742**

- Mott Children's Health Center distributed 117 PUR filters (that you attach to the faucet, [part of the batch that the United Way purchased and was distributed at U of M Flint).

- Mott Children's Health Center's leadership has put together a lead information packet. The intent of the packet is to distribute to patients. The packet includes information on appropriate filters and resources and how to obtain them. Genesee County Health Department will update Mott Children's Health Center as necessary with new distribution locations.

- As noted by Mott Children's Health Center, most parents of newborns continue to use bottled water to mix with formula.

- Genesee County Health Department continues to distributed water filters at its lead screening clinic in Burton.

- After a complete inventory is taken at all water filter distribution sites of remaining water filter cartridges, The State of Michigan has agreed to purchase additional PUR replacement filters.

- As of December 4, Michigan Department of Health and Human Services has distributed the following:

Water Filters	11,046
Water Pitchers	184
Replacement Cartridges	1,073

- Michigan Department of Health and Human Services and Genesee County Community Action Resource Department have distributed the following in November: water filters 778, Zero Water Pitchers 63, and replacement filters 924. Total filter distribution as of October 1 is 10,951.

- The MDEQ and the City are coordinating the distribution and analysis of containers (bottles) for water testing. Bottles are available at City Hall and the water plant. Genesee County Health Department does not have bottles for distribution. Customers' name, phone, and address are required to be documented on a form when the water sample is submitted for analysis, not when the bottle is picked up. Analysis is conducted in Lansing at the MDEQ lab.

- Genesee County Health Department (GCHD) will distribute an additional 100 water filters to the City of Flint for distribution at City of Hall.
- Besides all the water filter distribution occurring at the blood lead screening clinics and offsite exhibits by Genesee County Health Department's staff, the Health Department continues to distribute water filters at its Burton WIC clinic and continues to educate parents on lead in water issues. Distribution at the WIC clinic has been swift and additional inventory, another 100 water filters, will be added to the WIC distribution inventory.
- Genesee County Health Department will distribute a press release that supports Professor Marc Edwards, of Virginia Tech University's announcement that Flint residents do indeed need to continue to use water filters.
- After a through inventory of water filters, Michigan Department of Health and Human Services (MDHHS) will purchase more Pur replacement filters. As suggested by MDHHS staff, GCHD will inventory its supply of replacement filters and give inventory outcome to MDHHS.
- Genesee County Health Department will host blood lead screening clinics at Grace Emmanuel and Bethel United Methodist churches.

Genesee County Health Department is working with the CDC to develop phosphate educational materials.

United Way (UW) CEO, Jamie Gaskin and Genesee County Health Department Health Officer, Mark Valacak have been discussing the strategic use of Americore volunteers during this water crisis. Suggested volunteer work includes: distribution of filters, lead education, and assist at health fairs and at church exhibits. Volunteers may be available in February of 2016.

UW Jamie Gaskin reported that UW will giveaway 110 Thanksgiving baskets. The baskets will contain a water filter system.

For those who need 8oz - Zero cup water filters, please contact Tony Sitko at Flint Community Schools. His email address is:tsitko@flintschools.org.

Genesee County Health Department will give City of Flint 50 PUR water filters for distribution at City Hall.

Water filter distribution is well over 13,596.

BJ Roach from the State Police had nothing to report at this time.

- Genesee County Health Department Community Health Director, Tamara Brickey, connected Chris Mann (GCHD IT consultant) with Ed Berger from MTA to reference the water filter database for an upcoming water filter distribution to disabled clients.

- Tamara Brickey, spoke with Vicki Austin Sacharski from the Disability Network for the purpose of connecting Disability Network clients with water filters. DN will track information of those clients who call in with questions about filters and get the information to GCHD. We will pass that information along to MTA for delivery. GCCARD may be able to assist with installation.

- Tamara is reaching out to a regional representative from DaVita Dialysis to help coordinate the distribution of water filters.

- Department of Health and Human Services has distributed the following:
  113 filters (of which 1 went to daycares)
  10 – 8 cup pitcher
  1 – 23 cup pitcher- to daycare
  Total distributed 124

- Flint Community Schools Superintendent, Bilal Tawab met on Friday, October 16, 2015 with representatives of MDEQ, LARA, and DHHS to discuss a new round of water testing at each of the Flint Community Schools starting on Wednesday, October 21,2015.

- 100 water filters were delivered to Burton location of Planned Parenthood for distribution by GCHD.

- Tamara Brickey (GCHD Community Health Director) and Hilda McShane (GCHD Marketing Specialist), met with MTA about reaching disabled and dialysis patients. MTA will work with GCHD to determine which MTA Your Ride clients may be in need of water filters.

- Another dialysis provider in Flint has requested 30 filters for patients.

- Toni (Nursing Director, GCHD), Jori July (GCHD Immunizations Supervisor) and Hilda McShane met this AM with Molina. Further arrangements with Molina will be made. No date set at this time.

- GCHD is still awaiting communication from Total Health Care.

- Department of Education has come out with a statement that all school age kids in Flint should be lead tested. Our state colleagues along with Toni will work on getting education out to the schools/families regarding getting kids tested.

- Diplomat has a program that they do with physicians about vitamins for kids. Dr. Mona Hanna-Attisha (Hurley) is talking to them about changing the formulary of the vitamin to help with lead issues in kids.

- Jim Henry (GCHD Environmental Health Supervisor) met with DEQ representatives on Friday. DEQ is proposing starting a new round of water testing in all schools receiving Flint water as of Wednesday, October 21, 2015. DEQ is proposing a stakeholder meeting every Friday to discuss updates.

We are asking all partners included in this email to provide any pertinent updates **DAILY** to Hilda McShane by 2:00pm. If you have nothing new to share, please inform Hilda that you have no updates at this time.

- The attached document was provided, emailed, and mailed to 346 licensed food establishments using City of Flint Water by the Genesee County Health Department (GCHD). The Michigan Department of Agriculture and Rural Development (MDARD) emailed and mailed the attached document to: grocery, food processing establishments, and party stores using City of Flint water. This document is available at www.gchd.us.

- Michigan Department of Health and Human Services (MDHHS) and Genesee County Community Action Resource Department (GCCARC) distributed 247 water filter systems and 11 water pitchers on 10.15.15.

- The Michigan Childhood Lead Poisoning Prevention Program (CLPPP) created a toolkit to help agency partners, primary care providers and community advocates prepare for lead week, October 25-31, 2015. The Michigan toolkit contains ideas for local lead week activities, a sample press release, sample social media posts and a sample news article. Several CLPPP brochures have also been revised in anticipation of lead week, including the handout for parents, "Is Your Child Safe From Lead?" and a new handout for pregnant and breastfeeding mothers. A CLPPP program profile and a quick reference guide for primary care providers is also in the toolkit.

- Genesee County Health Department Nursing Director, Toni La Rocco, will meet with Molina Healthcare of Michigan representative, Omar Sims, to plan a lead clinic in the near future.

- DaVita Dialysis' Hurley location received 100 water filter systems on 10.16.15 from the Genesee County Health Department.

- Planned Parenthood is scheduled to receive 100 water filter systems on 10.19.15 from the Genesee County Health Department.

- Genesee County Health Department is working with Flint Mass Transit Authority (MTA) to distribute the water filter system to disabled and kidney dialysis YOUR RIDE customers.

- Chris Mann will have additional conversations with the State to discuss updates to the database for tracking filter distribution.

- Genesee County Environmental Health Supervisor, Jim Henry, is meeting with the DEQ laboratory director to discuss future samplings.

- Chris Mann and GCHD Community Health Director, Tamara Brickey, are working with the State to insert more field information to the current Excel water filter database.

- GCCARD's Lippincott location does not have stable internet connection and because of this, staff are not using the most up-to-date water filter system Excel file. The State is gathering this information and will send Genesee County Health Department their Excel database and we will upload the data on a daily basis.

- Tamara has made contact with Flint Schools. She will make arrangement with staff and student's families to receive a water filter system. A date for the filter distribution to staff and student's families has not been set.

- Jim Henry, GCHD Environmental Health Supervisor got a call from State. They are looking for our staff to do another round of sampling at all Flint schools who receive city of Flint water.

- Planned Parenthood will receive 100 water filters for distribution to their clients.

- GCHD will be making contact with the Disability Network to continue planning to reach the disabled population within Flint that need assistance obtaining a water filter.

- MDEQ reached out to the CDC regarding the effects of bathing in water contaminated with lead. The experts are looking further into this matter. See attached FAQ Flint Water Fact sheet.

- Dr. Caravella of GCHD's Board of Health is concerned whether the distributed water filter systems will remove copper. She is concerned about individuals in the community who have a rare condition related to copper.

- Jim Henry is working to receive lab results in a timely manner.

- GCHD Director of Nursing, Toni LaRocco had a conversation with various individuals from the State regarding blood lead clinic. Toni is working to implement an upcoming lead clinic for children, 0-5 scheduled with McLaren Health Plan. Toni is reaching out to the University of Michigan – Flint to have students and faculty present at all clinics. Toni is working on other locations to host clinics with other health plans. The first message for people should be that the first choice in testing should be at their primary care provider.

- FAQs regarding lead and water for providers and public will be released in future from MDHHS.

- As of October 13 the total distribution for both DHHS and GCCARD is 8447.

- 336 filters and pitchers were distributed on 10/13 by DHHS and GCCARD.

- Daycares also began picking up filters and pitchers on yesterday as well from GCCARD.

Subject: Genesee County Health Department water filter system daily mass notification - 10.13.15

This is an informational update and the Genesee County Health Department will provide these updates on a daily basis after 4 pm. We are asking all partners included in this email to provide any pertinent updates **DAILY** to Hilda McShane by 2:00pm. If you have nothing new to share, please inform Hilda that you have no updates at this time.

- 20,000 filters + 9,000 replacement filters have been delivered to Genesee County Community Action Resource Department (GCARD) and Michigan Department Health Human Services (MDHHHS).
- We are reminding partners to blackout the barcode on filter boxes before distribution.
- As of 10.13.15 Flint Housing Commission has distributed water filters to all of its housing units.
- Valley Area Agency on Aging (VAAA) is creating a list of homebound seniors. Three (3) state employees and Five (5) GCCARD employees are working through that list and will help with home installation.
- Distribution has been completed at Rosehaven Manor, Court Street Commons, Riverfront Dorms, Job Corp, and University of Michigan-Flint international student population
- Municipalities with residents that receive Flint City water will be contacted and asked to be the distribution point for the water filter system in their area by the City of Flint.
- Eileen Tomasi from Flint Schools has asked to use the elementary schools as water filter distribution points for both staff living in Flint and parents of school children. GCHD is awaiting a follow up conversation with the Flint Community Schools.
- Genesee County Health Department (GCHD) is starting to see an increase in requests for blood lead testing. GCHD Nursing Director, Toni LaRocco, is working with McLaren Health Plan to develop a lead clinic in November. University of Michigan-Flint has offered nursing students to assist at the clinic. Adults can use the Genesee County Health Department's Primary Care Clinic and the Health Department will bill insurance, or go on standing orders.
- Total filters distributed by MDHHS and GCCARD, 8,000. Genesee County Health Department has distributed 4,000 filters, which include approximately 2,700 to the public, 100 to Wellness Services, 100 to GCHD Primary Care Clinic, 100 to WIC, 100 to Reverence, and 375 to Hurley Maternal Infant Health Home Visiting Services.

Subject: 2-1-1 Update Flint Water Response for Monday, February 8, 2016

This is the daily 2-1-1 summary on the Flint Water Response for Friday, February 8, 2016

GENERAL INFORMATION:

- **Beyoncé post-Superbowl announcement of United Way partnership to help Flint**

As part of her Formation World Tour, Beyoncé will be asking fans to support their local United Ways and will include a special request to help in Flint. She will also be partnering with the Community Foundation of Greater Flint to create a fund that will address long-term developmental, education, nutrition and health needs of Flint children.
http://investors.livenationentertainment.com/news-center/news-center-details/2016/BEYONC-ANNOUNCES-THE-FORMATION-WORLD-TOUR/default.aspx

Reminder: City of Flint Furlough February 12-15, 2016: Flint City employees will be out on furlough from Friday February 12 through Monday February 15, returning to work on Tuesday. This is a reminder to all partners working with the City of Flint to coordinate activities and ensure coverage for essential activities.

CALL VOLUME:

Flint Water Calls to 2-1-1: Feb 1 – 7, 2016

		Service Requests		
	Calls received	Referrals Made	Unmet needs**	Total Requests
Flint Water	994	1,254	36	1,290
All 211 Calls Statewide	9,479	9,078	604	9,682
Flint Daily Average	142/day	179/day	5.1/day	184/day
State Daily Average	1,354/day	1,296/day	86/day	1,383/day
% Calls For Flint	10.5%	13.8%	6.0%	13.3%

** Percent of Flint calls resulting in unmet needs is down to 2.9% of Flint-related calls.

SPECIAL NEEDS/REQUESTS

☐ **Residents are asking for help understanding lead testing results.** Results are beginning to arrive at people's homes and they are looking for information on how to interpret results and understanding what will happen next. **Can the SEOC provide guidance on the follow up process for households that have received their test results, particularly if the results indicate high lead levels.**

☐ **Residents have asked for the results link to be prominently featured on the Flint Water Site.** The link for residents to check water results on the www/michigan.gov/flintwater web has changed several times in the past week making it difficult for 2-1-1 staff to direct residents appropriately to locate their test results on the state web site.

☐ **National Federation of the Blind of Michigan asks SEOC to follow up** with, Vice President of the Genesee Chapter to coordinate translation of water resource information into braille. Georgia Kitchen: 810-767-0870.

RUMOR/SCAM CONTROL

☑ **UPDATE: Inmates with limited water access/residents arrested during water deliveries**
United Way of Genesee County provided a link to an MLive article refuting this story:
http://www.mlive.com/news/flint/index.ssf/2016/02/police_debunk_rumor_cops_using.html#comments

UNRESOLVED

Many thanks to Sheryl Thompson and Angela Minicuci at DHHS for their efforts to address these unresolved issues.

☑ **From 1/18/16:** Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue. **From DHHS: *"No cut-off date has been established and donations continue to come in."***

☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?

☑ **From 1/20/16:** Michigan 2-1-1 heard an anecdotal report today that real estate agents are reluctant to close sales in Flint because they cannot verify the any properties are free from lead contamination. **Is there are state agency or partner who can give real estate agency and home inspectors information on their potential liability. From DHHS:** *"Under the regulations of the Environmental Protection Agency, there are lead-based paint disclosure requirements any time a home is sold. But when it comes to lead in water for homes in Flint, while there are no similar requirements, we do recommend that individuals looking to buy or sell homes in Flint consider having their water tested. Water testing continues to be available through the City of Flint, or Flint Water Plant by calling 810-648-6942."*

☑ **From 1/25/26:** Organizations distributing bottles to collect water samples report running out of bottles. **Is there a contact for individuals and organizations to get additional testing sample bottles? From DHHS:** *"To get a free water test, visit a water resource site, Flint City Hall, or call the Flint Water Plant at 810-787-6537."*

☑ **From 1/26/26:** Callers are asking about the efficacy of various water filters and whole-home filtration system to screen out lead. **Is there an state- or independently-vetted list of effective filters available for residents to reference. From DHHS:** *"All water filters distributed by the State of Michigan are certified by NSF International for lead reduction. Individuals wishing to verify that a specific filter is NSF-certified can do so via the NSF website.*

NSF Statement on Flint: http://www.nsf.org/newsroom/statement-regarding-flint-water-system-lead-issue-and-to-certification-nsf/

NSF List of Certified Filters: http://www.nsf.org/

☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through Good360 or another supplier? UPDATE:** The Michigan 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.

☑ **From 1/26/26:** Callers are asking about the availability of whole-home filtration systems. **Is there any guidance on whether this is being considered as an option for residents? FROM DHHS:** *"At this time DHHS is not aware of any discussion around whole-home filtration. The coating of the pipes remains a top priority. Ensuring the pipes are properly coated to prevent the leaching of lead into the water will help restore safe drinking water citywide."*

☑ **From 2/1/16:** 2-1-1 received a related rumor that due to the class-action lawsuits filed against the state, MDEQ will no longer be able to process lead tests for Flint residents. **Can SEOC investigate this rumor and determine whether or not it is true? FROM DHHS:** *"This is incorrect. Lead in water tests continue to be processed by the state."*

☑ **From 2/1/16:** A few callers are expressing concerns about the reliability of MDEQ test results and are asking how to get independent lab testing for free or low cost. **FROM DHHS:** *"While we cannot provide guidance on independent lab testing, anyone with questions about their test results can call the Genesee County Health Department directly at 810-257-3603."*

Subject: 2-1-1 Update Flint Water Response for Friday, February 5, 2016

This is the daily 2-1-1 summary on the Flint Water Response for Friday, February 5, 2016

GENERAL INFORMATION:

- ☐ **City of Flint Furlough February 12-15, 2016:** Flint City employees will be out on furlough from Friday February 12 through Monday February 15, returning to work on Tuesday. This is a reminder to all partners working with the City of Flint to coordinate activities and ensure coverage for essential activities.

CALL VOLUME:

Aside from a minor challenge from staff members who were out sick, Central Michigan 2-1-1 was able to manage Friday's call volume with minimal wait times for Flint callers. Outside of Flint the call volume to Michigan 2-1-1 is following the traditional seasonal pattern of initial high demand at the start of tax season subsiding to normal volume with another major increase anticipated from April 1st until tax filing closes (this year on April 18th).

SPECIAL NEEDS/REQUESTS

Pets testing positive for lead. 2-1-1 has received several requests from people concerned about bottled water for their animals . Yesterday (2/4/16) the Detroit Free Press reported two animals testing positive to lead. 2-1-1 is providing referrals to The Humane Society for assistance providing water for animals.
Here's the article:
www.freep.com/story/news/local/michigan/flint-water-crisis/2016/02/04/flint-lead-pets-dogs/79704210/

- ☐ **Reminder: Please contact tpage@uwmich.org with resources or options for providing alternate access to Flint water information for visually impaired, deaf, and hard of hearing residents.**

RUMOR/SCAM CONTROL

- ☐ **Inmates with limited water access/residents arrested during water deliveries**

Think Progress reports inmates in the Genesee County jail are receiving on 48 oz of bottled water per day for all needs, and pregnant inmates have had to drink city water.
http://www.democracynow.org/2016/2/4/exclusive_report_how_long_did_flints

- ☐ Related reports in Think Progress and Counter Current include the jail report and adds that some local residents with outstanding warrants were arrested when the identified themselves during home water deliveries.
  http://thinkprogress.org/justice/2016/02/04/3746154/flint-inmates-forced-to-drink-tap-water/
  http://countercurrentnews.com/2016/02/flint-police-water-filters/
  - ☐ **It would be a serious ethical conflict for 2-1-1 if a referral for water resources led to a caller's arrest. Can the Sheriff's Department or City of Flint investigate this report and inform Michigan 2-1-1 as soon as possible if callers with outstanding warrants seeking water delivery are at risk of arrest, so we can provide accurate information to residents?**

UNRESOLVED

- ☐ **From 1/18/16:** Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue.
- ☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?
- ☐ **From 1/20/16:** Michigan 2-1-1 heard an anecdotal report today that real estate agents are reluctant to close sales in Flint because they cannot verify the any properties are free from lead contamination. **Is there are state agency or partner who can give real estate agency and home inspectors information on their potential liability.**
- ☐ **From 1/25/26:** Organizations distributing bottles to collect water samples report running out of bottles. **Is there a contact for individuals and organizations to get additional testing sample bottles?**
- ☐ **From 1/26/26:** Callers are asking about the efficacy of various water filters and whole-home filtration system to screen out lead. **Is there an state- or independently-vetted list of effective filters available for residents to reference.**
- ☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through Good360 or another supplier? UPDATE:** The Michigan 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.
- ☐ **From 1/26/26:** Callers are asking about the availability of whole-home filtration systems. **Is there any guidance on whether this is being considered as an option for residents?**
- ☐ **From 2/1/16:** 2-1-1 received a related rumor that due to the class-action lawsuits filed against the state, MDEQ will no longer be able to process lead tests for Flint residents. **Can SEOC investigate this rumor and determine whether or not it is true?**
- ☐ **From 2/1/16:** A few callers are expressing concerns about the reliability of MDEQ test results and are asking how to get independent lab testing for free or low cost

Subject: RE: Water Response Teams

Brianna,

I do think we are nearing the end of what can reasonably be accomplished by knocking on doors. While a transition to responding to 211 calls make sense, I think we need to develop a clear picture of the next phase so we can figure out what we need to have in place before we move to it. I am sure it will require more than just rapid response activity. I would appreciate it if Diane and I could be included in some of the discussion.

Paul

Subject: Water Response Teams
Importance: High

Jackie,

Based on discussions on the 6:30 distribution process meeting and our current situation, our data continually leads ARC teams to areas that have already been handled. At this point, I cannot provide them any new data to provide new routes for. I currently have a list from GIS directing them to active water subscribers without filters that were marked vacant at some point during our canvassing.

Recovery/GIS can only run so many queries on data. We are running into the fact that we've done and seen homes multiple times.

While I cannot say we have a filter in every home, I believe the canvassing effort has done a great job of meeting the needs of the entire city. It would be my recommendation to evaluate very soon the need for the canvassing teams. If we continue canvassing efforts, I recommend they assist with 211 calls and service the access and functional needs population. I'm working to compile a full list of these (combining a few different lists). It would also be possible to reduce the number of ARC teams to 5 (or fewer).

Any thoughts you can provide would be greatly appreciated.

Thanks,
Brianna

Subject: draft of Volunteer report

I am sending you the draft version of the volunteer report. I listed the teams for this week - as Chris described them, but they can be changed - it is just a draft for how it could look.

The big question for tomorrow is what will Red Cross teams be doing - if there are needs for vulnerable population they could start on that list or do you want them to go to the apartments tomorrow. If you choose the apartments for tomorrow and if there are vulnerable populations you find are beyond the ones Team Rubicon have done, you can let Chris know Red Cross will start on them on Tuesday. That allows him to report that out to the County tomorrow. Team Rubicon can be split between the two options - rapid response and vulnerable populations. It also allows you to tell the captain that you have started on the apartments.

Another idea - the weekends could be the apartments with Red Cross and Islamic Relief - they could then increase the number of volunteers they add to teams because the trucks could be parked in the parking lot and they could increase their volunteers who go in to provide the support. More people could be engaged in volunteering that way. (in fact tomorrow let's brainstorm some ideas like that - how we can get more done with volunteers by being strategic)

Your choice in what plan works best for tomorrow.

Subject: New Plan Template
Attachments: Flint Water Response Team New Plan DRAFT.docx; Volunteer Communications.docx

Let's chat about this tomorrow. It should be pretty straight forward, but we'll need to make sure we can collect all the elements we need. It should be as easy as a phone call in most instances, or picking up the info during the Distribution Process Meetings, but we may need to be a little more forward-reaching with some elements. Let me know if something doesn't make sense or if you completely disagree with this.

The one piece not built into the this yet is the "planning ahead" piece.

Also, notes from my Monday meeting are attached. Take a look and let me know if I'm off base or we need to take action to correct anything on this.

I'll be around most of the day tomorrow. I'm sure you'll find me! :)

Subject: Request for Follow-Up

Questions for follow-up from the Governor's Office:

Can we provide water to vulnerable populations regularly? They are wondering about pregnant women, young children, etc. This is especially important for homes with water testing results greater than 150 ppb...maybe that is the starting point. How can we find out if we have any of those populations in homes greater than 150 ppb.

We then will work on delivery. Can you help with this please?

Frequently Asked Questions About Lead in Flint Water

MDHHS Michigan Department of Health & Human Services

- Lead is hard to avoid completely. It can be found in old paint, water pipes and brass water faucets, in dirt, at some job sites, and in metal used for some hobbies.
- The amount of lead found in some Flint homes' drinking water could affect kids' health.
  - Even small amounts of lead can harm kids' health because they are little and still growing.
  - Adults are less likely to be harmed by the levels found in the water.
- Filter your drinking water using a NSF-approved filter.
  - Find a NSF-approved filter at http://www.gchd.us/docs/lead_filter_information.pdf.
  - If you use City of Flint water, you can call 211 to find out where you can pick up a free water filter.
- Some filters can remove up to 99% of the lead in water when used properly. To be sure your filter is removing as much lead as it can, carefully follow the instructions that came with it.
  - Change the filter cartridge as often as you should.
  - Run only cold water through the filter.
- Even after changes to the water system, it may take a while before lead levels in your home's water drop. Use the tips below to know when it's best to use filtered water:

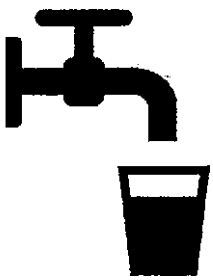
Lead in Water

Although your water may be a different color sometimes, it is not caused by lead. It's important to remember:

- **You can't see, smell, or taste lead in water.**
- **Lead won't change the color of your water.**
- **The only way to know what your home's lead levels are is by having your water tested in a lab.**

Please call the Flint Water Department at 810-787-6537 to request a free or low-cost water test.

In The Kitchen



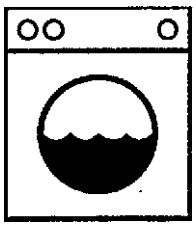
Use filtered tap water for:

- Drinking (including making coffee, drink mixes, juice, baby formula)
- Cooking (even if you boil the water, the lead will stay in the water and food)
- Washing fruits and vegetables

You can use unfiltered tap water for:

- Washing your hands
- Washing dishes
- Wiping down countertops

Cleaning



You can use unfiltered tap water for:

- Mopping floors
- Washing clothes

Your washing machine and dryer won't put lead from the water into the air of your home.

In the Bathroom

Use <u>filtered</u> tap water for:

- Brushing kids' teeth

You can use <u>unfiltered</u> tap water for:

- Showers
- Baths (don't let kids drink the water as they play in the tub)
- Brushing your teeth (if you are an adult)

Lead will not cause rashes or other skin problems. However, if chlorine levels or other cleaners are high in the water, it may cause itchy or dry skin (similar to what can happen when you swim in a pool).

Caring for Pets

Use <u>filtered</u> tap water for:

- Pets' water bowls

You can use <u>unfiltered</u> tap water for:

- Baths

If you notice your pet acting differently than normal, please contact your vet.

Other Sources of Lead in Your Home

Lead Paint

- Homes built before 1978 likely have lead paint, both inside and outside.
- Old paint is the most common way that kids are exposed to lead.

Dirt

- If you live in the city, there may be lead in the dirt outside your home.
- Before 1996, gas and the exhaust from cars contained lead. More lead will be found in dirt in busy traffic areas.

Dust

- The dust in your home can contain tiny amounts of both the paint and the dirt that contain lead.

Hobbies & Jobs

- Solder, fishing sinkers, bullets, and stained glass framing materials are some of the items in your home that may contain lead. You could also track home lead dust from your job site.

Have Questions?

For more information about protecting yourself and your family from lead, please visit:

<u>www.michigan.gov/lead</u>

Or you can call the Michigan Department of Health and Human Services at:

1-800-648-6942

The staff at this number will help direct you to the best department that can answer your questions about lead in your home.

To request a free or low-cost water test, please call the Flint Water Department at:

1-810-787-6537

To find out if you can get a free water filter, please call 211.

DHHS - Steven Betterly - 1/15/16	Disaster Loans	Small Business Administration	SBA Michigan Dist. Office 477 Michigan Ave., Suite 515 McNamara Building, Detroit, MI Ph. 313-226-6075	Low-interest loans for individuals and Business who need to replace lead service lines to homes and businesses or replace / repair interior plumbing.	You must be in an SBA declared disaster area to be eligible for SBA disaster assistance.	SBA provides low-interest disaster loans to businesses of all sizes, private non-profit organizations, homeowners, and renters. SBA disaster loans can be used to repair or replace the following items damaged or destroyed in a declared disaster: real estate, personal property, machinery and equipment, and inventory and business assets.	Go to: www.sba.gov/loans-grants	Flint not yet eligible as a Federally Declared Disaster.
DHHS - Steven Betterly - 1/15/16	Congregate Meal for Seniors	Valley Area Agency on Aging	Contact VAAA at 810-239-7671 or www.valleyareaaging.org	Individuals age 60 and older	Any individual age 60 or older.	Provides nutritious meals at no cost for individuals age 60 and older.	None	
DHHS - Steven Betterly - 1/15/16	Home Delivered Meals	Valley Area Agency on Aging	Contact VAAA at 810-239-7671 or www.valleyareaaging.org	Individuals age 60 and older	Any individual age 60 or older who are unable to leave their home to obtain food or cannot prepare meals for themselves in their home.	Delivers to the home nutritious meals at no cost for individuals age 60 and older who are unable to leave their home to obtain food or cannot prepare meals for themselves in their home.	Individual assessment by Valley Area Agency on Aging staff.	HDM program may use a waitlist when demand exceeds funding.
DHHS - Steven Betterly - 1/15/16	Water Pipe Polymer Lining	Hobas Pipe USA	U.S Corporate Headquarters 1413 Richey Road, Houston, TX 77073-3508 Ph. 800-656-7473 Email: info@hobaspipe.com	Government - Example companies that retrofit corroded pipe typically for less cost than replacement.	None	HOBAS (CCFRPM) Pipes are centrifugally cast, glass-fiber-reinforced, polymer mortar. These large diameter pipes are ideally suited for nearly all corrosive piping applications. HOBAS pipes may be installed by a variety of installation methods. HOBAS pipes can be economically designed for non-pressure and pressure service by varying the quantity, placement, and orientation of the glass-fiber reinforcements.	Sales Office	An example of one possible solution using pipe lining sleeves in the worst lead leaching areas instead of digging up and replacing transmission mains and services lines.
DEQ - Sonya Butler - 1/11/16	Drinking Water Revolving Fund Loans	DEQ	Office of Drinking Water and Municipal Assistance, Revolving Loan Section, Sonya Butler, Chief, 517-284-5433 http://www.michigan.gov/deq/0,4561,7-135-3307_3515-314508--,00.html	To assist water suppliers in providing safe/high quality drinking water. Community or non-community (if operated as a non-profit entity)	Any water supplier who owns and operates a community or non-community (if operated as a non-profit entity) water supply.	Dollar Amount(s) Available (Min or Max): Dependent on federal grant amount. Required Match: No local match is required.	Request for Proposals: Municipalities can apply at any time by submitting a project plan	
MDARD - Brad Deacon - 1/19/16	USDA Rural Development Business & Industry Loan Guarantee	USDA Rural Development	James Turner, Michigan Director, USDA Rural Development	Businesses, Nonprofits, Government loan guarantees	Lenders apply for loan guarantees for borrowers. Though most USDA Rural Development programs are limited to rural areas, this program has the authority to fund local food infrastructure in urban areas as long as the project supports farm and ranch income and expands healthy food access in underserved communities.	Loan guarantees for business development, enlargement, purchase of facilities & upgrades, purchase of equipment.	Rolling applications; contact lender or USDA Rural Development Michigan office for more information.	http://www.rd.usda.gov/files/Local_Food_Fact_Sheet_20150401.pdf
MDARD - Brad Deacon - 1/19/16	USDA Agricultural Marketing Service Farmers Market Promotion Program	USDA Agricultural Marketing Service	FMPP Staff by email at USDAFMPPQuestions@ams.usda.gov or by phone 202-720-0933	Grants to Businesses, Nonprofits, Governments	Entities that are eligible to apply include: Agricultural businesses, Agricultural cooperatives, Community Supported Agriculture (CSA) networks, CSA associations, Economic development corporations, Local governments, Nonprofit corporations, Producer networks, Producer associations, Public benefit corporations, Regional farmers' market authorities, Tribal governments	The minimum FY 2015 award per grant was $15,000 and the maximum $100,000.	2015 grant cycle applications were due May 14, 2015; 2016 cycle not yet announced.	http://www.ams.usda.gov/services/grants/fmpp

MDARD - Brad Deacon - 1/19/16	USDA Agricultural Marketing Service Local Food Promotion Program	USDA Agricultural Marketing Service	LFPP staff by e-mail at USDALFPPQuestions@ams.usda.gov or by phone at 202-720-2731.	Grants to Businesses, Nonprofits, Governments	The Local Food Promotion Program (LFPP) offers grant funds with a 25% match to support the development and expansion of local and regional food business enterprises to increase domestic consumption of, and access to, locally and regionally produced agricultural products, and to develop new market opportunities for farm and ranch operations serving local markets. There are two types of project applications are accepted under LFPP—planning grants and implementation grants. Applicants can apply for either but will receive only one type of grant in the same grant cycle. Eligible entities may apply if they support local and regional food business enterprises that process, distribute, aggregate, or store locally or regionally produced food products. Such entities may include: Agricultural businesses and cooperatives, Producer networks and associations, Community supported agriculture networks and associations, Other agricultural business entities (for-profit groups), Nonprofit and public benefit corporations, Economic development corporations, Regional farmers' market authorities, Local and tribal governments	The minimum FY 2015 award per grant was $15,000 and the maximum $100,000.	2015 grant cycle applications were due May 14, 2015; 2016 cycle not yet announced.	http://www.ams.usda.gov/services/grants/lfpp
MDARD - Brad Deacon - 1/19/16	USDA Agricultural Marketing Service Federal State Marketing Improvement Program	USDA Agricultural Marketing Service	Federal-State Marketing Improvement Program, Transportation and Marketing Programs, Agricultural Marketing Service, USDA, 1400 Independence Ave SW, Room 4549-S, Washington, DC 20250, Tel: 202-720-5024, Fax: 202-690-1144, E-mail: janise.zygmont@ams.usda.gov	Grants to state agencies & universities	FSMIP provides matching grant funds to conduct applied research projects that explore new market opportunities for U.S. food and agricultural products and improve the efficiency and performance of the U.S. agricultural marketing system. These grants are awarded on a competitive basis to State departments of agriculture, forestry, natural resources, or energy, as well as other State agencies such as experiment stations, universities, and colleges. Projects can focus on a wide variety of agricultural research goals, including increased sales of value added meat products, aquaculture, fresh and processed products, local and regional food systems, forestry, bioenergy, and horticulture. Proposals that benefit one business or individual will not be considered. Proposals that address issues of importance at the State, multi-State, or national level are encouraged.	2015 FSMIP Projects: Total Funding: $1,005,908; Average Grant: $67,060; 15 projects in 14 States.	2015 grant cycle applications were due May 14, 2015; 2016 cycle not yet announced.	http://www.ams.usda.gov/services/grants/fsmip/apply
MDARD - Brad Deacon - 1/19/16	Specialty Crop Block Grant Program	Nancy Nyquist, Michigan Department of Agriculture and Rural Development	Nancy Nyquist, Michigan Department of Agriculture and Rural Development Agriculture Development Division, P.O. Box 30017, Lansing, Michigan 48909, Phone: (517) 284-5735, EMail: nyquistn@michigan.gov	Government	Examples of "enhancing the competitiveness" of specialty crops includes, but is not limited to: research, promotion, marketing, nutrition, trade enhancement, food safety, food security, plant health programs, education, increased knowledge and consumption, increased innovation, improved efficiency and reduced costs of distribution systems, environmental concerns and conservation, product development, good agricultural practices, good handling practices, and good manufacturing practices. Increasing competitiveness may include developing local and rural agricultural economies, and improving food access in underserved communities.	The Michigan Department of Agriculture and Rural Development (MDARD) offers the Specialty Crop Block Grant Program-Farm Bill (SCBGP-FB) through the United States Department of Agriculture/Ag Marketing Service (USDA/AMS); the funding is from the federal allocations. Specialty crops are defined as "fruits and vegetables, tree nuts, dried fruits, and horticulture and nursery crops, including floriculture." Included are listings of plants commonly considered as fruits and tree nuts; vegetables; culinary herbs and spices; medicinal herbs; and nursery, floriculture, and horticulture crops.	MDARD will release a request for proposals in early February 2016 for funding consideration. Applicants may request up to $100,000 in funding and approved projects cannot begin work until after October 1, 2016.	
MDARD - Brad Deacon - 1/19/16	Value Added Grant Program (State funding)	Nancy Nyquist, Michigan Department of Agriculture and Rural Development	Nancy Nyquist, Michigan Department of Agriculture and Rural Development Agriculture Development Division, P.O. Box 30017, Lansing, Michigan 48909, Phone: (517) 284-5735, EMail: nyquistn@michigan.gov	Government				This grant program is currently under review by the Michigan Department of Agriculture and Rural Development. It is anticipated that a late winter/early spring 2016 request for proposals will be available with funding of projects up to $150,000 with a 25% (minimum) match requirement of total project costs. Proposals should be focused on the following areas: Technical assistance, Feasibility studies, Increasing the economic value of a commodity through production processes, export market opportunities, and projects that intend to establish, retain, expand, attract and/or develop value added agricultural processing in the State of Michigan.
TED - Lynne A. Feldpausch -1-15-16	Redevelopment Ready Communities	Agency Responsible for program: MEDC	Jennifer Rigterink	Government Support	Eligibility Guidelines: Flint is in the program and is an eligible applicant	Benefits Available: Technical Assistance dollars that could be used for training on planning/marketing/crisis management, etc.	Application Process: Request from community	

TED - Lynne A. Feldpausch -1-15-16	Core Communities Fund	Agency Responsible for program: MEDC	Katharine Czarnecki	Government Support	Eligibility Guidelines: Flint is an eligible applicant as a Core Community	Benefits Available: Up to $250,000 is available to be used for economic development activities, infrastructure is eligible.	Application Process: Form for community to complete, but should work directly with MEDC staff	
TED - Lynne A. Feldpausch -1-15-16	Collateral Support Program	Agency Responsible for program: MEDC	Chris Cook	Individual	Eligibility Guidelines: A federally regulated bank or credit union willing to provide new debt to a qualified for profit operating company. Borrower must be primarily operating in one of the following industries: manufacturing, wholesale & trade, research & development, mining, film & digital media productions, HQ office operations, or businesses that are qualified high technology businesses. Support limited to the lesser of 49.9% of the loan amount or $5,000,000. Fees of 1-3% of MSF support amount at closing and annually thereafter.	Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to a lack of collateral.	Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.	
TED - Lynne A. Feldpausch -1-15-16	Loan Participation Program	Agency Responsible for program: MEDC	Chris Cook	Individual	Eligibility Guidelines: A federally regulated bank or credit union or certified development financial institution willing to provide new debt to a qualified for profit operating company. Borrower must be primarily operating in one of the following industries: manufacturing, wholesale & trade, research & development, mining, film & digital media productions, HQ office operations, or businesses that are qualified high technology businesses. Support limited to the lesser of 49.9% of the loan amount or $5,000,000. Fees of 1-3% of MSF support amount at closing and annually thereafter.	Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to a lack of cash flow in the near term.	Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.	
TED - Lynne A. Feldpausch -1-15-16	Loan Guaranty Program	Agency Responsible for program: MEDC	Chris Cook	Individual	Eligibility Guidelines: A federally regulated bank or credit union or certified development financial institution willing to provide new debt to a qualified for profit operating company. Support limited to not more than of 80% of the loan amount. Fees of 1-3% of MSF support amount at closing and annually thereafter.	Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to increased risk as determined by the senior lender.	Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.	
TED - Lynne A. Feldpausch -1-15-16	Private Activity Bond	Agency Responsible for program: MEDC	Chris Cook	Individual	Eligibility Guidelines: Borrower must be primarily involved in manufacturing, be a not-for-profit corporation, or be a solid or hazardous waste disposal facility. Maximum bond amount is $1 million free of any restrictions on capital expenditures or $10 million subject to the condition that the company's total capital expenditure in the locality over the three years before and three years after the date of the issuance does not exceed $20 million. There is no size limit for bonds issued to finance solid or hazardous waste disposal facilities. Fees apply based on the amount of the bond	Benefits Available: Provide firms with capital cost savings stemming from the difference between taxable and tax-exempt interest rates.	Application Process: Applicant prepares an application for the bond and submits it to MSF staff. MSF considers an inducement resolution at its public meeting recognizing the public purpose of the project. Applicant structures the financing and bond counsel begins to prepare documents. MSF considers adoption of authorizing resolution.	
TED - Lynne A. Feldpausch -1-15-16	Michigan Business Development Program	Agency Responsible for program: MEDC	Josh Hundt	Government	Eligibility Guidelines – job creation and private investment by expanding or relocating business	Benefits Available – cash grant	Application Process – submission of application to MEDC staff, Michigan Strategic Fund review and approval, execution of incentive agreement, milestones and disbursements, reporting and compliance.	
TED - Lynne A. Feldpausch -1-15-16	United States Department of Agriculture – Rural Community Development Initiative Grants	Agency Responsible for program – USDA	Jennifer Tebedo	Government	Eligibility Guidelines – Rural areas outside the boundaries of a city of $50,000 or more and its immediately adjacent urbanized area to improve housing, community facilities, and community and economic development projects	Benefits Available – cash grant	Application Process – Applications are accepted on an annual basis through a Notice of Funding Availability (NOFA) in the Federal Register.	
TED - Lynne A. Feldpausch -1-15-16	United States Department of Agriculture – Rural Business Development Initiative Grants	Agency Responsible for program – USDA	Jennifer Tebedo	Government	Eligibility Guidelines – Rural areas outside the boundaries of a city of $50,000 or more and its immediately adjacent urbanized area to support community economic development.	Benefits Available – cash grant	Application Process – Applications are accepted through the USDA Rural Development's local or State Office once per year.	
TED - Lynne A. Feldpausch -1-15-16	United States Department of Commerce – Planning Program and Local Technical Assistance Program	Agency Responsible for program – US EDA	Jennifer Tebedo	Government	Eligibility Guidelines – assists eligible recipients in developing economic development plans and studies designed to build capacity and guide the economic prosperity and resiliency of an area or region. The Planning program helps support organizations, including District Organizations, Indian Tribes, and other eligible recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of high-quality jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions.	Benefits Available – cash grant	Application Process – Applications are accepted on a continuous basis through the regional or State Office.	

TED - Lynne A. Feldpausch -1-15-16	United States Department of Commerce – Public Works and Economic Adjustment Assistance Programs	Agency Responsible for program – US EDA	Jennifer Tebedo	Government	Eligibility Guidelines – EDAP makes construction, non-construction, and revolving loan fund investments to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, and encourage economic resilience.	Benefits Available – cash grant	Application Process – Applications are accepted on a continuous basis through the regional or State Office.	
TED - Lynne A. Feldpausch -1-15-16	Program Names: Community Development Block Grant Program (CDBG) and HOME	Michigan Strategic Fund/Collaborative Community Development and Michigan State Housing Development Authority	CDBG: Michigan Strategic Fund/Collaborative Community Development Contact Person: Katherine Czarnecki Phone Number: 517.241.4950 and HOME: Michigan State Housing Development Authority Contact Person: Michelle Wildman Phone Number: 517.373.4363	Type of Support: CDBG and HOME Federal Assistance	Eligibility Guidelines – There is a lot of flexibility overall within CDBG. Note: activities identified in the City of Flint's Consolidated Plan include: "Community Development and Infrastructure - The City has 540 miles of water distribution lines, 570 miles of sanitary lines, and 350 miles of storm rain water lines. Much of this infrastructure is over 100 years old and in need of reconstruction or replacement. Insufficient funds are the major obstacle to addressing this need. CDBG and municipal financing represent a fraction of what is needed to address the problem. Additional funds from state and federal sources are needed and are being sought. CDBG will help fill the gap of inadequate resources to maintain community facilities and increase services." For additional details go to the attached hyperlink City of Flint Consolidated Plan Link.	Overall CDBG can be used for: Acquisition of Real Property: Disposition; Public Facilities and Improvements; Clearance; Public Services; Interim Assistance; Relocation; Loss of Rental Income; Privately-Owned Utilities; Rehabilitation; Construction of Housing; Code Enforcement; Special Economic Development Activities; Microenterprise Assistance; Special Activities by CBDOs; Homeownership Assistance; Planning and Capacity Building; Program Administration Costs and Miscellaneous Other Activities. CDBG can be qualified based on Urgent Need: An activity designated to alleviate existing conditions and the grantee certifies that those conditions are a serious and immediate threat to the health or welfare of the community, they are of recent origin or recently became urgent, the grantee is unable to finance the activity on its own, and other sources of funds are not available. CDBG can be qualified based L/M Income Area Benefit: Can be used for an activity the benefits of which are available to all the residents in a particular area that is primarily residential, and at least 51% of those residents (or fewer if the exception criteria apply) are L/M income persons. **See hyperlink page 37 for a list of eligible census tracts.	Benefits Available/Application Process: Undetermined – contact with the City of Flint regarding current allocation balances for FY15 and prior years is recommended.	
TED - Lynne A. Feldpausch -1-15-16	Housing Choice Vouchers (HCV)	HUD, MSDHA	Kelly Rose	Individual, Rental Assistance	80% of applicants must be below 30% AMI, 20% below 50% AMI. Applicants must pass criminal screening that they do not have any violent crime in the past 24 months or drug offenses in last 12 months.	HCV program pays a portion of the participants rent and utilities. It does not have any home repair funding component.	MSHDA has a Homeless preference—homeless service agencies across the state can enter homeless person's application on waiting list. Non-homeless individuals/families must apply when the County resident waiting list is open for applications. This happens periodically when waiting lists get low on applicants. When vouchers are available names are pulled off the waiting list and applicants are contacted to fill out an application so their eligibility can be determined. Once eligibility is determined, they are issued a voucher and search for a rental unit. The unit is then inspected for HUD's HQS standards (does not have a water quality component) and if the unit passes a contract with the landlord is done and the family moves into the unit.	This program is not able to directly help with the Flint water issue. We are formulating a plan in consultation with HUD as to notifying individuals of their ability to get free water filters, etc. as well as their options for moving if they would like to relocate. We are also considering inspecting all homes with children 6 and under for proper installation of water filters.
TED - Lynne A. Feldpausch -1-15-16	Section 8 Project Based Rental Assistance (Subsidized and Public Housing)	HUD, MSHDA	Daphne Wells	Individual. It provides rental assistance to tenants who reside at a property that has a project based rental assistance Section 8 contract with HUD. MSHDA administers this subsidy as a HUD subcontractor and in some instances has provided financing to build/rehab some of these properties.	Housing is available to income eligible individuals at these specific properties. Eligible applicants must apply individually at each property in which they are interested in living at and each property has a tenant selection criteria that is adhered to for prospective applicants. Each individual property maintains its own waiting list for applicants wishing to reside there.	This program wouldn't have any benefits available to the Flint Water Issue in that the Section 8 housing is tied to a specific property and only offers rent assistance.	Applicants can apply at each individual rental property	The only thing that really fits this category (Subsidized and Public Housing) is the Section 8 program as it provides rental assistance to tenants. Nothing in the program can help as it relates to the water issue as the assistance is tied to the building itself. There isn't anything in the program that would help in this situation except using our contacts with agents and owners in Flint to provide them information as we have talked about.

TED - Lynne A. Feldpausch -1-15-18	MSHDA Housing Development Fund	MSHDA	Brian Mills	Individual. It provides rental assistance to tenants who reside at a property that has a project based rental assistance Section 8 contract with HUD. MSHDA administers this subsidy as a HUD subcontractor and in some instances has provided financing to build/rehab some of these properties.	In order for a proposal to be eligible for MSHDA's Statewide Partnership Grant program, the proposed activities must fit within one of five categories (Demolition, Land Acquisition & Development, Neighborhood Service Centers, Capital Improvements, or Community Development).	Grants are limited discretionary budget dollars generated from interest from MSHDA earning on loan proceeds. Grants under $250,000 do not require formal board approval.	Application is attached	Pursuant to communications with Mel Brown a few months ago, we suggested a number of different potential ideas for grant use in Flint. Those are detailed below: Pay for the costs of water quality analysis of all MSHDA backed mortgages in Flint. Evidently FHA is now conditioning all appraisals in Flint on a water quality analysis – and depending on the results won't put the mortgage through without the addition of a water infiltration system of some kind. Cost estimates are around $3,000 per home which is apparently having a negative impact on an already difficult real estate market. Pay for the replacement of water lines owned by residents with MSHDA mortgages within the city that need to be replaced or lines to homes with MSHDA backed mortgages or incomes less than 50% AMI. Pay for a percentage of the reconnection fee to acquire water from Detroit up to an amount not to exceed the % of MSHDA financed homes or low income households in the city (50% AMI). Pay for the replacing the city's municipal water line infrastructure associated with water lines being replaced to homes in the city with MSHDA backed mortgages or those household at or below 50% AMI. Pay for a percentage of any new infrastructure
TED - Lynne A. Feldpausch -1-15-18	Self-help Homeownership Opportunity Program (SHOP)	The SHOP program is not administered by MSHDA. Mary Townley has calls into HUD to find out who in the state offers this product.			National and regional nonprofit organizations or consortia with experience in using homebuyer and volunteer labor to build housing may apply for SHOP grants. Applicants must have completed at least 30 units of self-help homeownership housing within the last 24 months. Eligible homebuyers must apply to participate in the SHOP program through a current SHOP grantee or one of their affiliates.	SHOP grant funds can only be used for land acquisition, infrastructure improvements, and administrative costs. Total land acquisition and infrastructure improvement costs cannot exceed an average of $15,000 in SHOP assistance per unit. Administrative costs cannot exceed 20% of the SHOP grant amount. SHOP grantees must leverage other funds for the new construction or rehabilitation of their SHOP units.	SHOP grant funds are made available through HUD's annual SHOP NOFA competition. The SHOP NOFA is published on HUD's e-grant portal. Once the NOFA is published, eligible applicants may apply through this e-grant portal.	We have one Counseling agency in Flint right now (Metro Community Development) and they are not involved with water/filter distribution nor are they a site for people to get these items. More information regarding program information can be obtained from Mary Townley at 517.373.8864
TED - Lynne A. Feldpausch -1-15-18	Workforce Innovation and Opportunity Act (WIOA) Adult Program	Workforce Development Agency (WDA)	Krista Johnson, Manager, WIOA Title I Section	Government	Adults Age 18 and Older, Priority is given to recipients of public assistance, other low income individuals, and individuals who are basic skills deficient.	Basic Career Services: Basic career services are available to all adults and may include: program information and basic assessment, general information, individual job development, advanced job club, advanced screened referrals, group activities, and job search. Basic Career Services: Basic career services are available to all dislocated workers and may include: program information and basic assessment, general information, individual job development, advanced job club, advanced screened referrals, group activities, and job search. Individualized Career Services: Individualized career services are designed for dislocated workers who have been unable to obtain employment through core services and have been determined to be in need of more individualized services. Individualized career services may include: comprehensive and specialized assessments, individual employment planning, counseling, short-term pre-vocational skills, case management, literacy activities, out-of-area job search, relocation assistance, internships and work experience. Training Services: Training services, if made available, may include occupational skills training, On-the-Job training, workplace training with related instruction, registered apprenticeship, incumbent worker training, pre-apprenticeship training, skill upgrading and retraining, entrepreneurial training, transitional jobs, and adult education and literacy training provided in combination with another training service.	Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.	

TED - Lynne A. Feldpausch -1-15-16	Workforce Innovation and Opportunity Act (WIOA) Youth Program	Workforce Development Agency (WDA)	Krista Johnson, Manager, WIOA Title I Section	Government	Out-of-School Youth (OSY) are individuals who are: Not attending any school (as defined by State law); Not younger than age 16 or older than age 24; and One or more of the following: A school dropout; A youth who is within the age of compulsory school attendance, but has not attended school for at least the most recent complete school year calendar quarter; A recipient of a secondary school diploma or its recognized equivalent who is a low-income individual and is: Basic skills deficient; or An English language learner.; An individual who is subject to the juvenile or adult justice system; A homeless, runaway, or current/prior foster youth; An individual who is pregnant or parenting; A youth who is an individual with a disability; or A low-income individual who requires additional assistance to enter or complete an educational program or to secure or hold employment. In-School Youth (ISY) are individuals who are: Attending school (as defined by State law); Not younger than age 14 or older than age 21 (unless an individual with a disability who is attending school under State law); A low-income individual; and One or more of the following: Basic skills deficient; An English language learner; An offender; A homeless, runaway, or current/prior foster youth; Pregnant or parenting; A youth who is an individual with a disability; or An individual who requires additional assistance to complete an educational program or to secure or hold employment.	Available services include tutoring; study skills training; alternative secondary school offerings; dropout recovery services; paid and unpaid work experiences, including summer employment opportunities; occupational skills training; education offered concurrently with workforce preparation; leadership development opportunities; supportive services; adult mentoring; follow-up services; comprehensive guidance and counseling; financial literacy education; entrepreneurial skills training; provision of labor market and employment information; and activities that help youth prepare for, and transition to, post-secondary education and training.	Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.	
TED - Lynne A. Feldpausch -1-15-16	Community Ventures	Workforce Development Agency (WDA)	James Durian, Manager, Community Ventures	Government	Flint residents who are DHHS clients, PATH participants, ex-offenders, and persons with disabilities.	Connection to employment and comprehensive 24 months of wraparound services after job placement. Community Ventures (CV) can assist Flint residents negatively impacted by contaminated drinking water by providing employment and wraparound services to those effected. CV can also help recruit and retain companies in Flint by partnering with companies and bringing companies together in coordinated community development efforts to help Flint residents. We have done this through promoting social enterprise partnerships like New Life Enterprises, through the formation of an Employer Resource Network (ERN), in Flint, and by partnering with United Way and local financial institutions in providing hard ship loans and financial literacy to Flint residents. CV could expand upon these efforts with a special focus on helping those most negatively impacted by the water crisis.	Participants are referred from Mott Community College, Genesee-Shiawassee MWA (MWA), Mid-Michigan Goodwill, New Life Enterprises or DHHS.	
TED - Lynne A. Feldpausch -1-15-16	Job's for America's Graduates	Workforce Development Agency (WDA)	Krista Johnson, Manager, WIOA Title I Section	Government	Students from middle school to 21 years of age. The JAG Flint program targeted at-risk students at two Flint-area high schools (Flint Northwestern and Flint Southwestern) to help them earn a high school diploma and prepare for college/careers following high school.	JAG-Flint's mission focuses on the following: Deliver a unique set of services to at-risk and disadvantaged youth in high school; Provided follow-up services which will result in the graduate's pursuing a postsecondary education; and Ensured the participants entered the workforce in a quality job leading to a career. The primary objectives of The JAG Model program are: Keep program participants in school through graduation. Extend program services to participants for 12 months after graduation. Assist graduates or completers in pursuit of a postsecondary education and/or an entry-level job that leads to a career. Deliver services to non-graduates and non-completers during the 12-month follow-up period to attain a GED certificate or a high school diploma.	Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.	

TED - Lynne A. Feldpausch -1-15-16	Partnership Accountability Training Hope (PATH)	Workforce Development Agency (WDA)	Brian Marcotte, Manager, Welfare Reform Section	Government	Individuals receiving Family Independence Program cash assistance (TANF)	PATH is the work participation program required for families receiving cash assistance through the Family Independence Program administered by the Michigan Department of Health and Human Services. The Primary goals of PATH are two-fold. First, PATH will identify barriers and help participants connect to the resources they need to obtain employment. Second, the program helps Michigan reach the federally mandated 50% work participation requirement. Work participation is defined by the total number of participants fully engaged in job preparedness training, job search activities, and employment as a percentage of the states work eligible individuals receiving cash assistance. The program is designed to assist eligible individuals in obtaining employment by offering job search assistance and work skills enhancement. The program offers vocational/occupational training, high school completion or GED attainment and a full range of supportive services that may be required to meet the job search and retention needs of the participants.	Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.	
TED - Lynne A. Feldpausch -1-15-16	Trade Adjustment Assistance (TAA) Program	Workforce Development Agency (WDA)	Tammy Flynn, Manager, TAA Section	Government	Individuals are eligible for the TAA program who have a qualifying separation from a company with a certified petition by the US Department of Labor (USDOL). A petition identifies a worker group at a specific firm or subdivision and covers all individuals in that group. Generally, if a worker is laid off, a petition must be submitted within one year of the layoff for that worker to be covered by the petition and the certification, if USDOL grants the petition. A group of workers may be eligible for TAA if their jobs are lost or threatened due to trade-related circumstances as determined by the USDOL investigation. After the investigation, USDOL determines group eligibility to apply for TAA benefits and services. Workers in a certified group will be notified by their local Michigan Works! Agency, at which time they may apply for individual eligibility for benefits and services.	Employment and case management services: Assessments, career guidance, pre-vocational services, labor market information, supportive services, information on financial aid, employment planning, and information on training. Training: Up to 130 weeks of training including: Classroom training, On-the-job training, Customized training, Registered Apprenticeships. Trade Readjustment Allowances (TRA): Up to 130 weeks of wage subsidies for workers enrolled in fulltime training within 26 weeks of their trade-related layoff or certification, whichever is later. Re-employment Trade Adjustment Assistance: A wage subsidy for workers age 50 or over who are re-employed at annual wages of $50,000 or less. Job Search Allowance: Reimbursement for job search costs outside the worker's local area. Relocation Allowance: Reimbursement for relocation costs for a job outside the worker's local area.	Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org. To learn more about how to file a petition, check on the status of a petition, or to obtain more information on benefits and services, please visit www.doleta.gov/tradeact or contact Tammy Flynn at flynnt@michigan.gov.	
TED - Lynne A. Feldpausch -1-15-16	GED To School	Workforce Development Agency (WDA)	Keenan Wade	Government	Must Pass Official Practice Test or Complete Adult Education GED Preparation Course.	$150 per candidate to pay the cost of GED testing fees.	Individuals should visit the GED To School website at http://michigan.gov/wda/0,5303,7-304-64362-298726--,00.html or call 517-373-1692 for additional information	
TED - Lynne A. Feldpausch -1-15-16	Adult Education Program	Workforce Development Agency (WDA)	Cliff Akujobi, State Administrative Manager	Government	Adults Age 18 and Older	Adult Education provides an opportunity for students to improve or achieve education levels equivalent to those of high school graduates each year. Instruction is tailored to meet the individual needs of adult students. Standardized tests identify existing skill levels, appropriate instruction, and academic gains due to instruction. Adult Education consists of five components: High School Completion: Instruction designed to fulfill the requirements for a high school diploma. GED Test Preparation: Instruction in language arts, math, social studies, science, and writing, to enable successful completion of a GED test. Adult Literacy: Instruction in reading, English, language arts, math, and civics for adults without a high school diploma. The most basic literacy courses teach adults to read. English as a Second Language: Instruction in reading, speaking, writing, and understanding the English language. Labor Employment Related/Employer Workforce Readiness: Instruction in job- or employment-related mathematics, reading, and communication skills. Instruction may be "applied," which means that the academic material is directly related to specific job requirements.	Individuals should contact the Office of Adult Education at 517-373-8600 or visit the Adult Education website at http://www.michigan.gov/wda/0,5303,7-304-64362--,00.html

This is the daily 2-1-1 summary on the Flint Water Response for Friday, February 5, 2016

GENERAL INFORMATION:

- ☐ **City of Flint Furlough February 12-15, 2016:** Flint City employees will be out on furlough from Friday February 12 through Monday February 15, returning to work on Tuesday. This is a reminder to all partners working with the City of Flint to coordinate activities and ensure coverage for essential activities.

CALL VOLUME:

Aside from a minor challenge from staff members who were out sick, Central Michigan 2-1-1 was able to manage Friday's call volume with minimal wait times for Flint callers. Outside of Flint the call volume to Michigan 2-1-1 is following the traditional seasonal pattern of initial high demand at the start of tax season subsiding to normal volume with another major increase anticipated from April 1st until tax filing closes (this year on April 18th).

SPECIAL NEEDS/REQUESTS

Pets testing positive for lead. 2-1-1 has received several requests from people concerned about bottled water for their animals . Yesterday (2/4/16) the Detroit Free Press reported two animals testing positive to lead. 2-1-1 is providing referrals to The Humane Society for assistance providing water for animals. Here's the article:
www.freep.com/story/news/local/michigan/flint-water-crisis/2016/02/04/flint-lead-pets-dogs/79704210/

- ☐ **Reminder: Please contact tpage@uwmich.org with resources or options for providing alternate access to Flint water information for visually impaired, deaf, and hard of hearing residents.**

RUMOR/SCAM CONTROL

- ☐ **Inmates with limited water access/residents arrested during water deliveries**
  Think Progress reports inmates in the Genesee County jail are receiving on 48 oz of bottled water per day for all needs, and pregnant inmates have had to drink city water.
  http://www.democracynow.org/2016/2/4/exclusive_report_how_long_did_flints
- ☐ Related reports in Think Progress and Counter Current include the jail report and adds that some local residents with outstanding warrants were arrested when the identified themselves during home water deliveries.
  http://thinkprogress.org/justice/2016/02/04/3746154/flint-inmates-forced-to-drink-tap-water/
  http://countercurrentnews.com/2016/02/flint-police-water-filters/
  - ☐ **It would be a serious ethical conflict for 2-1-1 if a referral for water resources led to a caller's arrest. Can the Sheriff's Department or City of Flint investigate this report and inform Michigan 2-1-1 as soon as possible if callers with outstanding warrants seeking water delivery are at risk of arrest, so we can provide accurate information to residents?**

UNRESOLVED

- ☐ **From 1/18/16:** Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue.
- ☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?

- ☐ **From 1/20/16:** Michigan 2-1-1 heard an anecdotal report today that real estate agents are reluctant to close sales in Flint because they cannot verify the any properties are free from lead contamination. **Is there are state agency or partner who can give real estate agency and home inspectors information on their potential liability.**
- ☐ **From 1/25/26:** Organizations distributing bottles to collect water samples report running out of bottles. **Is there a contact for individuals and organizations to get additional testing sample bottles?**
- ☐ **From 1/26/26:** Callers are asking about the efficacy of various water filters and whole-home filtration system to screen out lead. **Is there an state- or independently-vetted list of effective filters available for residents to reference.**
- ☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through Good360 or another supplier? UPDATE:** The Michigan 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.
- ☐ **From 1/26/26:** Callers are asking about the availability of whole-home filtration systems. **Is there any guidance on whether this is being considered as an option for residents?**
- ☐ **From 2/1/16:** 2-1-1 received a related rumor that due to the class-action lawsuits filed against the state, MDEQ will no longer be able to process lead tests for Flint residents. **Can SEOC investigate this rumor and determine whether or not it is true?**
- ☐ **From 2/1/16:** A few callers are expressing concerns about the reliability of MDEQ test results and are asking how to get independent lab testing for free or low cost

Flint Water February 1-7 **Where service term matches any of these Disas**

DAILY DUTIES AND RESPONSIBILITIES

GREEN- Planning duty and ICS-204 completion, attend meetings. Review Planning Objectives for Monday and Planning Operations.

BLUE- Update daily data tracking (resources), Update plan for next operational period, Update bullets for recovery, work the desk, phone and e-mails and assist with SEOC questions. Assist with FWRT to determine target areas, request maps and address spreadsheets. Other duties as assigned.

YELLOW- Attend Distribution Process Meetings.

ORANGE- Recovery Planning with focus on transition of PODS and warehouse duties.

RED- Covering MDOC Desk duties in addition to assisting Recovery Branch duties.

Rapid Response Volunteer Teams

Goal: Provide water, filters, cartridges, test kits to identified residents who need assistance.

Date: Monday, January 31 – Friday, February 4

VOAD - Group Name	Volunteers	Commodities Amount	Vehicles/ Drivers	Resources	Plan - Goal
Team Rubicon	2 Teams 2 Volunteers each team	Water, Filters, Cartridges, Test	2 Vehicles/ no drivers needed	Hand Warmers. IPADS	Receive 211 names from EOC, Provide Commodities, Install Filters, Identify future needs.
Team Rubicon	3 Teams 2 Volunteers each team	Water, Filters, Cartridges, Test	3 Vehicles/ no drivers needed	Hand Warmers. IPADS	Receive list of Vulnerable residents from EOC/SEOC,, Provide Commodities, Install Filters, Identify future needs.
ARC	10 Teams 4 Volunteers each team	1,000 Water, Filters, Cartridges, Test Kits	ARC ERVS No vehicles or drivers needed	Hand Warmers. IPADS	Visit 1,000 homes EOC/SEOC provides addresses, Provide Water, Check to see if need filters, Identify future needs.

Additional Volunteer Groups

Goal: Provide volunteer support for tasks requested by EOC, SEOC, or Community groups.

Group/ Individuals	Volunteers	Commodities	Vehicles/ Drivers/ Resources	Date	Volunteer Task

Flint Water Response Team Plan
Sunday, 01.31.16 - DRAFT

Key

WRT	Water Response Team
OIC	Officer In Charge
ARC	American Red Cross
HH	Household
LEOC	Local Emergency Operations Center

SEOC Operations

Key Leaders

ARC OIC	Kristy Gallagher		Kristy.gallagher@redcross.org
Recovery Branch	SEOC	PHONE	MSP-SEOC5@michigan.gov

Resource Status

ARC

Team Type & Quantity	**Type:** Type V **Quantity:** 10 (10 ERV)				
Resource	**Required**	**Confirmed**	**Notes**	**Date**	**Time**
Team Leader	10	10		1/31/16	8:00 am
ARC ERV	10	10		1/31/16	8:00 am
ARC ERV Driver	10	10		1/31/16	8:00 am
Team Member	20-40	20-40		1/31/16	8:00 am
Team Transport Vehicle for 2-4 Team Members	10	10		1/31/16	8:00 am
Team Transport Vehicle Driver	10	10		1/31/16	8:00 am
iPads	10	10		1/31/16	8:00 am
Hand Warmers	40	40		1/31/16	8:00 am
Distribution Kit	1000	1000		1/31/16	8:00 am

Team Assignment – Target Areas

Team Priority Visited Today: Franchise Customers
Priority – City Sections 27, 29, 30, 31, 22, 33, 4
Secondary – City Sections 7, 1, 13

Map Support

Maps will be provided as needed to provide detailed information on city sections. Teams will target specific homes not originally reached during the first two rounds of canvassing.

Sample Script for Team Members:

We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and

copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix.

Lunch

Lunch will be provided by the ARC.

LEOC Operations

Key Leaders

LEOC EM	Chris DeVriendt	810-627-8893	CDeVriendt@co.genesee.mi.us

Resource Status

Group	# of volunteers	Commodities Needed	Resources Needed	Operational Dates	Mission Details
EX: Islamic Relief	*200*	*Water*	*5 Box Trucks*	*2/6-7/16*	*Distribute Water*
Team Rubicon		Water, filters, replacement cartridges, water test kits	# Box trucks	1/??-2/5/16	211 Access and Functional Needs

VRC Operations

Key Leaders

VRC Lead	Justin Bays	Phone?	Email

Resource Status

Group	# of volunteers	Commodities Needed	Resources Needed	Operational Dates	Mission Details
EX: Islamic Relief	*200*	*Water*	*5 Box Trucks*	*2/6-7/16*	*Distribute Water*
Event Based Volunteers				Daily	Added to WRT supported by SEOC Operations daily based on number of volunteers arriving at the VRC for missions

Organic Groups

Key Leaders

LEOC Volunteer Management	Chad Veeser	Phone?	VeeserC@michigan.gov

Resource Status

Group	# of volunteers	Commodities Needed	Resources Needed	Operational Dates	Mission Details
EX: Islamic Relief	*200*	*Water*	*5 Box Trucks*	*2/6-7/16*	*Distribute Water*

Execution:

Key Locations

ARC	ARC 1401 S Grand Traverse St, Flint	0730-1600
LEOC	Genesee County Administration Building 1101 Beach Street, Flint	0700-2100
Warehouse 1	4315 North Clio Road, Flint	0700-1900
Warehouse 2	New Kroger Address	

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Reporting:

Tactics:

1. All WRTs will utilize iPads as the primary reporting method.
2. The WRT Distribution Tracking Tool is a secondary method if iPads fail.

Volunteer Communications

Volunteer Reception Center

- POC: Justin Bays/Dave Gutierrez
- Coordination of priorities for water response teams/door-to-door distribution will be provided by the SEOC through the Recovery Branch, unless determined otherwise (could transition to LEOC/Chris DeVriendt in the future)
- Event based volunteers will be filtered out to water response teams when available
- Additional tasks will be assigned based on need and request from other NGOs
- Submit assignments to Recovery Branch at SEOC for overall tracking and needs (currently done for teams only; assess the need to track all missions ARC currently provides service for or just those who require commodities/resources?)

LEOC – Volunteer Management

- POC: Chad Veeser
- Track "organic" groups within the plan
- All special requests for volunteers will be sent to Chad for assistance if the VRC is not the appropriate avenue
- Connect specialty groups with requesting NGOs, as appropriate
- Submit known groups/fulfilled special requests to Recovery Branch at SEOC for inclusion in the plan

LEOC – Operations

- POC: Chris DeVriendt
- Ensure staffing for delivery of commodities to Access and Functional Needs population
- Ensure Rapid Response Teams have logistics to support long-term operations
- Request volunteer groups through Chad based on specific needs (i.e., Group of volunteers that will go into homes and install filters for the Access and Functional Needs population and 211 requests)
- Submit groups working through the LEOC with any commodity/resource needs to the Recovery Branch at the SEOC for inclusion in the plan

SEOC Operations

- POC: Recovery Branch Director, MSP-SEOC5@michigan.gov
- Ensure ARC Teams have priority assignments

- Assess the need for continued operations
- Assist LEOC Operations with any needs to support Rapid Response Teams and 211 Response Teams
- Complete full plan of volunteers daily (or a combined plan for multiple days, if available) to include as many efforts as are known based on the submitted information from the VRC and LEOC (Chris/Chad)
- Plan at least a few days ahead, having assignments or tasks that could be provided to groups showing up to help (i.e., Stage a loaded box truck at the warehouse for pick up by a group wanting to distribute water and provide a specific location to distribute)
- Work with GIS to map 211 requests (self-referred) and Access and Functional Needs population together to determine overlap and need to continued long-term service (to assist with long-term recovery planning)

Subject: RE: Request from Governor's Office for Daily Sample Metrics

Since the implementation of the Residential monitoring through January 22, 2016 the numbers are as follows:
1186 total Residential Samples have been reported
1099 Samples are at or below the Action Level of 15 ppb (92.7%)
966 Samples are at or below 5 ppb (81.5%)
87 Samples exceed the Action Level of 15 ppb (7.3%)

Since January 7, 2016 through January 22, 2016 the numbers are as follows:
514 total Residential Samples have been reported
477 Samples are at or below the Action Level of 15 ppb (92.8%)
432 Samples are at or below 5 ppb (84.0%)
37 Samples exceed the Action Level of 15 ppb (7.2%)

Since January 19, 2016 through January 22, 2016 the numbers are as follows:
341 total Residential Samples have been reported
322 Samples are at or below the Action Level of 15 ppb (94.4%)
432 Samples are at or below 5 ppb (87.4%)
19 Samples exceed the Action Level of 15 ppb (5.6%)

There are approximately 1000 additional samples that have been received at the Lab and are in process.

I have submitted a request to the EOC to obtain information from MDARD that will allow me to identify food establishment samples. Once I get that information I can see if I can provide that as well.

Thank you
George

Subject: Re: Request from Governor's Office for Daily Sample Metrics

I asked the chief of state to provide standing information requirements so I could provide the gov the same info in my nightly report. So all the below will be filtered into my nightly report versus different state agencies sending him a report each night correct?

Subject: FW: Updated Team Maps

All:

Attached are the updated city section maps. The parcels with a red dot and/or red background need follow up, as the data we have is either inconsistent or shows they don't have a filter. GIS is still working on getting some additional data into the maps, but it is taking some time to process some of the data.

Dave – We're working with GIS to get the addresses that correspond to these parcels as well. We should have that by the end of the night to assist with operations tomorrow.

Let me know if you have any questions.

Thank you,
Brianna

Subject: Statistics from Pairing of Parcel data to Data Recieved From the Field

We are tracking 38,144 residential properties within the city (noting large apartment complexes are classified as commercial). Of these:

- 34318 have been engaged by Flint Water Response Teams (90%)
- 23281 have led to a direct citizen engagement (61%)
- 5173 were not home during any attempt to visit and have not been recorded as having visited a POD (14%)
- 5864 of the properties the teams visited were vacant or destroyed (15%)
- The remaining 10% is going to be a focus for the teams in the near future

Additionally, we have been tracking the status of "Active Water Subscribers" from the Flint Department of Public Works. These are residential properties which have meters put on the homes by the city. Of the total 29,994 subscribers citywide, 26,673 have been confirmed as being on residential parcels. Of the 26,673:

- 18487 Have been confirmed as having received a filter by the Flint Water Response Teams (69%)
- 3928 Were not home when visited (15%)
- The remaining 16% we have no data to confirm or deny whether they have a filter

Of special significance from the water subscriber data is that the old lead maps that we are digitizing from the Flint Water Department contain 993 suspected homes with lead lines in them. Of these only 659 have received a filter.

It is significant to note that we are continuing to receive paper forms from the field and processing them. This is likely improve the overall numbers as we process historic records.

Hopefully that helps to break down where we are at. I can't reiterate enough that data is still coming in and we are still actively cleansing it.

Subject: Possible Starting Point Tomorrow?
Importance: High

Dave:

Attached is a spreadsheet of addresses (in alpha order by street) that could be used as a starting point tomorrow. These addresses have been identified as having lead lines, but don't currently show in our records as having a filter. Unfortunately this data isn't by city section, so it won't be easy to route map these out.

I attempted to send the single maps, but even the zipped file was too big. Jim has compressed even further, so I will try resending shortly.

I apologize for the late data tonight. Hopefully going forward, things are a little more timely; although, I feel like I continue to promise that as well. ☹

Please let me know if you have any questions or concerns. I'll be leaving for the night in a few, but my cell phone (517-230-2949) is always by me, so don't hesitate to reach out.

Thanks,
Brianna

Hello Sir,

As we start to stabilize into our daily tasks I'm going through and revisiting items that weren't fully addressed in the past few weeks.

One high on my list is getting in touch with Google to see if they can provide some services for us.

In particular, we are having issues trying to find facilities information apartments, mobile homes, etc. I imagine Google could potentially provide us with a list of what they have and save the teams researching this a lot of time.

Subject: Data Entry

Hi, Brianna:

I'm not sure who I should ask about this, so I thought I'd start with you. Inspector Bolger is the one who contacted me about the data entry assistance, but I understand he'll be in Flint for the next few days.

You should have four people in the SEOC all day today doing data entry of the Red Cross sheets. Can someone please let me know when it's determined whether or not you'll need people scheduled for additional days? If you do need more scheduled, I'll just need to know the dates you'll want them and where they need to report.

Thanks.

Sorry about that Stacy. I was told that our vehicles were not used to distribute supplies, etc. so I didn't think we had to clean or take care of anything but returning them to you. Lesson learned...

> I just want it noted that the four trucks/suburbans borrowed for the Flint Response were returned with a lot of junk (boxes, garbage, etc.) in the back of them. In fact we even found a box of 4 Brita filters that should be returned to Flint. If you know of any division staff going to Flint next week we could ensure the filters get in their hands for a return. Also our lift gate on the Ford is acting up now so Ron is going to work on that.
>
> I think a take away from this is when things are borrowed for an event like this there needs to be an official check in and a check out process so there are no surprises like this. I am wondering if all of the donated Penskes that were borrowed had some kind of checkout from the event before they were returned. It just seems to be an area of improvement to keep in mind for future events. Thanks!

I tried to condense it a bit

- Attended Local Brief, SEOC State Agency Briefing Meeting, Distribution Process Meeting, and Community Partners Meeting (Briggs).
- Coordinated data entry for ARC paper tracking forms with Headquarters volunteers.
- Worked with GIS to develop an area map and spreadsheet with addresses based on data specified as "follow up required "for Red Cross teams.
- Dispersed daily Flint Water Resource Team Plan and area assignment for water response teams.
- Operations for the Water Response Teams has shifted to a targeted effort to get filters into homes our data shows don't currently have filters.
- Continued demobilization of trucks and vans.
- **City Sections Visited Today:** 6, 26, 27, 28, 29, 31
- **City Sections Scheduled Tomorrow*:** 3, 9, 11, 17, 19, 20, 23
- **10 American Red Cross Teams scheduled for Friday, January 29th.**

Good afternoon all,

This is your reminder to send me your daily activity bullet points.

ACTIONS:

1. Compile a short list (5-7) of bullet pointed major activities for today.
2. Email the completed bullet points to msp-seocda1@michigan.gov.

Bullet points are due by 5p.m.

Thank you,

Jay,

We can work together to get these units back. They should be returned full if possible. How many do you believe you could return to either the Warren or Plymouth locations? I will call in extra drivers to pick trucks up as well. Let me know your thoughts.

Thank you,

Steven

Subject: Rapid Response Teams

Hi Wendy & Brianna,
The 600 union members went off really great today! We ran out of water about 9:45 but we were able to trouble shoot and find a solution until the semi trailer is delivered.
I have a question about rapid response teams starting Monday. Chris from the local EOC said that he had no knowledge at all that the Red Cross was still going to be participating with RRT.
We decided to keep 10 ERVs for another 7 days starting tomorrow, so I need to know how we will get information on RRT routes.
I am sorry I missed the 10:30 call....

Hi Wendy,

Recovery has not been part of the rapid response team assignments but I did speak to Dave G. with ARC and he mentioned keeping 5 ERVS for Rapid Response and 5 for the door to door missions. We feel that they will be almost done with the remaining addresses (not visited/no filter) tomorrow and Monday – then the next phase for us would be the 5 remaining ERVs to visit all of the apartment complexes per Capt's request.

We should have the list compiled today, no later than tomorrow. Most of the apartments have been visited in some fashion but we need the parcels to be marked as multi tenant and confirm that a team went there.

Let me know if you need more information from us.

Thanks,

Carly (and Stacy)

Subject: Teams/Volunteer Coordination
Importance: High

Good morning (almost afternoon) everyone,

There has been some confusion with all the teams/volunteers out today. I just want to make sure going forward that we coordinate these a little better. Not to approve or deny, but just to ensure there is no overlap and everyone is on the same page.

I was just told that the ARC groups that are resupplying from the Home Depot have no standards on what they are distributing and to whom, Dave, can you clarify? For instance, is it one case per person or multiple? And where are they distributing? What's the strategy?

Also, I'm told that citizens are treating the Home Depot as a POD and just picking up their water from there. True? I was under the impression the volunteers were loading their trucks from there but not citizens. We went through 2 semi loads in an hour.

Again, it is my job to ensure there are enough supplies, if there isn't a plan in place then I have no way of anticipating needs and supplies.

For the local EOC teams/volunteers, what is the strategy for those? I'm told they aren't doing distribution but going in and installing filters in homes, is this correct? Are there any needs from them other than the 5 trucks that were requested this morning?

Again, I don't want to control your teams, the SEOC does not need to approve or deny them, but we are asked questions by command that we need to answer. I also need to ensure there are enough supplies. I know that we all get a lot of pressure from the Governor and others to put volunteers to work, but we need it to be coordinated.

For Carly and Jay, what is the plan for the Rapid Request teams next week? Do we have one? Will ARC be needed? What resources will you need? I.e., trucks, drivers?

May I get a list of all the volunteers/teams out there today and tomorrow and what they will need? You can use the below template if you wish. Please have this to me by 4 p.m. today.

Team (ARC/EOC)	Group	# of volunteers	Commodities Needed	Resources needed (Vehicle? Driver? Pallet Jack?)	Date needed

Thanks so much everyone.

When I spoke with Carly she said she was going to give me assignments for Sunday later today. As far as groups we have 70 patriot Ryder's and 20 teachers.
We truly only need 30 of them to ride along with the ERVS. We are not scheduling special distribution events for large groups. The only reason we coordinates the 600 was because the "the train had already left the station".....

Hi,
The Home Depot was specifically for 600 carpenter union members. We assigned 100 routes to the carpenter Union and they were only giving out water. They are mostly finished for today they were scheduled from 8-1 only.
It was well coordinated and communicated to both the SEOC and EOC.
It went very smooth, I can't imagine how we could have done it better.
Please call if you need more info.

Subject: RE: Teams/Volunteer Coordination

For the rapid response teams the local EOC has no plans for anything past Sunday. We have been hearing that there is a plan at the state and SEOC for getting the NGO's and volunteer groups to complete. Chris expressed this concern on the morning calls. I don't see a possible solution that doesn't include red cross on some level.

For the Local EOC we only have a few plumbers and pipe fitters may be active tomorrow and Team Rubicon is working through the vulnerable populations areas. Team Rubicon has five trucks that are being stocked in the evening at the warehouse.

Subject: Read First: Ginna Holmes

Hi Brianna,

I found out in the 7 PM Logistics Briefing that Ginna is going to hold a meeting at 1 PM Sunday to discuss Rapid Response going forward and that you need to be a part of that call. It will include the ARC and those at the local EOC. She is attempting to clean up the fragmentation because addresses are coming in through so many avenues. Wendy has asked her to do this.

Her call to me today was in regards to the below. Please give her a call at prior to the meeting to discuss.

- Are the homes visited that are initiated through 211 being counted in the daily data GIS is mapping?
- She wanted to know how long the ARC would be involved and what the plan would be after they are out?
- She said Team Rubicon will continue daily until Friday, February 5, but an extension is possible if it is justified. She is trying to determine the need.
- She would like to know how the homebound individuals will be followed up with from here on out.

She was concerned that different teams are in the same areas and how that would look bad and not be a good use of everyone's time. I explained to her that we work closely with GIS to distribute maps with priorities identified so areas are not being visited over and over.

Thanks!
Stacy

Subject: RE: Franchise Customer Update

Categories: FYI

Hi, I do not have my glasses today which I need to read so today is going to be a struggle. I was provided a list from Commissioner Curtis and am working on setting up a delivery schedule for each Twp with franchise customers. I do not see why officials can not be part of this solution. It has also been made very clear that they have access to the PODS. Filters have been provided to each Twp for their franchise customers. I will keep you up to speed as I progress with the delivery schedule. Thanks, BJ

BJ, I saw your entry in MI CIMS (46263) regarding the Franchise customers. You reported that a total of 140 residences outside the City of Flint are considered Franchise customers. See below email from Capt. We are trying to make sure that we capture the entire total of Franchise Customers. Do you have a list that we could include in this reporting data request. Please provide a list of addresses or numbers that you are aware of. Based on MI CIMs it looks like you provided information on January 21, from request of the JIC PIO.
Thanks, Renee

So is the total franchise customers or in addition to what we had?

Do the numbers you shared include contacts made by the other teams or just from the other day? I need the totals. Let me know and thanks.

Capt.

Attached is the full list of addresses, inclusive of our original list and the list posted on the City of Flint website. ARC noted completion on the residences they visited yesterday. For clarification, "completed" means they either connected with the residents and provided water and a filter, or they left a door hanger with information.

In summary:

232 Total Franchise Customers

- 96 have been visited
- 8 were businesses
- 2 couldn't be found (we will look into this and make sure)
- 1 is an apartment and they left filters at each unit

We will send you an update daily until all have been completed. This is ARC Team priority today.

Let us know if you have any questions.

Thank you,
Brianna

Recovery is handling these inquiries.
We are checking with the American Red Cross Teams and GIS to cross check if the teams have for sure been in these areas.
That address was also on the Flint MF properties list from HUD provided earlier from Michelle.
That list was provided to ARC and GIS to verify that the teams have actually been in these areas.
Thanks

Attached are the letters HUD sent to all their assisted and FHA-insured properties. The HUD staff person I spoke with yesterday indicated that water testing was mandatory, however, that isn't reflected in the attached letters; only the purchase of water filters. I'm getting clarification from HUD on the mandatory water testing and will let you know.

Subject: RE: Lead / Copper Data

I haven't heard anything from HUD on this either though it might be that public housing units are overseen by the Public and Indian Housing part of HUD whereas our PBCA and Section 8 contracts are overseen by the Multifamily part of HUD. I think having testing done would be a good idea to at least see how the filters are working now that they are in place.

Subject: Re: Lead / Copper Data

I have not. But if a similar request had come through us it would've most likely been PbCA.

Mike/Daphne - have we heard anything from HUD?

Might not be a bad idea on our portfolio regardless of if they're requiring it.

Subject: Extra warehouse staff - Adventist

Chad,

Captain Kelenske is seeking approval from the Governor's office to open another warehouse at the old Kroger site at 2629 W. Pierson Road. This space is 74,000 sq. ft., 3 dock doors and a garage door. We need to get a warehouse staff in there as soon as we can secure it, which could happen as soon as tomorrow afternoon. I spoke to Ginna a couple of days ago and she mentioned that the Adventist group does this. Is there any chance you could reach out to them? Here is the plan for that warehouse:

> We hope to use this space for all loose donations. Loose donations meaning non-palleted and not shrink-wrapped. This warehouse would have volunteers staffing it to accept, unload, and verify they are not expired or recalled. They will pallet and shrink-wrap water for redistribution to the PODs and Rapid Response teams. This location could also replace the existing POD at Station 6. This has proven to be a dangerous location as citizens cross 5 lanes of traffic on a busy intersection. The large parking lot would make distribution easier and safer for citizens to receive water, kits, filters and replacement cartridges.
>
> We could also park a 53' Schupan recycling trailer for the on-going recycling program. The trailer would function the same as at the PODs where residents bring their recyclables in clear plastic bags and deposit them inside the trailer.

Hours of operation have not yet been identified, but I know we will want it 7 days a week and some evening hours included as this seems to be a popular time for these loose donations.

Please let me know what you need from me (other than the date we take occupancy.)

Thanks Chad.

Dear Brianna,

The attached list is from GCCARD and indicates homebound seniors receiving meals. The water that these residents receives is typically one or two bottles. Adding this list to our current one will allow us to ensure these residents are supplied in a regular fashion beyond the one or two bottles then are currently getting.

I requested an electronic version but the agency indicates that they cannot export the data but only print it. If this proves to be a logistical nightmare, let me know and I can try to get over to the agency and see if I can figure out how to export the data (I am sure it can be done...).

Subject: RE: Help for Flint

Hi guys, I'll register Accenture on the vendor registration website in a few minutes. I've been rallying teams and understanding our capabilities.

Yesterday, I learned that we do have some crisis response experience. We were asked to help immediately after September 11 (family assistance center, set up in 72 hours, 60,000 families visited it in 3 months) and also Katrina (Houston, response center).

We would not seek any publicity right now. We would be focused on solving problems.
We could possibly help in the Flint response in the following areas:

- **Program management.** Identify leaders and teams for the short term and long term initiatives. Coordinate efforts. Stand up very good status reporting. (see below)
- **Lead pipe identification.** (see below)
- **Develop data collection systems** (unstructured data, multiple sources, data quality/reliability, etc.)
    - Household data on pipes, filters, water tests
    - Public health data on lead poisoning case management
- **Analyze data.** Statistical analysis and visualization for critical issues.
- **Volunteer labor** (distribute water/filters, cleanse and organize data, other)

Regarding lead pipe identification...
We have a team working now on a pilot for the City of Chicago on a similar problem space.
Here is what our team is doing in Chicago:

- **Problem:** Existing records on underground infrastructure (water mains, gas pipes, cables) are inaccurate, leading wasted money, excavation time, utility downtime, expensive damage to infrastructure, extensive manual effort among city departments to coordinate construction projects, and negative economic impacts of protracted construction.

- **Solution: create a digital database of all underground infrastructure in a city.** We will deliver a geospatial platform **that consumes, processes, and combines existing 3D underground infrastructure information. *The data may come from various formats including existing or new construction/engineering drawings and scanning technology (lidar, HD cameras),*** The platform stores the data and makes the data available to end users to view through a user interface and download. Uses ESRI.
- **Pilot:** One city block. Open earth and use high def cameras to get very precise 3D location. Happening now.

- I spoke with one of the consultants. What I found interesting was:
  - 3D geospatial data
  - multiple data sources with varying quality
  - use of and integration with multiple scanning devices like lidar, ground penetrating radar, metal detectors, etc. and knowing that they perform differently in different soil conditions.
- Also, I heard about the U-M Flint professor who is digitizing the pencil, handwritten, 3x5 cards. We would work with all parties who are providing data. We could load data into State's GIS technology instead of ESRI. We are flexible in how we could help here.
- We could probably tap into the experience and lessons learned from this Chicago team, and stand up something different for Flint. Flint may not have the congestion problem that Chicago has. The need in Chicago seems to be "know exactly where stuff is so you can dig fast and then close the hole as fast as possible to minimize disruption and cost". The need in Flint seems to be "know where the lead pipes are that need to be replaced, and track replacement status. Dig in the right places, as fast as possible." I am not sure how important 3D precision would be in Flint. Precision might be more important around schools and buildings, or in dense areas. We would be flexible.

Regarding program management.....
The way I see it, there are several short-term and long-term workstreams and lots of volunteers helping. For each initiative, we need to identify the leader, throughput need (e.g. visit 500 homes per day), resources available now, gaps that need to be filled, measures of success, status reporting, etc. We are very good at disciplined program management, governance, and status reporting. I think we could help here, and it could be a good place to start.

The workstreams are probably something like this, each in different timeframes:

Category	Item	What needs to be done	Timeframe
Bottled Water	**Bottled Water**	Get water to people. Small bottles, gallons, 5 gallons. Flouridated water for children.	Immediate. Today and for ~3 months.
	Recycling	Collect and dispose of bottles.	3 months to 3 years.
Filters	**Faucets**	Ensure home faucets can accept filters.	Immediate. Today and for ~3 months.
	Filter Installation	Install filters in homes and buildings.	Immediate. Today and for ~3 months.
	Cartridges	Distribute filter cartridges.	3 months to 3 years.
Water Testing	**Water Testing**	Test for lead, Legionairre's, and other contaminants in system and homes, after filtration.	Immediate and for up to 3 years.

Infrastructure/ Water Supply	Water Treatment	Anti corrossion treatment, Legionairre's disease treatment.	Immediate and ongoing.
	Service Lines	Identify lead service lines.	3 months to 3 years.
		Determine service line replacment strategy.	By March 31 (?)
		Replace service lines per strategy.	1 to 3 years.
	New Source	Confirm plan to source water from Lake Huron or other.	By March 31 (?)
		Construct source pipe from new water source.	3 years?
		Design and deploy water treatment for new water source.	3 years?
Acute health	Legionairres disease	Identify cases of Legionairres Disease.	Immediate and maybe ongoing.
		Treat cases of Legionairres Disease.	
	Acute lead poisoning	Identify cases of acute lead poisoning.	Immediate and maybe ongoing.
		Treat cases of acute lead poisoining.	
Chronic health and social welfare	Long term health care and social welfare	Identify likely long term impacts on health, development, learning, and other.	By March 31?
		Develop long term treatment and care plan and funding.	
Getting Organized	For each item above: Who is leader? What capacity is needed? What resources are available now? W		

Finally, we believe that our program management experience translates very well to crisis response. One thing we don't do, though, is the public relations that is often required in a crisis. However, one of my graduate school professors is a global expert in crisis management, and I could make an introduction if it would be helpful to you, Jarrod Agen, or Governor Snyder. His name is Paul Argenti,
https://www.linkedin.com/in/paulargenti

Cheryl,

Good afternoon. Can you confirm that five State box trucks are available for Saturday and Sunday, January 6 & 7, 2016 for the Islamic Relief. It is the same plan and execution as last weekend - distributing with our ERVs and planned routes.

Thank you.

Dear Brianna/OPS,

Team Rubicon attempted to make contact on all agencies listed in Task Assignment SEOC – 2152092. I removed the Hurley Hospital reference due to the impracticality of providing assistance to an agency that already far exceeds any standard of relief that we can offer. The attached list should be added to the AFN list that ARC services and supplies should be distributed as indicated on the list and at the direction of the State.

Please keep me in the loop as to supplies being authorized for 'for profit' agencies as this will have a huge impact on my operations at the local level.

I'm not sure of the best way to 'close out' this Req so I will pass it on to one of the State gurus down here for action on the actual ticket.

Subject: Apartment Complex Information

Hi Guys,

We are looking for a couple of some information on the apartment complexes, based on a request from the Governor's office. They are looking for the total number complexes. Additionally, they would like to know how many apartments per complex.

Any information you could send us would be great. Even if it's a list we need to build on.

Thanks!

Subject: Recycling Project

Just wanted to give you both a heads up regarding the recycling project. It is coming together at the late hour

32 MSU students and admin coming to do a soft launch of the recycling effort.

national guard has approved to have a few at the pods to give out the recycle bags and others will be at the new warehouse site. Henrik has made the arrangements for 2 pallets of water to be there.

No other needs at this time.

They have lunch provided and their transportation provided.

we will keep you posted.

We are working to see if we can provide the summary of volunteer groups we discussed and so you will have it for a week at a time.

Attached is the Water Response Team plan for tomorrow, Saturday, February 6th, 2016. The WRT's will continue to work on the 959 "No Contact Addresses" they started earlier today with. We have attached the maps and "No Contact Addresses", which are sorted by Area/Site number, to include the Franchise Addresses at the end of the list.

Thank you,

From: MSP-SEOCOPSC
Sent: Sunday, February 07, 2016 3:17 PM
To: MSP-SEOC5; Eickholt, Jay (MSP); MSP-EOC-MDLARA; Towne, Karen (LARA)
Subject: FW: Child Care Facilities Needing Water Resources
Attachments: Child Care Facilities.pdf

Importance: High

Jay,

Apparently Chris has had some questions concerning Child Care facilities (per attached list). Karen Towne has provided me with some insight as follows.

1 – Genesee Stem Academy
NFWS – 1609 Waldman Ave
2 – Richfield Academy Preschool
1 – Freeman Elementary
2 – Gloria's Little Angels
NFWS – Hartland Center Nursing Home
NFWS – Kiddie Trauma Child Care
4 – Wonder and Discovery Child Care
1 – Mott College Early Child Care
2 – Genesee County Head Start
3 – McFarland Senior Home
2 – Faith Kids Center
2 – Home Child Care
4 – 4110 Brownwell Blvd
0 – Davita Dialysis
4 – 1710 Welch Blvd.
2 – Childcare Facility
3 – Women's Health Center
1 – St. Paul Lutheran Early School
4 – AFC Claudette Lakes

Amy-Rice – 1014 Beard Road (private residence? – St. Paul Lutheran Early School is mentioned above referencing Amy Rice)

1 = School – Faucet Replacement Phase 1
2 = Child Care – Faucet Replacement Phase 2
3 = Adult Foster Care – Faucet Replacement Phase 3
4 = Small (6 or less) residential – regular service by volunteers
0 – Dialysis & Hospital – No Action needed
NFWS – Address is Not on Flint Water System

Phase 1 indicates that LARA will be replacing all water faucets (there are 40 in total)
Phase 2 will be identified Early Childhood Development sites that are licensed for 7 or more children
Phase 3 will address Adult Foster Care facilities
Licensed facilities (homes) that have 6 or less children should be addressed as private homes

It is my understanding, once the faucets have been replaced in these phases by LARA, no further actions will take place.

LARA will be sending out letters to all facilities that are shown to NOT be on the Flint Water System and ask them to contact if information is incorrect.

Karen, if I have incorrectly laid any of this out, please feel free to respond and correct. THANKS!

Jackie,

I spoke to LARA after we received this email on Thursday and it was their understanding the request below was a one-time thing to get supplies to the childcare facilities, but Chris DeVriendt again mentions an AFN list that is given to the ARC and to me indicates an ongoing distribution. We just want to make sure nothing falls thru the cracks as it appears these emails are only being send to Recovery/Brianna. Hopefully we can get on the same page and not duplicating efforts or performing roles at the SEOC that should be at a local level.

Thanks,

Carly

Subject: Child Care Facilities Needing Water Resources

Dear Brianna/OPS,

Team Rubicon attempted to make contact on all agencies listed in Task Assignment SEOC – 2152092. I removed the Hurley Hospital reference due to the impracticality of providing assistance to an agency that already far exceeds any standard of relief that we can offer. The attached list should be added to the AFN list that ARC services and supplies should be distributed as indicated on the list and at the direction of the State.

Please keep me in the loop as to supplies being authorized for 'for profit' agencies as this will have a huge impact on my operations at the local level.

I'm not sure of the best way to 'close out' this Req so I will pass it on to one of the State gurus down here for action on the actual ticket.

Incident Briefing (ARC ICS 201)

Incident Summary

Damaged infrastructure and the leaching of lead into the city's water caused damage to public and private water infrastructure and has caused or threatened to cause elevated blood lead levels especially in the population of children and pregnant women. The water situation has resulted in an immediate threat to public health and safety and disrupted vital community services. The city, county, and state have all declared a State of Emergency and have begun distributing required resources on a city-wide level. Flint has a population of just under ***100,000*** people, approximately ***45,000*** households. To date, the American Red Cross volunteers distributed approximately ***28,508*** cases of water, and ***18,965*** filter systems/ replacement units; all material resources for distribution have been procured by the state. The filters have a 3-month lifespan so there will be a need to distribute more filters and distribute information to residents.

Incident Summary

- ARC has been coordinating with the United Way of Genesee County (since September) for the local distribution of water filters and information and has been communicating with local government, and other partners.
- The ARC has been in daily contact with the Genesee County EMA.
- ARC is actively participating with the Health Department, the UWGC, and other partners to further evaluate all of the local community assets and develop a filter distribution plan in coordination and support of the County EOC's plan.
- The ARC is NOT actively fundraising for this event because the State EOC has indicated there are substantial inventories of bottled water and filters available. Additionally, financial resources are available from the State of Michigan and the United Way of Genesee County.
- The ARC has been working with the Genesee County Health Department since December on a neighborhood canvassing and information distribution plan using numerous local partners (UWGC, nonprofits, churches, neighborhood groups, etc.).
- On 01/05/2016 the State of Michigan issued an emergency declaration.
- On 01/07/2016, the ARC and other local organizations initiated door to door canvassing to distribute water, water filters, and replacement filters.
- On 01/07/2016 both the Genesee County Emergency Operations Center (EOC) and the State EOC (in Lansing) opened and has been staffed by the ARC; furthermore, a Joint Information Center (JIC) in coordination with the Sate EOC was opened in Lansing which has also been staffed by the ARC.
- On 01/09/2016 an ARC DR was established and DR# issued.
- On 01/09/2016 the ARC was asked by the State EOC to move bottled water from local warehouses to distribution points throughout the City of Flint.
- On 1/10/2016, we staffed 5 fire stations for two shifts with Red Cross Volunteers to help with distribution of water and filters.
- On 1/10/2016, we staffed distribution sites for the State and EMA.
- On 1/10/2016, there was one government liaison at the SEOC, one government liaison at the EOC and a government liaison at the headquarters.
- On 1/13/2016, we started planning for mobile Bulk Distribution.
- On 1/13/2016, opened a Volunteer Reception Center (VRC).

Flint MI 1/16 Water Crisis	DR 806-16	0700 2016/01/25 to 0700 2016/01/26

- On 1/14/2016, started preparing for mobile Bulk Distribution to begin Friday 1/15/2016.
- On 1/15/2016, conducted 5 mobile Bulk Distribution routes.
- On 1/15/2016, distribution teams visited homes, distributed cases of water, and filters.
- On 1/17/2016, provided meals to event based volunteers and partner responders. Added 5 more Bulk distribution routes.
- On 1/17/2016, turned the Distribution Site of all Fire Stations over to the National Guard.
- On 1/18 /2016, the Mobile Distribution Team delivered to numerous homes.
- On 1/18/2016, provided meals to event based volunteers and partner responders.
- On 1/20/2016 additional mobile routes added making a total of 11.
- On 1/20/2016 VRC assembled many water test kits.
- On 1/20/2016 American Red Cross has been removed as an in-kind donation drop off site.
- On 1/20/2016 VRC representative was interviewed on national news.
- On 1/23/2016 the American Red Cross set up a data center at the International Academy of Flint
- On 1/23/2016 with the numerous influxes of volunteers, operations were able to facilitate 40 Mobile distribution Routes with 5 to 6 individuals per route.
- On 1/23/2016 the Distribution Warehouse Site was staffed with 30 Event Based Volunteers.
- On 1/23/2016 conducted discussions with successes and troubleshooting on operational structures.
- On 1/24/2016 the Flint International Institute was open and we had 20 Event Based Volunteers conducting data entry.
- On 1/24/2016 we successfully launched 19 Mobile Distribution units.

Flint MI 1/16 Water Crisis	DR 806-16	0700 2016/01/25 to 0700 2016/01/26

Incident Objectives (ARC ICS 202)

Incident Priorities

1. Support EMA Bulk Distribution
2. Government Operations
3. Event Volunteer Recruitment and Management
4. Convene Community Partners
5. Distribute Public Information and Educational Materials

Incident Objectives

1. Support Bulk Distribution in Genesee County
   - ~~a. Staff fixed EMA managed distribution sites~~
   - ~~b. Staff and support distribution warehouse~~
   - ~~c. Support resupply activities at points of distribution~~
   - ~~d. Integrate HFPC activities with other distribution needs~~
   - e. Conduct mobile Bulk Distribution
   - f. Planning and coordinating rapid response teams
2. Conduct Government Operations in:
   - a. Genesee County
     - i. Staff local EOC
     - ii. Provide liaisons to other ad hoc local government led committees and planning groups
   - b. State of Michigan
     - i. Staff the State EOC
     - ii. Provide liaisons to other ad hoc state government led committees and planning groups
     - ~~iii. Staff JIC~~
3. Recruit, train and assign event based volunteers
   - a. Genesee County
     - i. Operate VRC
     - ii. Coordinate training and assignment of partner organization volunteers
4. Convene Community Partners
   - a. Facilitate the convening of local community partners
   - b. Facilitate the convening of state level community partners (MIVOAD)
   - c. Develop strategies for leveraging and delivering community and organizational resources
   - d. Provide forum for sharing and coordination of information and service delivery
   - e. Develop short, intermediate, and long term strategies with local and state community and government partners to address the availability of potable water and protection of community health
5. Provide public information and education in Genesee County
   - a. Staff and Support the Joint Information Center
   - b. Enhance Red Cross exposure and presence in the community

Safety Message (ARC ICS 208)

General Safety

- Use appropriate precautions when consuming water. Drink filtered water.
- Be prepared for sub-zero wind chills.
- Carry a fully charged cell phone or other communication device.
- Do not wear flashy jewelry and leave valuables at home.
- Familiarize yourself with your assigned neighborhood and route before you head out. Follow your route, and communicate any changes to the route to your point of contact.
- Before going out into the community, make sure you have the phone number of your assigned contact person.
- Exchange phone numbers with your volunteer group members as well and keep your cell phone in an accessible place in case anyone needs to reach you.
- Bring writing utensils with you to complete documentation that may be necessary during the event.
- Be alert and observant. Always pay attention to your surroundings.
- Trust your instincts and feelings. Your own "gut" is often the best way to detect potentially unsafe situations.
- Use common sense and good judgment when walking in neighborhoods and approaching homes.
- Remember, you represent the American Red Cross and other community organizations.
- Do not approach a home or walk on a property if you do not feel safe. Some signs to look for:
    - o Unsecured dogs outside,
    - o Boarded, broken windows or doors, or
    - o People yelling, fighting, drinking, using drugs or other signs of unsafe conditions inside the home or on the property.
- Leave the property immediately if you are asked to do so.
- Do not approach homes with signs such as "No Trespassing" or "No Soliciting."
- Be vigilant around animals you encounter outside and in the home. These are not your pets. You do not know how they will behave.
- Do not leave information in anyone's mailbox. Mailboxes are federal property and it is illegal to tamper with them.
- Stay in contact with your contact person and follow all rules and guidance they provide.
- If you feel you are in danger, call 911 immediately.
- ALL EBV's visiting to HQ, please park in the auxiliary lot on the northeast side of our building, across Grand Traverse St. per Tony Lasher's (Executive Director: East Central Bay) request.
- Personnel (especially mobile distribution workers) should be prepared to work outside in wind chill temperatures in the single digits. Layer in heavy gear for the weather.
- Drivers should be prepared to and comfortable with driving in rapidly changing severe winter weather conditions including snow and ice. Mobile distribution workers should be aware that walking conditions may include ice, snow, rain, and un-shoveled sidewalks/driveways.
- Warehouse workers and bulk distribution workers need to be able to repetitively lift at least 50lbs.
- Beginning Friday, January 22nd and continuing indefinitely, all Red Cross volunteers and staff must begin parking off site every day at the locations listed below. We understand that this is inconvenient

Prepared By:	*Name*	
Julio Montemayor	AD Planning	

and frustrating. In addition to normal chapter operations, we have a large influx of spontaneous volunteers that need to park on-site and there is not enough parking spaces.

- **Please know that busses will be making laps between 6:45 am and 7:45 am. If you arrive after 7:45 am, please call 571-439-1763 to have a bus pick you up. Drivers can be found in the lobby when you're ready to leave. Busses are available until the last person leaves for the day.**
  - **Monday – Friday**
    First Trinity Missionary Baptist Church Parking Lot
    1235 Church St.
  - **Saturday - Sunday:**
    645 Church St. Parking Lot

1. Incident Name:	2. Incident Number:	3. Operational Period:

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
Multifamily Midwest Region
Detroit Satellite Office
477 Michigan Ave.
Detroit, MI 48226

January 19, 2016

To whom it may concern:

SUBJECT: Temporary use of Reserve for Replacement funds for purchase of water filters in HUD-assisted and FHA-insured properties located in Flint, Michigan

On January 16, 2016, President Barack Obama declared a federal emergency in the City of Flint, Michigan due to the presence of contaminants in drinking water. In response to this declaration, the Detroit Satellite Office is encouraging the use of Reserve for Replacement escrow funds for the purchase of water filters intended for use in tenant units.

To ensure a timely use of Reserve for Replacement funds and that tenants receive the greatest benefit from the use of these filters, receipts/invoices should be dated no later than February 19, 2016. Reimbursement for the purchase of these items should otherwise follow all normal rules and procedures, including the retaining of receipts or other purchase documents.

As with all other Reserve for Replacement draws, please direct the requests to Det.Incoming@hud.gov for processing. If you have any questions, or need additional information, please contact Joshua Osborne, Branch Chief, at (313) 234-7340 or Joshua.R.Osborne@hud.gov.

Sincerely,

Barbara Chiapella
Director of Asset Management
Detroit Multifamily Satellite Office

310 W Oakley Genesee Stem Academy Gwen Harvey 801.600.6466 No unmet needs
1609 Waldman Ave no answer, no unmet needs yesterday

From: Paula K. Zelenko <p.zelenko@burtonmi.gov>
Sent: Friday, February 19, 2016 3:29 PM
To: MSP-SEOC5
Subject: FW: Flint Water Issues

Ms. Spencer;
This is another request for information from February. In conversation with Commissioner Curtis and Ms. Braun, my requests to them was forwarded on to someone else for response. I have not received any follow up information. Any assistance you can give is greatly appreciated.
Thank you,
Mayor Z

To: Jamie W. Curtis (jcurtis@co.genesee.mi.us)
Subject: Flint Water Issues

Commissioner Curtis;

I wanted to thank you, again for attending the city council meeting last night. Your presence has been a vital part of confirming to the Burton City Council and residents that my administration has, indeed, been taking action to assist our residents and businesses that are receiving their water via the City of Flint.

I have received the flyer you had sent over this morning regarding the Flint Water Community Training. We will get this out to our affected residents and businesses.

In efforts to stay consistent with the EOC operations, I am looking for guidance when responding to affected Burton residents and businesses. The following are the questions we are getting on a regular basis. I would appreciate knowing how the City of Flint is answering these questions :

1. I see in the media that Flint residents are getting help with paying their water bills. What help is available for the Burton residents and how do we apply?
2. I see that Flint residents don't have to pay, why do I?
3. Where do I go for free blood testing? What number do I call? Do I need an appointment?
4. Can I stop at any of the Flint water distribution centers for water, filters, and test kits? (We have been telling them yes.)
5. Is Bendle Schools going to get assistance in the form of a school nurse?
6. Are fixtures going to be replaced in Burton daycares affected by this water crisis?
7. How do I go about getting my children tested for lead levels and if they have high lead levels in the blood, how do I sign up for the diagnostic testing, nurse visits, and environmental assessments in my home?
8. I am having difficulty talking to someone at 211. Is there a better number to call to get my questions answered?

Any guidance you can supply is greatly appreciated. The perception among most of these affected Burton residents is that they are being left out and not receiving the services that Flint residents are receiving. I believe this is due to the media focus.

We are trying to put together a FAQ flyer to deliver to our residents on how to take advantage of the services they are entitled. If you already have such a flyer, could you forward some to us?

Thank you for all your help,

Mayor Zelenko

Subject: FW: Franchise Customers
Attachments: franchisecustomerlist.zip

This should help- I spoke with Mt. Morris Twp Supervisor Larry green and he indicated they only had 1 franchise customer right now due to their franchise customers are rental properties. Not sure if that has changed in the last week

Subject: FW: Franchise Customers

Hello, just received this. Sean Kammer attended the meeting yesterday and advised he would provide the list of residents outside the city limits that are receiving Flint. As you can see, he did provide the list but only after complaints instead of automatically sending it to avoid this. I have messages into Tamara Brickey, Public Health Division Director - Genesee County Health Department, asking for updates, issues, etc. Will let you know what I find out. BJ

Subject: Franchise Customers

All,

I'm getting reports that franchise customers receiving Flint water who reside outside the City of Flint are being turned away when trying to get filters. I have attached the lists of franchise customers who live in neighboring communities. These customers should be able to get filters. Please circulate these lists to all of the distribution sites far-and-wide. Please let me know if there is any other information I can share that will be helpful.

Thank you,

--

Very helpful. This list could remove over half of the addresses we have listed as being on Flint Water with NO Contact. Could you reach out to the other franchises (Flint Township, Mt. Morris, etc) that also pick up their cities filters/water?

Good Morning Jay,

Could you possibly get the addresses from Burton that they distribute these filters to? It may allow us to reduce the list we received from GIS.

Thanks,

Bridget Spencer
SEOC Recovery Branch

Importance: High

Finished, please add this residence to the AFN list.

****

RRT Report:
Our team visited this address at 9:00this morning. They found an elderly couple residing there; the lady is using a walker and her husband does not drive. They have a filter but needed a replacement cartridge which was installed and bottled water was left with them.

211 Report
We looked into this situation a few different ways. The name is in our database as requesting water on 1/31 and 2/18, but nothing on 2/13. The staff that took the call on 2/18 didn't make note of not receiving water from a previous request.

Also, they reported not getting a call back, but the phone number isn't showing that they called our call system, could it be another number? Our call back system is automatic and we leave a message when we don't reach someone, however occasionally voicemail is full/not set up, etc. The system report says we did have 11 calls abandoned (out of 108 on the 13th). If the call came in and abandoned/hung up, it'd still show, but that number doesn't show on our call report.

I'm sorry, I don't have much to show about a call on the 13th. The request from yesterday was included on the list sent over this morning (also attached). They called at 8:44pm last night.
****

As highlighted by the 211 report, this is becoming problematic. I did not receive the request from the GOV until 2/19/2016. By the time the request was forwarded to me, the caller had (re)called 211 and gotten on the 211 list again. Each time a RRT is diverted to provide individual attention, it detracts exponentially from the daily mission and those 211 callers that have already been waiting up to 3 days for a delivery. This is not 'pizza delivery' and the perception of instant delivery needs to be countered on every level and at every opportunity.

Water Distribution Summary

Operational Period #5

On Saturday, February 13, 2016, operation period # began at 09:00 hours and lasted until 13:00 hours. During this period at total of 9 personnel from the City of Burton Fire Department participated. Station #1 located at 2031 E. Bristol Rd. was opened at 09:00 hours and remained open until 13:00 hours for City of Burton residents and businesses that are serviced by the City of Flint water system to stop in and pick up bottled water. The station was manned by two (2) personnel the entire time. The remaining seven (7) personnel loaded bottled water into S-1 and made deliveries to all the residential addresses in the City of Burton who are serviced by the City of Flint water system. All residents and businesses, whether pick-up or delivery, were allotted five (5) cases of bottled water.

- One (1) resident picked up water at the station.
- No businesses picked up water.
- Water was delivered to a total of 50 residences.
- Three residents refused the donation.

Water Distribution Summary

Operational Period #3

On Saturday, February 6, 2016, operation period #3 began at 12:00 hours and lasted until 15:30 hours. During this period Fire Station #1 located at 2031 E. Bristol Rd. was opened up to the public so the residents that live in the City of Burton who are on the City of Flint water system could come to the station and pick up bottled water. During this time frame only two residents showed up to pick up bottled water. Both residents were given four (4) cases of bottled water. Those two residents lived at:

Water Distribution Summary

Operational Period #4

On Saturday, February 6, 2016, operation period #4 began at 15:00 hours and lasted until 17:30 hours. During this period at total of 6 personnel from the City of Burton Fire Department loaded Squad 1 with cases of bottled water and went and delivered to as many residents as possible who did not show up to pick up bottled water during operation period #3. Bottled water was only delivered to residential addresses. We were able to successfully deliver to 48 addresses. Each address we delivered water to was given four (4) cases of water. There were two (2) addresses where the residents refused the donation, two (2) addresses where the residents picked up water in Operation Period #3, and 20 addresses where no one was home.

Water Distribution Summary

Operational Period #1

On Saturday, January 30, 2016, operation period #1 began at 10:00 hours and lasted until 12:30 hours. A total of 13 fire department personnel participated using three (3) fire department vehicles and distributed 3 cases of bottled water to each of 60 addresses in the City of Burton that are serviced by the City of Flint water system. The Squad 1's crew was Battalion Chief Lachcik, Captain Lincoln, Firefighter Miller, Firefighter Haubenstricker, Firefighter Killey, and Firefighter Burger. Squad 1 was used to distribute bottled water to addresses on Menominee St. and Hemphill Rd. Squad 2's crew was Battalion Chief Don Schreiber II, Firefighter Fletcher, Firefighter Hedrick, Firefighter Gordon, Firefighter Raber, and Firefighter Schreiber III. Squad 2 was used to distribute bottled water to addresses on Cheyenne St., Dort Hwy. and Red Arrow Dr. Fliers were also given to every resident that contact was made with and left on the doors where there was no answer. Several businesses on the address list were found to be vacant as were two homes on Cheyenne St. There was also one business which refused the donation. Chief 2 also went along to provide additional support. There were 18 residences, all of which were on Menominee St. and Cheyenne St. were we received no answer.

Breakdown of the 89 addresses on the list:

- 56 residential addresses with successful water deliveries
- 18 residential addresses with no answer / letter left
- 2 vacant residential addresses
- 1 vacant lot
- 1 business refused a donation
- 4 businesses accepted donations
- 2 business that were closed / letter left
- 5 businesses were vacant

Jay,
Any additional information on the below request. Who requested these trucks? Please provide more information. Logistics is inquiring. Does this request include trucks for the Southern Baptist Volunteer Group coming in next week.
Thanks, Renee

Some of these are located outside of the City of Flint and are not franchise water customers. I am reducing the list based on those factors and prioritizing according to need. The Valley Area on Aging (VAAA) is working on a new list for me that should include more locations. They should have the list by Monday.

FYI Jay is doing a GREAT JOB!

Subject: MSHDA - FYI

Dear MSP Team:

Thank you for your help on Friday with the two large rental apartment complexes that needed additional supplies. Much appreciated.

In the spirit of keeping you in the loop, I have attached a document with 453 confidential home addresses to various individuals in the City of Flint. For these addresses, we have asked each landlord to be sure to install water filters for tenants living at these locations. While we anticipate most landlords have made contact and installed water filters, our team will be doing some follow-up during the week of February 2nd to ensure landlord compliance.

At this time, we don't need anything, I simply wanted to make you aware that MSHDA had communicated with landlords associated with these distinct 453 units and asked them to install filters and we'll be following up in a week's time to ensure that has been completed. As you know, we distributed nearly 1,500 of the 2,000 filters last Saturday to

our larger complex units – you should have that spreadsheet as well. The remaining 500 filters have been and will be used for these said addresses. I had promised to get you those addresses last week and I am just following up with that information now.

Thank you for your time,

Brian Mills

Subject: Potential Assistance Programs

State Emergency Management Coordinator:

As discussed in this morning's briefing, your agency has been identified to research potential assistance programs (private, state, federal, etc.) that may be available to address the short- and long-term recovery needs in response to the Flint water incident. Earl Zuelke, FEMA Long-Term Recovery, has made contact with some federal agencies to assist with this research. Feel free to touch base with him in the SEOC.

Attached is a copy of the Non-Stafford Act Recovery Guide. Appendix 2 (pg. 24-26) provides a list of some potential federal programs. This list is **not** all-encompassing; however, it will provide a starting point if any of these programs may apply to the response and recovery for this incident.

Provide the following information, *at a minimum*, on potential assistance programs for individuals and/or government support in response to this incident:

- Program Name
- Agency Responsible for program
- Point of Contact
- Type of Support (Individual or Government)
- Eligibility Guidelines
- Benefits Available
- Application Process

This information shall be submitted to Brianna Briggs, the Recovery Branch Chief, at briggsb3@michigan.gov by **COB Friday, January 15.**

Let Brianna (cell phone below) know if you have any questions on this request.

Thank you,

Brianna Briggs
Recovery Branch Director

To: Clover Adams, Jamie (MDARD); Wenk, Gordon (MDARD); Blakely, Matthew (MDARD); Tyszkiewicz, Maria (MDARD); Anastor, Peter (MDARD); Nyquist, Nancy (MDARD); Besey, Kevin (MDARD); Walker, Sandra (MDARD); Tederington, Thomas (MDARD); Beerbower, Byron (MDARD); Averill, James (MDARD); Johnson, James (MDARD); Alessandri, Gina (MDARD); Holton, Jennifer (MDARD); Throne, Heather (MDARD)
Subject: Today's Update

This is what I provided for today's Situation Report: Primary activities today: coordination with FDA Detroit District on their and MDARD's upcoming activities related to food, inquiry into a possible animal facility requiring follow up; draft of a document outlining federal resources that may be available to assist with broader recovery issues.

I talked with Lisa Joseph of FDA Detroit District, who said FDA is planning to conduct inspections at 5 watering points at Flint Bishop Airport starting on Tuesday, 1/19/15. They also plan to conduct a seafood HACCP inspection on Donlan Fisheries to determine the status of their water use (they were using municipal water in October and had not yet received a filter) to process seafood/make ice, and they will let us know. I confirmed that she had our updated Requirements documents and shared what our plans are for this coming week.

Confirmed that one of the locations in USA Herds with a Flint address appears to be in an area served by City water; though the premise is listed as inactive in our database, Animal Industry will visit the location to check status.

Started a Resource Document – State Emergency Operations Center wants a document containing applicable potential resources available for long term recovery; SEOC has requested this back by COB Tuesday (Peter, Nancy, and Maria – need you to review/edit/add to by 4pm Tuesday). I only included some USDA grants/loans info I could find. If there's more please add.

With the Governor's request for a federal Emergency Declaration approved, FEMA's Incident Mgmt Team will be coming in tonight / tomorrow and will be looking to coordinate with state agencies. Byron Beerbower has agreed to come in for Sunday morning, and afternoon if necessary; I will be available by phone and be back in the SEOC Monday.

FDD asked for a resource request for a meeting place for Wednesday for training on water sampling; it has not been submitted since we need more details (start time, how long we need the room for, etc.)

Provided an update to the SEOC on Indiana's HPAI outbreak.

Brianna,

I know that Sonya Butler provided information for the Drinking Water Revolving Fund program for DEQ. DEQ is still researching other funding options and will let you know if we come up with anything else.

Thanks,
Amy Epkey, Administration Deputy Director
Michigan Department of Environmental Quality

State Emergency Management Coordinator:

As discussed in this morning's briefing, your agency has been identified to research potential assistance programs (private, state, federal, etc.) that may be available to address the short- and long-term recovery needs in response to the Flint water incident. Earl Zuelke, FEMA Long-Term Recovery, has made contact with some federal agencies to assist with this research. Feel free to touch base with him in the SEOC.

Attached is a copy of the Non-Stafford Act Recovery Guide. Appendix 2 (pg. 24-26) provides a list of some potential federal programs. This list is not all-encompassing; however, it will provide a starting point if any of these programs may apply to the response and recovery for this incident.

Provide the following information, *at a minimum*, on potential assistance programs for individuals and/or government support in response to this incident:

- Program Name
- Agency Responsible for program
- Point of Contact
- Type of Support (Individual or Government)
- Eligibility Guidelines
- Benefits Available
- Application Process

This information shall be submitted to Brianna Briggs, the Recovery Branch Chief, at briggsb3@michigan.gov by **COB Friday, January 15.**

Let Brianna (cell phone below) know if you have any questions on this request.

Thank you,

Brianna Briggs
Recovery Branch Director

Ms. Briggs,

Here is my list of possible Flint recovery resources.

I will continue to add recovery resources as I find them.

Hope this is helpful. Please provide feedback if I'm off track and you are seeking different information.

Thanks,

Program:	Lead Safe Home Registry
Responsible Agency:	MDHHS
Point of Contact:	www.michigan.gov/ismyhomeleadsafe
Type of Support:	Individual
Eligibility Guidelines:	N/A
Benefits Available:	This online registry is a listing of single-family homes, duplexes, apartments, and daycare homes and centers that have received a professional lead service. This could be one that identified lead paint or one that has removed lead paint hazards. These services have been performed by state

	certified lead professionals or companies. Users search a specific address within the registry.
Application Process:	N/A

Program:	Women, Infants, and Children (WIC) program
Responsible Agency:	MDHHS
Point of Contact:	(517) 335-8979
Type of Support:	Individual
Eligibility Guidelines:	The Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) is a federally-funded program that serves low and moderate income pregnant, breastfeeding, and postpartum women, infants, and children up to age 5 who have a nutrition-related health problem. Determine eligibility online at: https://wiccp.state.mi.us/clientportal/WebForms/Eligibility/WICEligCheck.aspx
Benefits Available:	In addition to food benefits for women, infants, and children, Registered Dietitians at WIC provide individualized high risk nutrition counseling for participants with special medical conditions or nutrition-related health issues, such as lead exposure/poisoning. WIC will also provide lead screening referrals. The program monitors lead levels through MIWIC, which is interfaced with MCIR.
Application Process:	Online at https://wiccp.state.mi.us/clientportal/WebForms/Eligibility/WICEligCheck.aspx or go to local WIC office

Program:	Head Start
Responsible Agency:	MDHHS
Point of Contact:	(517) 482-1504
Type of Support:	Individual
Eligibility Guidelines:	N/A
Benefits Available:	Information and referrals Callers to Head Start will be asked if they are in the Head Start Program. If the family is enrolled in the program, Head Start will : • Determine if the family has been tested for lead. • If they have not been tested, they will be referred to their local health department to obtain the testing. • If they have been tested and the blood lead levels are above 5 parts per billion, Head Start will recommend further testing through the local health department or the family's healthcare provider. If the family is not enrolled in the program, Head Start will: • Refer the family to the local health department for lead testing and other services. • Refer the family to WIC.
Application Process:	Contact Head Start for information

Program:	Community Development Grants
Responsible Agency:	Michigan Strategic Fund Michigan Economic Development Authority (MEDC)
Point of Contact:	CDDmailbox@michigan.gov or via the CDD Office main telephone line at 517.373.1974.
Type of Support:	Local governments and non-profit agencies.
Eligibility Guidelines:	Refer to individual programs for eligibility information
Benefits Available:	Effective January 19, 2016, the majority of the MSHDA and MEDC Community Development staff and Downtown & Community Services staff will merge together under the Michigan Strategic Fund (MSF) in a new group called the Collaborative Community Development (CCD) team. This division oversees the following grants: BLIGHT ELIMINATION PROGRAM • The program is designed to provide financial assistance to communities to make physical

	improvements to residential neighborhoods through blight removal of vacant residential structures that are publically owned. HOMEBUYER ACQUISITION AND REHAB PROGRAM • Homebuyer assistance is used to expand homeownership opportunities for income-eligible homebuyers through the acquisition, rehabilitation or new construction of single-family units. Funds may be used to help buyers qualify for conventional financing or to rehabilitate existing units offered for sale in the local market. HOMEOWNER REHAB ASSISTANCE PROGRAM • Homeowner assistance is used to improve the principal residence of income-eligible homeowners. Repayment for assistance other than emergency repair is required upon sale or transfer of the property to a new owner or if the property is no longer occupied by the borrower, which is ensured through a lien on the property. PRE-DEVELOPMENT LOAN PROGRAM • The Pre-Development Loan Program (PDL) provides interest-free capital for costs incurred prior to the development of certain housing projects. RENTAL REHAB PROGRAM • The rental program provides quality, safe and affordable rental housing in vibrant places by granting financial resources to our local and statewide partners. Priority of properties is moving toward being inclusive of a wide range of building types that can create an assortment of urban conditions: downtown mixed-use buildings, semi-detached and attached duplexes, front/ rear/stacked row houses, townhomes and stacked flats (restrictions apply).
Application Process:	Contact the Community Assistance Team East Michigan Rep: Emanuel Odom 810-941-2358 Odome1@michigan.org

Program:	Michigan Neighborhood Stabilization 2
Responsible Agency:	Michigan State Housing Development Authority
Point of Contact:	MSHDA at (517) 373-8370 Michele Wildman wildmanm@michigan.gov
Support:	Local government, economic development agencies, consortiums, etc.
Eligibility Guidelines:	These funds are for 93 census tracts in the cities of Detroit, Highland Park, Hamtramck, Wyandotte, Flint, Saginaw, Pontiac, Lansing, Battle Creek, Kalamazoo, Grand Rapids and Benton Harbor.
Benefits Available:	Generally, the money must be used to buy, fix up, and resell or demolish foreclosed and abandoned homes. As long as the funds are used for this redevelopment, MSHDA governs how to use the funds and what specific redevelopment activities to undertake in Michigan.
Application Process:	Contact Michelle Wildman at MSHDA (see above)

Program:	Safe Homes/Safe Kids
Responsible Agency:	Michigan Alliance for Lead Safe Housing
Point of Contact:	602 W. Ionia Street Lansing, MI 48933 leadsafemi@gmail.com
Type of Support:	Individuals
Eligibility Guidelines:	N/A
Benefits Available:	Coalition that promotes lead safe homes through education and outreach
Application Process:	N/A

Program:	Michigan – Health Profession Opportunity Grants (HPOG)
Responsible Agency:	Office of Family Assistance Administration for Children and Families US Department of Health and Human Services
Point of Contact:	Volunteers of America – Michigan 21415 Civic Center Drive Southfield, MI 48706-3909 Brad Atchison 313-451-0372 batchison@voami.gov
Type of Support:	Individual
Eligibility Guidelines:	Must be enrolled in the Temporary Assistance for Needy Families
Benefits Available:	HPOG participants enroll in a variety of training and education programs that result in an employer or industry recognized certificate or degree. The most common training programs include those for nurse aides, home health aides, licensed and vocational nurses, registered nurses, medical assistants, pharmacy technicians, and phlebotomists. Many programs have been designed as career pathways – connecting progressive levels of education and training with employment opportunities.
Application Process:	Apply through Volunteers of America – Michigan, contact Brad Atchison at phone/email above

Program:	Community Service Block Grant (formerly social services block grants)
Responsible Agency:	US Department of Health and Human Services through MDHHS – Bureau of Maternal, Child, and Family Health
Point of Contact:	Program Specialist FEMA V: James Gray (p) 202-401-5705 James.Gray@acf.hhs.gov Social Services Program Specialist Lynwood McDaniel Jr. (p) 202-401-4627 (f) 202-401-5718 Lynwood.McDaniel@acf.hhs.gov CSBG – Michigan Office of Community Services Director: Paula Kaiser-Van Dam (p) 517-599-4084 or 517-241-0638 Email: KaiserP@michigan.gov Asst. Director: Kris Schoenow (p) 517-373-8896 Email: Schoenowk@michigan.gov http://www.acf.hhs.gov/programs/ocs/programs/csbg
Type of Support:	State government
Eligibility Guidelines:	All states are eligible to apply.
Benefits Available:	SSBGs fund a variety of initiatives for children and adults including: Daycare Substance Abuse Protective Services Adoption Special services to persons w/disabilities Health related services Foster care Transportation Housing Employment services Home-delivered meals Independent/transitional living
Application Process:	To qualify for FY 2016 CSBG funding, States must submit their State plan applications to the Office of Community Services (OCS) by September 1, 2015 using the new CSBG Model State Plan format. States will submit their information electronically through the Administration for Children and Families' (ACF) Online Data Collection (OLDC) system.

Type of Support:	State and local governments, economic development organizations, etc.
Eligibility Guidelines:	Declaration of a disaster by the President or other Federal declarations An eligible applicant may be a state, city, or other political subdivisions of a state; or a consortium of political subdivisions, an economic development district, or a public or private nonprofit organization or association acting in cooperation with officials of a political subdivision; an institution of higher education, or a consortium of institutions of higher education; or an Indian tribe.
Benefits Available:	Through the EAA program, EDA provides investments that support a wide range of construction and non-construction activities (including infrastructure, design and engineering, technical assistance, economic recovery strategies, and capitalization or re-capitalization of Revolving Loan Funds (RLF)) in regions experiencing severe economic dislocations that may occur suddenly or over time. EDA utilizes EAA investments to provide resources that help communities experiencing or anticipating economic dislocations to plan and implement specific solutions to leverage their existing regional economic advantages to support economic development and job creation. Like Public Works investments, EAA investments are designed to help communities catalyze public-private partnerships to foster collaboration, attract investment, create jobs, and foster economic resiliency and prosperity.
Application Process:	An applicant may obtain the appropriate proposal or application package electronically at www.grants.gov (Grants.gov). Applicants may search for this funding opportunity on Grants.gov using Funding Opportunity Number "EDAP2016". All components of the appropriate application package may be accessed and downloaded (in a screen-fillable format) at http://www.grants.gov/applicants/apply_for_grants.jsp. The preferred electronic file format for attachments is Adobe portable document format (PDF); however, EDA will accept electronic files in Microsoft Word, WordPerfect, or Microsoft Excel.

Program:	The Flint Child Health and Development Fund
Responsible Agency:	Community Foundation of Greater Flint (CFGF)
Point of Contact:	Community Foundation of Greater Flint 500 S. Saginaw Street, Suite 200 Flint, MI 48502 810- 767-8270 Kathi Horton, President khorton@cfgf.org Ann Marie Van Duyne Vice President of Philanthropic Services avanduyne@cfgf.org
Type of Support:	Charitable organizations that provide aid to children and families.
Eligibility Guidelines:	Grant requests must have direct relevance to the residents of Genesee County. If a request includes activity outside of Genesee County, then the clear preponderance of activity must be within Genesee County.

	Grants for sectarian religious purposes or any religious activities are not eligible. Grants will not be made for loans, debt reduction or annual appeals.
Benefits Available:	The Flint Child Health & Development Fund supports the delivery of critical public health, medical, and community-based services and interventions that address and mitigate the short and long term impacts experienced by Flint, Michigan families exposed to lead as the result of the 2014-2016 Flint Water Crisis. The Flint Child Health & Development Fund supports charitable organizations that provide aid to children and families with interventions that support positive health outcomes. • Immediate response • Optimal child health & development • Early childhood education • Continuous access to a pediatric medical home • Access to infant and child behavioral health services • Nutrition education • Healthy food access • Safe & healthy home environments • Integrated social services • Research

Potential Recovery Assistance Programs f

Type of Support	(Ind. / Gov.)	Eligibility Guidelines
Low-interest loans for Individuals and Business who need to replace lead service lines to homes and businesses or replace / repair interior plumbing.		You must be in an SBA declared disaster area to be eligible for SBA disaster assistance.
Individuals age 60 and older		Any individual age 60 or older.
Individuals age 60 and older		Any individual age 60 or older who are unable to leave their home to obtain food or cannot prepare meals for themselves in their home.
Government - Example companies that retrofit corroded pipe typically for less cost than replacement.		None

or Flint Water Crisis

Benefits Available	Application Process
SBA provides low-interest disaster loans to businesses of all sizes, private non-profit organizations, homeowners, and renters. SBA disaster loans can be used to repair or replace the following items damaged or destroyed in a declared disaster: real estate, personal property, machinery and equipment, and inventory and business assets.	Go to: www.sba.gov/loans-grants
Provides nutritious meals at no cost for individuals age 60 and older.	None
Delivers to the home nutritious meals at no cost for individuals age 60 and older who are unable to leave their home to obtain food or cannot prepare meals for themselves in their home.	Indvidual assessment by Valley Area Agency on Aging staff.
HOBAS (CCFRPM) Pipes are centrifugally cast, glass-fiber-reinforced, polymer mortar. These large diameter pipes are ideally suited for nearly all corrosive piping applications. HOBAS pipes may be installed by a variety of installation methods. HOBAS pipes can be economically designed for non-pressure and pressure service by varying the quantity, placement, and orientation of the glass-fiber reinforcements.	Sales Office

Other

Flint not yet eligible as a Federally Declared Disaster.

HDM program may use a waitlist when demand exceeds funding.

An example of one possible solution using pipe lining sleeves in the worst lead leaching areas instead of digging up and replaceing transmission mains and services lines.

MICHIGAN DEPARTMENT OF TALENT AND ECONOMIC DEVELOPMENT

TED Assistance Programs for Individuals and/or Government:

MEDC MSF

Community Development

a. **Program Name: Redevelopment Ready Communities**
b. Agency Responsible for program: MEDC
c. Point of Contact: Jennifer Rigterink
d. Type of Support (Individual or Government): Government
e. Eligibility Guidelines: Flint is in the program and is an eligible applicant.
f. Benefits Available: Technical Assistance dollars that could be used for training on planning/marketing/crisis management, etc.
g. Application Process: Request from community

a. **Program Name: Core Communities Fund**
b. Agency Responsible for program: MEDC
c. Point of Contact: Katharine Czarnecki
d. Type of Support (Individual or Government): Government
e. Eligibility Guidelines: Flint is an eligible applicant as a Core Community
f. Benefits Available: Up to $250,000 is available to be used for economic development activities, infrastructure is eligible.
g. Application Process: Form for community to complete, but should work directly with MEDC staff

---

Capital Access

a. **Program Name: Collateral Support Program**
b. Agency Responsible for program: MEDC
c. Point of Contact: Chris Cook
d. Type of Support: Individual
e. Eligibility Guidelines: A federally regulated bank or credit union willing to provide new debt to a qualified for profit operating company. Borrower must be primarily operating in one of the following industries: manufacturing, wholesale & trade, research & development, mining, film & digital media productions, HQ office operations, or businesses that are qualified high technology businesses. Support limited to the lesser of 49.9% of the loan amount or $5,000,000. Fees of 1-3% of MSF support amount at closing and annually thereafter.
f. Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to a lack of collateral.
g. Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.

a. **Program Name: Loan Participation Program**
b. Agency Responsible for program: MEDC
c. Point of Contact: Chris Cook
d. Type of Support: Individual
e. Eligibility Guidelines: A federally regulated bank or credit union or certified development financial institution willing to provide new debt to a qualified for profit operating company. Borrower must be primarily operating in one of the following industries: manufacturing, wholesale & trade, research & development, mining, film & digital

media productions, HQ office operations, or businesses that are qualified high technology businesses. Support limited to the lesser of 49.9% of the loan amount or $5,000,000. Fees of 1-3% of MSF support amount at closing and annually thereafter.

f. Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to a lack of cash flow in the near term.
g. Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.

a. **Program Name: Loan Guaranty Program**
b. Agency Responsible for program: MEDC
c. Point of Contact: Chris Cook
d. Type of Support: Individual
e. Eligibility Guidelines: A federally regulated bank or credit union or certified development financial institution willing to provide new debt to a qualified for profit operating company. Support limited to not more than of 80% of the loan amount. Fees of 1-3% of MSF support amount at closing and annually thereafter.
f. Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to increased risk as determined by the senior lender.
g. Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.

a. **Program Name: Private Activity Bond**
b. Agency Responsible for program: MEDC
c. Point of Contact: Chris Cook
d. Type of Support: Individual
e. Eligibility Guidelines: Borrower must be primarily involved in manufacturing, be a not-for-profit corporation, or be a solid or hazardous waste disposal facility. Maximum bond amount is $1 million free of any restrictions on capital expenditures or $10 million subject to the condition that the company's total capital expenditure in the locality over the three years before and three years after the date of the issuance does not exceed $20 million. There is no size limit for bonds issued to finance solid or hazardous waste disposal facilities. Fees apply based on the amount of the bond
f. Benefits Available: Provide firms with capital cost savings stemming from the difference between taxable and tax-exempt interest rates.
g. Application Process: Applicant prepares an application for the bond and submits it to MSF staff. MSF considers an inducement resolution at its public meeting recognizing the public purpose of the project. Applicant structures the financing and bond counsel begins to prepare documents. MSF considers adoption of authorizing resolution.

Business Development

a. **Program Name – Michigan Business Development Program**
b. Agency Responsible for program – MEDC
c. Point of Contact – Josh Hundt
d. Type of Support (Individual or Government) – Government
e. Eligibility Guidelines – job creation and private investment by expanding or relocating business
f. Benefits Available – cash grant
g. Application Process – submission of application to MEDC staff, Michigan Strategic Fund review and approval, execution of incentive agreement, milestones and disbursements, reporting and compliance.

Federal Grant Development

a. **United States Department of Agriculture – Rural Community Development Initiative Grants**
b. Agency Responsible for program – USDA
c. Point of Contact – Jennifer Tebedo

d. Type of Support (Individual or Government) – Government
e. Eligibility Guidelines – Rural areas outside the boundaries of a city of $50,000 or more and its immediately adjacent urbanized area to improve housing, community facilities, and community and economic development projects
f. Benefits Available – cash grant
g. Application Process – Applications are accepted on an annual basis through a Notice of Funding Availability (NOFA) in the Federal Register.

a. **United States Department of Agriculture – Rural Business Development Initiative Grants**
b. Agency Responsible for program – USDA
c. Point of Contact – Jennifer Tebedo
d. Type of Support (Individual or Government) – Government
e. Eligibility Guidelines – Rural areas outside the boundaries of a city of $50,000 or more and its immediately adjacent urbanized area to support community economic development.
f. Benefits Available – cash grant
g. Application Process – Applications are accepted through the USDA Rural Development's local or State Office once per year.

a. **United States Department of Commerce – Planning Program and Local Technical Assistance Program**
b. Agency Responsible for program – US EDA
c. Point of Contact – Jennifer Tebedo
d. Type of Support (Individual or Government) – Government
e. Eligibility Guidelines – assists eligible recipients in developing economic development plans and studies designed to build capacity and guide the economic prosperity and resiliency of an area or region. The Planning program helps support organizations, including District Organizations, Indian Tribes, and other eligible recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of high-quality jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions.
f. Benefits Available – cash grant
g. Application Process – Applications are accepted on a continuous basis through the regional or State Office.

a. **United States Department of Commerce – Public Works and Economic Adjustment Assistance Programs**
b. Agency Responsible for program – US EDA
c. Point of Contact – Jennifer Tebedo
d. Type of Support (Individual or Government) – Government
e. Eligibility Guidelines – EDAP makes construction, non-construction, and revolving loan fund investments to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, and encourage economic resilience.
f. Benefits Available – cash grant
g. Application Process – Applications are accepted on a continuous basis through the regional or State Office.

MSHDA

Program Names: Community Development Block Grant Program (CDBG) and HOME

Agency Responsible For Programs:

Non-Entitlement Areas – Statewide

CDBG: Michigan Strategic Fund/Collaborative Community Development
Contact Person: Katherine Czarnecki Phone Number: 517.241.4950

HOME: Michigan State Housing Development Authority
Contact Person: Michelle Wildman Phone Number: 517.373.4363

Entitled Areas receive a direct allocation from the U.S. Department of Housing and Urban Development (HUD). Flint falls under the category of an Entitled Area and in FY15, HUD directly awarded Flint $3,617,741 in CDBG and $666,059 in HOME.

Type of Support: CDBG and HOME Federal Assistance

CDBG Eligibility Guidelines:
There is a lot of flexibility overall within CDBG. Note: activities identified in the City of Flint's Consolidated Plan include: ***"Community Development and Infrastructure*** - The City has 540 miles of water distribution lines, 570 miles of sanitary lines, and 350 miles of storm rain water lines. Much of this infrastructure is over 100 years old and in need of reconstruction or replacement. Insufficient funds are the major obstacle to addressing this need. CDBG and municipal financing represent a fraction of what is needed to address the problem. Additional funds from state and federal sources are needed and are being sought. CDBG will help fill the gap of inadequate resources to maintain community facilities and increase services."

For additional details go to the attached hyperlink City of Flint Consolidated Plan Link.

Overall CDBG can be used for: Acquisition of Real Property; Disposition; Public Facilities and Improvements; Clearance; Public Services; Interim Assistance; Relocation; Loss of Rental Income; Privately-Owned Utilities; Rehabilitation; Construction of Housing; Code Enforcement; Special Economic Development Activities; Microenterprise Assistance; Special Activities by CBDOs; Homeownership Assistance; Planning and Capacity Building; Program Administration Costs and Miscellaneous Other Activities.

CDBG can be qualified based on Urgent Need: An activity designated to alleviate existing conditions and the grantee certifies that those conditions are a serious and immediate threat to the health or welfare of the community, they are of recent origin or recently became urgent, the grantee is unable to finance the activity on its own, and other sources of funds are not available.

CDBG can be qualified based L/M Income Area Benefit: Can be used for an activity the benefits of which are available to all the residents in a particular area that is primarily residential, and at least 51% of those residents (or fewer if the exception criteria apply) are L/M income persons. **See hyperlink page 37 for a list of eligible census tracts.

HOME Eligibility Guidelines:
The actual activities that have been identified in the Consolidated Plan (hyperlink Page 155) are homebuyer assistance and refinancing of existing debt on multi-family projects.

Overall HOME can be used for: home purchase or rehabilitation financing assistance to eligible homeowners and new homebuyers; build or rehabilitate housing for rent or ownership; or for other reasonable and necessary expenses related to the development of non-luxury housing, including site acquisition or improvement, demolition of dilapidated housing to make way for HOME-assisted development, and payment of relocation expenses. HOME funds can also sometimes be used for tenant-based rental assistance contracts.

HOME can be qualified based L/M Income Household Benefit: The incomes of households receiving HUD assistance must not exceed 80 percent of the area median. HOME income limits are published each year by HUD. For rental housing and rental assistance, at least 90 percent of benefiting families must have incomes that are no more than 60 percent of the HUD-adjusted median family income for the area. In rental projects with five or more assisted units, at least 20% of the units must be occupied by families with incomes that do not exceed 50% of the HUD-adjusted median.

Benefits Available/Application Process: Undetermined – contact with the City of Flint regarding current allocation balances for FY15 and prior years is recommended.

Program Name: Housing Choice Vouchers (HCV)

Agency Responsible: HUD, MSDHA

Point of Contact: Kelly Rose

Type of Support: Individual, Rental Assistance

Eligibility Guidelines: 80% of applicants must be below 30% AMI, 20% below 50% AMI. Applicants must pass criminal screening that they do not have any violent crime in the past 24 months or drug offenses in last 12 months.

Benefits Available: HCV program pays a portion of the participants rent and utilities. It does not have any home repair funding component.

Application Process: MSHDA has a Homeless preference—homeless service agencies across the state can enter homeless person's application on waiting list. Non-homeless individuals/families must apply when the County resident waiting list is open for applications. This happens periodically when waiting lists get low on applicants. When vouchers are available names are pulled off the waiting list and applicants are contacted to fill out an application so their eligibility can be determined. Once eligibility is determined, they are issued a voucher and search for a rental unit. The unit is then inspected for HUD's HQS standards (does not have a water quality component) and if the unit passes a contract with the landlord is done and the family moves into the unit.

Editorial Comments: This program is not able to directly help with the Flint water issue. We are formulating a plan in consultation with HUD as to notifying individuals of their ability to get free water filters, etc. as well as their options for moving if they would like to relocate. We are also considering inspecting all homes with children 6 and under for proper installation of water filters.

Program Name: Section 8 Project Based Rental Assistance (Subsidized and Public Housing)

Agency Responsible for Program: HUD, MSHDA

Point of Contact: Daphne Wells

Type of Support: Individual. It provides rental assistance to tenants who reside at a property that has a project based rental assistance Section 8 contract with HUD. MSHDA administers this subsidy as a HUD subcontractor and in some instances has provided financing to build/rehab some of these properties.

Eligibility guidelines: Housing is available to income eligible individuals at these specific properties. Eligible applicants must apply individually at each property in which they are interested in living at and each property has a tenant selection criteria that is adhered to for prospective applicants. Each individual property maintains its own waiting list for applicants wishing to reside there.

Benefits Available: This program wouldn't have any benefits available to the Flint Water issue in that the Section 8 housing is tied to a specific property and only offers rent assistance.

Application Process: Applicants can apply at each individual rental property.

Editorial Comments: The only thing that really fits this category (Subsidized and Public Housing) is the Section 8 program as it provides rental assistance to tenants. Nothing in the program can help as it relates to the water issue as the assistance is tied to the building itself. There isn't anything in the program that would help in this situation except using our contacts with agents and owners in Flint to provide them information as we have talked about.

Program Name: MSHDA Housing Development Fund

Agency Responsible for Program: MSHDA

Point of Contact: Brian Mills

Type of Support: Individual. It provides rental assistance to tenants who reside at a property that has a project based rental assistance Section 8 contract with HUD. MSHDA administers this subsidy as a HUD subcontractor and in some instances has provided financing to build/rehab some of these properties.

Eligibility guidelines: In order for a proposal to be eligible for MSHDA's Statewide Partnership Grant program, the proposed activities must fit within one of five categories (Demolition, Land Acquisition & Development, Neighborhood Service Centers, Capital Improvements, or Community Development).

Benefits Available: Grants are limited discretionary budget dollars generated from interest from MSHDA earning on loan proceeds. Grants under $250,000 do not require formal board approval.

Application Process: Application is attached

Editorial Comments: Pursuant to communications with Mel Brown a few months ago, we suggested a number of different potential ideas for grant use in Flint. Those are detailed below:

- Pay for the costs of water quality analysis of all MSHDA backed mortgages in Flint. Evidently FHA is now conditioning all appraisals in Flint on a water quality analysis – and depending on the results won't put the mortgage through without the addition of a water infiltration system of some kind. Cost estimates are around $3,000 per home which is apparently having a negative impact on an already difficult real estate market.
- Pay for the replacement of water lines owned by residents with MSHDA mortgages within the city that need to be replaced or lines to homes with MSHDA backed mortgages or incomes less than 50% AMI.
- Pay for a percentage of the reconnection fee to acquire water from Detroit up to an amount not to exceed the % of MSHDA financed homes or low income households in the city (50% AMI).
- Pay for the replacing the city's municipal water line infrastructure associated with water lines being replaced to homes in the city with MSHDA backed mortgages or those household at or below 50% AMI.
- Pay for a percentage of any new infrastructure costs associated with the build out of a new water supply system so long as the amount doesn't exceed the % of MSHDA financed homes or low-income households in the city (50% AMI).
- Purchase of water for low income households (50% AMI).
- Purchase of water filters for any low income households (50% AMI).

Program Name: Housing Counseling

Editorial Comment: We have one Counseling agency in Flint right now (Metro Community Development) and they are not involved with water/filter distribution nor are they a site for people to get these items. More information regarding program information can be obtained from Mary Townley at 517.373.6864

Program Name: Self-help Homeownership Opportunity Program (SHOP)

Editorial Comments: The SHOP program is not administered by MSHDA. Mary Townley has calls into HUD to find out who in the state offers this product. Above is a product eligibility information showing that it is administered through non-profits.

SHOP awards grant funds to eligible national and regional non-profit organizations and consortia to purchase home sites and develop or improve the infrastructure needed to set the stage for sweat equity and volunteer-based homeownership programs for low-income persons and families. SHOP funds must be used for eligible expenses to develop decent, safe and sanitary non-luxury housing for low-income persons and families who otherwise would not become homeowners. Homebuyers must be willing to contribute significant amounts of their own sweat equity toward the construction or rehabilitation of their homes.

SHOP is authorized by the Housing Opportunity Program Extension Act of 1996, Section 11, and is subject to other Federal crosscutting requirements. No separate program regulations exist. All program requirements are listed in the applicable SHOP Notice of Funding Availability (NOFA).

Eligible Applicants: National and regional nonprofit organizations or consortia with experience in using homebuyer and volunteer labor to build housing may apply for SHOP grants. Applicants must have completed at least 30 units of self-help homeownership housing within the last 24 months. Eligible homebuyers must apply to participate in the SHOP program through a current SHOP grantee or one of their affiliates.

Application: SHOP grant funds are made available through HUD's annual SHOP NOFA competition. The SHOP NOFA is published on HUD's e-grant portal. Once the NOFA is published, eligible applicants may apply through this e-grant portal.

Eligible Activities: SHOP grant funds can only be used for land acquisition, infrastructure improvements, and administrative costs. Total land acquisition and infrastructure improvement costs cannot exceed an average of $15,000 in SHOP assistance per unit. Administrative costs cannot exceed 20% of the SHOP grant amount. SHOP grantees must leverage other funds for the new construction or rehabilitation of their SHOP units.

Program Name: HOPE

Editorial Comments: At this time MSHDA is unaware of this program and do not administer functions related to it.

TIA/WDA

Program Name: Workforce Innovation and Opportunity Act (WIOA) Adult Program
Agency Responsible for Program: Workforce Development Agency (WDA)
Point of Contact: Krista Johnson, Manager, WIOA Title I Section
Type of Support (Individual or Government): Government
Eligibility Guidelines: Adults Age 18 and Older, Priority is given to recipients of public assistance, other low income individuals, and individuals who are basic skills deficient.
Benefits Available:
Basic Career Services: Basic career services are available to all adults and may include: program information and basic assessment, general information, individual job development, advanced job club, advanced screened referrals, group activities, and job search.
Individualized Career Services: Individualized career services are designed for adults who have been unable to obtain employment through core services and have been determined to be in need of more individualized services. Individualized career services may include: comprehensive and specialized assessments, individual employment planning, counseling, short-term pre-vocational skills, case management, literacy activities, out-of-area job search, relocation assistance, internships and work experience.
Training Services: Training services, if made available, may include occupational skills training, On-the-Job training, workplace training with related instruction, registered apprenticeship, incumbent worker training, pre-apprenticeship training, skill upgrading and retraining, entrepreneurial training, transitional jobs, and adult education and literacy training provided in combination with another training service.
Application Process:
Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

Program Name: Workforce Innovation and Opportunity Act (WIOA) Dislocated Worker Program
Agency Responsible for Program: Workforce Development Agency (WDA)
Point of Contact: Krista Johnson, Manager, WIOA Title I Section
Type of Support (Individual or Government): Government
Eligibility Guidelines:
A dislocated worker is an individual who:
1. Has been terminated or laid off, or who has received a notice of termination or layoff; and
   Is eligible for or has exhausted entitlement to unemployment compensation; or
   Has been employed for a duration sufficient to demonstrate attachment to the workforce, but is not eligible for unemployment compensation; and
   Is unlikely to return to a previous industry or occupation.
2. Has been terminated or laid off, or has received a notice of termination or layoff, from employment as a result of any permanent closure of, or any substantial layoff at, a plant, facility, or enterprise; or
   Is employed at a facility at which the employer has made a general announcement that such facility will close within 180 days; or
   Is employed at a facility at which the employer has made a general announcement that such facility will close.
3. Was self-employed but is unemployed as a result of general economic conditions.
4. Is a displaced homemaker.
5. Is the spouse of a member of the Armed Forces on active duty and who has experienced a loss of employment as a direct result of relocation to accommodate a permanent change in duty station of such member; or
   Is the spouse of a member of the Armed Forces on active duty and whose family income is significantly reduced because of a deployment, a call or order to active duty pursuant to a provision of law, a permanent change of station, or the service connected death or disability of the member; and
   Is unemployed or underemployed and is experiencing difficulty in obtaining or upgrading employment.

Benefits Available:
Basic Career Services: Basic career services are available to all dislocated workers and may include: program information and basic assessment, general information, individual job development, advanced job club, advanced screened referrals, group activities, and job search.

Individualized Career Services: Individualized career services are designed for dislocated workers who have been unable to obtain employment through core services and have been determined to be in need of more individualized services. Individualized career services may include: comprehensive and specialized assessments, individual employment planning, counseling, short-term pre-vocational skills, case management, literacy activities, out-of-area job search, relocation assistance, internships and work experience.

Training Services: Training services, if made available, may include occupational skills training, On-the-Job training, workplace training with related instruction, registered apprenticeship, incumbent worker training, pre-apprenticeship training, skill upgrading and retraining, entrepreneurial training, transitional jobs, and adult education and literacy training provided in combination with another training service.

Application Process:

Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

Program Name: **Workforce Innovation and Opportunity Act (WIOA) National Dislocated Worker Grants (NDWGs) – previously called National Emergency Grants (NEGs) under the WIA**

Agency Responsible for Program: Workforce Development Agency (WDA)

Point of Contact: Krista Johnson, Manager, WIOA Title I Section

Type of Support (Individual or Government): Government

Eligibility Guidelines:

A dislocated worker is an individual who:

1. Has been terminated or laid off, or who has received a notice of termination or layoff; and
   - Is eligible for or has exhausted entitlement to unemployment compensation; or
   - Has been employed for a duration sufficient to demonstrate attachment to the workforce, but is not eligible for unemployment compensation; and
   - Is unlikely to return to a previous industry or occupation.
2. Has been terminated or laid off, or has received a notice of termination or layoff, from employment as a result of any permanent closure of, or any substantial layoff at, a plant, facility, or enterprise; or
   - Is employed at a facility at which the employer has made a general announcement that such facility will close within 180 days; or
   - Is employed at a facility at which the employer has made a general announcement that such facility will close.
3. Was self-employed but is unemployed as a result of general economic conditions.
4. Is a displaced homemaker.
5. Is the spouse of a member of the Armed Forces on active duty and who has experienced a loss of employment as a direct result of relocation to accommodate a permanent change in duty station of such member; or
   - Is the spouse of a member of the Armed Forces on active duty and whose family income is significantly reduced because of a deployment, a call or order to active duty pursuant to a provision of law, a permanent change of station, or the service connected death or disability of the member; and
   - Is unemployed or underemployed and is experiencing difficulty in obtaining or upgrading employment.

Benefits Available:

Basic Career Services: Basic career services are available to all dislocated workers and may include: program information and basic assessment, general information, individual job development, advanced job club, advanced screened referrals, group activities, and job search.

Individualized Career Services: Individualized career services are designed for dislocated workers who have been unable to obtain employment through core services and have been determined to be in need of more individualized services. Individualized career services may include: comprehensive and specialized assessments, individual employment planning, counseling, short-term pre-vocational skills, case management, literacy activities, out-of-area job search, relocation assistance, internships and work experience.

Application Process:

Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

Disaster Relief Employment Specific NDWGs:

The Secretary of Labor is authorized to award NDWGs to provide assistance to the Governor of any state whose boundaries include a disaster area in order to provide disaster relief employment assistance in the disaster area.

"Emergency or disaster" means:

1. An emergency or a major disaster, as defined in paragraphs (1) and (2), respectively, of Section 102 of the Robert T. Stafford Disaster Relief Emergency Assistance Act; or
2. An emergency or disaster situation of national significance that could result in a potentially large loss of employment, as declared or otherwise recognized by the chief official of a Federal agency with authority for or jurisdiction over the Federal response to the emergency or disaster situation.

The term "disaster area" means an area that has suffered or in which has occurred an emergency or disaster.

If awarded, funds shall be used in coordination with the Administrator of the Federal Emergency Management Agency, as applicable, to provide disaster relief employment on projects that provide food, clothing, shelter, and other humanitarian assistance for emergency and disaster victims, and projects regarding demolition, cleaning, repair, renovation, and reconstruction of damaged and destroyed structures, facilities, and lands located within the disaster area and in offshore areas related to the emergency or disaster.

An individual may be eligible to be offered disaster relief employment if such individual is:

1. A dislocated worker;
2. A long-term unemployed individual;
3. Temporarily or permanently laid off as a consequence of the emergency or disaster; or
4. In the case of an individual who is self-employed, becomes unemployed or significantly underemployed as a result of the emergency or disaster.

No individual may be employed for more than 12 months for work related to recovery from a single emergency or disaster, unless an extension is granted by the Secretary of Labor. Extensions granted by the Secretary of Labor may not exceed an additional 12 months.

Program Name: **Workforce Innovation and Opportunity Act (WIOA) Youth Program**

Agency Responsible for Program: Workforce Development Agency (WDA)

Point of Contact: Krista Johnson, Manager, WIOA Title I Section

Type of Support (Individual or Government): Government

Eligibility Guidelines:

Out-of-School Youth (OSY) are individuals who are:

- Not attending any school (as defined by State law);
- Not younger than age 16 or older than age 24; and
- One or more of the following:
    - A school dropout;
    - A youth who is within the age of compulsory school attendance, but has not attended school for at least the most recent complete school year calendar quarter;
    - A recipient of a secondary school diploma or its recognized equivalent who is a low-income individual and is:
        - Basic skills deficient; or
        - An English language learner.
    - An individual who is subject to the juvenile or adult justice system;
    - A homeless, runaway, or current/prior foster youth;
    - An individual who is pregnant or parenting;
    - A youth who is an individual with a disability; or
    - A low-income individual who requires additional assistance to enter or complete an educational program or to secure or hold employment.

In-School Youth (ISY) are individuals who are:

- Attending school (as defined by State law);

- Not younger than age 14 or older than age 21 (unless an individual with a disability who is attending school under State law);
- A low-income individual; and
- One or more of the following:
    - Basic skills deficient;
    - An English language learner;
    - An offender;
    - A homeless, runaway, or current/prior foster youth;
    - Pregnant or parenting;
    - A youth who is an individual with a disability; or
    - An individual who requires additional assistance to complete an educational program or to secure or hold employment.

Benefits Available:

Available services include tutoring; study skills training; alternative secondary school offerings; dropout recovery services; paid and unpaid work experiences, including summer employment opportunities; occupational skills training; education offered concurrently with workforce preparation; leadership development opportunities; supportive services; adult mentoring; follow-up services; comprehensive guidance and counseling; financial literacy education; entrepreneurial skills training; provision of labor market and employment information; and activities that help youth prepare for, and transition to, post-secondary education and training.

Application Process:

Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

Program Name: **Community Ventures**

Agency Responsible for Program: Workforce Development Agency (WDA)

Point of Contact: James Durian, Manager, Community Ventures

Type of Support (Individual or Government): Government

Eligibility Guidelines: Flint residents who are DHHS clients, PATH participants, ex-offenders, and persons with disabilities.

Benefits Available: Connection to employment and comprehensive 24 months of wraparound services after job placement. Community Ventures (CV) can assist Flint residents negatively impacted by contaminated drinking water by providing employment and wraparound services to those effected. CV can also help recruit and retain companies in Flint by partnering with companies and bringing companies together in coordinated community development efforts to help Flint residents. We have done this through promoting social enterprise partnerships like New Life Enterprises, through the formation of an Employer Resource Network (ERN), in Flint, and by partnering with United Way and local financial institutions in providing hard ship loans and financial literacy to Flint residents. CV could expand upon these efforts with a special focus on helping those most negatively impacted by the water crisis.

Application Process: Participants are referred from Mott Community College, Genesee-Shiawassee MWA (MWA), Mid-Michigan Goodwill, New Life Enterprises or DHHS.

Program Name: **Job's for America's Graduates**

Agency Responsible for Program: Workforce Development Agency (WDA)

Point of Contact: Krista Johnson, Manager, WIOA Title I Section

Type of Support (Individual or Government): Government

Eligibility Guidelines: Students from middle school to 21 years of age.

The JAG Flint program targeted at-risk students at two Flint-area high schools (Flint Northwestern and Flint Southwestern) to help them earn a high school diploma and prepare for college/careers following high school.

Benefits Available:

JAG-Flint's mission focuses on the following:

- Deliver a unique set of services to at-risk and disadvantaged youth in high school;
- Provided follow-up services which will result in the graduate's pursuing a postsecondary education; and
- Ensured the participants entered the workforce in a quality job leading to a career.

The primary objectives of The JAG Model program are:

- Keep program participants in school through graduation.
- Extend program services to participants for 12 months after graduation.
- Assist graduates or completers in pursuit of a postsecondary education and/or an entry-level job that leads to a career.
- Deliver services to non-graduates and non-completers during the 12-month follow-up period to attain a GED certificate or a high school diploma.

Application Process: Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

Program Name: **Partnership Accountability Training Hope (PATH)**
Agency Responsible for Program: Workforce Development Agency (WDA)
Point of Contact: Brian Marcotte, Manager, Welfare Reform Section
Type of Support (Individual or Government): Government
Eligibility Guidelines: Individuals receiving Family Independence Program cash assistance (TANF)
Benefits Available: PATH is the work participation program required for families receiving cash assistance through the Family Independence Program administered by the Michigan Department of Health and Human Services. The Primary goals of PATH are two-fold. First, PATH will identify barriers and help participants connect to the resources they need to obtain employment. Second, the program helps Michigan reach the federally mandated 50% work participation requirement. Work participation is defined by the total number of participants fully engaged in job preparedness training, job search activities, and employment as a percentage of the states work eligible individuals receiving cash assistance.
The program is designed to assist eligible individuals in obtaining employment by offering job search assistance and work skills enhancement. The program offers vocational/occupational training, high school completion or GED attainment and a full range of supportive services that may be required to meet the job search and retention needs of the participants.
Application Process: Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

Program Name: **Trade Adjustment Assistance (TAA) Program**
Agency Responsible for Program: Workforce Development Agency (WDA)
Point of Contact: Tammy Flynn, Manager, TAA Section
Type of Support (Individual or Government): Government
Eligibility Guidelines: Individuals are eligible for the TAA program who have a qualifying separation from a company with a certified petition by the US Department of Labor (USDOL). A petition identifies a worker group at a specific firm or subdivision and covers all individuals in that group. Generally, if a worker is laid off, a petition must be submitted within one year of the layoff for that worker to be covered by the petition and the certification, if USDOL grants the petition. A group of workers may be eligible for TAA if their jobs are lost or threatened due to trade-related circumstances as determined by the USDOL investigation.
After the investigation, USDOL determines group eligibility to apply for TAA benefits and services. Workers in a certified group will be notified by their local Michigan Works! Agency, at which time they may apply for individual eligibility for benefits and services.
Benefits Available: Employment and case management services: Assessments, career guidance, pre-vocational services, labor market information, supportive services, information on financial aid, employment planning, and information on training.
Training: Up to 130 weeks of training including:
- Classroom training
- On-the-job training
- Customized training
- Registered Apprenticeships

Trade Readjustment Allowances (TRA): Up to 130 weeks of wage subsidies for workers enrolled in fulltime training within 26 weeks of their trade-related layoff or certification, whichever is later.
Re-employment Trade Adjustment Assistance: A wage subsidy for workers age 50 or over who are re-employed at annual wages of $50,000 or less.
Job Search Allowance: Reimbursement for job search costs outside the worker's local area.
Relocation Allowance: Reimbursement for relocation costs for a job outside the worker's local area.
Application Process: Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

To learn more about how to file a petition, check on the status of a petition, or to obtain more information on benefits and services, please visit www.doleta.gov/tradeact or contact Tammy Flynn at flynnt@michigan.gov.

Program Name: GED To School
Agency Responsible for Program: Workforce Development Agency (WDA)
Point of Contact: Keenan Wade
Type of Support (Individual or Government): Government
Eligibility Guidelines: Must Pass Official Practice Test or Complete Adult Education GED Preparation Course.
Benefits Available: $150 per candidate to pay the cost of GED testing fees.
Application Process: Individuals should visit the GED To School website at http://michigan.gov/wda/0,5303,7-304-64362-298726--,00.html or call 517-373-1692 for additional information.

Program Name: Adult Education Program
Agency Responsible for Program: Workforce Development Agency (WDA)
Point of Contact: Cliff Akujobi, State Administrative Manager
Type of Support (Individual or Government): Government
Eligibility Guidelines: Adults Age 16 and Older
Benefits Available: Adult Education provides an opportunity for students to improve or achieve education levels equivalent to those of high school graduates each year. Instruction is tailored to meet the individual needs of adult students. Standardized tests identify existing skill levels, appropriate instruction, and academic gains due to instruction. Adult Education consists of five components:

- High School Completion: Instruction designed to fulfill the requirements for a high school diploma.
- GED Test Preparation: Instruction in language arts, math, social studies, science, and writing, to enable successful completion of a GED test.
- Adult Literacy: Instruction in reading, English, language arts, math, and civics for adults without a high school diploma. The most basic literacy courses teach adults to read.
- English as a Second Language: Instruction in reading, speaking, writing, and understanding the English language.
- Labor Employment Related/Employer Workforce Readiness: Instruction in job- or employment-related mathematics, reading, and communication skills. Instruction may be "applied," which means that the academic material is directly related to specific job requirements.

Application Process:
Individuals should contact the Office of Adult Education at 517-373-8800 or visit the Adult Education website at http://www.michigan.gov/wda/0,5303,7-304-64362---,00.html

Potential Assistance Programs –
Compiled by MDARD

Program Name: **USDA Rural Development Business & Industry Loan Guarantee**

Agency Responsible for program – USDA Rural Development

Point of Contact: James Turner, Michigan Director, USDA Rural Development

Type of Support (Individual or Government) – Businesses, Nonprofits, Government loan guarantees

Eligibility Guidelines – Lenders apply for loan guarantees for borrowers. Though most USDA Rural Development programs are limited to rural areas, this program has the authority to fund local food infrastructure in urban areas as long as the project supports farm and ranch income and expands healthy food access in underserved communities.

Benefits Available – Loan guarantees for business development, enlargement, purchase of facilities & upgrades, purchase of equipment.

Application Process – Rolling applications; contact lender or USDA Rural Development Michigan office for more information.

Link: http://www.rd.usda.gov/files/Local_Food_Fact_Sheet_20150401.pdf

Program Name: **USDA Agricultural Marketing Service Farmers Market Promotion Program**

Agency Responsible for program – USDA Agricultural Marketing Service

Point of Contact: FMPP Staff by email at USDAFMPPQuestions@ams.usda.gov or by phone 202-720-0933

Type of Support (Individual or Government) – Grants to Businesses, Nonprofits, Governments

Eligibility Guidelines – Entities that are eligible to apply include:

- Agricultural businesses
- Agricultural cooperatives
- Community Supported Agriculture (CSA) networks
- CSA associations
- Economic development corporations
- Local governments
- Nonprofit corporations
- Producer networks
- Producer associations
- Public benefit corporations
- Regional farmers' market authorities

•Tribal governments

All applicants must be domestic entities owned, operated, and located within the 50 United States. State Departments of Agriculture are eligible if the State's regulatory statutes identify the specific State Department of Agriculture as a regional farmers' market authority (need to confirm Michigan status).

Benefits Available – The minimum FY 2015 award per grant was $15,000 and the maximum $100,000.

Application Process – 2015 grant cycle applications were due May 14, 2015; 2016 cycle not yet announced.

Link: http://www.ams.usda.gov/services/grants/fmpp

Program Name: **USDA Agricultural Marketing Service Local Food Promotion Program**

Agency Responsible for program – USDA Agricultural Marketing Service

Point of Contact: LFPP staff by e-mail at USDALFPPQuestions@ams.usda.gov or by phone at 202-720-2731.

Type of Support (Individual or Government) – Grants to Businesses, Nonprofits, Governments

Eligibility Guidelines – The Local Food Promotion Program (LFPP) offers grant funds with a 25% match to support the development and expansion of local and regional food business enterprises to increase domestic consumption of, and access to, locally and regionally produced agricultural products, and to develop new market opportunities for farm and ranch operations serving local markets. There are two types of project applications are accepted under LFPP—planning grants and implementation grants. Applicants can apply for either but will receive only one type of grant in the same grant cycle. Eligible entities may apply if they support local and regional food business enterprises that process, distribute, aggregate, or store locally or regionally produced food products. Such entities may include:

- Agricultural businesses and cooperatives
- Producer networks and associations
- Community supported agriculture networks and associations
- Other agricultural business entities (for-profit groups)
- Nonprofit and public benefit corporations
- Economic development corporations
- Regional farmers' market authorities
- Local and tribal governments

Benefits Available – The minimum FY 2015 award per grant was $15,000 and the maximum $100,000.

Application Process – 2015 grant cycle applications were due May 14, 2015; 2016 cycle not yet announced.

Link: http://www.ams.usda.gov/services/grants/lfpp

Program Name: **USDA Agricultural Marketing Service Federal State Marketing Improvement Program**

Agency Responsible for program – USDA Agricultural Marketing Service

Point of Contact: Federal-State Marketing Improvement Program
Transportation and Marketing Programs, Agricultural Marketing Service, USDA
1400 Independence Ave SW, Room 4549-S
Washington, DC 20250
Tel: 202-720-5024
Fax: 202-690-1144
E-mail: janise.zygmont@ams.usda.gov

Type of Support (Individual or Government) – Grants to state agencies & universities

Eligibility Guidelines – FSMIP provides matching grant funds to conduct applied research projects that explore new market opportunities for U.S. food and agricultural products and improve the efficiency and performance of the U.S. agricultural marketing system. These grants are awarded on a competitive basis to State departments of agriculture, forestry, natural resources, or energy, as well as other State agencies such as experiment stations, universities, and colleges. Projects can focus on a wide variety of agricultural research goals, including increased sales of value added meat products, aquaculture, fresh and processed products, local and regional food systems, forestry, bioenergy, and horticulture. Proposals that benefit one business or individual will not be considered. Proposals that address issues of importance at the State, multi-State, or national level are encouraged.

Benefits Available – 2015 FSMIP Projects: Total Funding: $1,005,906; Average Grant: $67,060; 15 projects in 14 States.

Application Process – 2015 grant cycle applications were due May 14, 2015; 2016 cycle not yet announced.

Program Name: **Specialty Crop Block Grant Program**

Point of Contact: Nancy Nyquist, Michigan Department of Agriculture and Rural Development

Agriculture Development Division
P.O. Box 30017
Lansing, Michigan 48909
Phone: (517) 284-5735
E-Mail: nyquistn@michigan.gov

The Michigan Department of Agriculture and Rural Development (MDARD) offers the Specialty Crop Block Grant Program-Farm Bill (SCBGP-FB) through the United States Department of Agriculture/Ag Marketing Service (USDA/AMS); the funding is from the federal allocations.

Specialty crops are defined as "fruits and vegetables, tree nuts, dried fruits, and horticulture and nursery crops, including floriculture." Included are listings of plants commonly considered as fruits and tree nuts; vegetables; culinary herbs and spices; medicinal herbs; and nursery, floriculture, and horticulture crops.

PURPOSE OF GRANTS:

Examples of "enhancing the competitiveness" of specialty crops includes, but is not limited to: research, promotion, marketing, nutrition, trade enhancement, food safety, food security, plant health programs, education, increased knowledge and consumption, increased innovation, improved efficiency and reduced costs of distribution systems, environmental concerns and conservation, product development, good agricultural practices, good handling practices, and good manufacturing practices.

Increasing competitiveness may include developing local and rural agricultural economies, and improving food access in underserved communities:

- Increase nutritional knowledge and specialty crop consumption
- Improve efficiency within the distribution system and reduce costs
- Promote the development of good agricultural, handling and manufacturing practices while encouraging audit fund cost-sharing for small farmers, packers and processors
- Support research through standard and green initiatives
- Enhance food safety
- Develop new/improved seed varieties and specialty crops
- Control pests and diseases
- Create organic and sustainable production practices
- Establish local and regional fresh food systems
- Increasing healthy food access in underserved communities

Grant funds cannot be used for coupon/incentive redemptions or price discounts. Costs associated with printing, distribution, or promotion of coupons/tokens or price discounts (i.e., a print advertisement that contains a clip-out coupon) are allowable only if they solely promote the specialty crop rather than promote or benefit a program or single organization.

MDARD will release a request for proposals in early February 2016 for funding consideration. Applicants may request up to $100,000 in funding and approved projects cannot begin work until after October 1, 2016.

Program Name: **Value Added Grant Program (State funding)**

Point of Contact: Nancy Nyquist, Michigan Department of Agriculture and Rural Development

Agriculture Development Division
P.O. Box 30017
Lansing, Michigan 48909
Phone: (517) 284-5735
E-Mail: nyquistn@michigan.gov

This grant program is currently under review by the Michigan Department of Agriculture and Rural Development. It is anticipated that a late winter/early spring 2016 request for proposals will be available with funding of projects up to $150,000 with a 25% (minimum) match requirement of total project costs. Proposals should be focused on the following areas: Technical assistance, Feasibility studies, increasing the economic value of a commodity through production processes, export market opportunities, and projects that intend to establish, retain, expand, attract and/or develop value added agricultural processing in the State of Michigan.

Subject: Teams tomorrow

Importance: High

Okay, I'm getting all the questions for the teams and I know nothing about them. Since I'm logistics on the state side, I should probably know. So, here are a few questions...

1. How many teams?
2. How many volunteers on a team?
3. Where are they reporting to?
4. Who do they report to?
5. Do you have enough transport vehicles?
6. Do you have enough supply vehicles?
7. Do you need all the DOC crews back tomorrow?
    a. Here are all the resources they had today and they are mirroring it tomorrow. (If this is not what is needed, this needs to be stated in the resource request. Nothing is getting updated.)

    Today we had 21 staff and 15 vehicles dedicated (on site) to the response, additionally we have 4 pallet jacks, one refrigerated semi-trailer and three MDOC staff assigned to the SEOC location. Information is as follows:

    (6) Large Box trucks
    (5) 15 passenger vans
    (2) Pick-up trucks
    (2) enclosed trailers
    (1)Handicap Van
    (1)20 passenger Van

8. If you do need them, where are they reporting? I would like 2 for the GCCard Hot shots operation please.
9. If we are expecting 100+ people, I think it's a good idea to have the Penske trucks? Especially to offset the DOC crews, since we are paying them and the Penske are free.

Please advise ASAP!

Subject: RE: Request for Volunteer Message - FOR REVIEW

Final message with all information and links to the surveys. I do not know if Capt. Kelenske has seen yet:

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues caused by lead in the city of Flint's drinking water. Teams from the Michigan State Police and the Michigan Department of Health and Human Services have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, click here https://www.surveymonkey.com/r/28NVJBL
To volunteer on Sunday, January 17, click here https://www.surveymonkey.com/r/26NMJKK
To volunteer on Monday, January 18, click here https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

Subject: RE: Request for Volunteer Message - FOR REVIEW

I made one editing change to the second to last paragraph (revised below). Please let us know if you need the JIC's assistance in disseminating this message once the surveys are completed.

As discussed, we are working on an on-line way to capture this information to avoid having to pass information through several hands. As soon as I get the mock-up of the survey, I will send it to you for consideration.

In light of this, below is a revision to the email.

Body:
The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues caused by lead in the city of Flint's drinking water. Teams from the Michigan State Police and the Michigan Department of Health and Human Services have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

Volunteers will begin their assignment at _____, Flint at 9 a.m. and end by 4 p.m. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

Subject: FW: Request for Volunteer Message - FOR REVIEW
Importance: High

Hi Jane,

Attached is for review by the State Director. This is urgent, as it needs to go Department Directors as soon as possible. Jarrod Agen will send the email to state directors with a copy to department PIOs. We recommend sending the Emergency Management Coordinator list to the state directors so they know who to plug in.

Note - there are two emails to review in the Word document. One is the email directors will send. The other is the email Jarrod would sent to explain this request.

Thank you,
Shanon

Subject: Resources Needed

For the door-to-door operation, here is what we need:

- 4 troopers to assist teams, in uniform with a blue goose
- 4 vehicles to transport 2 team members and materials (filters, water, water test kits), preferably an SUV

If anything else comes up, I'll let you know as it happens.

Cc: MSP-SEOCOPSC
Subject: RE: Monday

The SEOC has a team that looks at the map and determines what area the teams will work in each day. Any volunteers will be added to a team that has a trained team leader and an established ward/area. Any volunteers added to a non-ARC team will have a Law Enforcement officer as a team leader. Basically the volunteer just need to show up to the VRC and they will be joined to a team and have everything they need.

To: Russo, Mark (MSP)
Cc: Hunter, Janet (DHHS); Martus, David (DHHS); Holmes, Virginia (DHHS)
Subject: RE: Monday

Please keep us in the loop if they do go to the VRC – they should be able to plug them in from there (but I just would like to know).

Additionally, who specifically from the EOC would know what additional wards/areas need to be covered for door-to-door work? Henrik or Jay? Do they assign them? I am curious what the expectation is for volunteer support in those areas (also noting that trucks would have to be provided and supervision would be needed to direct the volunteers). I would like to predict courses of action, or know that the police system and the Red Cross on their own have it covered.

Thank you,
Chad

Subject: Draft Recovery Objective/Tasks

Here is what I see and who should be assigned based on the information we have discussed in the last couple days and what should be accomplished over the coming week. Let me know if you have any questions, concerns or additions to the list. I'm sure something is missing, so please don't be afraid to change things.

Thanks,
Bri

Draft Objective

- Establish teams and process for distribution and collection of water sampling kits; distribution of water filters, replacement cartridges and information.

Tasks

- Establish teams to be comprised of at least 2 volunteers and 1 plain clothes officer for deployment early next week (DHHS/MSP).
- Create door hanger with information on filters, water distribution, blood lead level testing, and water sampling (JIC).
- Print door hanger for distribution (DTMB).
- Obtain list of affected homes/businesses with names and addresses from the local equalization department (RBD).
- Establish protocol and language for teams in the field, to include safety concerns and protocol (RBD).
- Create a database with the information obtained from the local equalization department to track who receives filters, sampling kit and/or door hanger (RBD).
- Update GIS data daily with the distribution of filters, sampling kits, and/or door hanger information (RBD/GIS).

1. Situation:

There are 45,000 active water meters in the impacted area
As of 2130 on 01.13.16 17, 276 households have received water filters
MAP

2. Mission Statement:

Ensure all households within the impacted area have the required resources

3. Execution
   a. Commander's Intent
      i. Distribute filters and additional resources to all impacted households within 5 days. The priority of effort is the Fixed Points of Distribution (PODs).
   b. Concept of Operations
      i. Distribution of resources will be conducted using 4 methods: Fixed PODs, Mobile Distribution Teams, Rapid Response Distributions, and Local Partner Distributions.
      ii. Tasks
         i. Fixed PODs
            1. Red Cross will staff all sites through ~~XXX~~1/14
            2. Red Cross will conduct transition brief with Michigan National Guard on ~~XXX~~1/15
            3. Michigan National Guard will assume staffing responsibility as of ~~XXX~~1/15
         ii. Mobile Distribution is being conducted via Water ~~Resource~~ Response Teams
            1. Recovery Branch Support will determine Water ~~Resource~~ Response Team composition, standards, resource requirements, and priority areas for distribution
            2. Michigan State Police will provide command and control (assemble, coordinate, monitor) of Water ~~Resource~~ Response Teams
         iii. Rapid Response Distributions
            1. Local EOC Operations Section Chief/District Coordinator will approve partner requests for distribution support
            2. Local EOC Operations Logistics will execute Rapid Response Distributions
         iv. Local Partner Distributions
            1. Local EOC Operations Section Chief/District Coordinator will approve partner requests for distribution support
            2. XXX will execute partner requests for distribution support
   c. Coordinating Instructions
      i. Fixed PODs are located at 5 fire stations.
         i. POD Locations

Water Resource Site Fire Station 1	310 East Fifth, Flint, MI 48502	0900-2100
Water Resource Site Fire Station 3	1525 Martin Luther King Ave. Flint, MI 48503	0900-2100
Water Resource Site Fire Station 5	3402 Western Rd, Flint, MI	0900-2100
Water Resource Site Fire Station 6	716 West Pierson Rd, Flint, MI	0900-2100

	48505	
Water Resource Site Fire Station 8	202 East Atherton, Flint, MI 48507	0900-2100

2. POD Product Composition
    1. **NEED FROM SHAWN**

ii. Mobile Distribution is being conducted via Water ~~Resource~~ Response Teams
1. **Assembly area**
2. ***Mission Ready Packets***

iii. Rapid Response Distributions
1. **NEED PROCESS FROM MICHELLE**

iv. Local Partner Distributions
1. ***NEED PROCESS FROM MICHELLE***

d. Concept of Support
i. Resourcing support for all distribution methods will be provided via a consolidated logistics pipeline. Replenishment will be conducted automatically and on demand. Reception, Staging, and Onward Integration (RSOI) of material resources will be managed via a warehouse system and RSOI of personnel resources will be managed via a Volunteer Reception Center and XXX (State Employees)

ii. Tasks
1. SEOC Logistics Section Chief is accountable for resourcing support for all distribution methods and maintaining end to end visibility of all resources requests
2. SEOC Logistics Order Unit~~Support~~ Staff is accountable for maintaining the Pipeline Report to ensure accurate resource tracking
3. Red Cross Warehouse Managers will provide warehouse management and are accountable to the SEOC Logistics Section Chief
~~3.~~4. SEOC Planning Resources Unit is responsible for tracking resources that are deployed.
4. Red Cross will manage the Volunteer Reception Center in coordination w/ local EOC
5. Local EOC Logistics will provide logistics support to the Rapid Response Distributions

iii. Warehouse System
1. Currently operating 3 locations with intent to consolidate to single, central location

Name	Location	Hours of Operation	POC
GCARD	2727 Lippincott, Flint , MI		Shawn
Clio	4315 North Clio Road, Flint, MI	Somehow mark this as the final warehouse were	John Foust

		everything will go???	
Court	3086 East Court Street		John Foust

iv. Volunteer Reception Center
   1. 1 location managed by American Red Cross
   2. The volunteer intake process takes 20-30 minutes.

Name	Location	Hours of Operation	POC
American Red Cross	1401 S Grand Traverse Flint, Mi 48503	0900-1900	

v. Resource Request and Tracking Process
   1. Pipeline Report
   2. ~~https://goo.gl/G31kvJhttps://docs.google.com/spreadsheets/d/1wXVQvO2IJ6N-ORpo8bvtBIEQJrDxkyoPg-EjZRtNepg/edit?usp=sharing~~
   2. All resource requests and offers of support (people, product, facilities, vehicles, etc) will be entered into MI CIMS as a resource request to the SEOC Logistic Section Chief.
   3. The SEOC Logistic Section Chief, will task it out to the State or Volunteer Agency that can fill that request or procure as necessary
   4. All resource requests and offers of support will be tracked and monitored via the Pipeline report (Google docs collaboration document)
   5. Warehouse inventories will be sent to the SEOC Logistic Section Chief, daily at 1800 and incorporated into the Pipeline report
   6. Volunteer Workforce Request for Volunteer Reception Center
      1. REQUIRED INFORMATION:
         i. Who is the Point Of Contact?
         ii. Who is the supervisor?
         iii. Where do volunteers report?
         iv. What Dates are volunteers needed?
         v. What times are volunteers needed?
         vi. How many volunteers are needed?
         vii. Who is providing transportation for the volunteers?
         viii. Who is providing meals, snacks and beverages?
         ix. Are there any qualifications needed?
         x. IMPORTANT NOTE:
            - Brief job description is required
            - The requestor of the volunteers must understand they assume responsibility for the volunteer's safety and the volunteer's actions.
            - The requestor of the volunteers are responsible for managing and providing direction.
            - 48 hour advance notification required for request.
            - Reasonable expectations of the volunteer workforce

2. POD inventory will be provided to local EOC or SEOC Planning resource unit (this needs to be determined) hourly ← Formatted

3. POD distribution report provided to local EOC or SEOC Planning resource unit (this needs to be determined) at 1200 and 1800. (This is a list of equipment that has been taken off the trucks and put in the PODs).
4. Fixed PODs, SEOC Planning resource unit needs to know total staff from each agency for tracking at 1000 each day.
5. Mobile Distribution is being conducted via Water Response Teams, SEOC Planning resource unit needs to know total staff from each agency for tracking at 1000 each day.
6. Mobile Distribution is being conducted via Water Response Teams, SEOC Planning resource unit needs to know amounts that have been distributed for tracking at 1800 each day.
7. Rapid Response Distributions, SEOC Planning resource unit needs to know amounts that have been distributed for tracking at 1800 each day.
8. Local Partner Distributions, SEOC Planning resource unit needs to know amounts that have been distributed for tracking at 1800 each day.
9.

Subject: Read First: Ginna Holmes

Hi Brianna,

I found out in the 7 PM Logistics Briefing that Ginna is going to hold a meeting at 1 PM Sunday to discuss Rapid Response going forward and that you need to be a part of that call. It will include the ARC and those at the local EOC. She is attempting to clean up the fragmentation because addresses are coming in through so many avenues. Wendy has asked her to do this.

Her call to me today was in regards to the below. Please give her a call at prior to the meeting to discuss.

- Are the homes visited that are initiated through 211 being counted in the daily data GIS is mapping?
- She wanted to know how long the ARC would be involved and what the plan would be after they are out?
- She said Team Rubicon will continue daily until Friday, February 5, but an extension is possible if it is justified. She is trying to determine the need.
- She would like to know how the homebound individuals will be followed up with from here on out.

She was concerned that different teams are in the same areas and how that would look bad and not be a good use of everyone's time. I explained to her that we work closely with GIS to distribute maps with priorities identified so areas are not being visited over and over.

Thanks!
Stacy

Subject: Teams/Volunteer Coordination
Importance: High

Good morning (almost afternoon) everyone,

There has been some confusion with all the teams/volunteers out today. I just want to make sure going forward that we coordinate these a little better. Not to approve or deny, but just to ensure there is no overlap and everyone is on the same page.

I was just told that the ARC groups that are resupplying from the Home Depot have no standards on what they are distributing and to whom, Dave, can you clarify? For instance, is it one case per person or multiple? And where are they distributing? What's the strategy?

Also, I'm told that citizens are treating the Home Depot as a POD and just picking up their water from there. True? I was under the impression the volunteers were loading their trucks from there but not citizens. We went through 2 semi loads in an hour.

Again, it is my job to ensure there are enough supplies, if there isn't a plan in place then I have no way of anticipating needs and supplies.

For the local EOC teams/volunteers, what is the strategy for those? I'm told they aren't doing distribution but going in and installing filters in homes, is this correct? Are there any needs from them other than the 5 trucks that were requested this morning?

Again, I don't want to control your teams, the SEOC does not need to approve or deny them, but we are asked questions by command that we need to answer. I also need to ensure there are enough supplies. I know that we all get a lot of pressure from the Governor and others to put volunteers to work, but we need it to be coordinated.

For Carly and Jay, what is the plan for the Rapid Request teams next week? Do we have one? Will ARC be needed? What resources will you need? I.e., trucks, drivers?

May I get a list of all the volunteers/teams out there today and tomorrow and what they will need? You can use the below template if you wish. Please have this to me by 4 p.m. today.

Team (ARC/EOC)	Group	# of volunteers	Commodities	Resources	Date needed

			Needed	needed (Vehicle? Driver? Pallet Jack?)	

Thanks so much everyone.

Subject: RE: Apartment list

I put the two lists together (mine and the one you sent me) and the GIS unit is going to map them. We don't have much information on the number of units in each building, but I've been googling them and can see through Google Earth how big the complex is and if there is private entry. I'm not in tomorrow, but Carly is going to follow up with GIS.

Thanks ☺

Jay,

We can work together to get these units back. They should be returned full if possible. How many do you believe you could return to either the Warren or Plymouth locations? I will call in extra drivers to pick trucks up as well. Let me know your thoughts.

Thank you,

Steven

Subject: Response for Mr. Katarsky

Recovery Response

How can a person get items delivered or installed (seniors, homebound, etc.)?
A person can get items delivered by calling 2-1-1 and requesting items. Once items have been requested, the information then gets routed through the local EOC and that in turn gets sent to the Rapid Response Teams designated for the Flint Area Emergency response to fulfill the request.
Thanks

Good morning!

I will evaluate progress around 1pm this afternoon and should be able to determine if we will need more help. Is that too late? We will be over at the new SEOC tomorrow, so I will also need to ensure there will be available computers!

We appreciate everyone's willingness to help! It has helped tremendously!

Thanks,
Brianna

Subject: Data Entry

Hi, Brianna:

I'm not sure who I should ask about this, so I thought I'd start with you. Inspector Bolger is the one who contacted me about the data entry assistance, but I understand he'll be in Flint for the next few days.

You should have four people in the SEOC all day today doing data entry of the Red Cross sheets. Can someone please let me know when it's determined whether or not you'll need people scheduled for additional days? If you do need more scheduled, I'll just need to know the dates you'll want them and where they need to report.

Thanks.

GIS Section-
Please make sure to copy PlanGC on the emails below. In order to prepare materials and daily report, please ensure you are reporting the information at the times specified below.

- Requesting daily updates of the city section parcel maps by **1 pm** to be sent to the Recovery Branch Director (msp-seoc5@michigan.gov). The Local EOC will use these maps to determine where the biggest gaps are and work to deploy ARC to identified areas daily.
- Requesting daily data from the Water Response Teams at **4:45 pm** to submit data to Planning Section Chief for the day, and the final numbers for the previous day should be run at **8 am.** Data should be sent to the Recovery Branch Director (msp-seoc5@michigan.gov).

Thanks!

Attachments: Flint Water Response Team Plan for 01.28.16 FINAL.docx; 012816 Target Area 2.pdf; 012816 Target Area 3.pdf; 012816 Target Area 9.pdf; 012816 Target Area 10.pdf; 012816 Target Area 11.pdf; 012816 Target Area 17.pdf; 012816 Target Area 19.pdf; 012816 Target Area 20.pdf; 012816 Target Area 23.pdf; 012816 Target Area 28.pdf

Importance: High

Attached is the plan and corresponding maps for the Water Response Teams operating on Thursday, Jan 28.

Corresponding address list will be provided to ARC as soon as it has been refined.

All maps can be provided as needed. Please let us know if you have any questions.

Thank you,
Brianna

Subject: Possible Starting Point Tomorrow?
Attachments: Lead lines no filter 01.25.16.csv

Importance: High

Dave:

Attached is a spreadsheet of addresses (in alpha order by street) that could be used as a starting point tomorrow. These addresses have been identified as having lead lines, but don't currently show in our records as having a filter. Unfortunately this data isn't by city section, so it won't be easy to route map these out.

I attempted to send the single maps, but even the zipped file was too big. Jim has compressed even further, so I will try resending shortly.

I apologize for the late data tonight. Hopefully going forward, things are a little more timely; although, I feel like I continue to promise that as well. ☹

Please let me know if you have any questions or concerns. I'll be leaving for the night in a few, but my cell phone is always by me, so don't hesitate to reach out.

Thanks,
Brianna

Cc: Katarsky, Anthony (MSP); MSP-SEOCOPSC; MSP-SEOCGIS2
Subject: Statistics from Pairing of Parcel data to Data Recieved From the Field

We are tracking 38,144 residential properties within the city (noting large apartment complexes are classified as commercial). Of these:

- 34318 have been engaged by Flint Water Response Teams (90%)
- 23281 have led to a direct citizen engagement (61%)
- 5173 were not home during any attempt to visit and have not been recorded as having visited a POD (14%)
- 5864 of the properties the teams visited were vacant or destroyed (15%)
- The remaining 10% is going to be a focus for the teams in the near future

Additionally, we have been tracking the status of "Active Water Subscribers" from the Flint Department of Public Works. These are residential properties which have meters put on the homes by the city. Of the total 29,994 subscribers citywide, 26,673 have been confirmed as being on residential parcels. Of the 26,673:

- 18487 Have been confirmed as having received a filter by the Flint Water Response Teams (69%)
- 3928 Were not home when visited (15%)
- The remaining 16% we have no data to confirm or deny whether they have a filter

Of special significance from the water subscriber data is that the old lead maps that we are digitizing from the Flint Water Department contain 993 suspected homes with lead lines in them. Of these only 659 have received a filter.

It is significant to note that we are continuing to receive paper forms from the field and processing them. This is likely improve the overall numbers as we process historic records.

Hopefully that helps to break down where we are at. I can't reiterate enough that data is still coming in and we are still actively cleansing it.

Subject: RE: maps

Tony,

On the Parcels Contacted map, the Recovery Branch recommends changing the "Not Visited" item to "Follow up Required" as it appears there is just a lack of data. It would benefit the operation to send a team back to those homes to verify the information we have on file. This is the mission ARC is working on this week and going forward.

The Parcels Filter Status map concerns me as well. I don't think this data accurately represents what our teams are utilizing in the field. At this time, we currently don't take into account whether or not a parcel is a paying subscriber on the Flint water system during the canvassing. Our main objective is to get filters into all homes on the Flint water system. I recommend not producing this map in the future for the purpose of identifying homes needing a filter.

It is our understanding that the outstanding data is being worked on today and takes 24-48 hours for GIS to validate. This includes the outstanding data Jim referenced and the data being entered by ARC. I have copied the Planning Section Chief in case they have any objections; however, we discussed these items and came to a general consensus earlier.

Let us know if you need anything else.

Thanks,
Brianna and Carly

As discussed, I am concerned that the terminology in the legend does not accurately convey what has actually occurred. Please review both maps attached and provide a recommendation on modifications. Also, it appears that some data may not have been entered as yet. We will need to follow up as I believe all areas have been visited by FWRTs.

Mission Name

Volunteers to staff Water Response Teams

Request / Task Details

Teams are needed to continue to canvas Flint neighborhoods collecting information on which households have which kind of filters while the team distributes water, filters, replacement cartridges, and water test kits as needed.

10 to 12 teams will be MSP-Sheriff managed (type 3 teams), however, MSP is not recruiting volunteers to staff these teams beyond Monday, 1-18-16. Beginning Tuesday, 1-19-16, these teams will require staffing supplied through the Red Cross operated Volunteer Reception Center. Type 3 teams have 6-9 members each. Therefore, beginning Tuesday, 1-19-16, 60 to 108 volunteers are requested in order to staff those teams. This staffing need reoccurs daily beginning Tuesday and extending (at least) through Friday, 1-22-16.

MSP-Sheriff team leads will be assigned by MSP or the Sheriff and be responsible for team supervision. Volunteers are to arrive at the Genesee County Administration Building, 1101 Beach, Flint, at 8:30 am each day for briefing and will finish their shifts with a 4pm briefing with the team lead. Volunteers may park at the First Trinity Missionary Baptist Church at 1226 Beach St. This is at the intersection of Beach and Seventh Streets directly across from the Southwest doors of the Genesee County Administration Building, which is the point of entry for the volunteers. Upon entering the building volunteers should proceed to the basement for sign-in. MTA busses will transport volunteers from the GCEOC to the work site and return to the GCEOC.

Volunteers selected for assignment to the MSP teams should be able to physically walk door to door in winter conditions, and be comfortable speaking with people. Volunteers must arrive dressed for the cold, possibly windy, weather (hats, scarves, gloves, etc.).

Lunch is to be provided to all teams by the ARC as previously requested (see Resource Request #9137103).

Execution:

Team	Assembly Area	Hours of Operation	
MSP	LEOC 1101 Beach St, Flint	0900-1700	
ARC	ARC 1401 S Grand Traverse St, Flint	0730-Dusk	
Warehouse	4315 North Clio Road, Flint	0700-1900	

Critical Task: Assemble, coordinate, and monitor Water Resource Teams (WRT)
Tactics:

1. Assign team leaders, team members, and routes to teams
2. Conduct pre-deployment briefing to include team mission assignments, concept of operations, deployment locations, replenishment process, reporting process, and safety briefings
3. Issue boxed lunch if available
4. Issue vest and badge to team members
5. Provide training to new team members
6. Conduct post-deployment debrief with team leaders and members
7. Collect vest and badge from team members

Sample Script for Team Members:

We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
MSP	100 Distribution Kits Remaining	Distribution Route: exact location determined by Team Leader	1. Contact warehouse to request replenishment truck 2. Coordinate replenishment location with warehouse 3. Exchange replenishment truck with empty truck
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix

Lunch

MSP WRTs will be issued lunch prior to team departure if available. If not, WRTs will return to LEOC to receive lunch

Reporting:

Tactics:

1. All WRTs will utilize ipads as primary reporting method and paper tracking as seconday method if ipads fail

Water Resource Team: Concept of Operations and Support

Goal: Increase the number of households served per day by the Water Resource Teams through scalable resource optimization

How: Standardize and Support

1. Standardize the team composition and resource requirements
2. Provide end to end support to the Water Resource Teams

Concept of Operations and Support

1. Planning & Prioritization
    a. Plan Components
        i. Team Type: Mission, Resources (Vehicles, Members) Product
        ii. Priority: Wards/Precincts
    b. Accountable: SEOC Recovery Branch Director
    c. Approval: State EM Director
2. Resource Support
    a. Resource Components
        i. Vehicles
        ii. Product
        iii. Personnel
        iv. Lunch
    b. Accountable: SEOC Logistics Section Chief
    c. Responsible: SEOC Logistics, SEOC Warehouse, American Red Cross Volunteer Resource Center
3. Execution
    a. Water Resource Team Daily Distribution
    b. Accountable: MSP
    c. Responsible: MSP Water Resource Commander, American Red Cross OIC
4. Execution Support
    a. Team Replenishment
    b. Accountable: SEOC Logistics Section Chief
    c. Responsible: SEOC Warehouse
5. Reporting
    a. Distribution Reporting
    b. Accountable: MSP Water Resource Commander
    c. Responsible: All Water Resource Teams

Team Typing

	Mission # of Households (HH)	Truck	Truck Driver	Team Members	Chase Vehicle (s)	Chase Driver (s)

Distribution Kit per Household

Door Hanger	1
Water, case	1
Filter*	1
Test Kit	1
Replacement Filters	1

*If filter doesn't fit then distribute

Pitcher*	1

Lab Bottle Ordering and Preparation Procedure

1. The Lab will order bottle quantities based on the EOC's request and confirm to the EOC the order has been placed and quantity ordered.

2. The Lab initiated bottle orders will be shipped to the State Flint Response Warehouse directly from the vendor to the following address with one box from the order shipped to the Lab for lot testing.

   4315 N Clio Rd, Flint, MI

3. Upon receipt of the bottle order shipment, WAREHOUSE will confirm from the shipment's packing slip, that the received quantity matches the ordered quantity. If the received quantity does not match the ordered quantity, WAREHOUSE will immediately notify Kirby Shane, Julia Pieper, or Carol Smith at 517-335-9800. WAREHOUSE will write the receipt date and lot number, and send the packing slip to the Lab to retain.

4. WAREHOUSE will call the Lab immediately with the lot number on the shipment boxes and confirm that all boxes in the shipment are identified with the same lot number. The Lab will verify that the one box received at the Lab is identified with the same lot number. If additional lot numbers are identified in the shipment to WAREHOUSE, or the lot numbers from WAREHOUSE and the Lab do not match, WAREHOUSE will send one box from the additional lot numbers to the Lab for lot testing.

5. The Lab will complete lot testing from the one box shipped to the Lab. Any additional lot numbers identified in the shipment by WAREHOUSE, and sent to the Lab, will also be tested. Upon successful lot testing, the Lab will assign a lot number or lot numbers to the shipment of bottles.

6. The Lab will print enough bottle labels, identifying the bottle type and lot number, to label the entire shipment of bottles. The Lab will Label the bottles in the one box received and any additional boxes sent to the Lab by WAREHOUSE for lot testing, and send these and printed labels to WAREHOUSE.

7. WAREHOUSE will firmly place one printed label on each bottle from the shipment, horizontally, at the approximate center of the bottle, from the labels supplied by the Lab for this shipment. After the label has been placed on the bottle, attach 1- "Request for Water Analysis" (2-sided 8 1/2 x 11 form) with rubber band (the forms DO NOT have to be folded in half). **Do Not Use any extra previously supplied Labels unless the lot number of the previously acquired labels match the lot number of the new labels.**

Team Assignment – Target Areas

Priority – City Sections 3, 9, 11, 17, 19, 20, 23
Secondary – City Sections 2, 10, 28

Map Support

Maps and addresses will be provided daily to provide detailed information on city sections. Teams will target specific homes requiring follow up.

Sample Script for Team Members:

We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix.

Lunch

Lunch will be provided by the ARC.

Reporting:

Tactics:

1. All WRTs will utilize iPads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if iPads fail.

Recovery Branch – 1/25/16 as of 5:00 pm

- Updated Flint Water Response Team Plan for tomorrow
- Updated ICS 204 forms (Obj. 1 and Obj. 6)
- Continued demobilization of trucks and vans
- Attended Local Brief, Tactics Meeting, Operations Plan Meeting, and Distribution Process Meeting
- Worked with GIS to acquire addresses for Water Responses
- Operations for the Water Response Teams has shifted to a targeted effort to get filters into homes our data shows don't currently have filters

Water Response Teams	1/25/16
Occupied Homes	2,596
Vacant Homes	0
Unknown	0
Total Homes Visited	2,596

Door Hangers	0
Water - Cases	1,041
Filters-Faucet	524
Replacement Filter	0
Filter Pitchers	0
Water test kits	0
Total Resources Dispersed	
Future sample test site	0

**American Red Cross data has not been entered in the app, but is currently being caught up. Starting January 26, 2016, the American Red Cross has been instructed that i-Pads must be used in the field for data entry in order to clearly capture the homes that have filters.

Recovery Branch – 1/25/16 as of 5:00 pm

- Updated Flint Water Response Team Plan for tomorrow
- Updated ICS 204 forms (Obj. 1 and Obj. 6)
- Continued demobilization of trucks and vans
- Attended Local Brief, Tactics Meeting, Operations Plan Meeting, and Distribution Process Meeting
- *Worked with GIS to acquire addresses for Water Responses*

Water Response Teams	TOTALS	1/25/16
Occupied Homes	31,157	1,645
Vacant Homes	3,439	262
Unknown	5,665	411
Total Homes Visited	**40,261**	2,318
Door Hangers	11,249	1,015
Water - Cases	22,615	1,620
Filters-Faucet	11,509	558
Replacement Filter	6,722	293
Filter Pitchers	22	2
Water test kits	6,735	229
Total Resources Dispersed	**58,852**	
Future sample test site	3,702	490

*Not all of the American Red Cross teams for today used iPads so the above numbers do not reflect the paper data.

If we get a note that we can't get them, we will order something similar to what you're currently using. Does that make sense, and is that ok? Just want to make sure we keep the communication open. It's been a little muddy (purely my fault!), and I'm hoping to work it out better ☺

Joan --

From Resource request (DTMB and DOC cannot fill until next week.)
Requesting assistance from ARC this week, if possible.

Mission: Delivery of supplies to local food bank.

3- 18-24 foot box truck with drivers. Preferably with lift gates.
For use Monday-Saturday 8 a.m.-4:30 p.m.
3- Electric Pallet Jacks
4- Manual Pallet Jacks

(even though it says Monday, they need asap)

Subject: RE: Training Points

These were sent directly to him and other DEQ staff.

From: MSP-SEOC5
Sent: Sunday, January 10, 2016 3:44 PM
To: MSP-EOC-MDEQ
Subject: Training Points

Can you confirm the following items are set to be discussed by Gregg Lundy tomorrow at the training in Flint?

- Filters/Replacement cartridges/Pitchers (DEQ)
  - Installation of filters and replacement filters
  - Use of filtered/unfiltered water
- Water Test Kits (DEQ)
  - Purpose of testing
  - How they work
  - No fee

I don't think we need to go too far into the weeds on some of this, but those in the field need to be able to answer some of these questions if asked.

Let me know if you have any questions.

Thanks,

Brianna

Subject: Target Area Maps

In addition to the request to have the border roads on the target area maps a larger print font, is it possible to get the target maps for the next day before 6:00 pm?

This will give the field team leadership time to get the maps printed and coordinated and make assignments. Further, when we have out 6:00 pm call, the field team leadership will have access to the planned target areas.

Lt. Dehner, if you could reply all with the email addresses for the Guard command, that will help us add them directly to the distribution list.

Matt

Subject: RE: Flint Water OIC for Friday 1/22

Julin is Mapes is

A couple of things worth mentioning for planning to move to a 2 shift concept on Thursday:

- Will this require us to supply dinner to the volunteers/distribution teams? Currently, we are supplying only lunch.
- The GCSO advised that they are at minimum staffing with our current distribution model. If we push to delivery after 1700HRS, they CANNOT assist us outside of supplying 1 to 2 marked units. This includes personnel that staff the mapping operations, which has been critical to our success to this point.
- Is the number of National Guard soldiers anticipated to be 100 TOTAL for the day, or 100 soldiers per shift? We have enough projected staffing through the Flint Post to support up to 150 soldiers, (1 marked unit per team) working 12 hour shifts through Friday January 22nd. We don't have resources in place past that point. Anything past 150 bodies will require that we seek staffing outside of Post resources.

Okay.

We will adjust our schedule here.

Can I get contact #s for Julin and Mapes?

I have the following for Sims and Luty, please advise if they are incorrect:
Sims
Luty

Finally, FYSA: we are working on modifying the hours of operation starting on Thursday. Right now, we are considering a two shifts, the normal shift we have been running (0800-1700) and an afternoon shift of 1300-2100. Please advise if we will be able to support the guard for this shift. We still need to figure out the number of teams on each shift.

I'm open to suggestions.

All,

At the 5 PM deadline there were 114 volunteers for Sunday, January 17, 2016 and 125 volunteers for Monday, January 18, 2016. Please see the attached Excel spreadsheet containing the volunteer information.

Thank you,
Spl/Lt. Mardella Horhn

Subject: FW: Teams tomorrow

FYI, I think the information you requested is below, please let me know if you need more or have other questions.

Lt's.
The Team coverage in the Wards tomorrow is this...
Red Cross teams = Ward 6
MSP teams = Wards 5 and 2

This is what I know at this time.
Mike
Spl/Lt. Mike Garland

We are projecting 8 teams tomorrow, 12 volunteers per team.

Local Water Response Team manager is F/Lt. Tom Kish. He can answer the ones I do not have answers for. My answers are in bold below.

1. How many teams? **Kish?**
2. How many volunteers on a team? **Kish?**
3. Where are they reporting to? **Local EOC, 1101 Beach Street, parking at corner of Beach and 8th**
4. Who do they report to? **Kish and his local commander**
5. Do you have enough transport vehicles? **yes**
6. Do you have enough supply vehicles? **Yes**
7. Do you need all the DOC crews back tomorrow? **No, we need 4 short box trucks, DOC calls them Cubes. The resource request has been updated in MiCIMS and this was communicated to DOC. The vehicles they had there today apparently are loaded with product and will need to be unloaded or used tomorrow, so they will be there first thing in the morning and need to be dealt with.**
    a. Here are all the resources they had today and they are mirroring it tomorrow. (If this is not what is needed, this needs to be stated in the resource request. Nothing is getting updated.) **This has been updated, see #7. The below resources that do not fit within #7 may be related to other operations, so I cannot cancel them all. However, I did cancel the passenger vans, handicap van, pickup trucks, and trailers for Water Response Team operations. We left 2 pickup trucks with trailers for "Hot Shot" use**

Today we had 21 staff and 15 vehicles dedicated (on site) to the response, additionally we have 4 pallet jacks, one refrigerated semi-trailer and three MDOC staff assigned to the SEOC location.
Information is as follows:
(6) Large Box trucks
(5) 15 passenger vans

(2) Pick-up trucks
(2) enclosed trailers
(1)Handicap Van
(1)20 passenger Van

8. If you do need them, where are they reporting? **The 4 we have requested should report to the Local EOC.** I would like 2 for the GCCard Hot shots operation please. **Feel free to use any, otherwise unallocated DOC vehicles for your needs. I have cancelled all requests in MiCIMS for all DOC assets other than the 4 vehicles we have requested above and the 2 DOC trucks and trailers you requested today. The sheriff department is using some DOC vehicles as well. I did not cancel those requests as they were not my requests. If the sheriff department does not need them anymore, they will need to cancel their request by contacting you.**

9. If we are expecting 100+ people, I think it's a good idea to have the Penske trucks? Especially to offset the DOC crews, since we are paying them and the Penske are free.

We are using 8 U haul trucks that are tasked to the Water Response Team mission in addition to the 4 DOC vehicles listed above. If you want to use Penske trucks instead of U Haul trucks, DTMB will need to coordinate that change. However, the Penske trucks should be low level trucks that can be loaded from the ground without a lift gate or fork lift. (Step up/step in height.

Subject: MSP Volunteers and uniform personnel

All,

Logistically, we can support 15 teams consisting of **60-75 MSP volunteers**. We will fold these personnel into multi agency teams with local volunteers, other state agencies, the county, etc.

To run this operation, we will **need a *minimum* of 15 enlisted uniform troopers and sergeants** (to lead the teams) in marked vehicles, plus any need command and control staff.

Corrections will supply vans to transport teams as well as trucks to transport product.

Muster location will be at the GCCAR; 2727 Lippincott, Flint MI.

Lunch will be served at the EOC, Genesee County Admin. Building.

G Event 9 (primary) and G Event 10 (secondary) have been set up for 800 MHz communications.

Once you have names, please provide this email box those names so that we can add them to our resource list here.

If you have any questions, please let me know.

Matt

Subject: Potential Assistance Programs

State Emergency Management Coordinator:

As discussed in this morning's briefing, your agency has been identified to research potential assistance programs (private, state, federal, etc.) that may be available to address the short- and long-term recovery needs in response to the Flint water incident. Earl Zuelke, FEMA Long-Term Recovery, has made contact with some federal agencies to assist with this research. Feel free to touch base with him in the SEOC.

Attached is a copy of the Non-Stafford Act Recovery Guide. Appendix 2 (pg. 24-26) provides a list of some potential federal programs. This list is **not** all-encompassing; however, it will provide a starting point if any of these programs may apply to the response and recovery for this incident.

Provide the following information, *at a minimum*, on potential assistance programs for individuals and/or government support in response to this incident:

- Program Name
- Agency Responsible for program
- Point of Contact
- Type of Support (Individual or Government)
- Eligibility Guidelines
- Benefits Available
- Application Process

This information shall be submitted to Brianna Briggs, the Recovery Branch Chief, at briggsb3@michigan.gov by **COB Friday, January 15.**

Let Brianna (cell phone below) know if you have any questions on this request.

Thank you,

Brianna Briggs
Recovery Branch Director

Subject: Update from ArcGIS Online for Field Teams

Hello Sir,

Today the app implementation went extremely well. There were a few issues that were quickly addressed. One related to how form fields should be filled out. Another was getting styluses for teams so that they don't have to remove their gloves in the cold. All very simple to fixes. All told there were 394 total home visits with the following breakdowns:

152 Vacant Homes
217 Door Hangers
117 Water Distributions
112 Filters
3 Pitchers
48 Water Test Kits

That said, we should be able to greatly optimize distribution in the near future as we mapped the active water subscribers from Flint's DPW and are adding them to the field team members apps. Of the ~56,000 possible addresses, this reduces the number of possible homes to visit down to ~29,000.

We are working to create a "version 2.0" of the app to allow it to be used in the PODS as well. That way all distributions can be visualized in near-real-time. The discussed implementation for the PODS component is Thursday. Right now ESRI (mapping vendor) agreed to have 100 users in the system (up from 20). They appear very supportive to provide any technical assistance we may need to push this initiative along.

Subject: MSP Water Distribution Operation - AAR

I'm sure after action reports are probably being done within the SEOC, but for what it is worth, a quick snapshot of today's day one operations may be beneficial for the higher planning to put more boots on the ground in Flint in the coming days, so here it goes:

Mission:
4 teams (40 DHHS employees), supported by 4 marked MSP, and 4 marked Sheriff units, and (2) 24' UHaul trucks, conducted water filter delivery operations within the 43rd precinct, beginning at apx 1030 HRS, and ending at 1700 HRS today. The target for today was 150 houses, however final data was not available at the time of publish.

Recommend to Sustain on 1-13-16:
-- Continued use of UHaul type trucks. They are low to the ground, easy to load and more important, to off-load. Easily maneuvered on city streets, especially given poor road conditions, and parked/disabled vehicles on city side streets. DTMB trucks are at a height that makes accessing cargo difficult, and puts volunteers at risk of injury clearing the 5' high box entry.

--iPads and in car mobile terminals. (8) iPads supplied by the City and used by DHHS, made real time data uploads possible and gave a more accurate depiction of ground operations. The ability to push GIS mapping material to troopers vehicles via email facilitated their abilities to make on the ground changes with routes, without having to coordinate through the EOC directly.

--Coordinated efforts with Deputies. A GCSO Lt and Captain on the ground and in the EOC were integral in helping us quickly put together a delivery system that was efficient, and allowed us to skip past obstacles they had already encountered in their previous day's work. In addition, it was GCSO that secured the UHaul trucks for us to use.

--Maintaining a large, central distribution point. This makes it easy to get trucks, vehicles, and supp... out very quickly.

As a side note, the delivery model used today was 1 UHaul truck, 20 DHHS personnel, and (2) marked police units per street, and we covered 2 streets at a time. DHHS doubled up going door to door (this was an internal decision made by them). If we were using only law enforcement, we could reduce this number to 10 volunteers per truck, but lower than that would slow down progress, more than 20 would just result in people getting in each other's way, and would make transporting them difficult, not to mention clogging up the street with transport vehicles (which happened today). We used the Sheriff's bus to move volunteers instead of their SUVs because the number of vehicles ended up creating congestion issues on the streets we were delivering on.

Recommend to consider changing on 1-13-16:

--Use of DTMB box trucks (see above). Securing more UHaul type trucks would speed up loading and off-loading.

--We can sustain meals from the EOC for the 60 personnel involved today. More than that is going to require an outside source.

--Using less vehicles to transport volunteers. We used the GCSO bus today, and can continue that until Sunday, however a central transportation unit seems to work best at this point, not individual SUVs for each 4 person team.

Thanks Chris. I would like to connect you with the MSP SEOC Logistics desk via email. They will be able to assist with getting your folks signed up to volunteer for door to door on the weekends.

Logistics - Comcast employees would like to go door to door with our teams in Flint.

Please let me know if you have any questions.

Thank you,

For what it is worth, the Red Cross now has 20 iPads. They were issued an additional 10 today from the local EOC. They've primarily been using paper during distribution, then entering data the following day. This probably means they've also now got 10 less people on their street teams, and back at the ARC in order to enter data, but they can confirm that.

> 1. How many teams? **Kish?**
> 2. How many volunteers on a team? **Kish?**
> 3. Where are they reporting to? **Local EOC, 1101 Beach Street, parking at corner of Beach and 8th**
> 4. Who do they report to? **Kish and his local commander**
> 5. Do you have enough transport vehicles? **yes**
> 6. Do you have enough supply vehicles? **Yes**
> 7. Do you need all the DOC crews back tomorrow? **No, we need 4 short box trucks, DOC calls them Cubes. The resource request has been updated in MiCIMS and this was communicated to DOC. The vehicles they had there today apparently are loaded with product and will need to be unloaded or used tomorrow, so they will be there first thing in the morning and need to be dealt with.**
>   a. Here are all the resources they had today and they are mirroring it tomorrow. (If this is not what is needed, this needs to be stated in the resource request. Nothing is getting updated.) **This has been updated, see #7. The below resources that do not fit within #7 may be related to other operations, so I cannot cancel them all. However, I did cancel the passenger vans, handicap van, pickup trucks, and trailers for Water Response Team operations. We left 2 pickup trucks with trailers for "Hot Shot" use**

Today we had 21 staff and 15 vehicles dedicated (on site) to the response, additionally we have 4 pallet jacks, one refrigerated semi-trailer and three MDOC staff assigned to the SEOC location.
Information is as follows:

(6) Large Box trucks
(5) 15 passenger vans
(2) Pick-up trucks
(2) enclosed trailers
(1)Handicap Van
(1)20 passenger Van

8. If you do need them, where are they reporting? **The 4 we have requested should report to the Local EOC.** I would like 2 for the GCCard Hot shots operation please. **Feel free to use any, otherwise unallocated DOC vehicles for your needs. I have cancelled all requests in MiCIMS for all DOC assets other than the 4 vehicles we have requested above and the 2 DOC trucks and trailers you requested today. The sheriff department is using some DOC vehicles as well. I did not cancel those requests as they were not my requests. If the sheriff department does not need them anymore, they will need to cancel their request by contacting you.**
9. If we are expecting 100+ people, I think it's a good idea to have the Penske trucks? Especially to offset the DOC crews, since we are paying them and the Penske are free.
We are using 8 U haul trucks that are tasked to the Water Response Team mission in addition to the 4 DOC vehicles listed above. If you want to use Penske trucks instead of U Haul trucks, DTMB will need to coordinate that change. However, the Penske trucks should be low level trucks that can be loaded from the ground without a lift gate or fork lift. (Step up/step in height.

Please advise ASAP!

Subject: ARC Team Maps

Jay,

We have city section maps with parcel information that tells us what parcels have/don't have filters. Would you prefer we send these daily to the local EOC (map room?) for them to determine priorities? Or would you like us to send them directly to ARC based on priorities determined here? I think that the local input would be important in this process.

Thanks,
Brianna

Subject: RE: MDOC - Van Demob?

Spoke with Bob from MDOC advised that DOC vans can be demobed after today's operations. He could only account for 12 vans. Travelbee may be able to find them. With the police teams being done after tonight we won't need the vans. May need to box trucks but I am unsure on that... They may be needed by the warehouse, kristi or tonya may know more on that.

Jay/Shasta,

Working with MDOC/DTMB to demobilize vans tonight after operations. Can you review the following list and advise if these are currently all being used by the water response teams? If they are, we plan to demob them tonight. If not, let me know which vans you plan to keep and we'll work that out here.

Passenger Vans

15 People

MDOC

14 vans

Passenger Vans

6 People

DTMB

13 vans

Passenger Van w/ 10' Enclosed Trailer

15 People

MDOC

1 van

Handicapped Capable Passenger Van

5 People

MDOC

1 van

The last two, I'm unclear how they are being used.

Thanks,
Brianna

1. Situation:

There are 45,000 active water meters in the impacted area
As of 2130 on 01.13.16 17, 276 households have received water filters
MAP

2. Mission Statement:

Ensure all households within the impacted area have the required resources

3. Execution
   a. Commander's Intent
      i. Distribute filters and additional resources to all impacted households within 5 days. The priority of effort is the Fixed Points of Distribution (PODs).
   b. Concept of Operations
      i. Distribution of resources will be conducted using 4 methods: Fixed PODs, Mobile Distribution Teams, Rapid Response Distributions, and Local Partner Distributions.
      ii. Tasks
         i. Fixed PODs
            1. Red Cross will staff all sites through XXX
            2. Red Cross will conduct transition brief with Michigan National Guard on XXX
            3. Michigan National Guard will assume staffing responsibility as of XXX
         ii. Mobile Distribution is being conducted via Water Resource Teams
            1. Recovery Branch Support will determine Water Resource Team composition, standards, resource requirements, and priority areas for distribution
            2. Michigan State Police will provide command and control (assemble, coordinate, monitor) of Water Resource Teams
         iii. Rapid Response Distributions
            1. Local EOC Operations Section Chief/District Coordinator will approve partner requests for distribution support
            2. Local EOC Operations Logistics will execute Rapid Response Distributions
         iv. Local Partner Distributions
            1. Local EOC Operations Section Chief/District Coordinator will approve partner requests for distribution support
            2. XXX will execute partner requests for distribution support
   c. Coordinating Instructions
      i. Fixed PODs are located at 5 fire stations.
         i. POD Locations

Water Resource Site Fire Station 1	310 East Fifth, Flint, MI 48502	0900-2100
Water Resource Site Fire Station 3	1525 Martin Luther King Ave, Flint, MI 48503	0900-2100
Water Resource Site Fire Station 5	3402 Western, Flint, MI 48506	0900-2100

Water Resource Site Fire Station 6	716 West Pierson, Flint, MI 48505	0900-2100
Water Resource Site Fire Station 8	202 East Atherton, Flint, MI 48507	0900-2100

2. POD Product Composition
    1. **NEED FROM SHAWN**

ii. Mobile Distribution is being conducted via Water Resource Teams
1. **Assembly area**
2. **Mission Ready Packets**

iii. Rapid Response Distributions
1. **NEED PROCESS FROM MICHELLE**

iv. Local Partner Distributions
1. **NEED PROCESS FROM MICHELLE**

d. Concept of Support
i. Resourcing support for all distribution methods will be provided via a consolidated logistics pipeline. Replenishment will be conducted automatically and on demand. Reception, Staging, and Onward Integration (RSOI) of material resources will be managed via a warehouse system and RSOI of personnel resources will be managed via a Volunteer Reception Center and XXX (State Employees)

ii. Tasks
1. SEOC Logistics Section Chief is accountable for resourcing support for all distribution methods and maintaining end to end visibility of all resources
2. SEOC Logistics Support Staff is accountable for maintaining the Pipeline Report to ensure accurate resource tracking
3. Red Cross Warehouse Managers will provide warehouse management and are accountable to the SEOC Logistics Section Chief
4. Red Cross will manage the Volunteer Reception Center
5. Local EOC Logistics will provide logistics support to the Rapid Response Distributions

Comment [JE1]: To get resources for this operation should local EOC call SEOC or Logistics? -Jay

iii. Warehouse System
1. Currently operating 3 locations with intent to consolidate to single, central location

Name	Location	Hours of Operation	POC
GCARD	2727 Lippincott, Flint , MI		Shawn
Clio	4315 North Clio Road, Flint, MI		John Foust
Court	3086 East Court Street		John Foust

iv. Volunteer Reception Center
1. 1 location managed by American Red Cross
2. The volunteer intake process takes 20-30 minutes.

Name	Location	Hours of Operation	POC
American Red Cross	1401 S Grand Traverse Flint, Mi 48503	0900-1900	

v. Resource Request and Tracking Process
   1. Pipeline Report
      https://docs.google.com/spreadsheets/d/1wXVQvQ2IJ6N_ORpo8bvtBIEQJrDxkyoPg-EjZRtNepg/edit?usp=sharing
   2. All resource requests and offers of support (people, product, facilities, vehicles, etc) will be entered into MI CIMS as a resource request to the SEOC Logistic Section Chief.
   3. The SEOC Logistic Section Chief. will task it out to the State or Volunteer Agency that can fill that request or procure as necessary
   4. All resource requests and offers of support will be tracked and monitored via the Pipeline report (Google docs collaboration document)
   5. Warehouse inventories will be sent to the SEOC Logistic Section Chief. daily at 1800 and incorporated into the Pipeline report
   6. Volunteer Workforce Request for Volunteer Reception Center
      1. REQUIRED INFORMATION:
         i. Who is the Point Of Contact?
         ii. Who is the supervisor?
         iii. Where do volunteers report?
         iv. What Dates are volunteers needed?
         v. What times are volunteers needed?
         vi. How many volunteers are needed?
         vii. Who is providing transportation for the volunteers?
         viii. Who is providing meals, snacks and beverages?
         ix. Are there any qualifications needed?
         x. IMPORTANT NOTE:
            - Brief job description is required
            - The requestor of the volunteers must understand they assume responsibility for the volunteer's safety and the volunteer's actions.
            - The requestor of the volunteers are responsible for managing and providing direction.
            - 48 hour advance notification required for request.
            - Reasonable expectations of the volunteer workforce

Comment [JE2]: In the google doc Henrik is listed as the local logistics POC. He is planning section in the EOC. Jay Eickholt is the current Logistics POC.

Subject: FW: Demobilization of Trucks

Lt. Dehner advised that MSP troops will more than likely be unable be able to shuttle the trucks back and forth. DTMB plans on utilizing student assistants to get their vans back. Would MSP be able to do the same some time tomorrow or Tuesday? Figure we should try and get back at least 1/2 the trucks on our time for their generous donation.

The warehouse and PODs organizers should probably be in the loop on getting these trucks out, don't want to leave them high and dry.

Jay,

We can work together to get these units back. They should be returned full if possible. How many do you believe you could return to either the Warren or Plymouth locations? I will call in extra drivers to pick trucks up as well. Let me know your thoughts.

Thank you,

Steven

Malysaa: Thanks for sending me these maps. It will be helpful to have them at hand to print as needed for the field ops folks.

All:
I just want to state that I think these new assignment areas as defined, in my opinion, will cause extra work and complication in actual field operations for the simple fact that they do no break on streets.
Groups assigned to adjacent areas I suspect will encounter many situations where it is not clear who has street. They have had these problems already in the process --where teams head down streets and discover they have been done, others skipped and generally a lot of extra work in the field operations office because they are constantly trying to mark-up maps with where people are going or have been.

Carly and Justin,
Thank you for copying me on the discussion regarding volunteers. Chad Veeser is assigned by my office for the state to support the volunteer process. When requests for volunteer groups are forwarded on from the state and federal level, I would like Chad Veseer and me to be cc. This will allow Chad to be able to communicate when the group has been contacted and things have been organized for them.

Chad will work with Justin to put this in the Volunteer plan and so it is clear. I want to make sure when corporations/organizations who are referred on by the state/federal level to volunteer, that Chad will then communicate back to the referral source that the organization was contacted and the result. We are the communication link, Red Cross will be take the action to get the volunteers into the process.

Carly,

Good morning. I greatly appreciate this information. As the dust begins to settle, it is a relief to see clear ... of communication from (appropriate) P.O.C to P.O.C. as well as process developing. Thank you for being an integral part of these coordination evolutions.

One point of clarification. The P.O.C. for group volunteering at the community VRC is Victoria Fryer. Her e-mail address is victoria.fryer@redcross.org.

I look forward to working with you and best of luck.

Respectfully yours,

Hi Justin,

I just got your voicemail. I'm sorry for the delay – we were working out the details for volunteer numbers this afternoon and we are able to fulfil all of our needs for tomorrow, Saturday January 16th. For Saturday – Monday we are utilizing State of Michigan Employee volunteers.

I understand the request protocol and we will send that form over when we need to request more volunteers. We anticipate needing to send you a request for volunteers in the 60+ range for Tuesday next week and forward. I am CCing Ginna Holmes as she is the volunteer coordinator at the local level and will be routing any outside volunteer groups who contact us as the State level through the Red Cross Reception Center.

Thank you,

Carly

He is there now.

Also, I should've clarified. If GCCARD can still handle water, they can take water. But that should be coordinated with them. Obviously. But all other supplies, need to go to our warehouse for tracking and inventory. We can get them stuff, but just need to track it there first. Gracias.

I just received lunch numbers for the state/local teams; however, I still do not have the volunteer numbers available from the Volunteer Reception Center. I believe this request was made yesterday. For the current workforce scheduled tomorrow, there are **88** from the state/local teams (for Tuesday). This number **does not** include the volunteers to be provided by the Volunteer Reception Center or the ARC Teams (I believe you will have those numbers).

Please let me know if I've made any incorrect assumptions! My cell phone number is below if you need anything else. Our goal is to get you the lunch number by noon daily for the following day.

Thanks,
Brianna

Subject: Re: iPads

Good afternoon

Some of our teams are using them for data entry some teams are not very tech savvy so the tablets slow them down thus they are using paper. Regardless, all teams are using the tablets to determine what houses have already been hit. I hope the data is current because our teams are skipping the parcels that already have a dot..

We are having a few issues using the tablets.. They don't work well with cold fingers or when the user has gloves on. Also we are concerned we are not capturing all of the residences using a parcel approach because we can't indicate multiple homes on a single parcel of land. I believe Lauren has passed the issues we are encountering to you.

Long story short we are always using them to determine homes that have been served and using them for data entry at the discretion of the teams and their ability to use the tech...

Let me know if you need to reclaim some of them.

Very best and hope you are having a great day

Robert

I understand we dropped off 10 iPads on Saturday morning to the ARC Teams. Are you using those in the field? If so, GREAT; keep using them! If not, let us know as we will likely need to reallocate those to the local/state teams running out of the local EOC.

Thanks,
Brianna

*Unknown is a training issue in the field and we are working to correct it.

MSP

- Personnel from MSP have been coordinating and managing the Flint Water Response Teams since Tuesday.
- Over 100 MSP volunteers have reported and worked on the Flint Water Response teams.
- 25 MSP lieutenants and troopers have been coordinating all operational efforts for the Flint Water Response teams in cooperation with state, county, and local partners.
- MSP is also coordinating with the Red Cross Water Response Teams.

MDOC

- The Michigan Department of Corrections has 26 staff and 14 vehicles dedicated (on site) to the Flint Water Crisis response, additionally three MDOC staff are assigned to the SEOC location.
- The resources requested/dedicated currently is as follows:
- (26) MDOC Employees
- (6) Large Box trucks
- (5) 15 passenger vans
- (2) Pick-up trucks
- (2) enclosed transport trailers
- (1)Handicap Accessible Van
- (1)20 passenger Shuttle Bus
- (1) 53' Refrigerated Semi-trailer
- (4) Pallet Jacks for unloading at storage facility

Michigan National Guard

- The request for Guard support is generated by the executive order issued by Governor Snyder on 12 JAN 16. The Michigan State Police are responsible for coordinating all state efforts, including the Michigan National Guard, to assist the City of Flint and Genesee County.
- Members of the Guard will be staged at the 5 water resource sites at fire stations assisting with operations; there are no plans to go door to door.
- The first group of Michigan Guard arrived Wednesday morning to conduct assessment and get acclimated; the full contingent of approximately 30 Soldiers is due to arrive Friday morning.
- The assistance provided by the Michigan Guard allows other agencies to expand their operations and provide even more support to the citizens of Flint.

Human Services

- Provided procurement, acquisition, delivery, and working on disbursement, of hundreds of thousands of water filtration devices.
- MDHHS have provided staff for Flint Water Response Teams 1/12/16 through 1/15/16.
- Continue to provide two locations as points of distribution sites for water filtration devices.
- Michigan Community Service Commission continues to participate heavily in donation management and volunteer coordination efforts at the local level.
- Continue to provide two dedicated PIOs to the event.
- Have four staff dedicated to this event in the SEOC.
- Local MDHHS staff remains active in human service coordination at the local EOC.
- CHEEC remains active in support to the SEOC and Local Health Dept. regarding this event.

American Red Cross

- Convened meetings of local NGOs
- Provided volunteers for the sheriff's distribution effort
- Provided volunteers to operate PODs at 5 fire Stations
- Stood up a formal Disaster Relief Operation and established headquarters in Flint
- Provided volunteers to operate PODs at 9 churches
- Provided volunteers to manage warehouse and inventory operations
- Established operation to assemble water test kits

- Provided volunteers to assemble water test kits
- Operating a Volunteer Reception Center
- Providing volunteers for the Water Response Teams
- Providing a logistics-planning consultant
- Coordinating and providing meals for the staff and volunteers assigned to the emergency response.

Adult & Aging Services

- Coordinate with Valley Area Agency on Aging (VAAA) who are continuing to take calls from seniors and caregivers needing water or filters. They are providing this information to the local EOC each afternoon for follow-up.

- Provided over 2,000 addresses of homebound, frail, or otherwise at-risk seniors living in Flint. AASA has in turn forward these addresses to MSP-GIS to overlay their heat map and for local follow-up.

- VAAA local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

DTMB updates

- Leased warehouse space for supply distribution
- Credentialing badges for volunteers
- Located JIC in Flint State Office Building with equipment
- SMART devices for water response teams (30 to-date additional quantities requested)
- Procurement of trucks, water, water filters, cartridges and plumbing supplies for pilot water program
- Printing and delivery of water analysis test forms and informational palm cards
- Seven drivers with trucks transporting supplies throughout the city
- Temporary fuel cards

Michigan Department of Environmental Quality

- Facilitate supply of water test kits to all Flint Water Treatment Plant customers in collaboration with City and County personnel
- Laboratory services to process samples for lead and copper analysis
- Staffing of SEOC during all operation hours to coordinate agency services, capabilities, activities and respond to resource and information requests
- Staff support at the Joint Information Center
- Coordination and cooperation with various state agencies for sampling plans and implementation strategies for all state regulated facilities to include the provision of resources
- Staffing at the local level to assist with resource and response management
- Verify NSF/ANSI 53 certifications of products delivered to citizens
- Production of a water test sampling video for public guidance

MDARD

- Updated requirements for food establishments using City of Flint water; mailed on 1/14 and includes offer to collect samples for free.
- Visiting food businesses to ensure they understand requirements.
- Will be visiting restaurants, in coordination with Genesee County Health Department
- Reached out to veterinary clinics and coordinated with the Genesee County Animal Control to contact animal related businesses to see what water system they're on and ensured that they were familiar with the Flint water situation.
- Reached out to Flint Food Works / Food Hub and the Food Bank of Eastern Michigan and offered additional assistance.

MDHHS – Health

- Activated the Community Health Emergency Coordination Center (CHECC)
- Staffing a hotline to field calls that were to be sent to the Local Health Department while the LHD is closed for furlough, weekends, and holidays
- Developing a nutritional plan for education and messaging
- Gathering information in preparation for disaster behavioral health response, if a presidential declaration is approved.
- Epidemiology branch continues to assist work with local health department on blood lead testing and case management
- Communicating to healthcare providers through WebMD Medscape.
- Coordinating health information messaging with the JIC.

MDLARA

- Ongoing effort to reached out to all licensed Healthcare facilities in the affected area to gather information and access any needs they may have, to include: Child Care facilities, Adult Foster Care, and others.
- LARA and it's Bureau of Construction Codes - Plumbing Division will complete the "Freeman School Faucet Replacement Pilot." This weekend to include:
    - On-site assessment plumbing to identify plumbing components of concern and prioritize sample sites.
    - Identify and replace faucets, lines, connectors with lead free components.
- Re-collect water samples to test and analyze.
- Offered to assist with lab testing, utilizing the MIOSHA Lab and Scientists as appropriate in coordination with DEQ.
- Provided MDHHS with a list of licensed healthcare facilities to coordinate the distribute nutritional information.
- Worked with the Office of New Americans to assist with translation of messaging

MDEQ

- Facilitating supply of water test kits to all Flint Water Treatment Plant customers in collaboration with City and County personnel.
- Laboratory services are processing samples for lead and copper analysis.
- Providing staff at SEOC during all operational hours to coordinate agency services, capabilities, activities and response to resource and information requests.
- Providing staff support at the Joint Information Center.

- Coordination and cooperation with various state agencies for sampling plans and implementation strategies for all state regulated facilities to include the provision of resources.
- Staffing at the local level to assist with resource and response management
- Verified NSF/ANSI 53 certifications of products delivered to citizens
- Produced a video of a water test sampling video for public guidance

Subject: Daily Summary

Update 1/20/16 – 16th Day (15th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Continue to implement the logistics plan and adjust as needed
- Continue door to door/Flint Water Response Teams (FWRTs)
- Prepare for possible surge in FWRTs utilizing NG personnel

Attached Documents:

- SitRep 15

Status on Governor's request letter to the President:

- Emergency declaration received.

Key items for tomorrow to note are:

- The logistics plan will be fully executed tomorrow with all teams.
  - We will have 18 National Guard (MSP supported), type 3 teams (6-9 personnel), with a goal of 300 homes per team.
  - We will have 10 ARC, type 5 teams (2-4 personnel), with a goal of 100 homes per team.

Items to Note

- Deployed 10 state/local teams and 10 ARC Flint Water Response Teams to the field today.
- News release sent from Governor's office about the appeal to the President of the disaster declaration.
- SEOC Logistics worked with JIC and Governor's office to establish a business resource submission tab on www.helpforflint.com
- SEOC Operations continued to develop and finalize Phase 2 canvassing roll out.
- SEOC Operations held logistics meeting in reference to National Guard deployment
- Information reported to the JIC:
  - As of 1/20/16 as of 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. 29,317 homes visited by the FWRTs to date. We believe we have ~24,000 homes with filters; still trying to validate. This is form the data we received from prior to the SEOC activation plus the PODs and door to door operations since activation.

2. Distributed: Includes outstanding data from yesterday- PODs after 5 pm, ARC worksheets and local EOC hotshots.
   a. Number of cases of water 90,337
   b. Filters 73,229
   c. Filter cartridges 185,852
   d. Test kits 19,866

3. Total number of customers on the Flint water system
   a. 29,944 paying customers
   b. 45,000 hookups (This is our high end target #)
   c. 39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased:
   a. Cases of water 111,630 (additional 18,502 donated)
   b. Filters 115,700
   c. Filter cartridges 243,200
   d. Test kits 61,161

5. Teams going out tomorrow:
    a. 18 National Guard State (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
    b. 10 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

Local EOC

Operations:

- Addressed reports of water contamination in distributed bottled and canned water. Confirmed that water is safe to drink through testing by MDEQ. Coordinating with JIC and MDEQ for improved public information on the issue.
- Identifying options to reroute unsolicited offers for supplies and services outside of the EOC. Coordinating to set up 800 number.
- Attended meeting with Flint & Genesee Chamber of Commerce to discuss coordination of efforts, representation at EOC, and improved messaging.
- Attended meeting with Community Foundation of Greater Flint to discuss coordination of neighborhood groups and improved messaging.
- Coordinated with MDARD to provide additional lead testing at restaurants, and signage for safe locations.
